[57] CLAIM

The ornamental design for an automobile quarter panel, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an automobile quarter panel showing my new design, it being understood that the broken lines are for illustrative purposes only; FIG. 2 is a perspective view of an automobile quarter panel showing a second embodiment of my new design; FIG. 3 is an enlarged front elevation view of FIG. 2; FIG. 4 is an enlarged cross-sectional view taken along line 4—4 of FIG. 1; and FIG. 5 is an enlarged rear elevation view of FIG. 2. The interior surface of the upper front portion of the quarter panel shown in FIG. 3 has been omitted in FIG. 5, and the interior surface of the lower rear portions thereof shown in FIG. 5 have been omitted in FIG. 3, all for clarity of illustration. The front and rear elevation views of the embodiment of the quarter panel shown in FIG. 1 are understood to be a mirror image of the views shown in FIGS. 3 and 5 of the drawing, respectively. It is also understood that the interior side of both embodiments of the quarter panel are plain and unornamented.
