[57] CLAIM

The ornamental design for an elevator car operating panel, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an elevator car operating panel showing my new design;
FIG. 2 is a front elevational view thereof;
FIG. 3 is a rear elevational view thereof;
FIG. 4 is a side elevational view taken from the left of FIG. 1;
FIG. 5 is a side elevational view taken from the right of FIG. 1, shown broken away for ease of illustration;
FIG. 6 is a top plan view thereof, the bottom plan being a mirror image;
FIG. 7 is an enlarged fragmentary front perspective view of the push-button region thereof.
