[57] CLAIM

The ornamental design for a side panel for a shelf unit, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view showing the new design of my side panel for a shelf unit; FIG. 2 is a rear elevational view thereof; FIG. 3 is a top plan view thereof, the bottom view thereof being identical; and FIG. 4 is a perspective view taken from the right side at the top front corner of the shelving assembly column, the shelving assembly column having the same appearance when viewed in perspective from the left side.

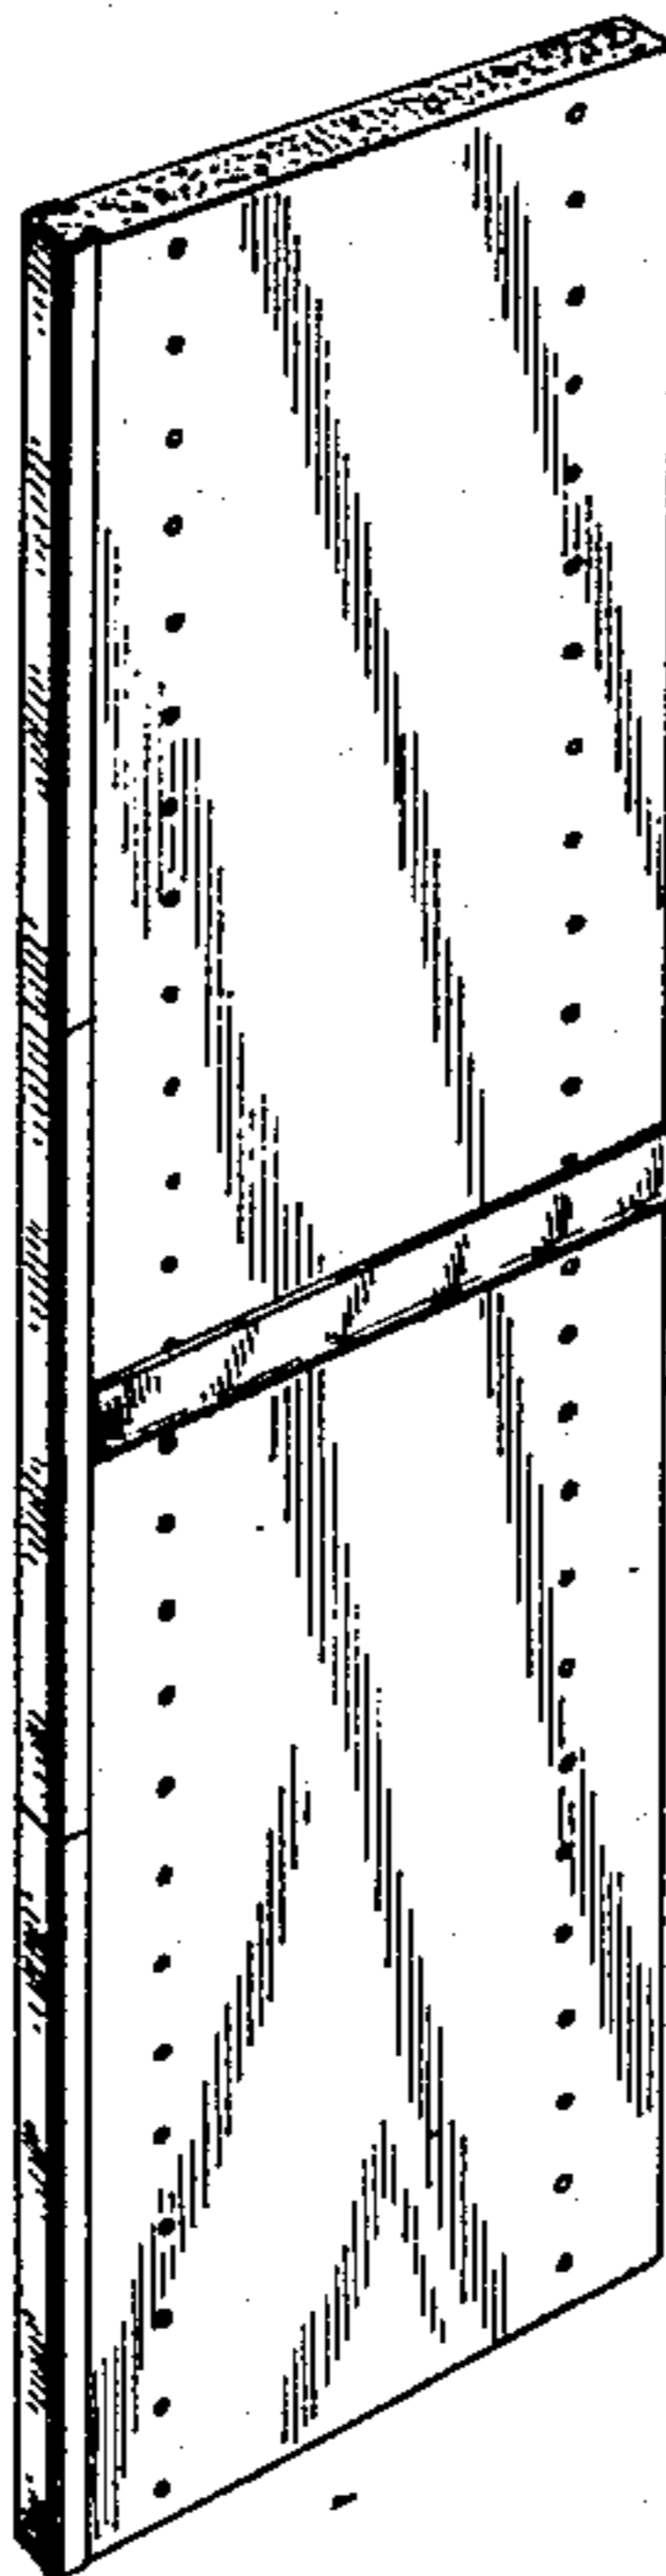

FIG. 3

FIG. 1

FIG. 2

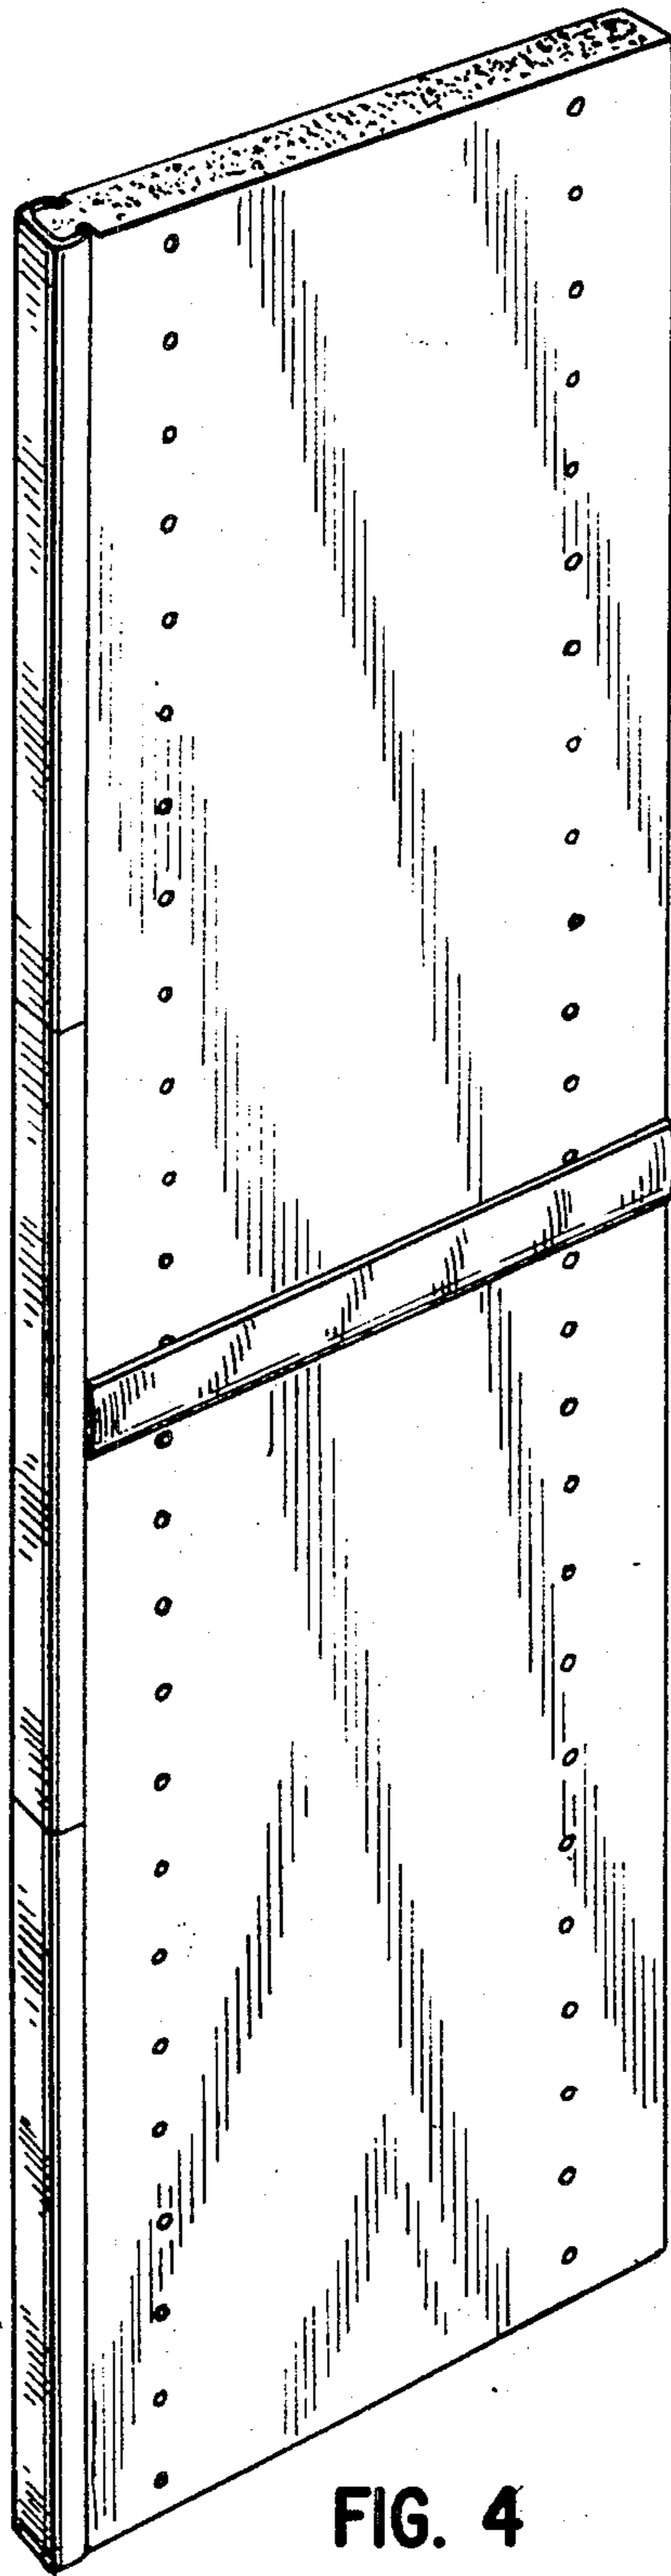

FIG. 4
