[57] CLAIM

The ornamental design for a mug or the like, substan-  
tially as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of the mug or the like  
showing our new design;  
FIG. 2 is a top plan view thereof with the facets having  
been left out for greater clarity of illustration;  
FIG. 3 is a side elevation thereof, the side opposite is a  
mirror image;  
FIG. 4 is a rear elevation thereof;  
FIG. 5 is a front elevation thereof, with the facets hav-  
ing been left out for greater clarity of illustration;  
FIG. 6 is a bottom plan view thereof;  
FIG. 7 is a cross-sectional view thereof taken along line  
7—7 of FIG. 2, with the facets having been left out for  
greater clarity of illustration;  
FIG. 8 is a cross sectional view thereof taken along line  
8—8 of FIG. 3, with the facets having been left out for  
greater clarity of illustration.
