[57] CLAIM

The ornamental design for a front control panel for a two-way radio or similar article, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front, top and right side perspective view of a front control panel for a two-way radio or similar article showing my new design;

FIG. 2 is a left side elevational view thereof;

FIG. 3 is a front, top and right side perspective view of a second embodiment of a front control panel for a two-way radio or similar article of my design.

The broken line showing of the cabinet is for illustrative purposes only and forms no part of the claimed design.
