[57] CLAIM

The ornamental design for a vehicular handset telephone control unit or similar article, substantially as shown and described.

DESCRIPTION

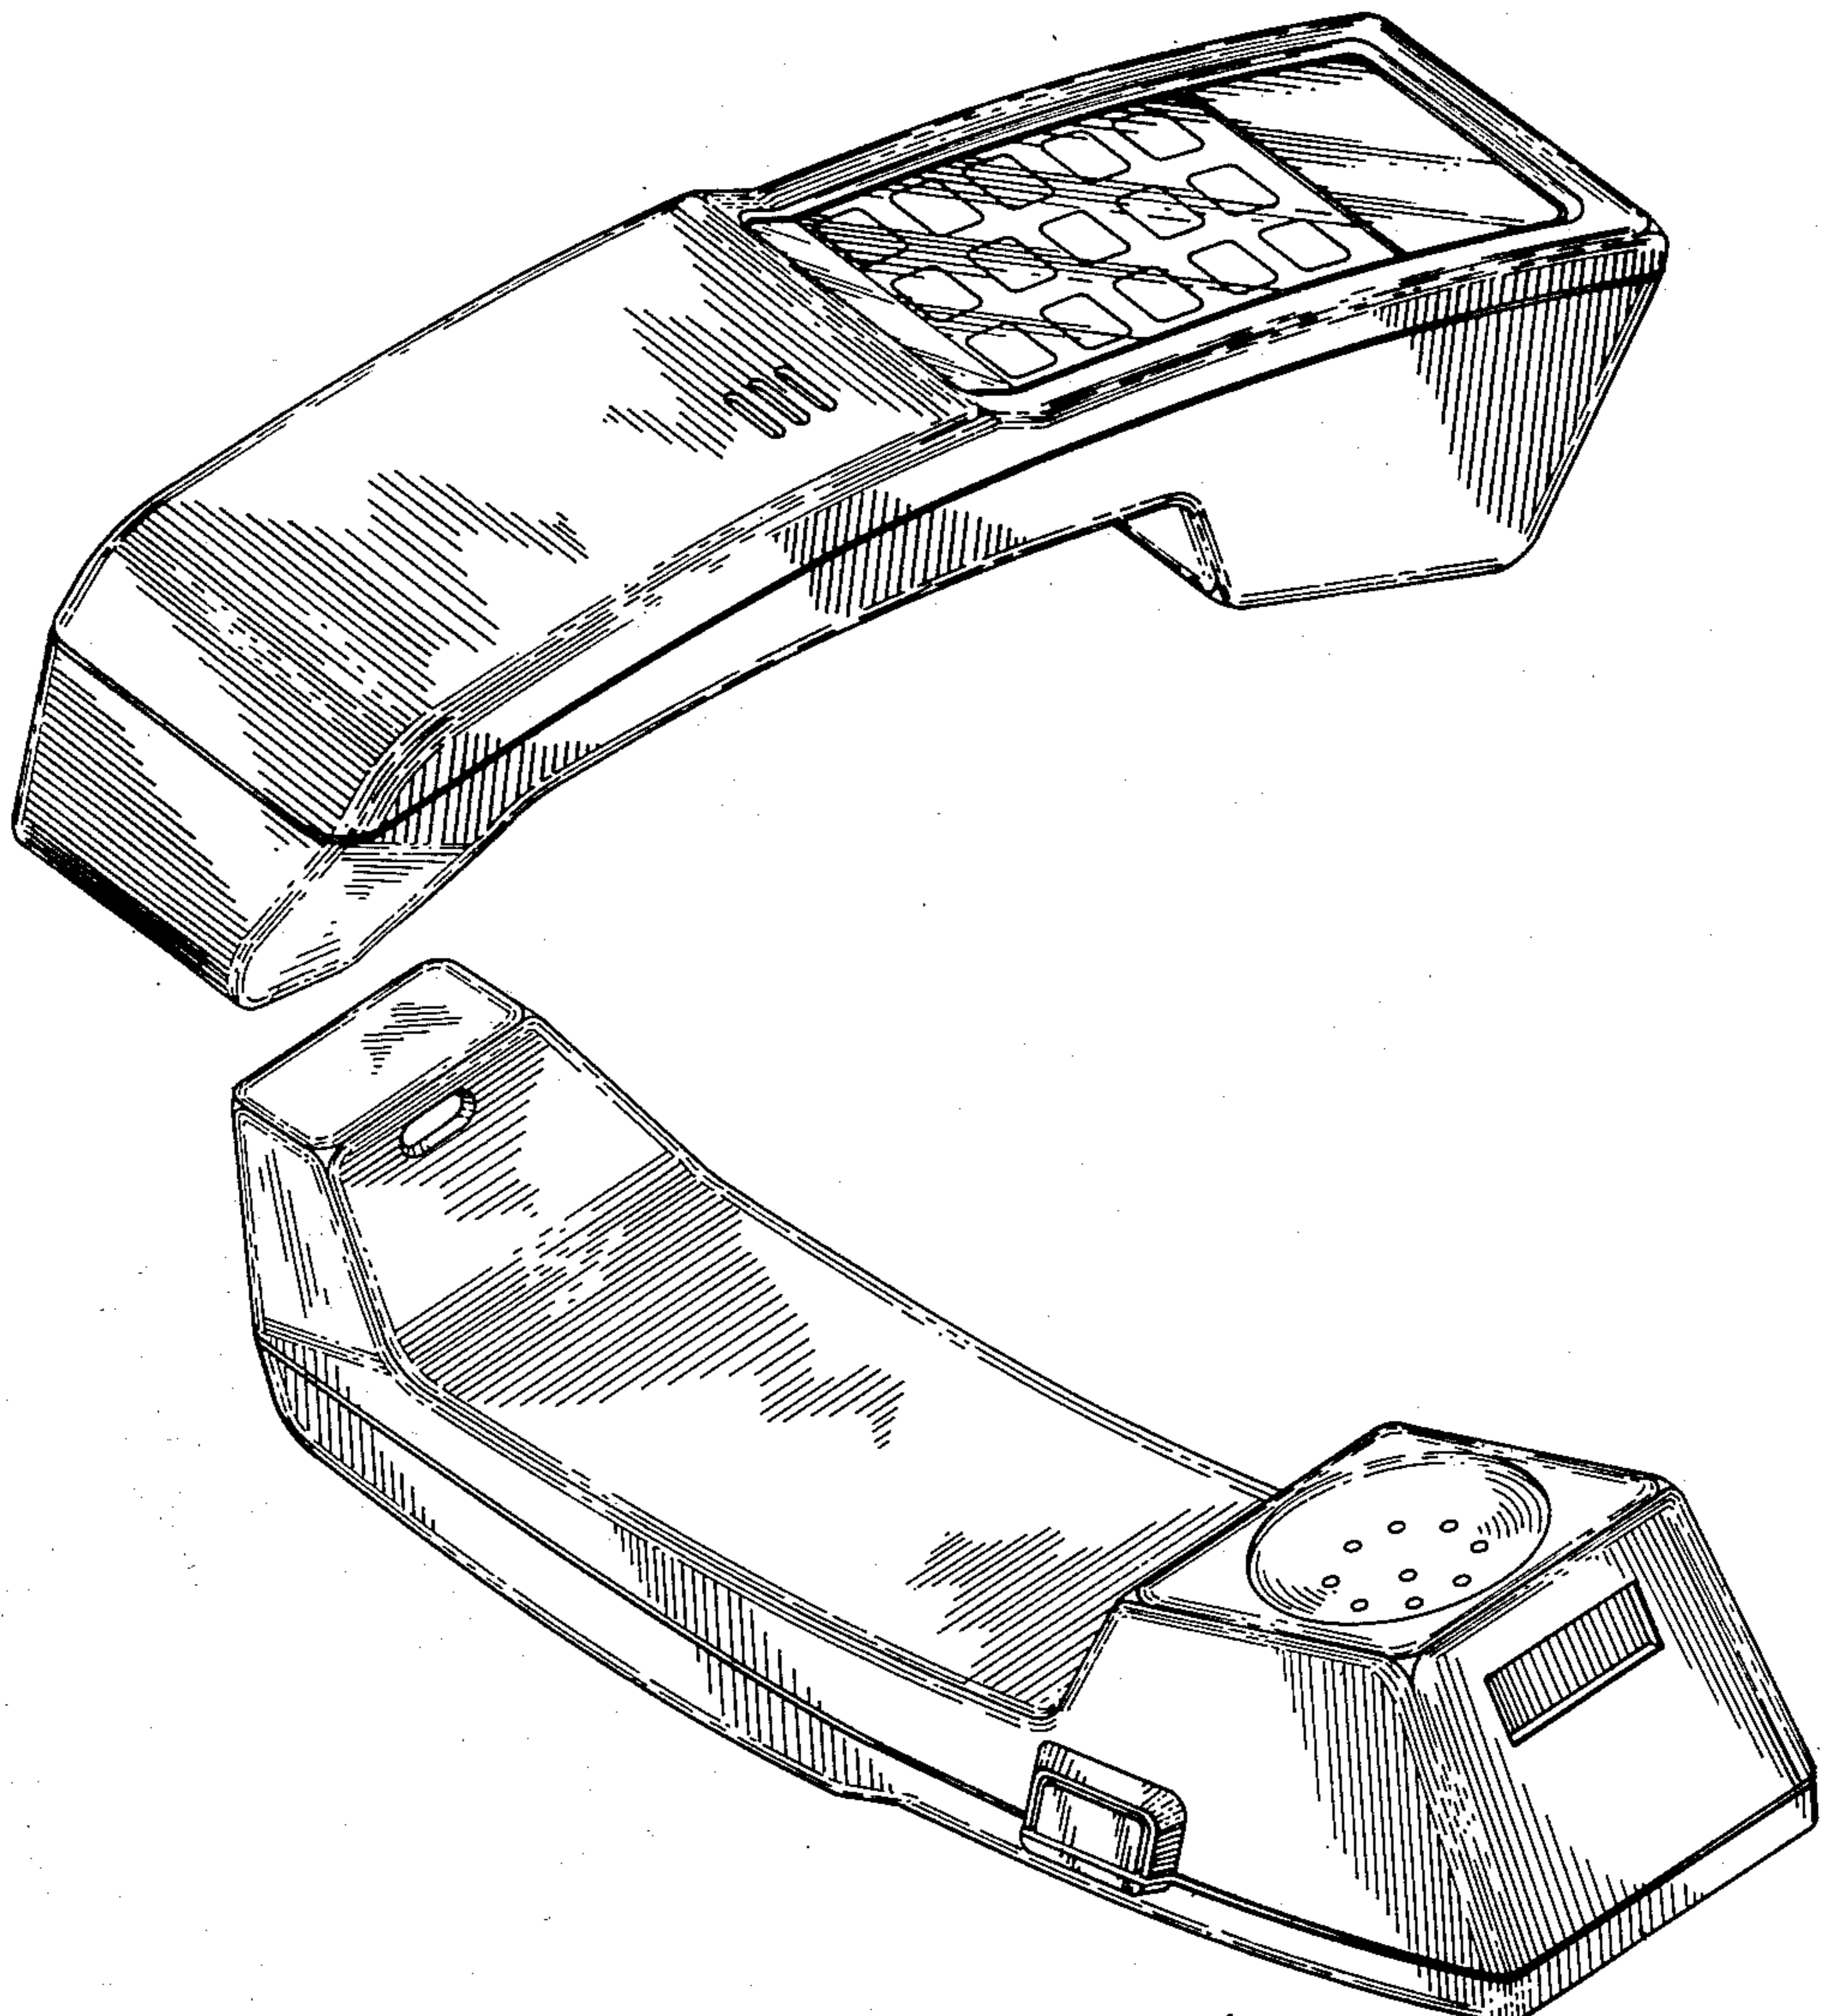

FIG. 1 is a front, top and right side perspective view taken from above of a vehicular handset telephone control unit or similar article:

FIG. 2 is a left side elevation view thereof:

FIG. 3 is a bottom plan view thereof,

FIG. 4 is a rear elevation view thereof, and

FIG. 5 is a view in perspective of the rear, bottom and left side thereof taken 180° from the view in FIG. 1.

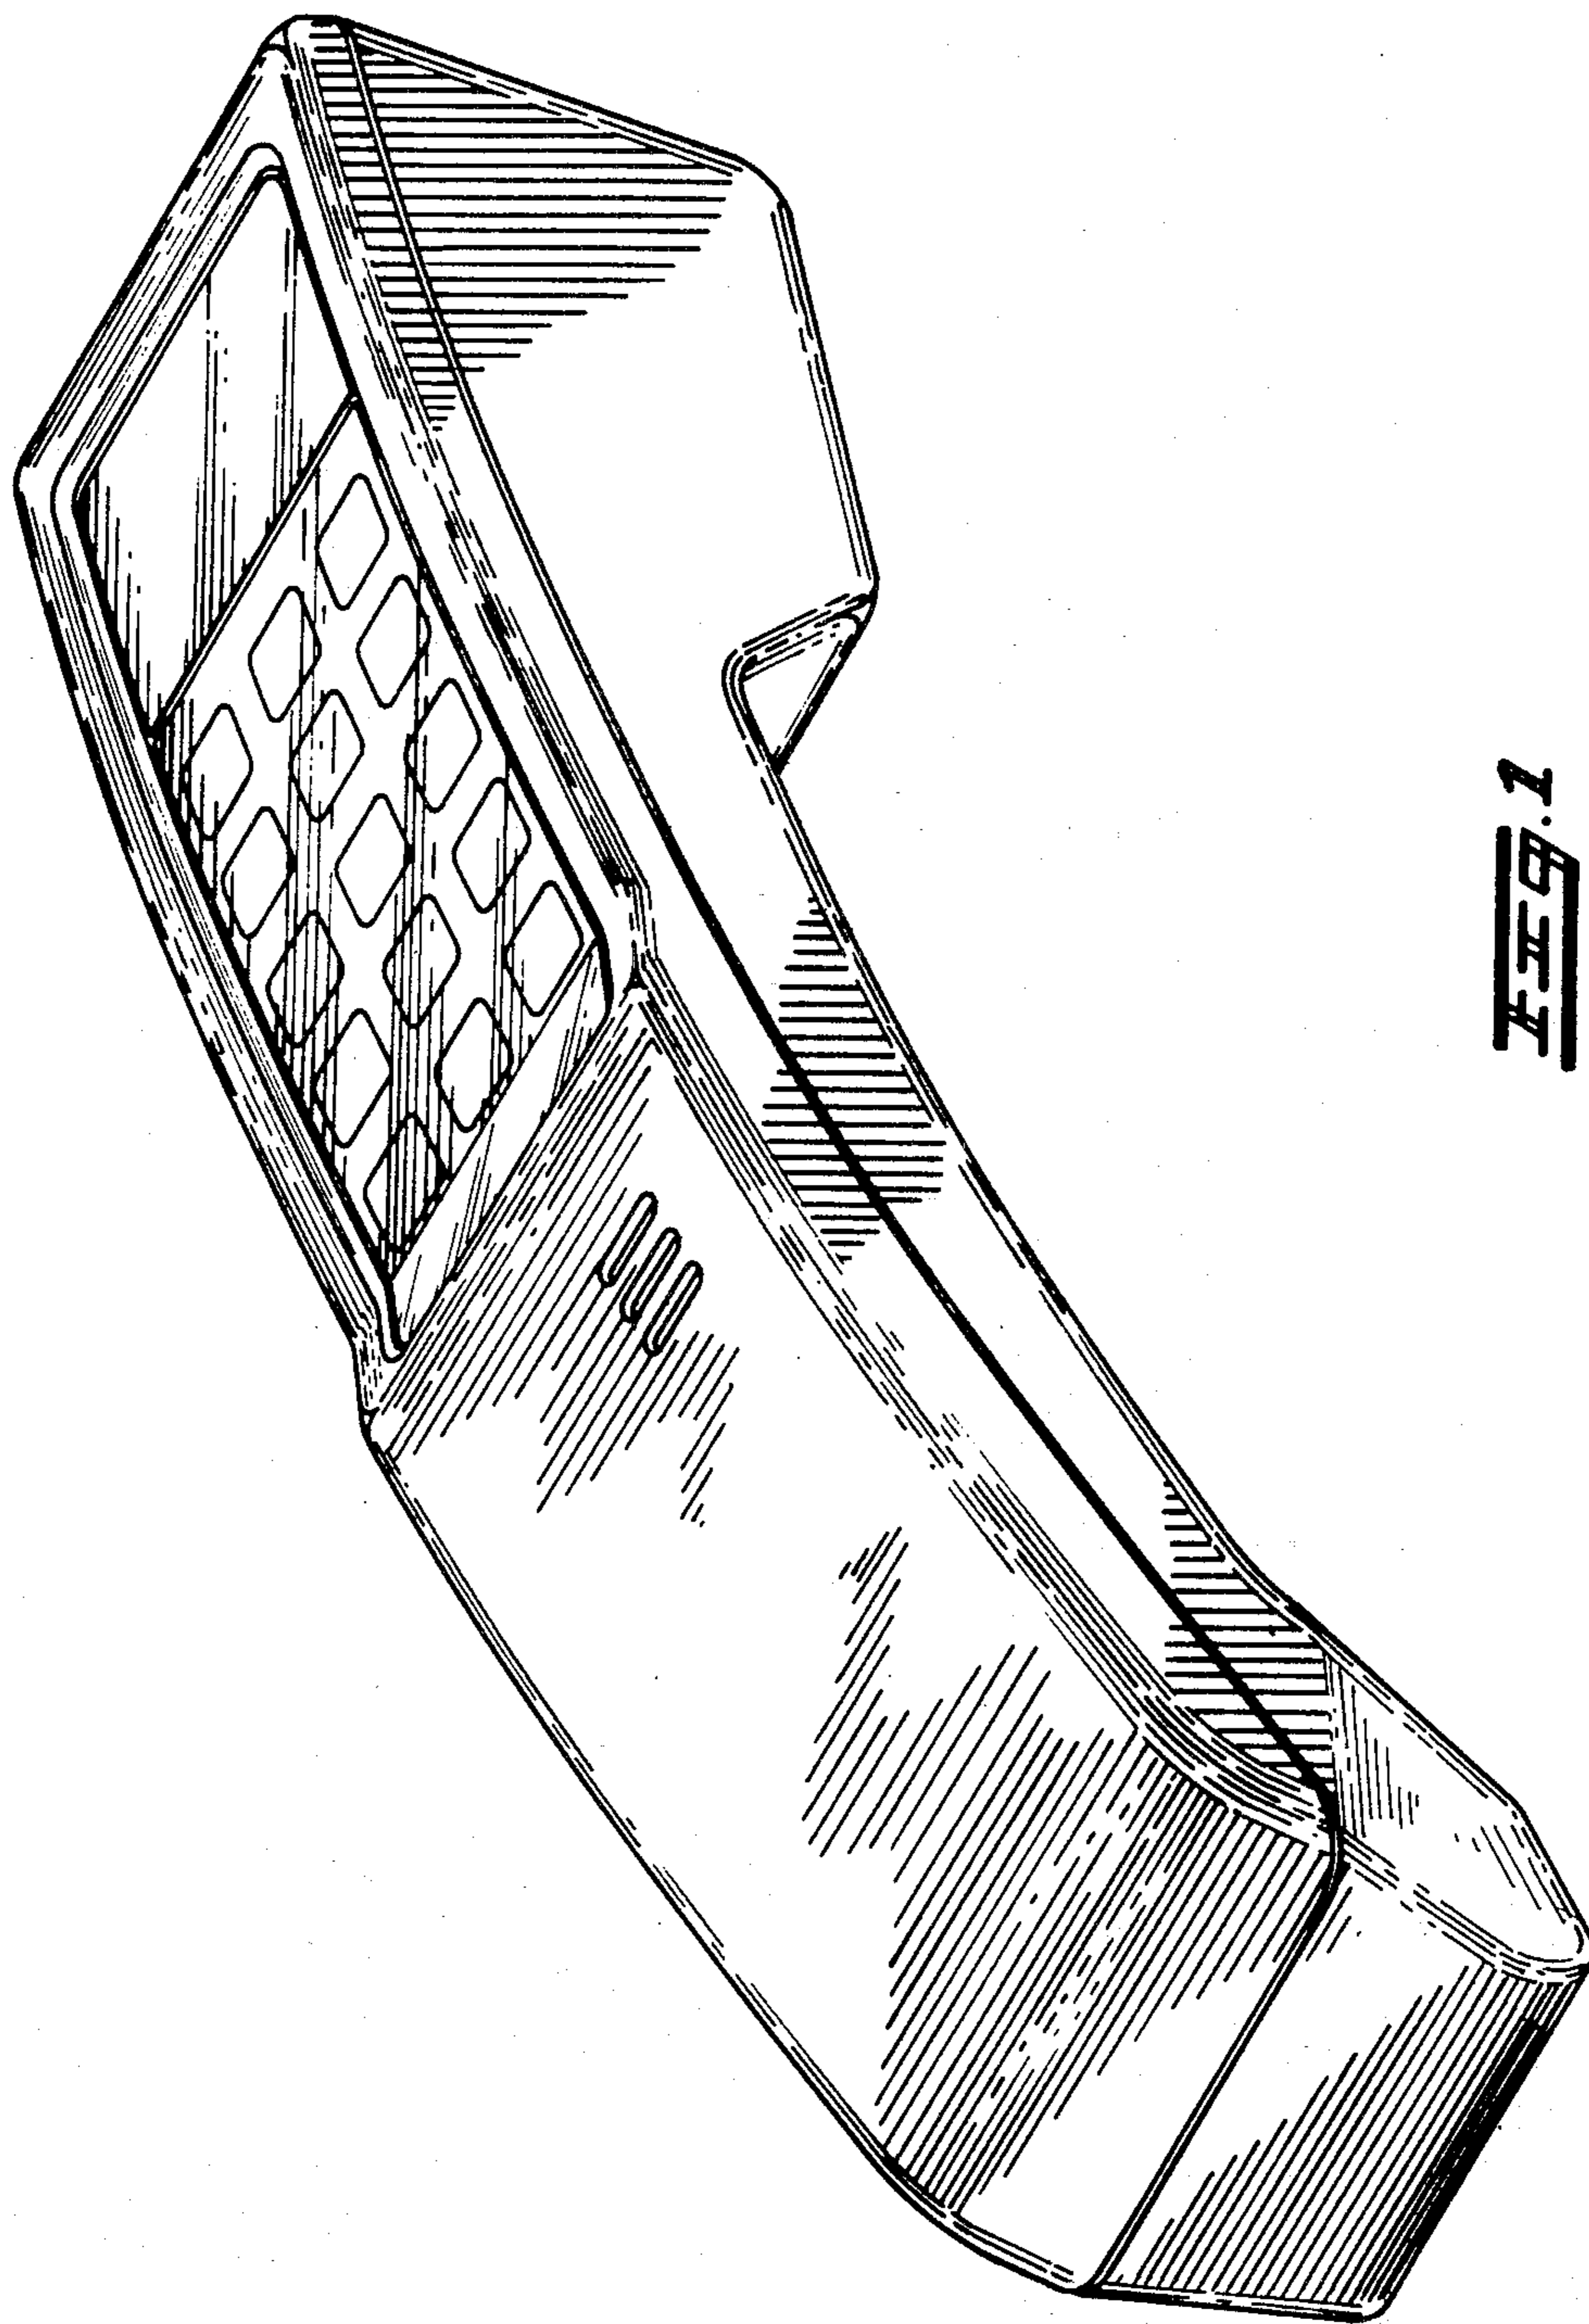

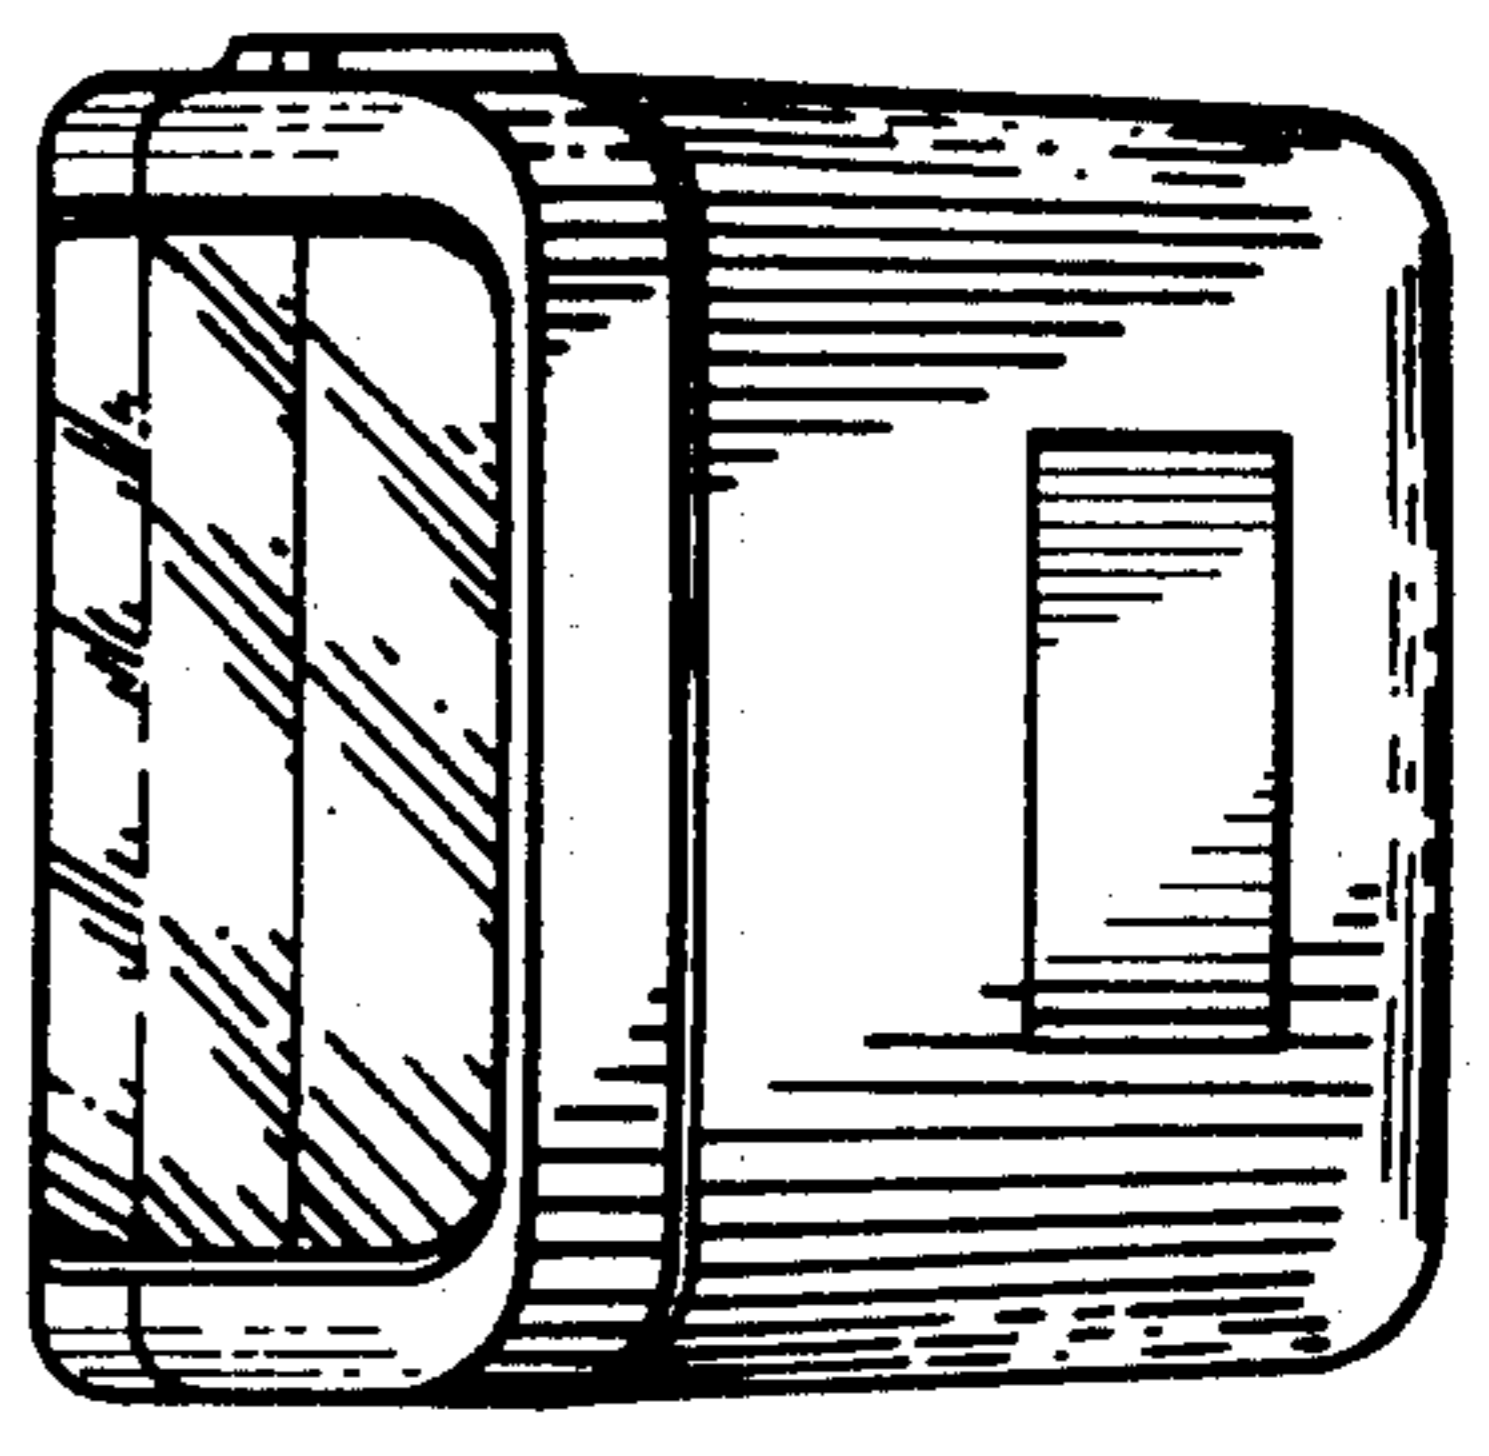

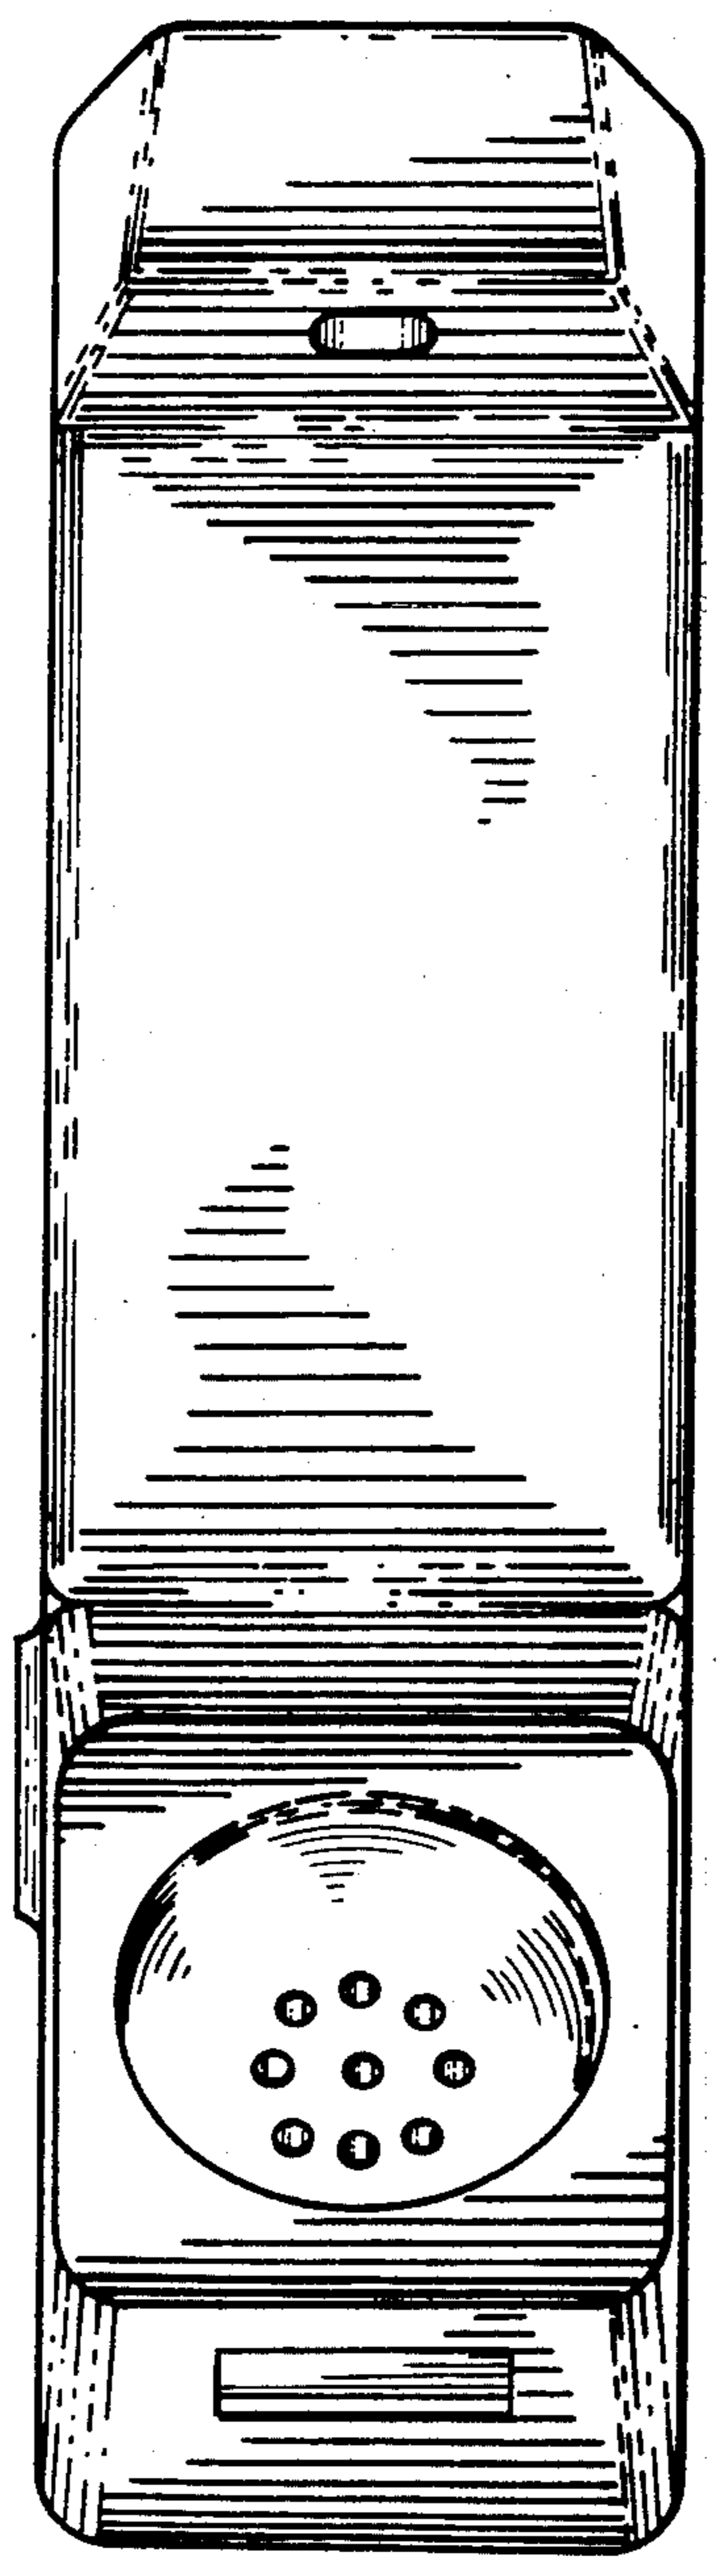

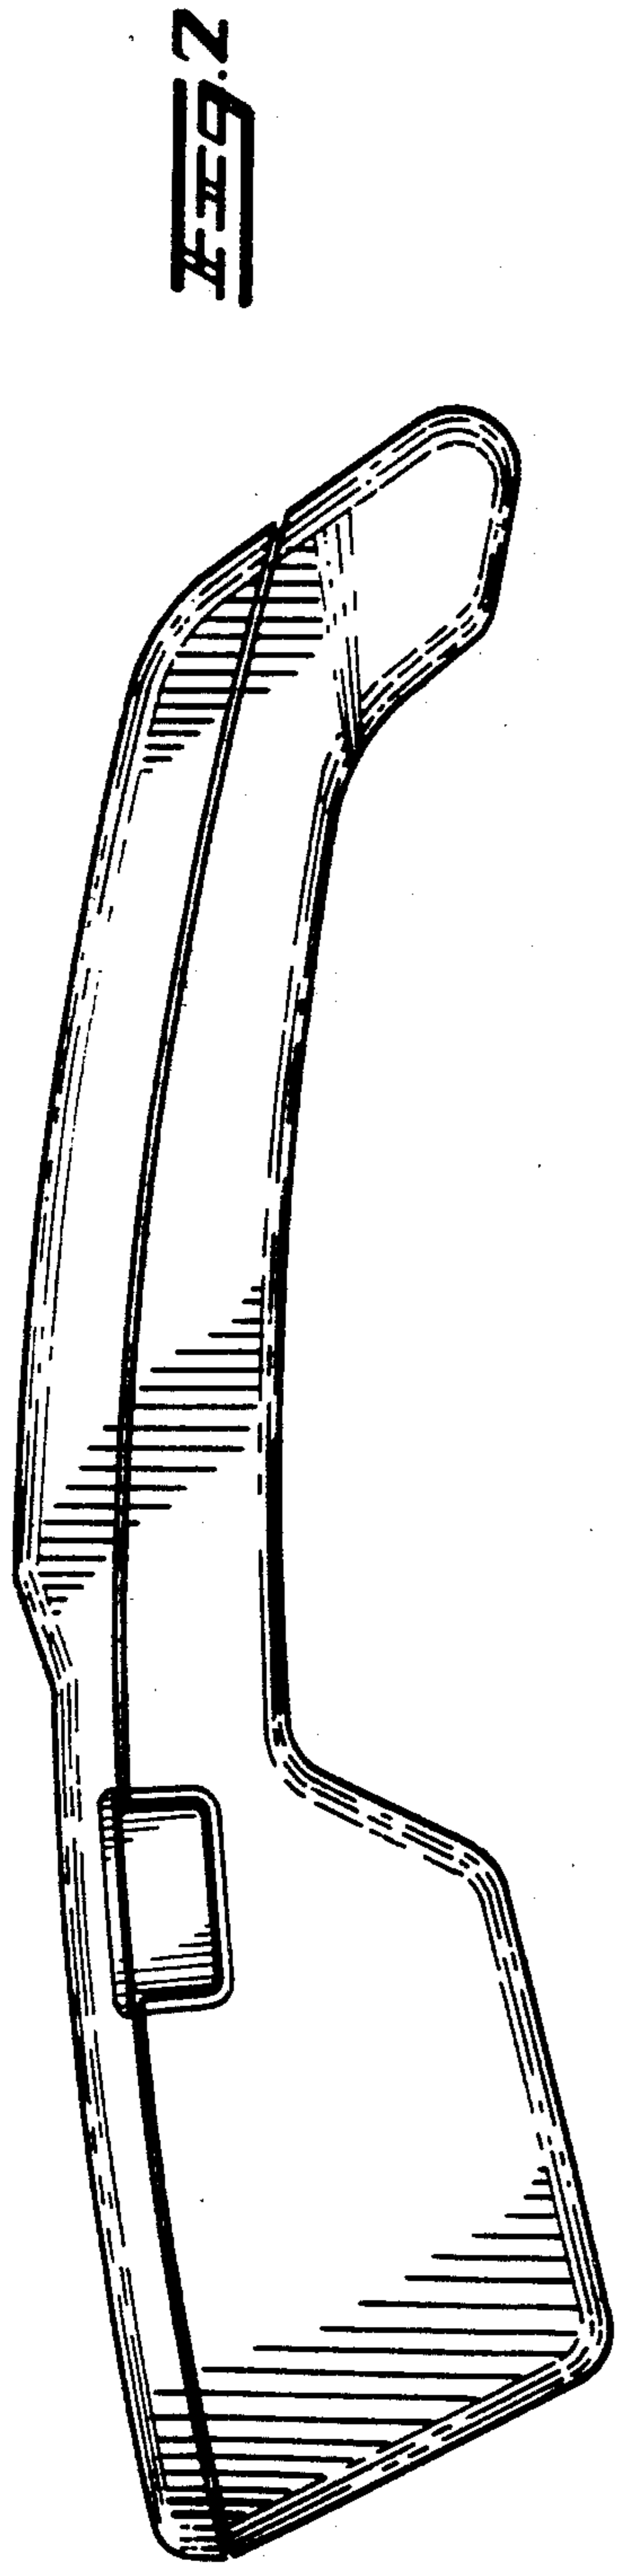

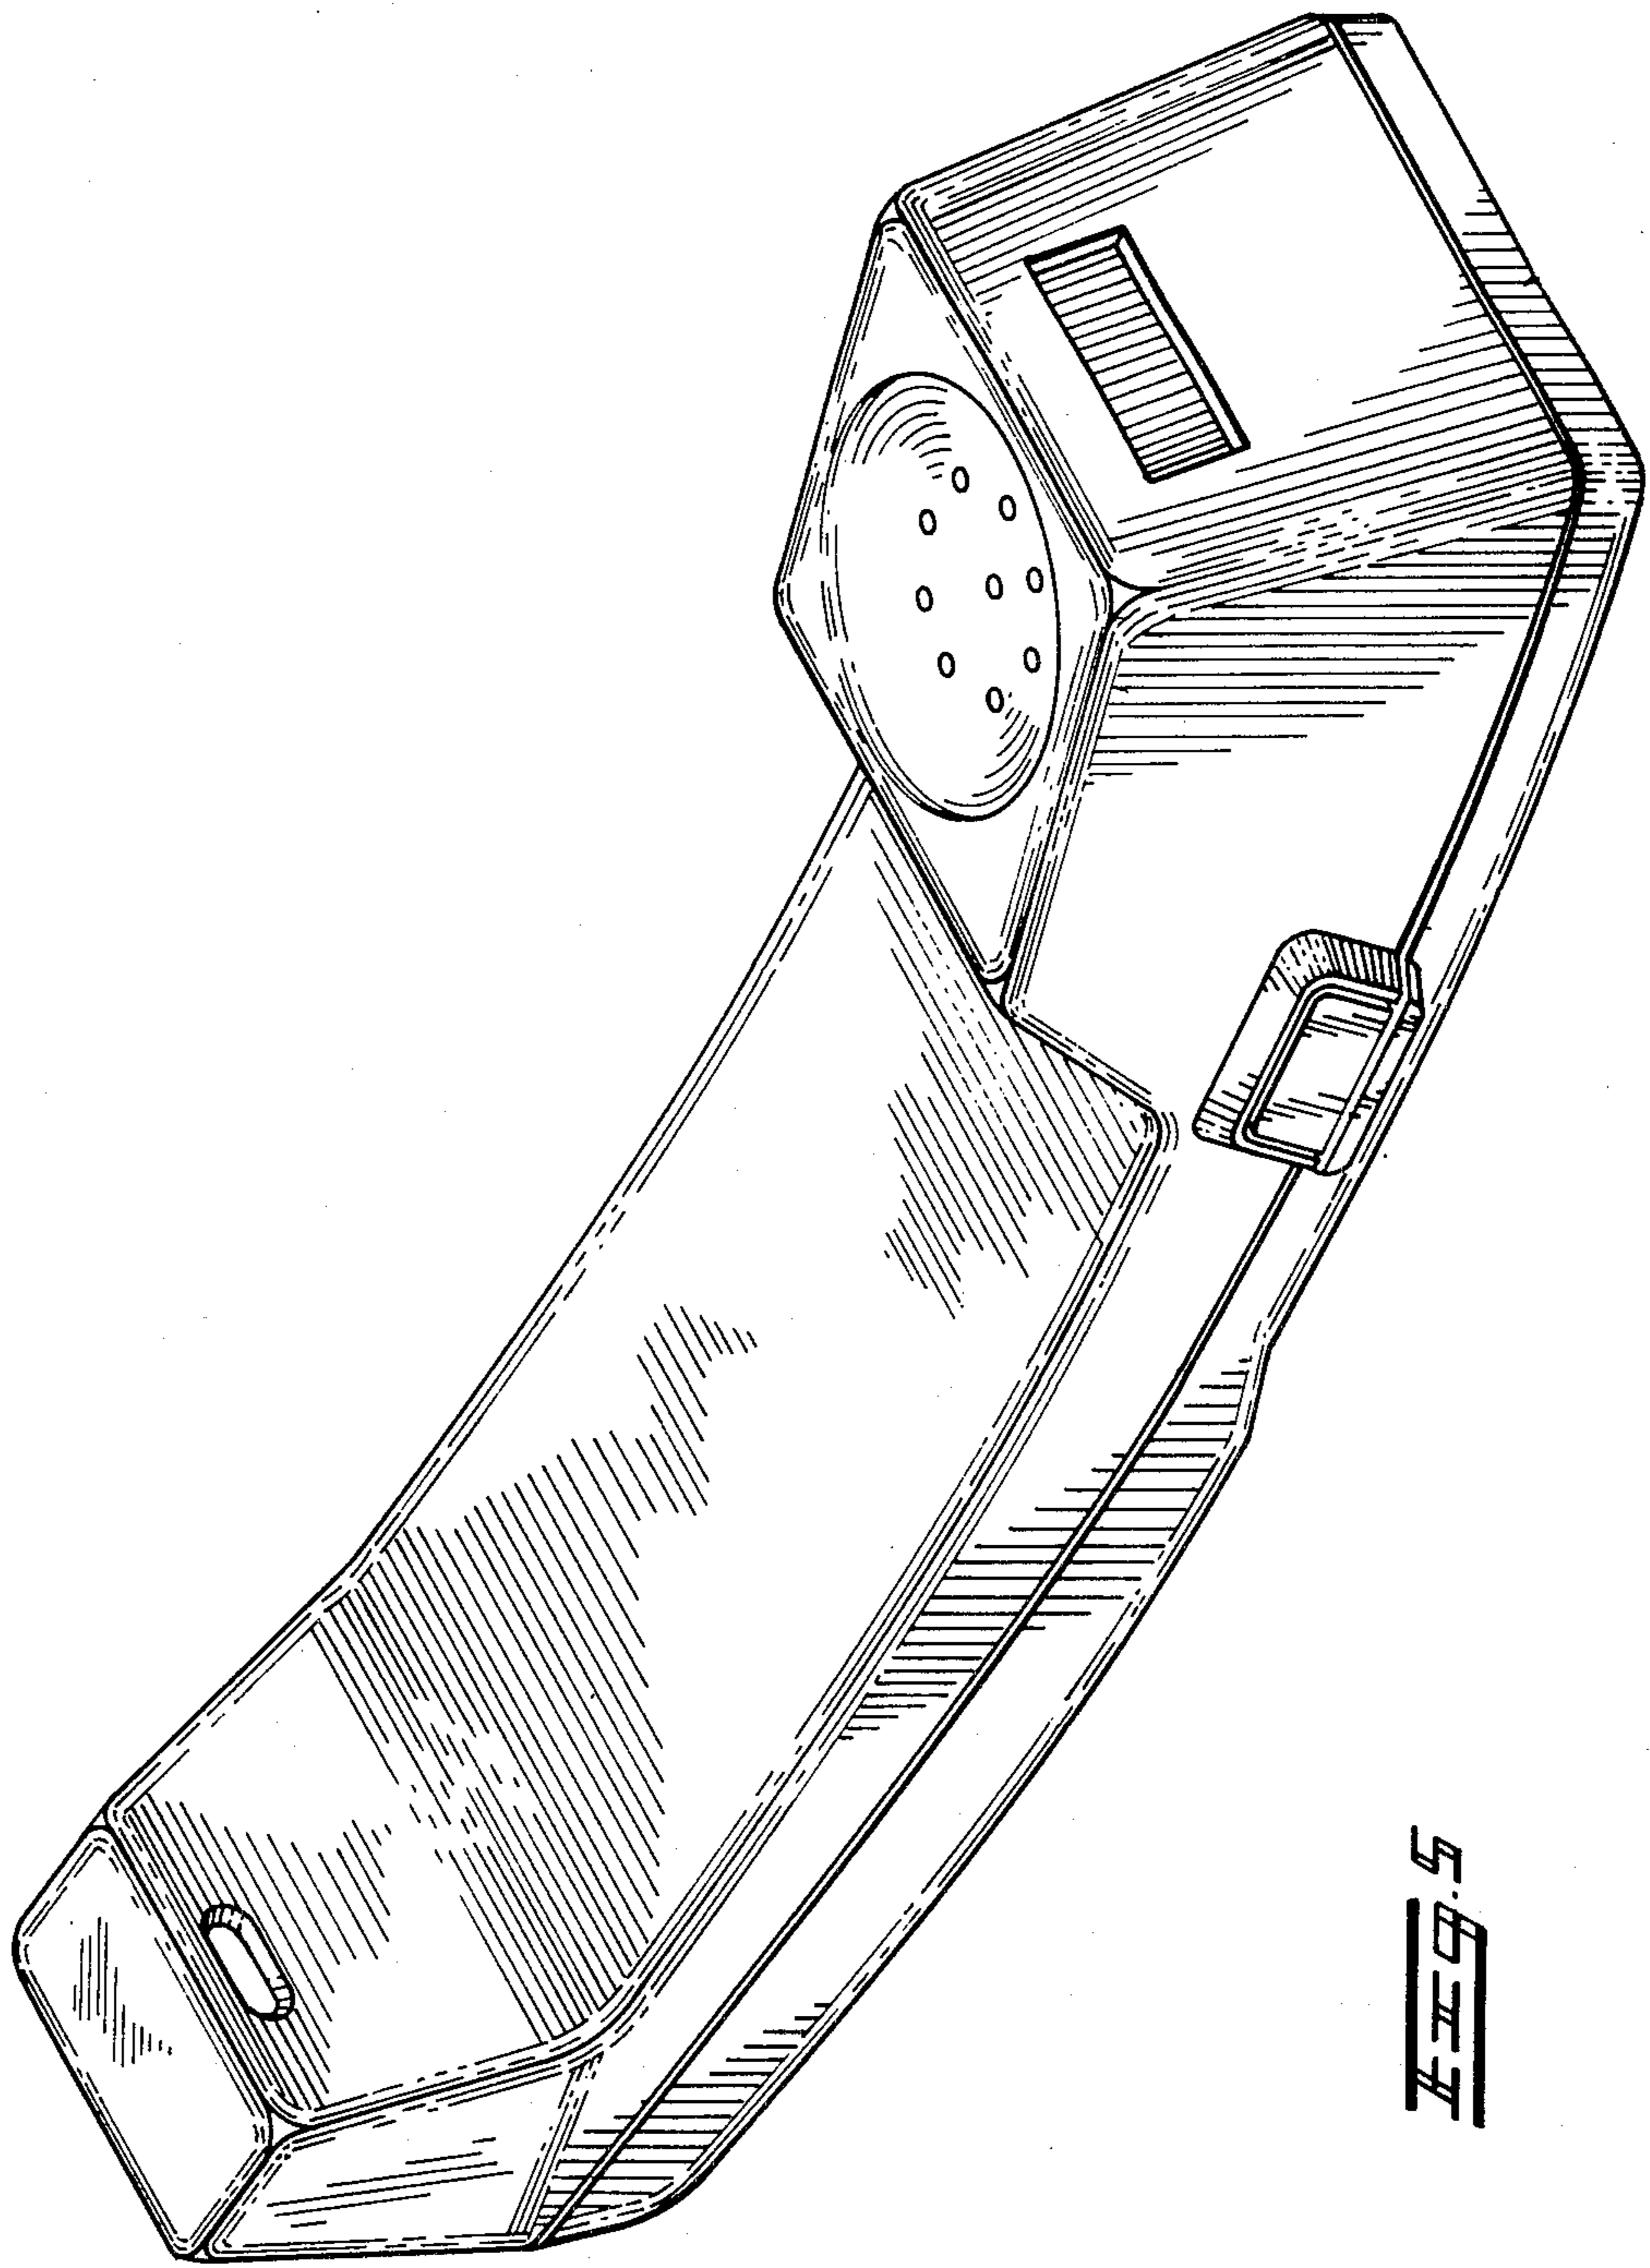

FIG. 1
