[57] CLAIM

The ornamental design for a foam nozzle, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a foam nozzle showing our new design, the bottom being a mirror image of the top shown; FIG. 2 is a front elevational view thereof; and FIG. 3 is a perspective view taken from the top front and right side thereof, the left side being a mirror image of the right side shown.

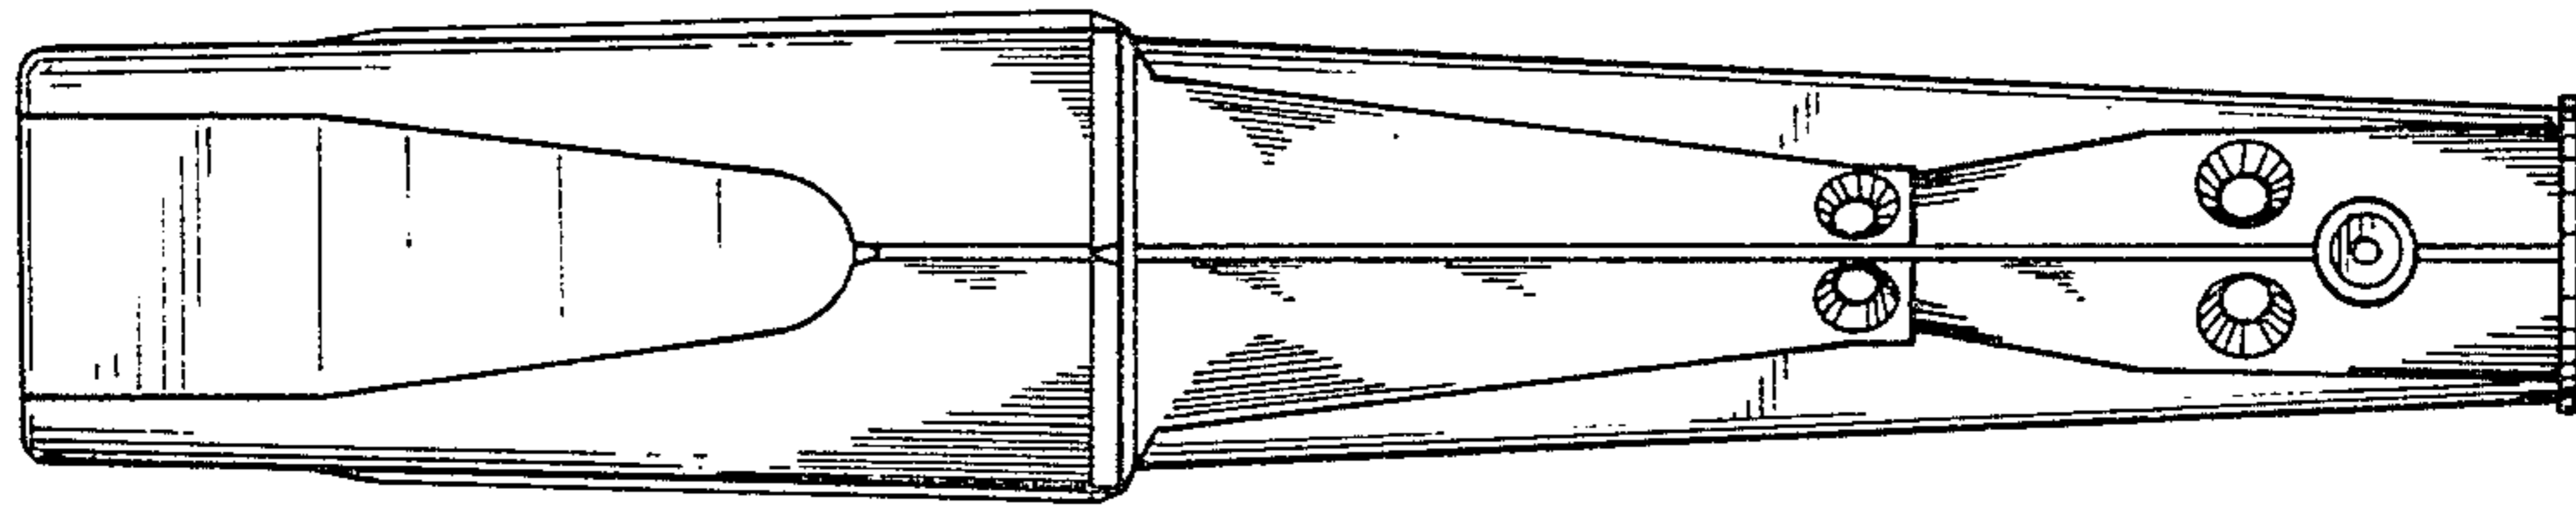

FIG. 1

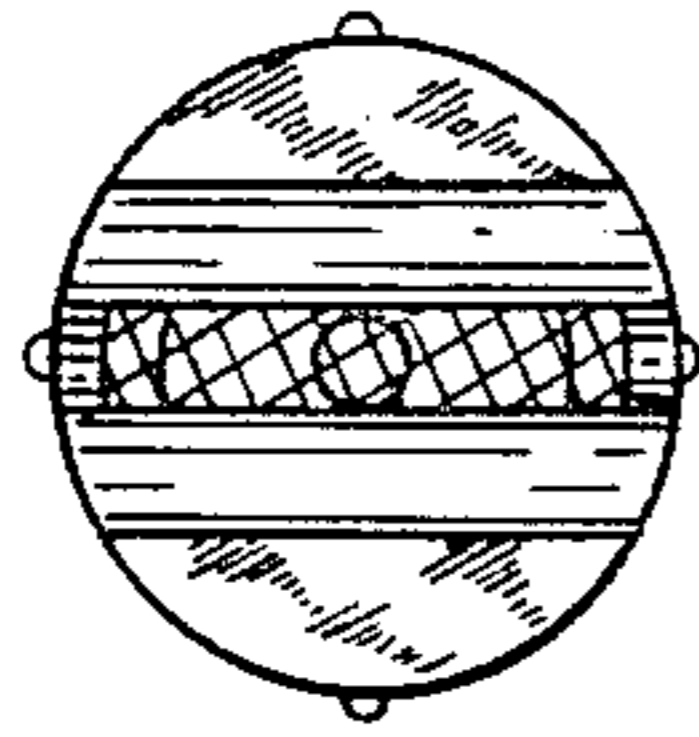

FIG. 2

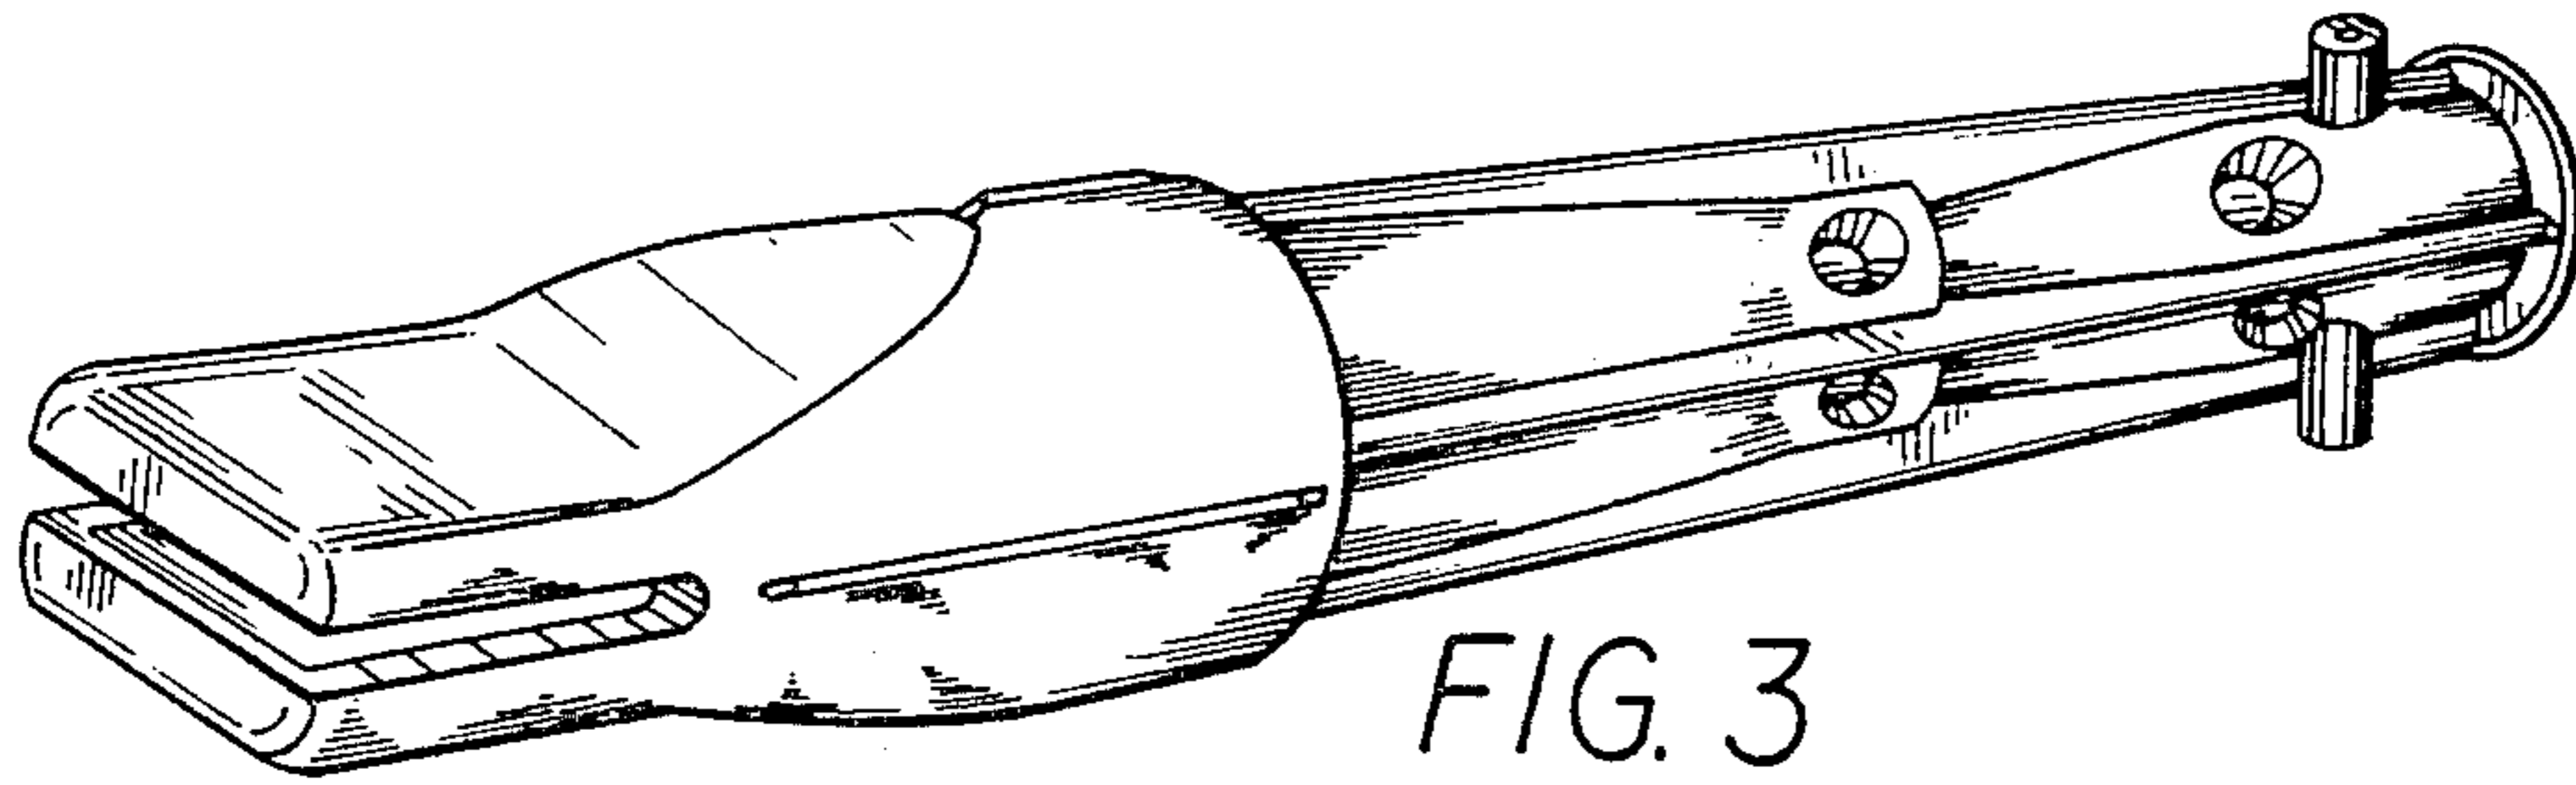

FIG. 3
