[57] CLAIM

The ornamental design for an intraocular lens with spiral resilient support means, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of an intraocular lens with spiral resilient support means showing my new design;

FIG. 2 is a back perspective view thereof;

FIG. 3 is a front elevational view thereof;

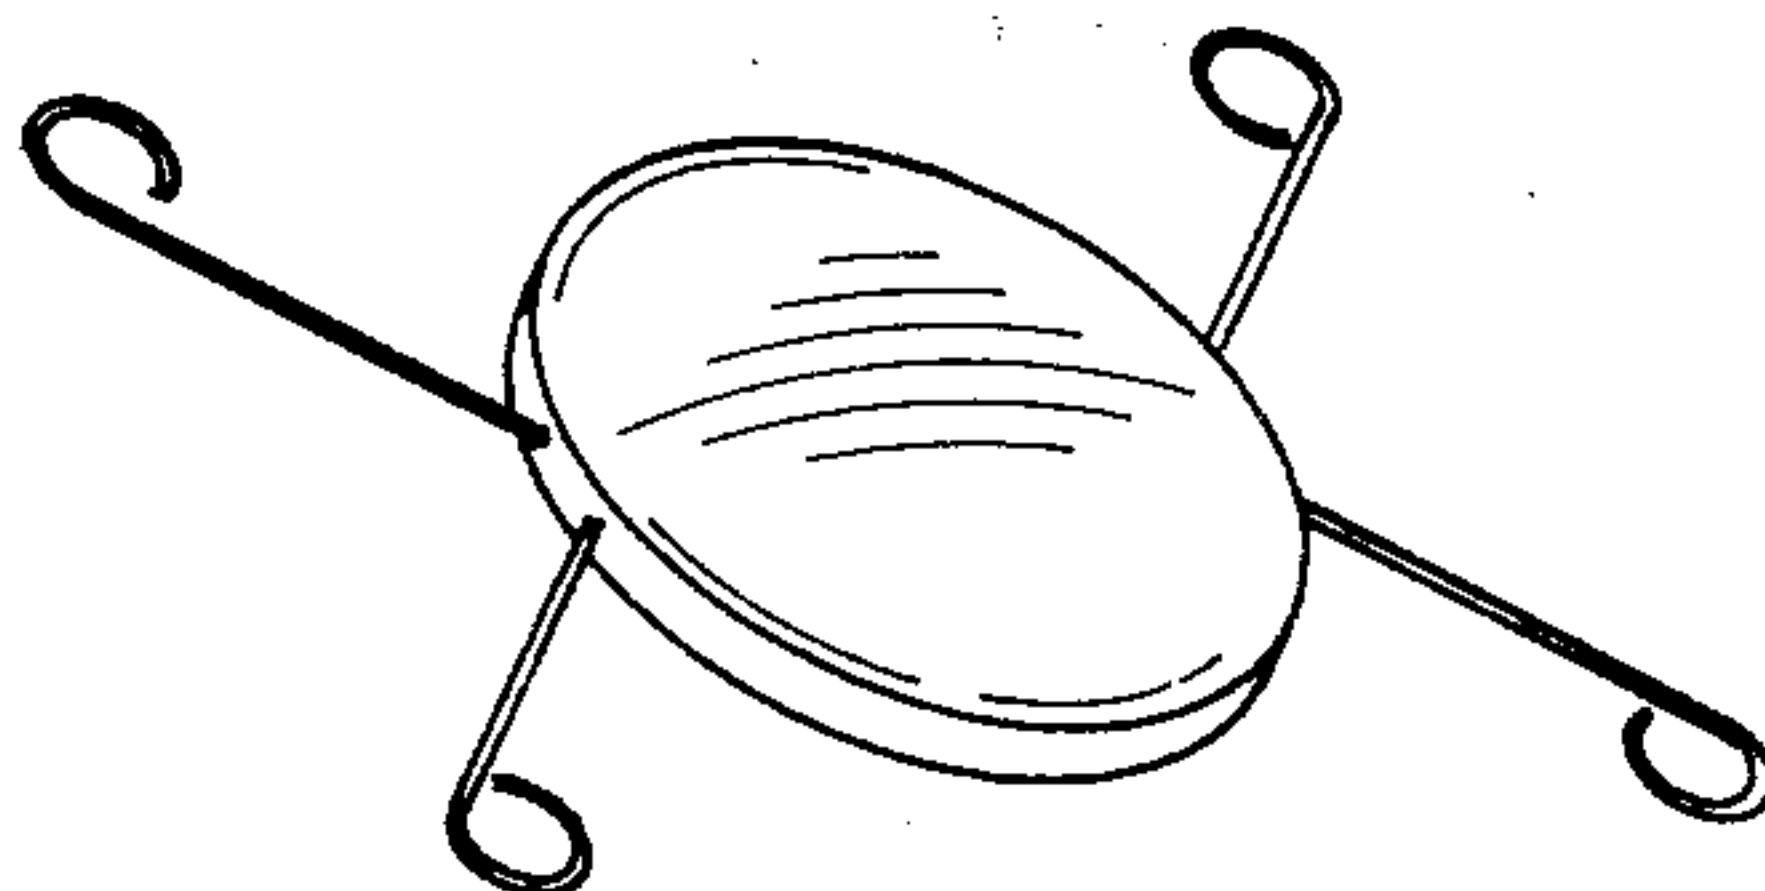

FIG. 4 is a left side elevational view thereof;

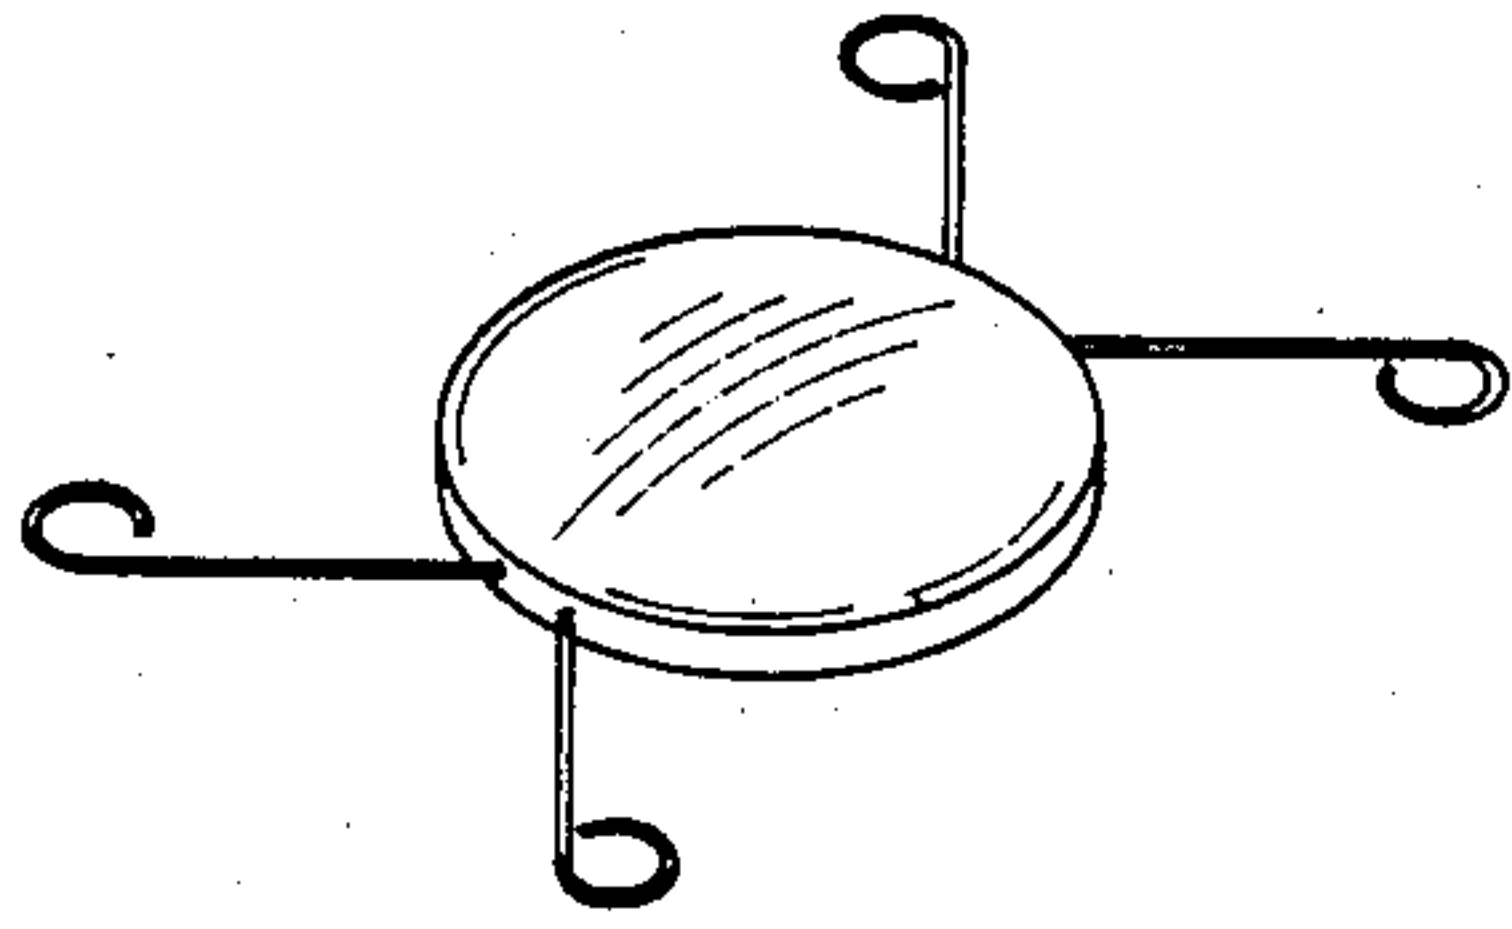

FIG. 5 is a right side elevational view thereof;

FIG. 6 is a top plan view thereof;

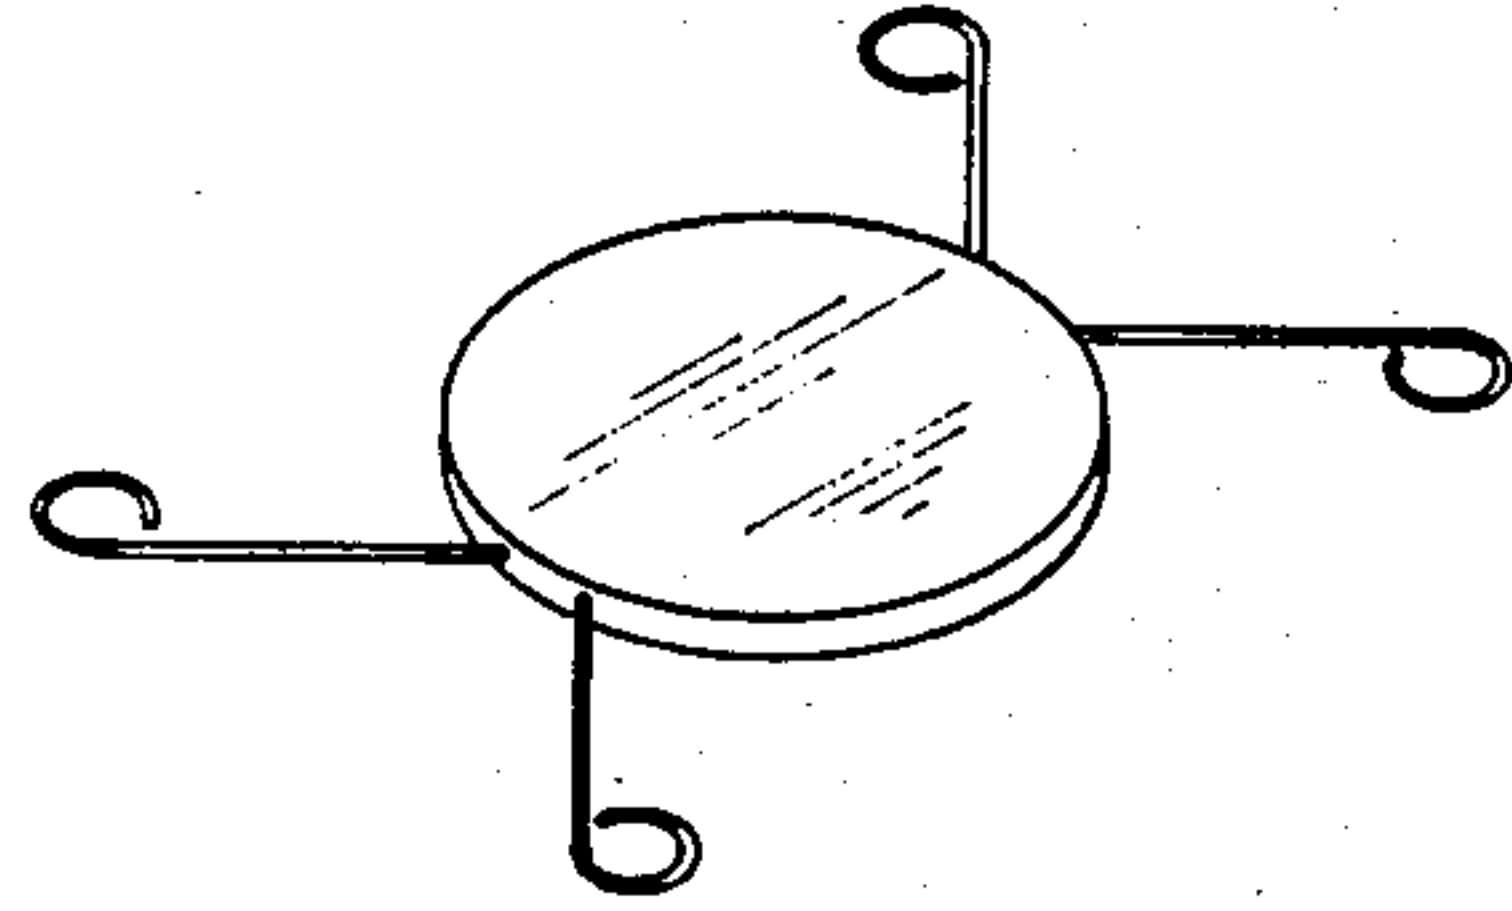

FIG. 7 is a bottom plan view thereof; and

FIG. 8 is a rear elevational view thereof.
