[57] CLAIM

The ornamental design for a printing machine, substan-
tially as shown and described.

DESCRIPTION

FIG. 1 is a front, top and right side perspective view of
a printing machine showing our new design the electric
cord is continuous over the span indicated by dot-dash
line for convenience of illustration;
FIG. 2 is a top plan view thereof;
FIG. 3 is a front elevational view thereof;
FIG. 4 is a right side elevational view thereof; and
FIG. 5 is a left side elevational view thereof.
The bottom and rear, now shown, are substantially
plain.
