[57] CLAIM

The ornamental design for a combined handset telephone and cradle set, as shown and described.

DESCRIPTION

FIG. 1 is a rear end, partial top and right side perspective view of a combined handset telephone and cradle set showing our new design in assembled position; FIGS. 2, 3, 4, 5 and 6 are respectively top plan, right and left side elevational, and rear and front end elevational views thereof;

FIG. 7 is a top plan view of the cradle with the handset removed, the orientation being like FIG. 2;

FIGS. 8, 9, 10 and 11 are respectively rear and front elevation, left side elevational and bottom plan views of the handset; and

FIGS. 12, 13 and 14 are respectively right side elevational, and rear and front end elevational views of the cradle.

The handset telephone and the cradle of the set are shown separated in FIGS. 7-14 for ease and clarity of illustration.
