[57] **CLAIM**

The ornamental design for an adjustable brace for reducing wear on the suspension system of a motorcycle while being transported, as shown and described.

**DESCRIPTION**

FIG. 1 is a top plan view of an adjustable brace for reducing wear on the suspension system of a motorcycle while being transported, showing my new design. FIG. 2 is a left end elevation view thereof; FIG. 3 is a side elevation view thereof, the opposite side being a mirror image of that shown; FIG. 4 is a right end elevation view thereof; and FIG. 5 is a bottom plan view thereof.
