[57] CLAIM

The ornamental design for an information system terminal or the like, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an information system terminal or the like showing our new design in closed condition;

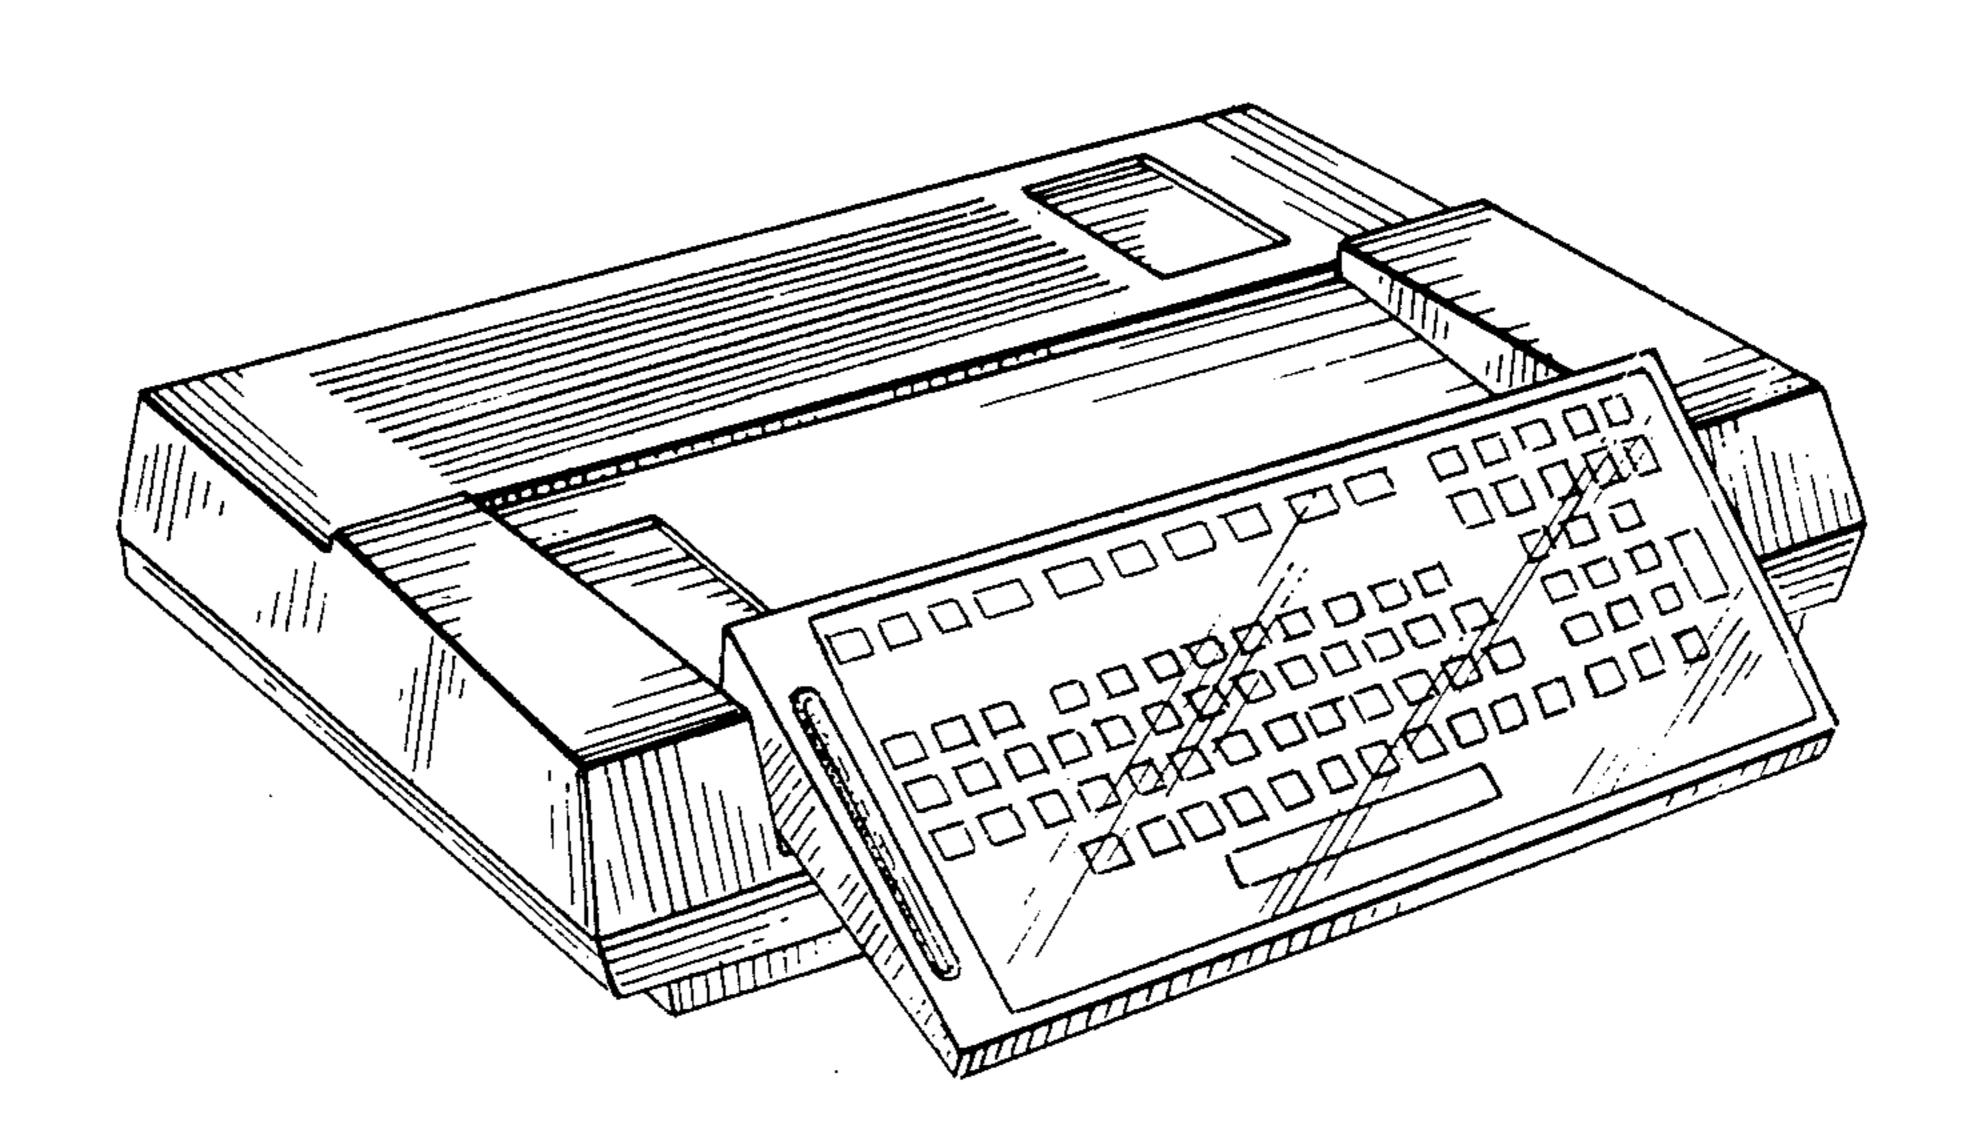

FIG. 2 is a perspective view thereof with the keyboard in open, operative condition;

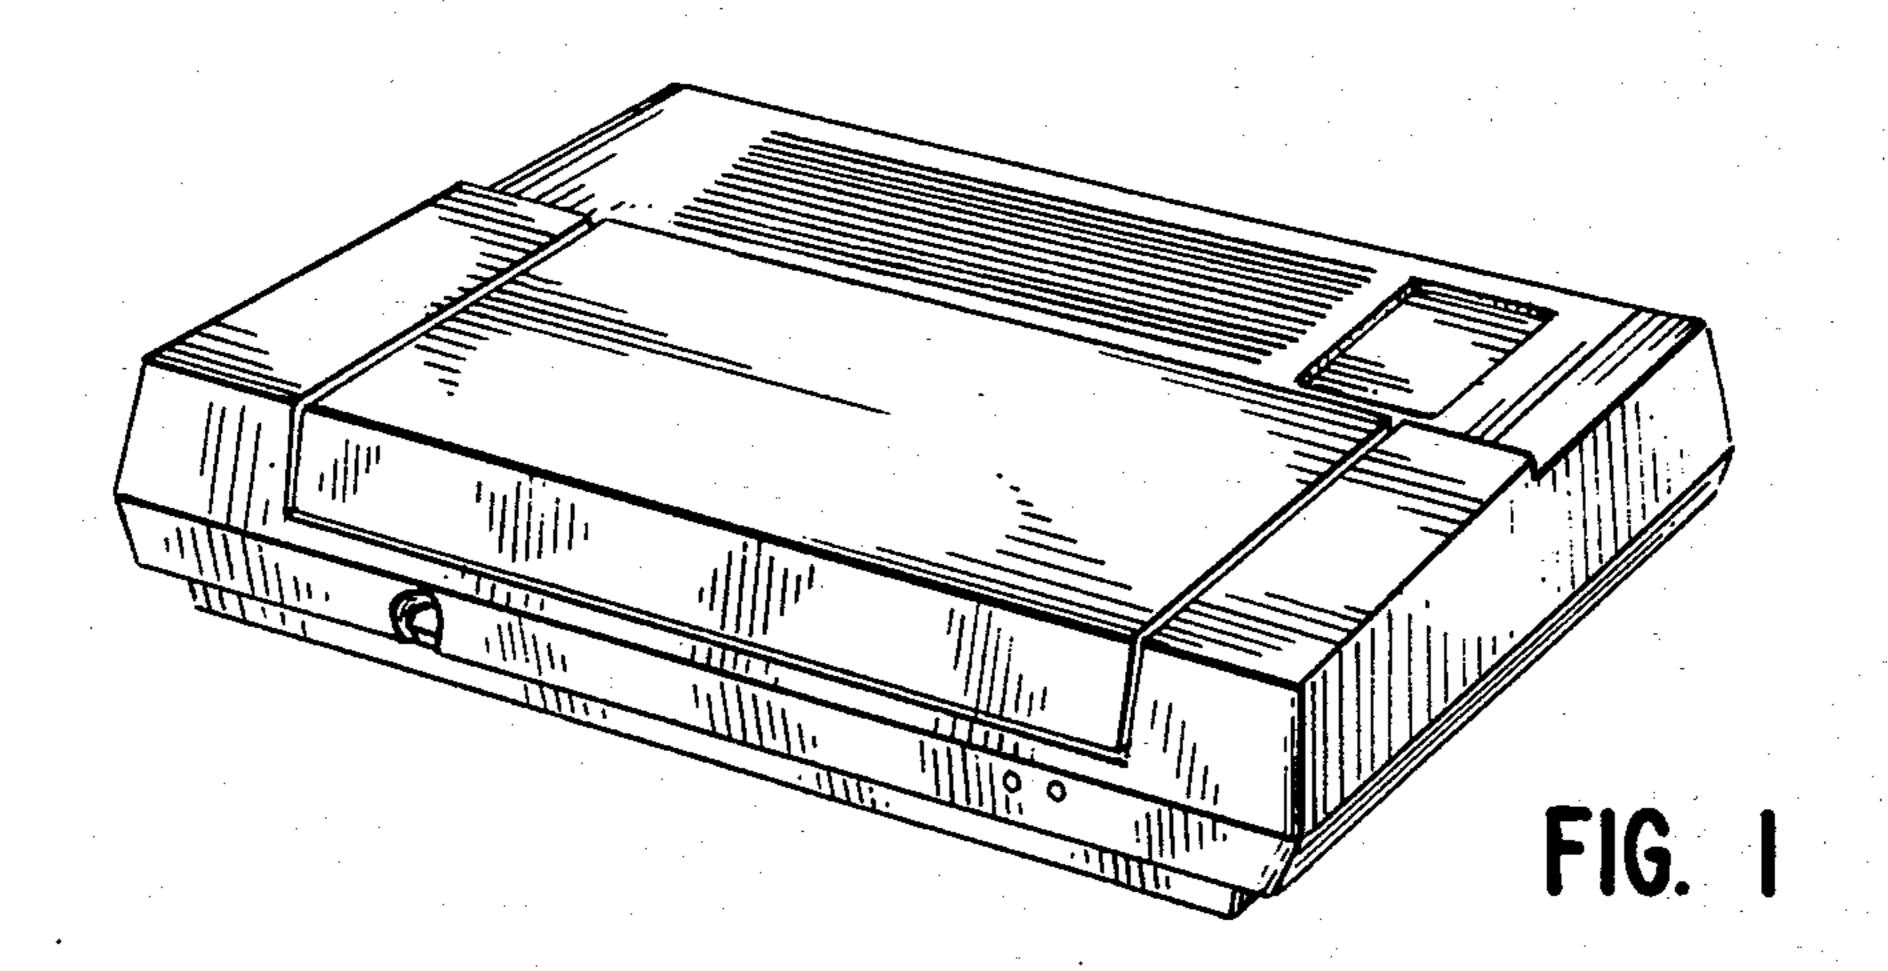

FIG. 3 is a side elevational view thereof, the opposite side being a mirror image;

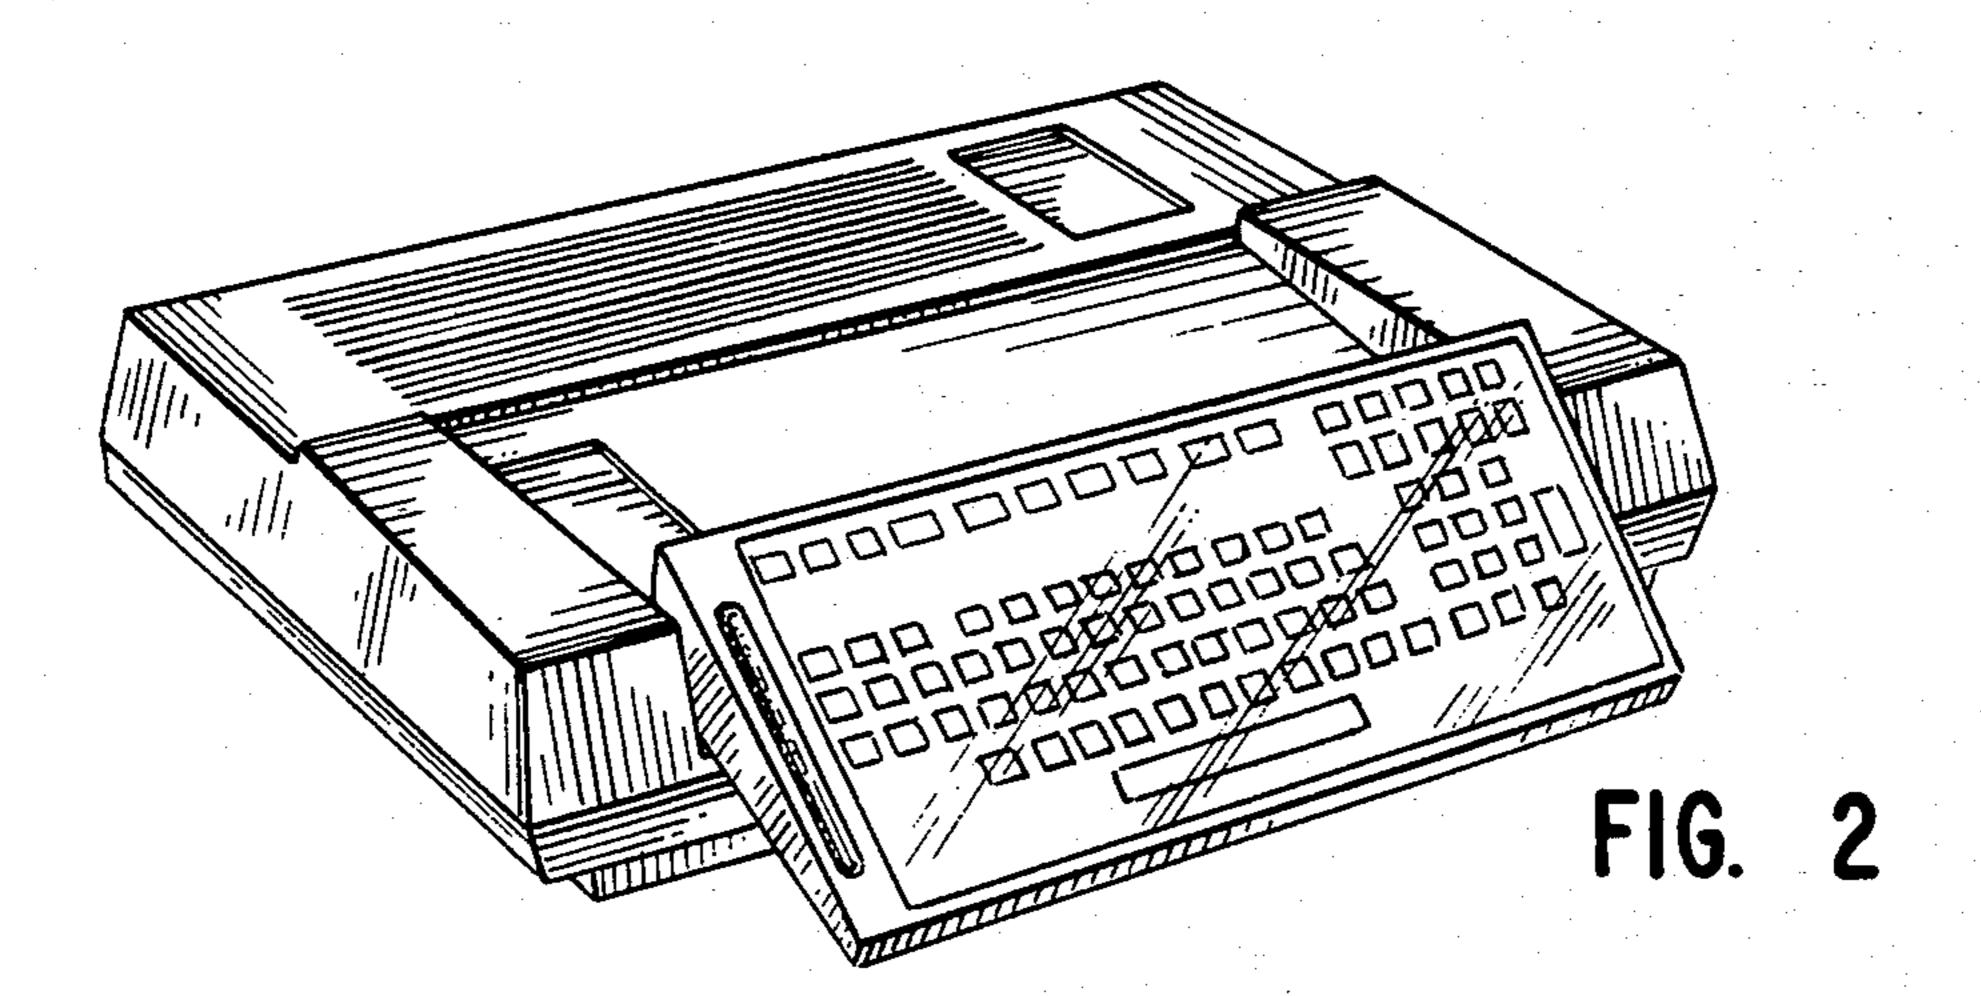

FIGS. 4 and 5 are respectively a front perspective view and a front elevational view of the console portion of the terminal, the keyboard being omitted for purposes of disclosure;

FIGS. 6, 7 and 8 are respectively side and rear elevational views and a bottom plan view of the terminal, the keyboard being in the closed stored condition as in FIG. 1:

FIGS. 9, 10, 11 and 12 are respectively side and rear elevational views, and bottom and top plan views of the keyboard, the console being omitted for purposes of disclosure.

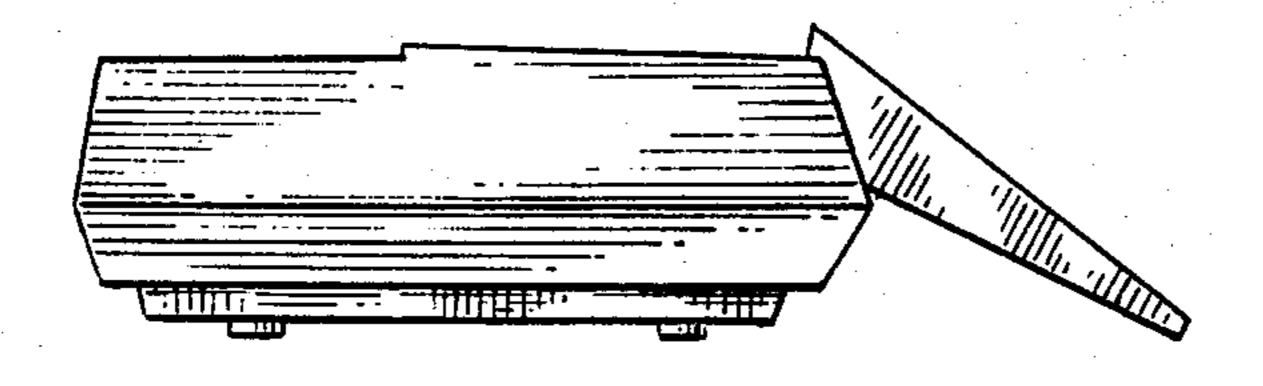

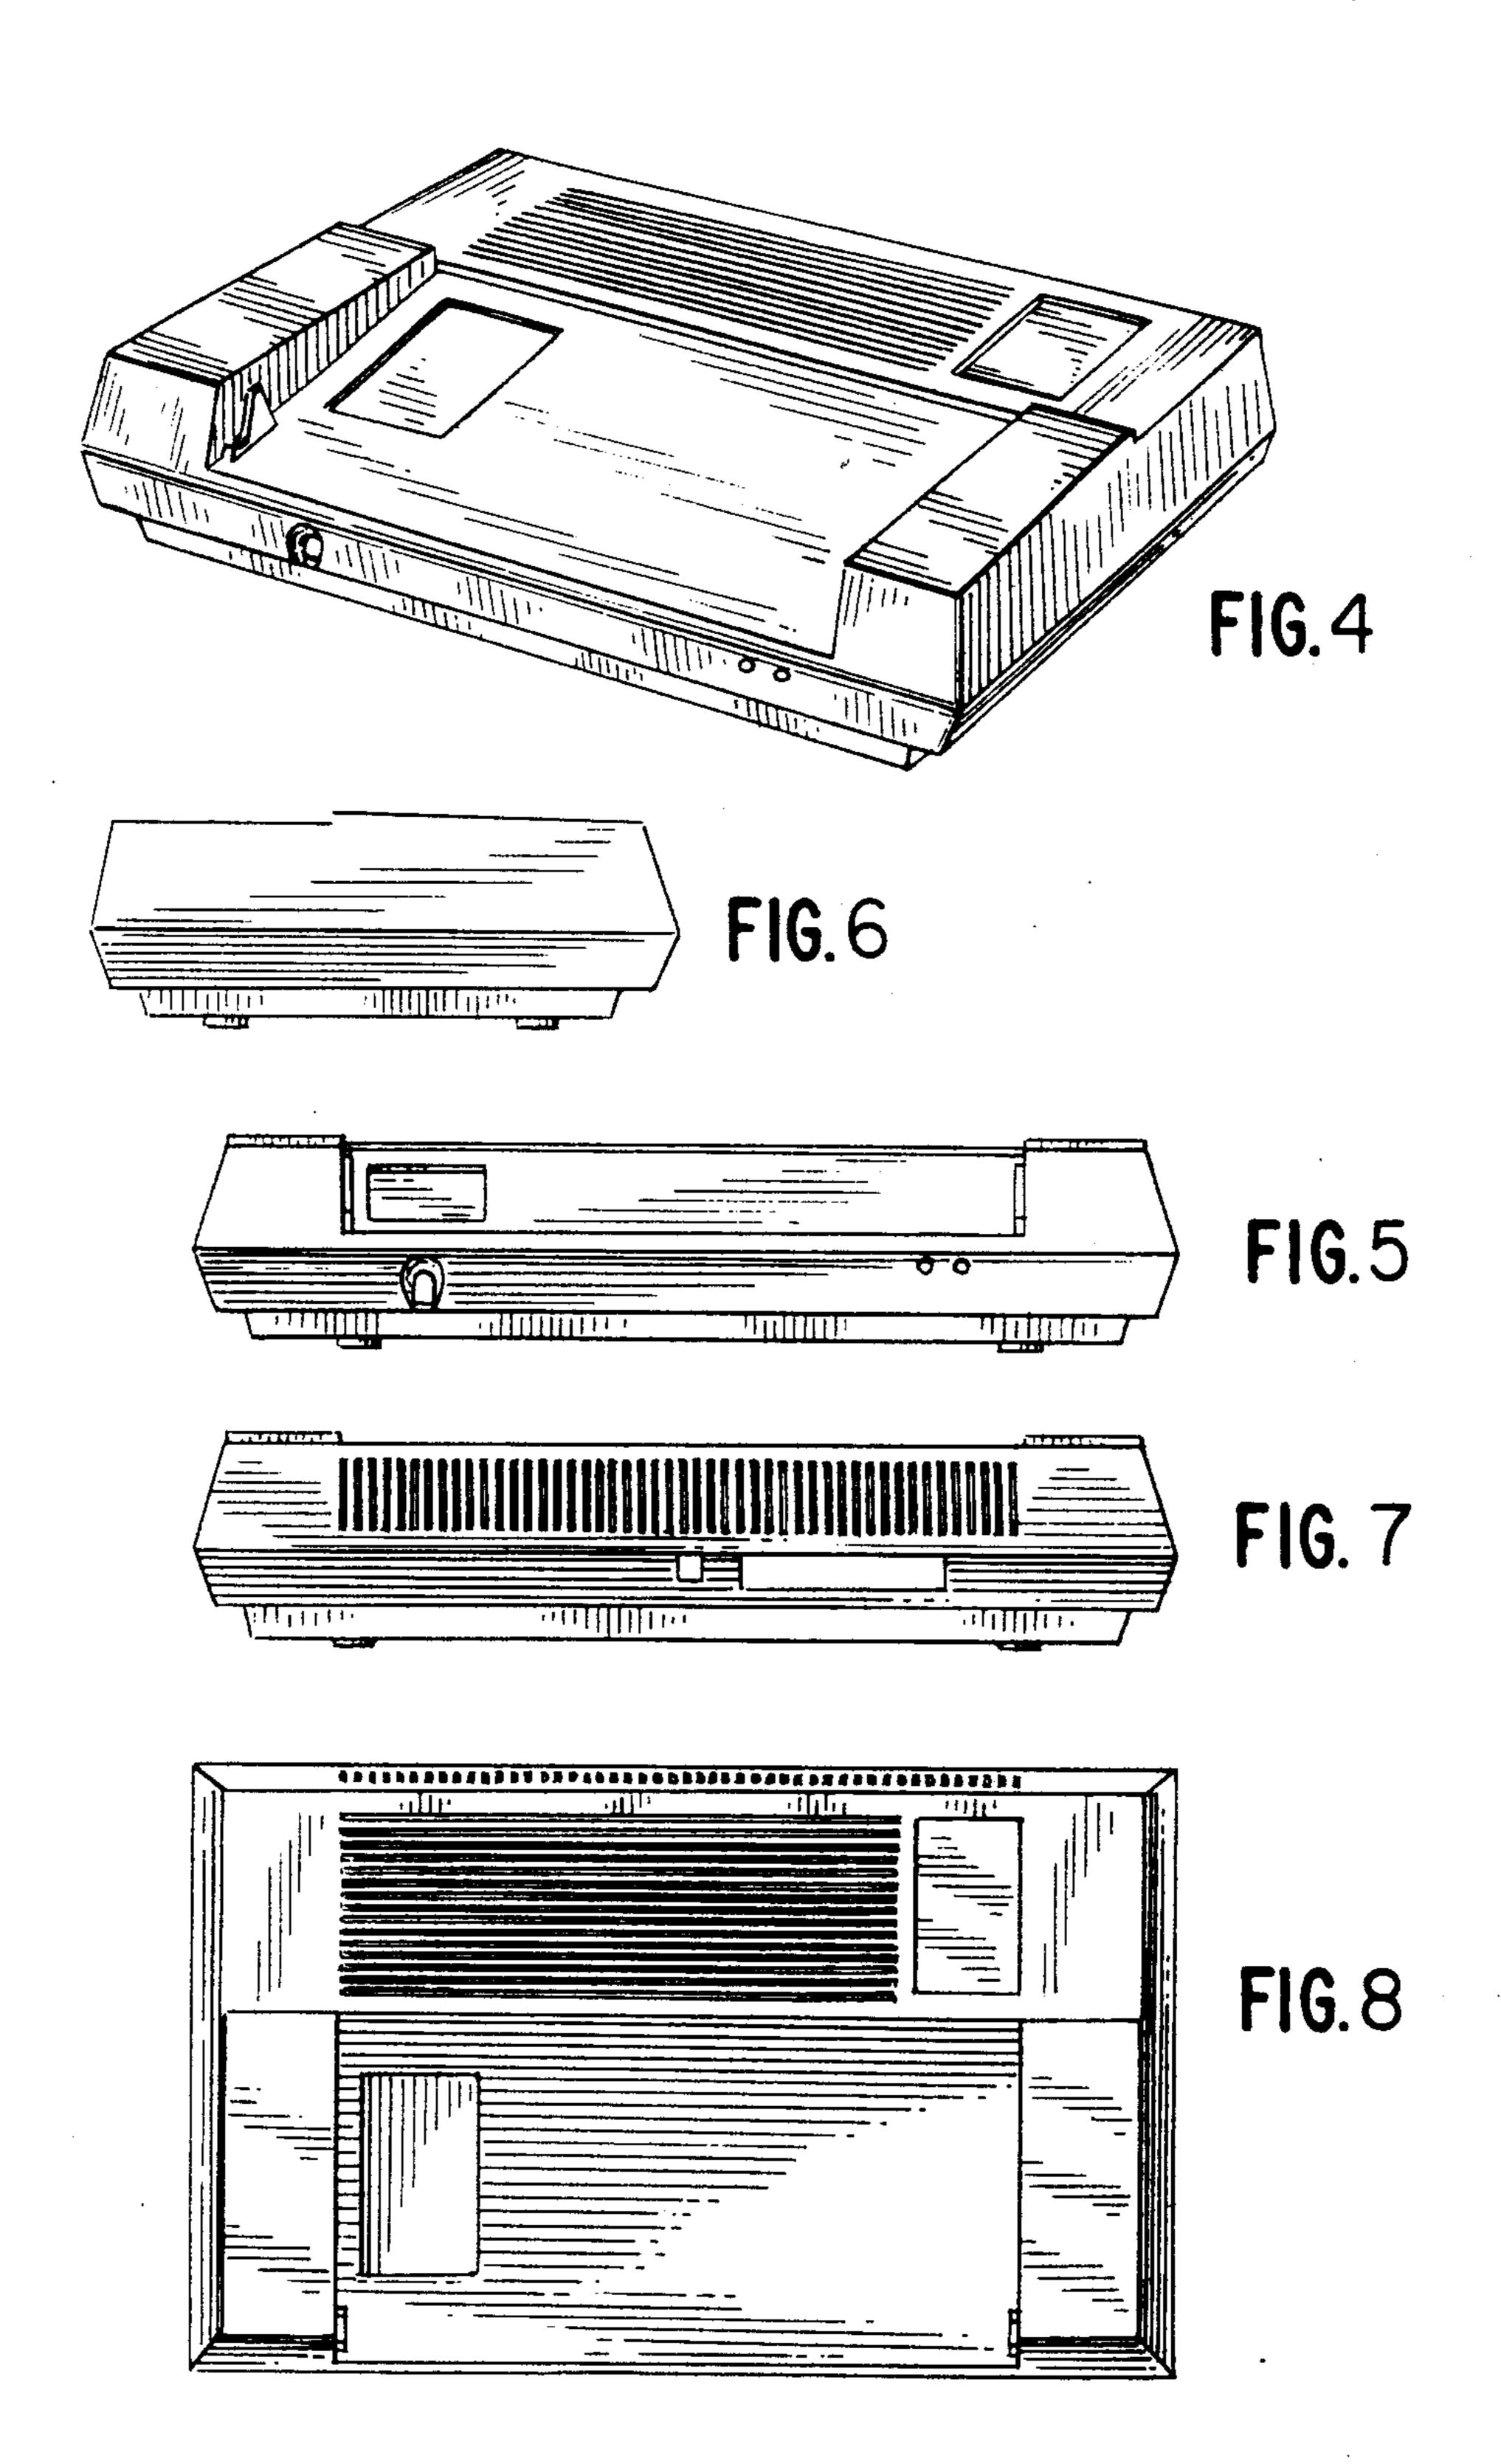

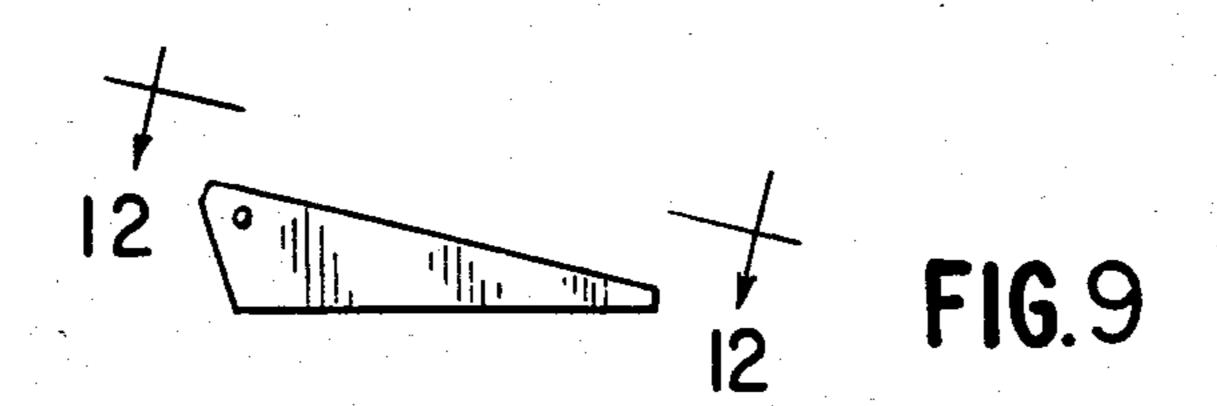

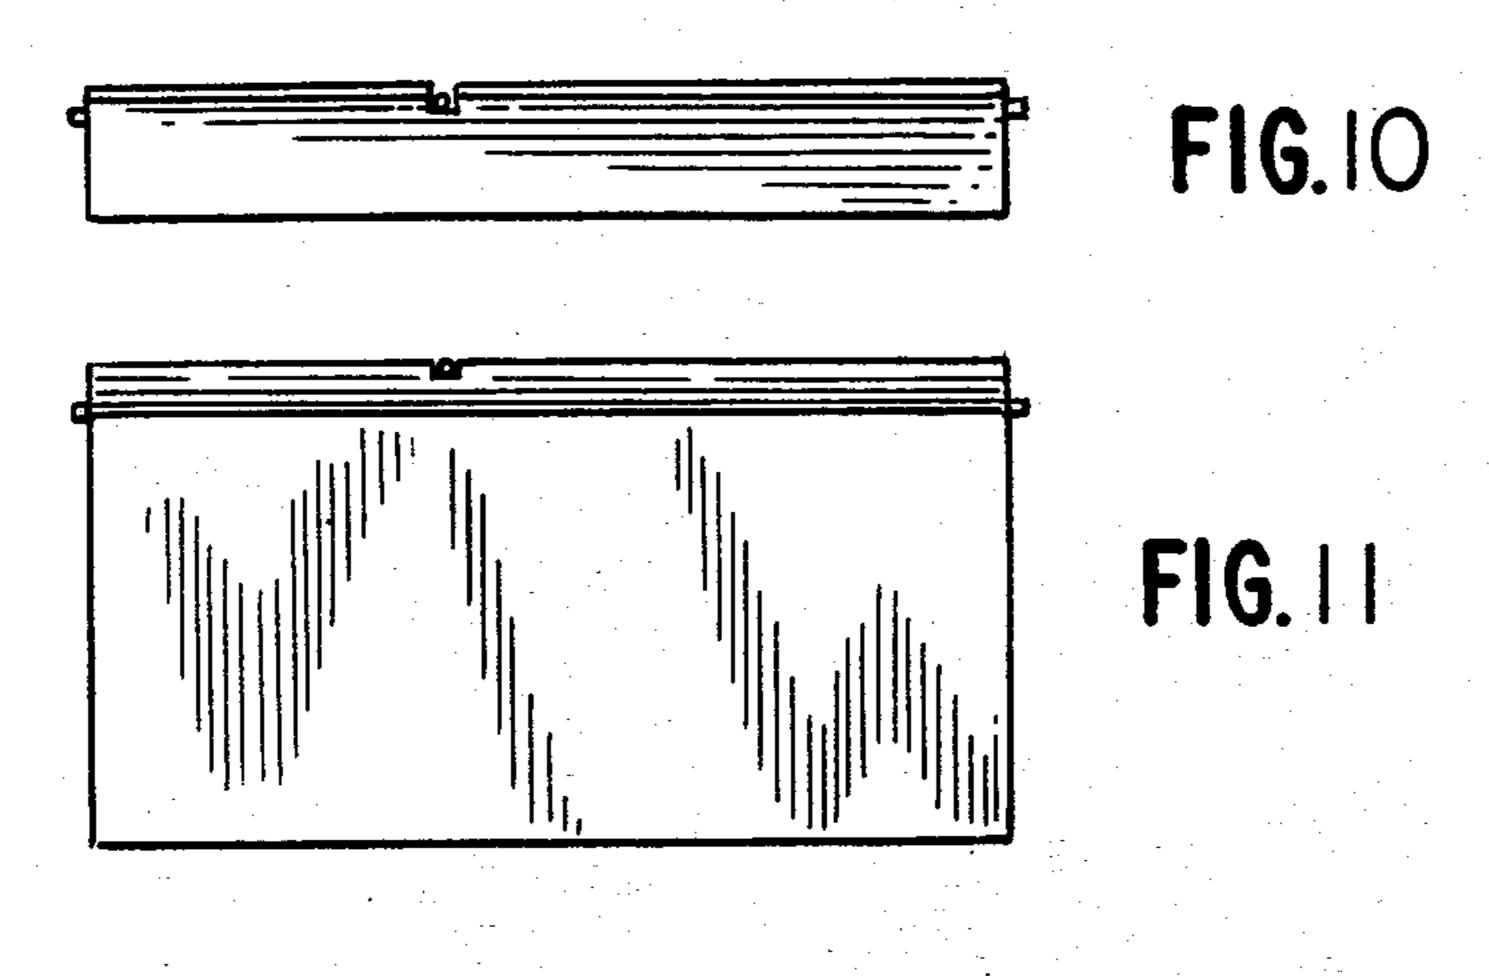

FIG. 3

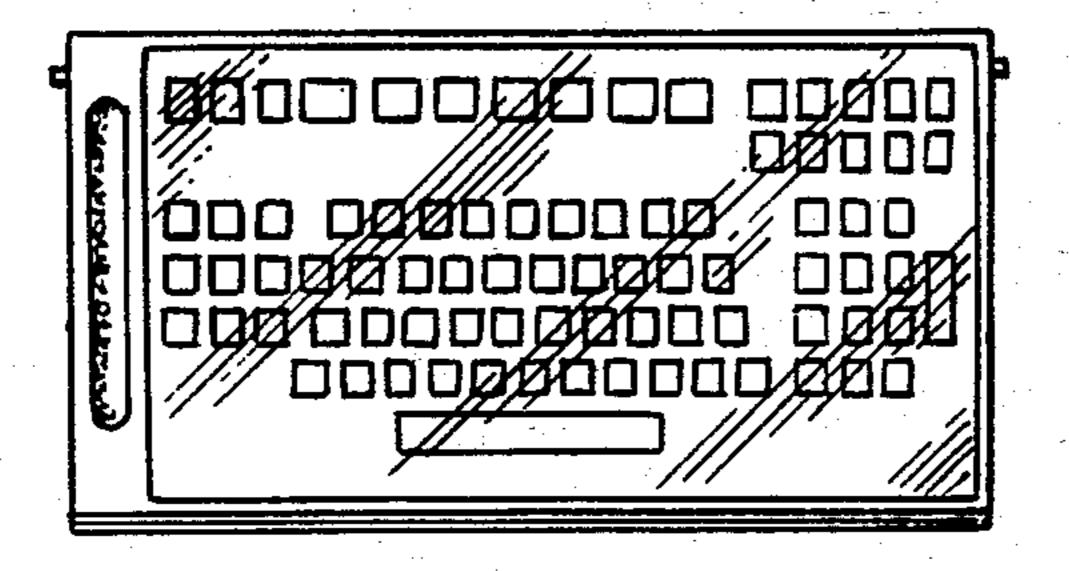

FIG. 12
