[57] CLAIM

The ornamental design for a satellite dish antenna outer rim, as shown and described.

DESCRIPTION

FIG. 1 is a rear perspective view of the satellite dish antenna outer rim showing our new design, shown broken away for illustrative purposes only; FIG. 2 is an enlarged rear perspective view thereof; FIG. 3 is a rear elevation thereof; FIG. 4 is a right side elevation thereof; FIG. 5 is a front elevation thereof; FIG. 6 is a left side elevation thereof; FIG. 7 is a top plan view thereof; and FIG. 8 is a bottom plan view thereof. The modular units are shown separately for clarity of illustration and are an indeterminate length.
