[57] CLAIM

The ornamental design for a video intercommunication set including housing, telephone handset and image screen, as shown and described.

DESCRIPTION

FIG. 1 is a partial left side, front perspective view from above of a video intercommunication set including housing, telephone handset and image screen showing my new design with the handset cradled in its housing; FIG. 2 is a similar perspective view thereof with the handset removed from and spaced apart from the housing; FIGS. 3, 4, 5, 6, 7 and 8 are respectively front side elevational, top plan, rear side elevational, bottom plan, and left and right side elevational views.

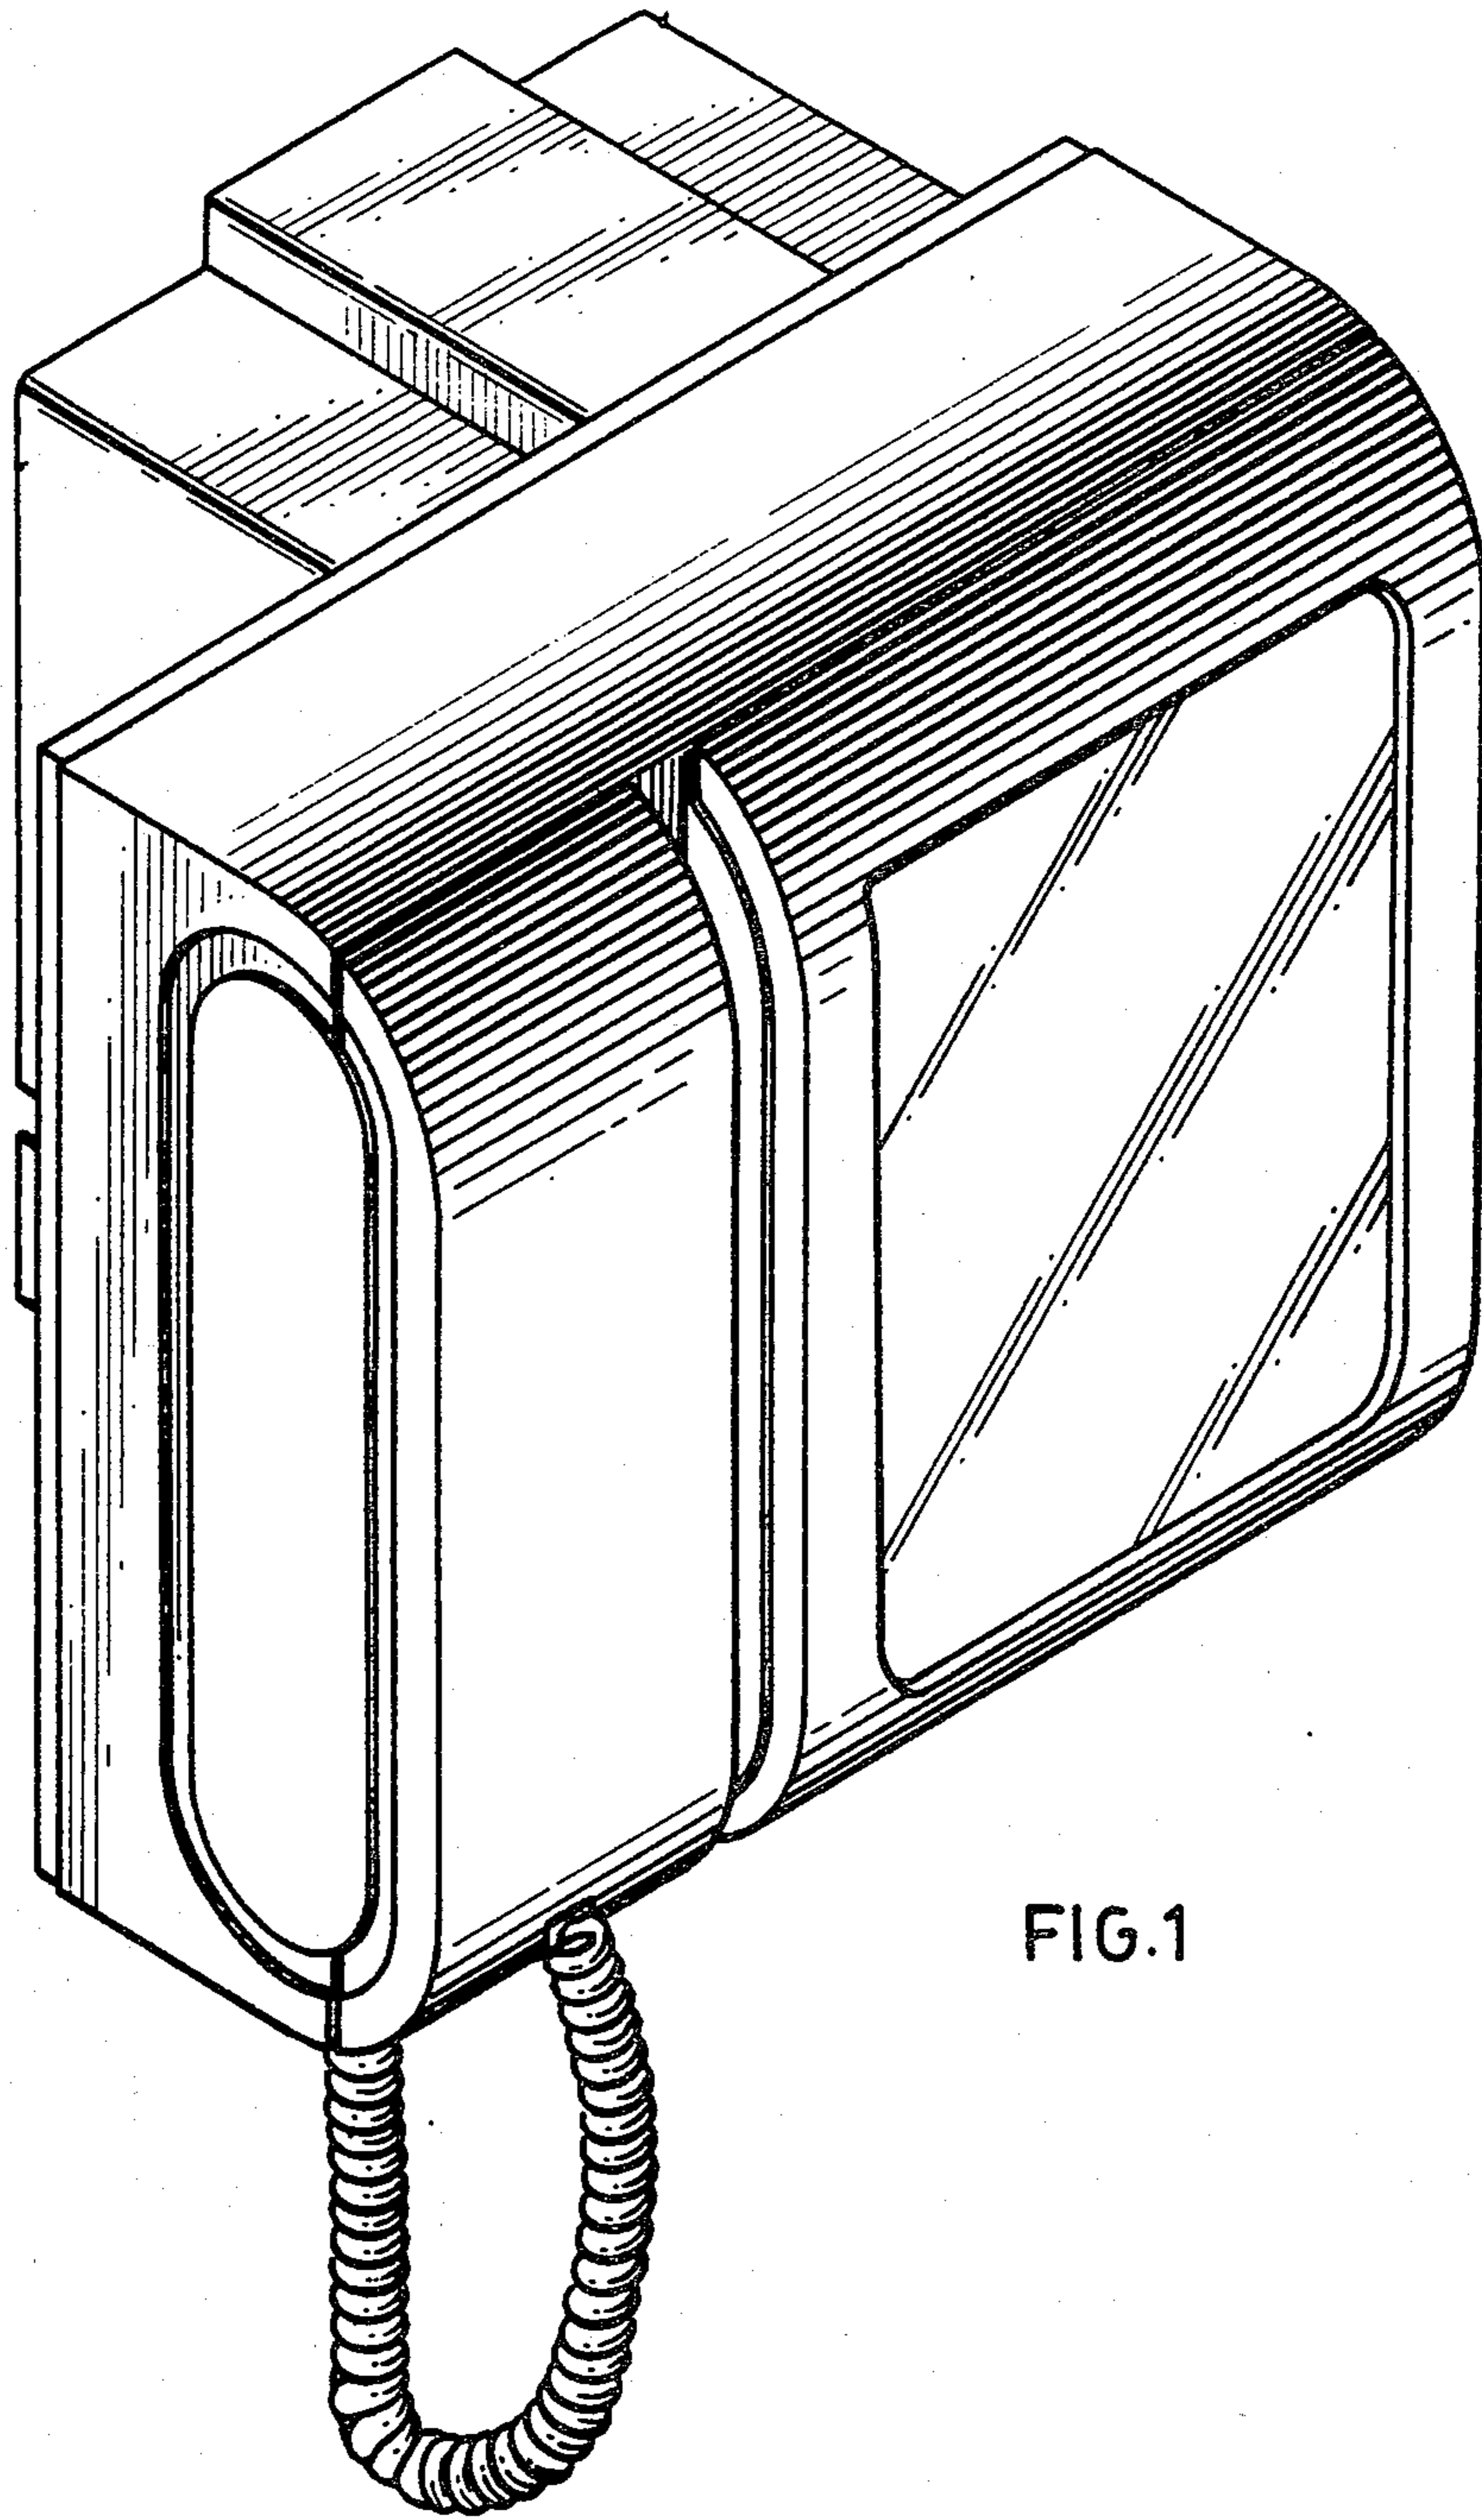

FIG. 1
