#### [57] CLAIM

The ornamental design for control panel for a combination lock for a luggage article front panel, as shown and described.

#### **DESCRIPTION**

FIG. 1 is a front elevational view of a control panel for a combination lock for a luggage article front panel showing my new design;

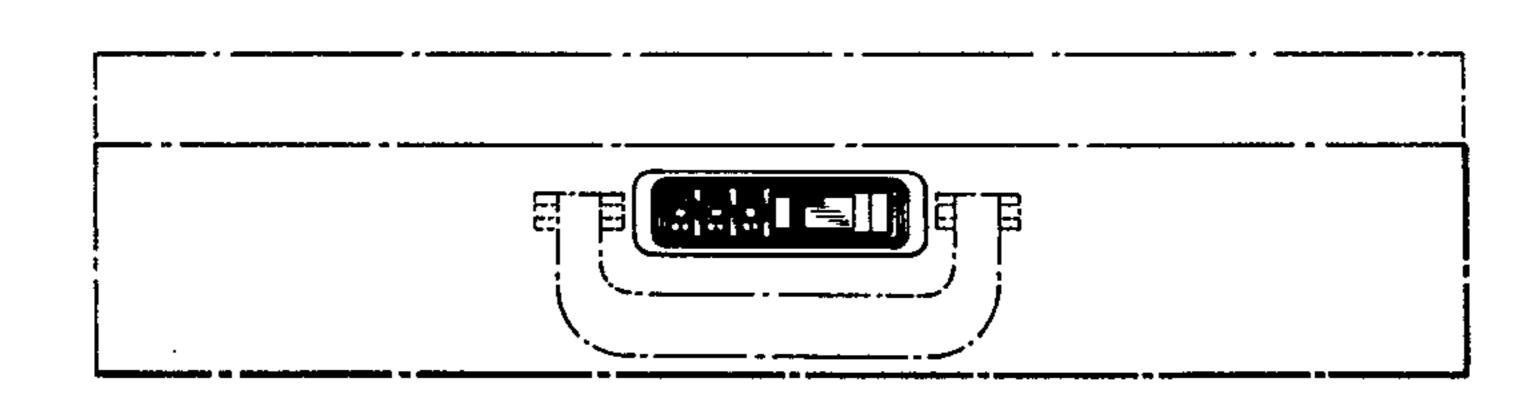

FIG. 2 is a right side elevational view thereof;

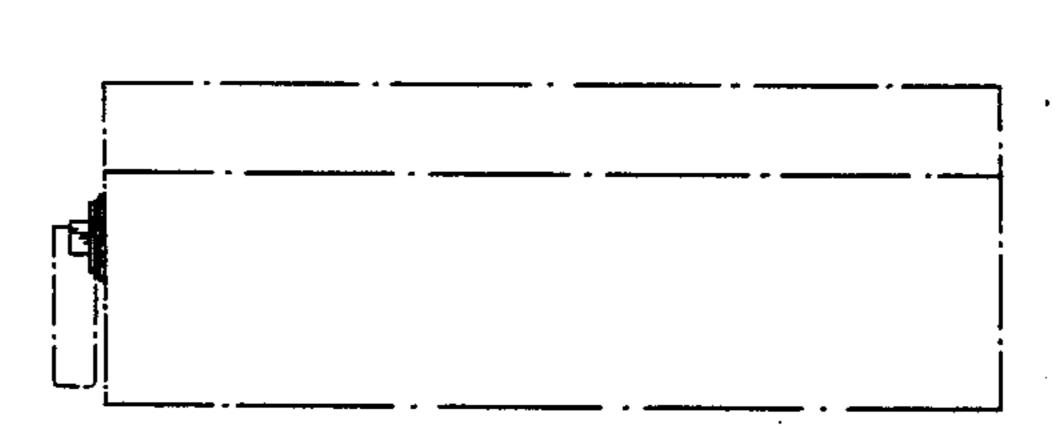

FIG. 3 is a left side elevational view thereof;

FIG. 4 is a top plan view thereof; and

FIG. 5 is a bottom plan view thereof.

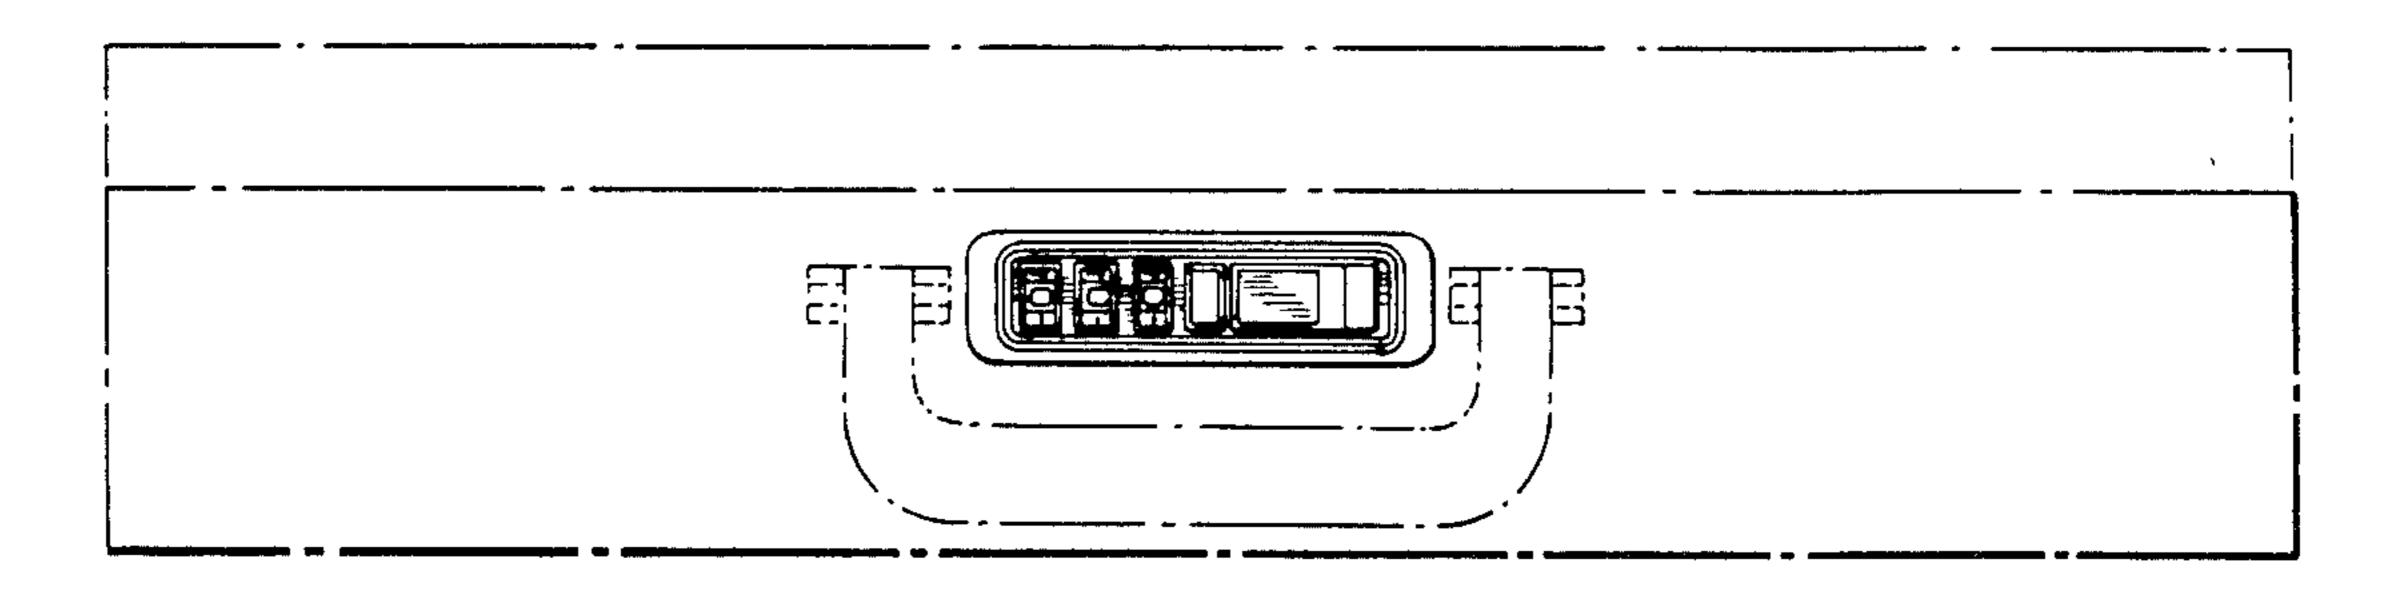

The phantom representation of the main body and cover portion of a luggage article in broken lines is made in the drawings for purposes of illustrating the environment in which the invention is used and is not a part of the design claimed. The back of the combination lock of the design is plain and unornamented.
