[57] CLAIM

The ornamental design for an evaporator for an automotive air conditioner, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of an evaporator for an automotive air conditioner showing the first embodiment of my new design;
FIG. 2 is a right side view thereof;
FIG. 3 is a left side view thereof;
FIG. 4 is a top view thereof;
FIG. 5 is a bottom view thereof;
FIG. 6 is a rear view thereof;
FIG. 7 is a front elevational view of an evaporator for an automotive air conditioner showing the second embodiment of my new design;
FIG. 8 is a right side view thereof;
FIG. 9 is a left side view thereof;
FIG. 10 is a top view thereof;
FIG. 11 is a bottom view thereof; and
FIG. 12 is rear view thereof.
The radiator fins which are partially shown in the views for convenience of illustration only, are understood to cover the entire area of the heat exchange tubing, as indicated by the broken edge lines.
