[57] CLAIM

The ornamental design for a closed portable card file, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a closed portable card file showing my new design with the card file in closed condition and with a carrying handle in retracted position;

FIG. 2 is a perspective view thereof with the card file in closed condition and the carrying handle in extended position;

FIG. 3 is a perspective view thereof with the card file in open condition and the carrying handle in retracted position;

FIG. 4 is an enlarged scale right side elevational view thereof with the card file in closed condition and the carrying handle in extended position; and

FIG. 5 is an enlarged scale rear elevational view thereof with the card file in closed condition.

The closed portable card file is symmetrical about a longitudinal axis so that the side not shown in the drawings is like the side that is shown. The bottom is plain and unornamented.
