[57] **CLAIM**

The ornamental design for a telephone set, as shown and described.

**DESCRIPTION**

FIG. 1 is a top plan view of the stand of a telephone set showing my new design;

FIG. 2 is a top plan view of a telephone set with the handset cradled upon the stand;

FIGS. 3 and 4 are respectively left side and right side elevational views of the stand and of the cradled set;

FIGS. 5 and 6 are respectively right and left side elevational views of the stand and of the cradled set;

FIGS. 7 and 8 are respectively rear elevational views of the cradled set and of the stand;

FIGS. 9 and 10 are respectively front elevational views of the cradle set and of the stand;

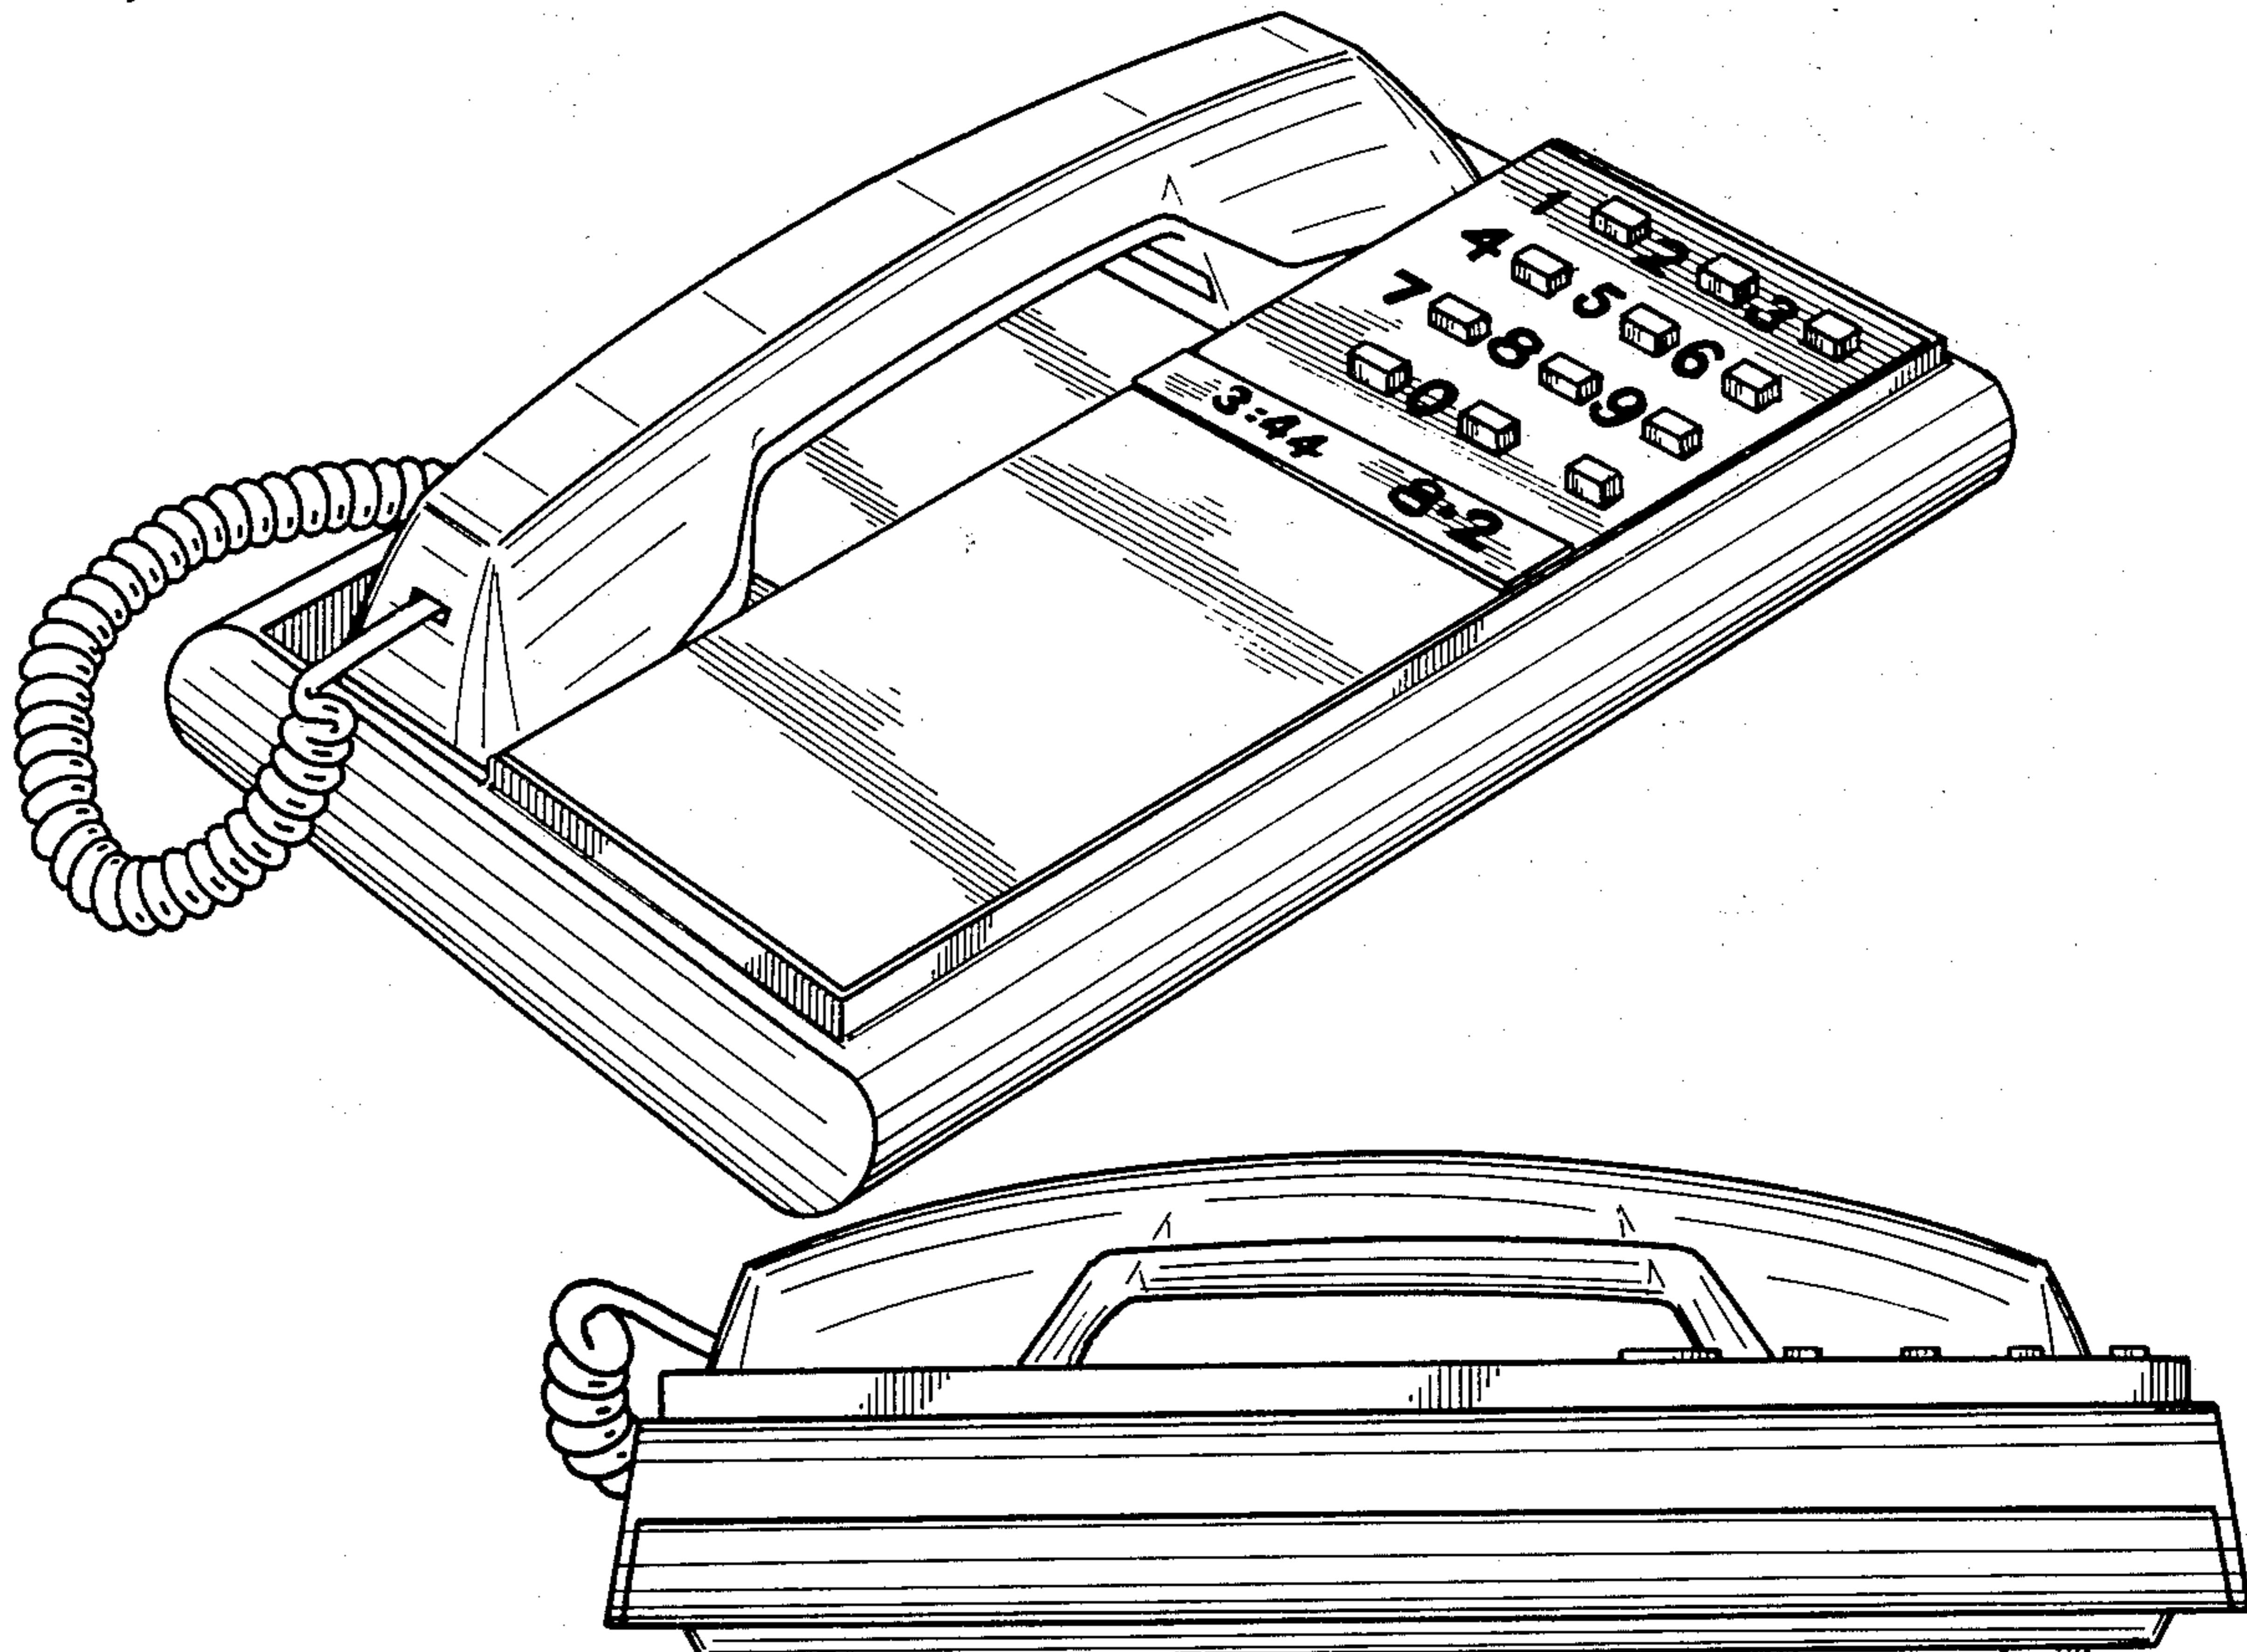

FIGS. 11 and 12 are respectively bottom plan and top plan views of the handset;

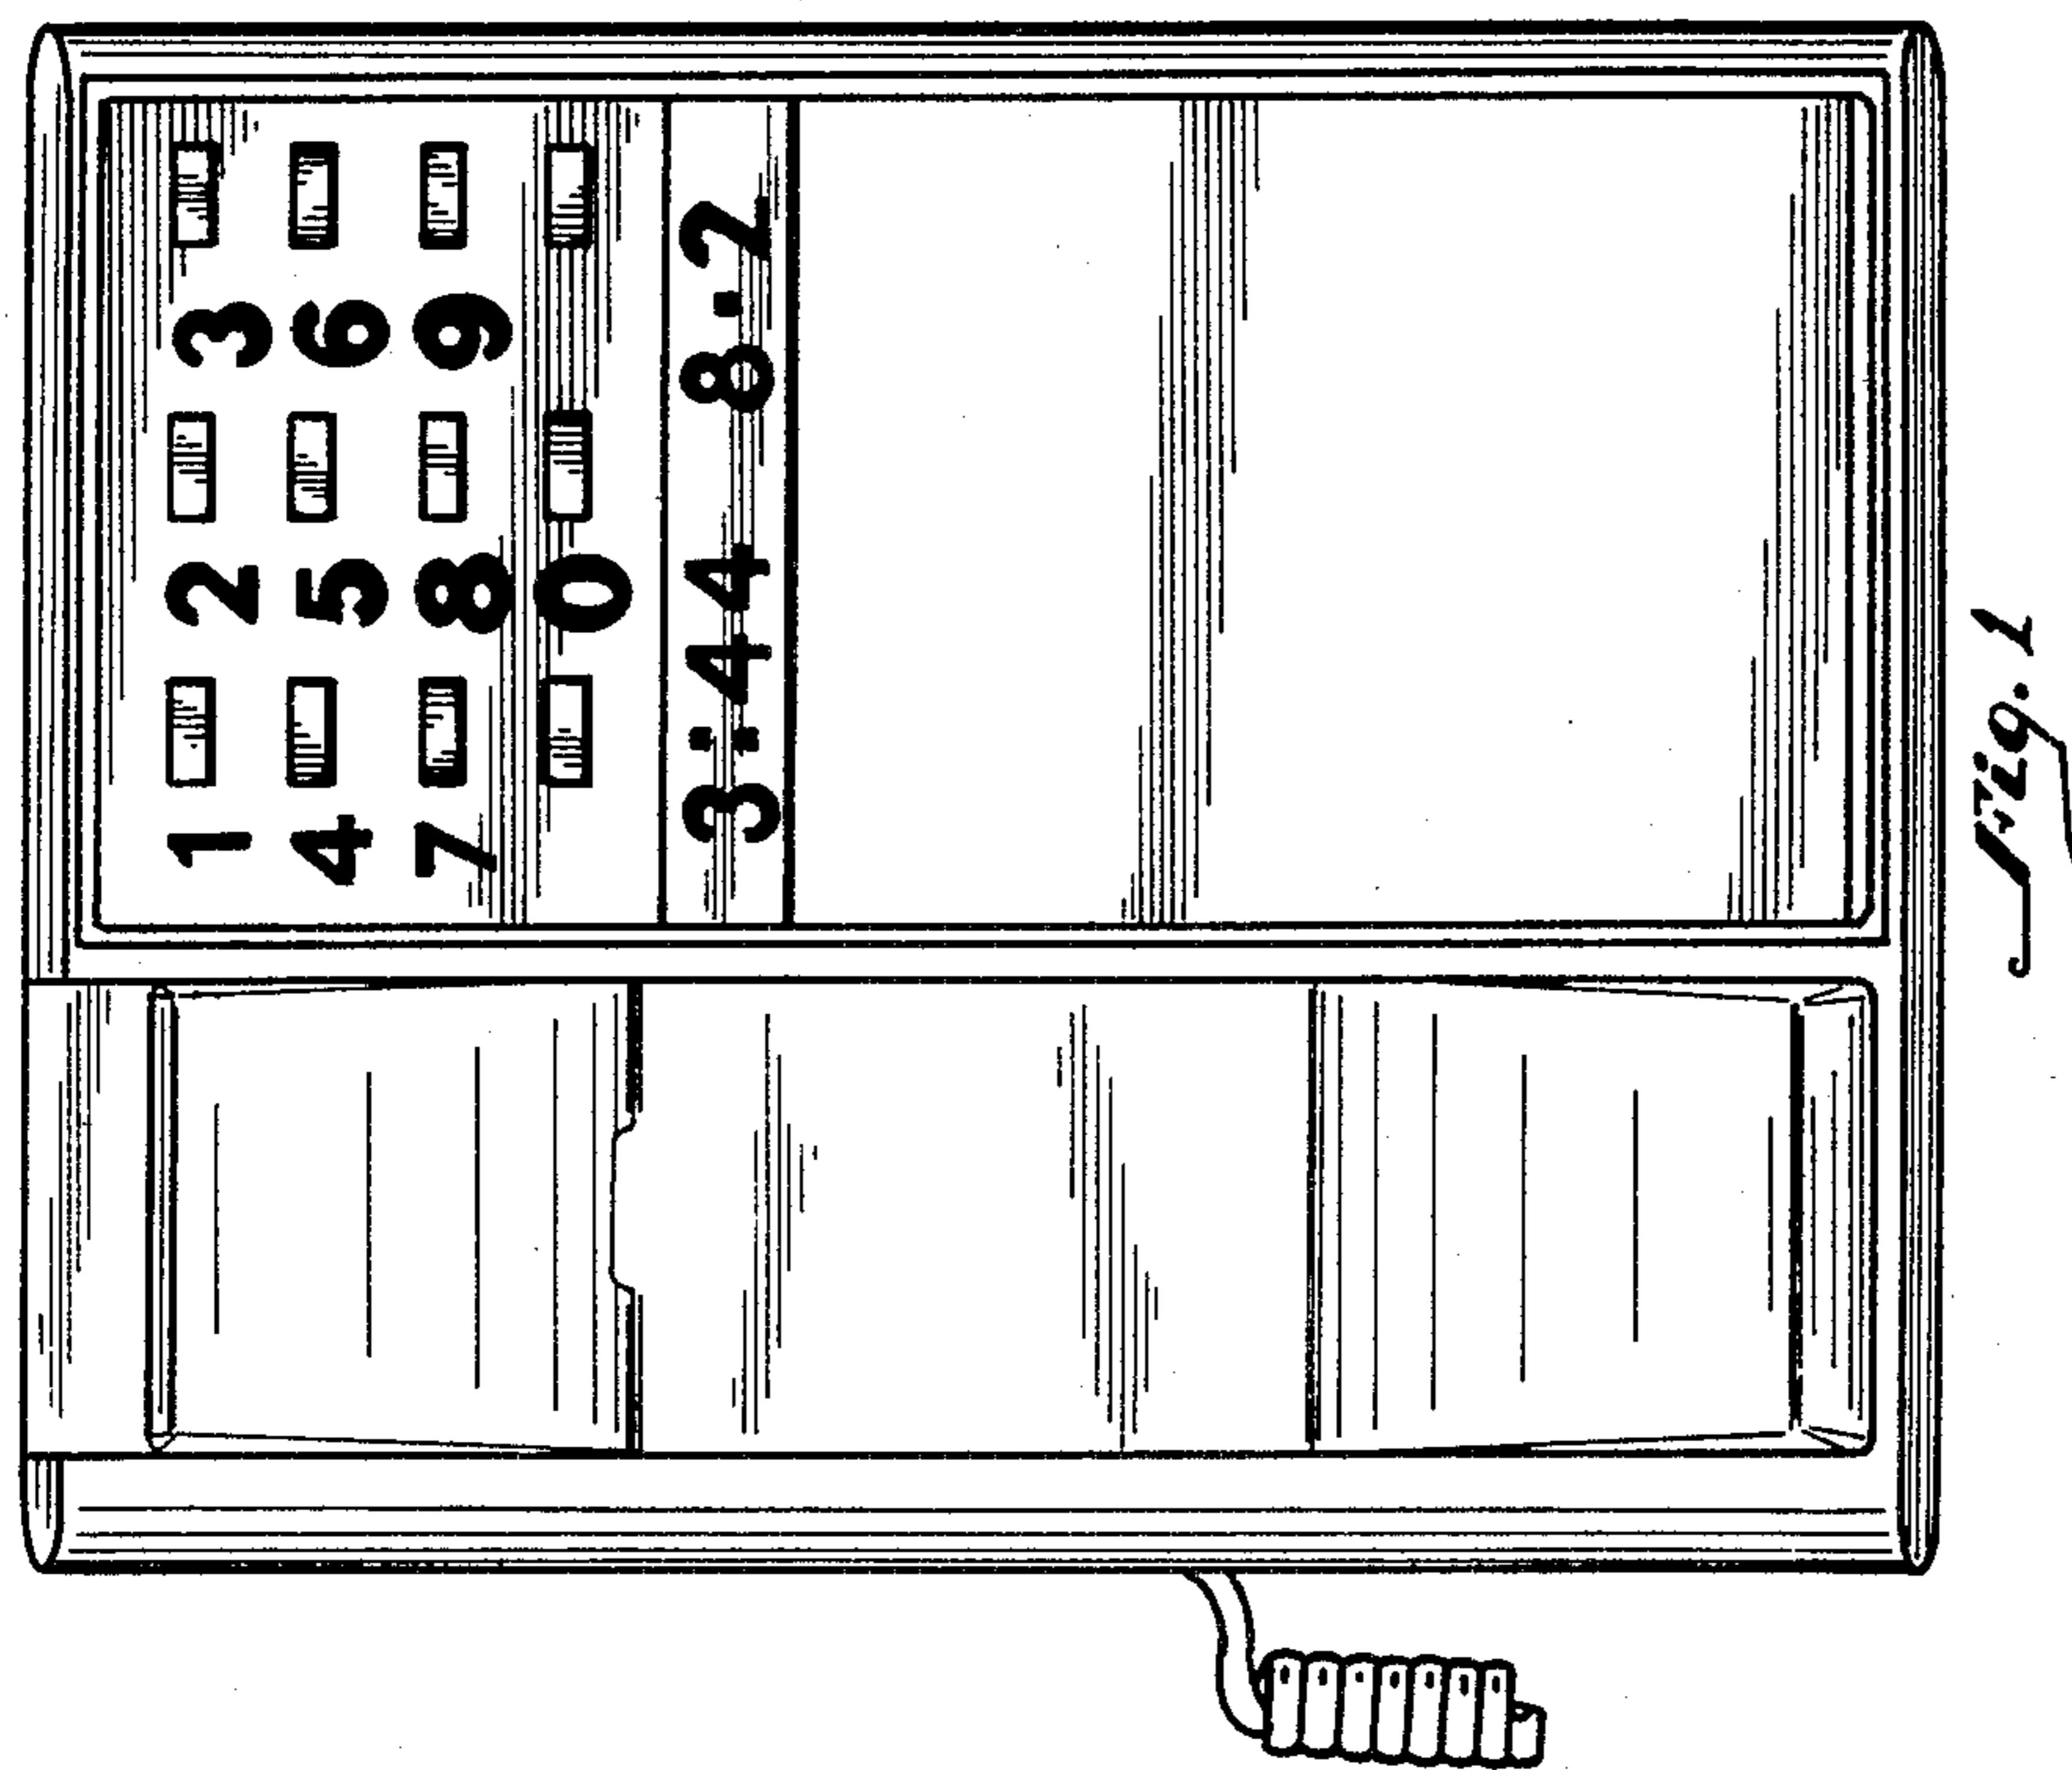

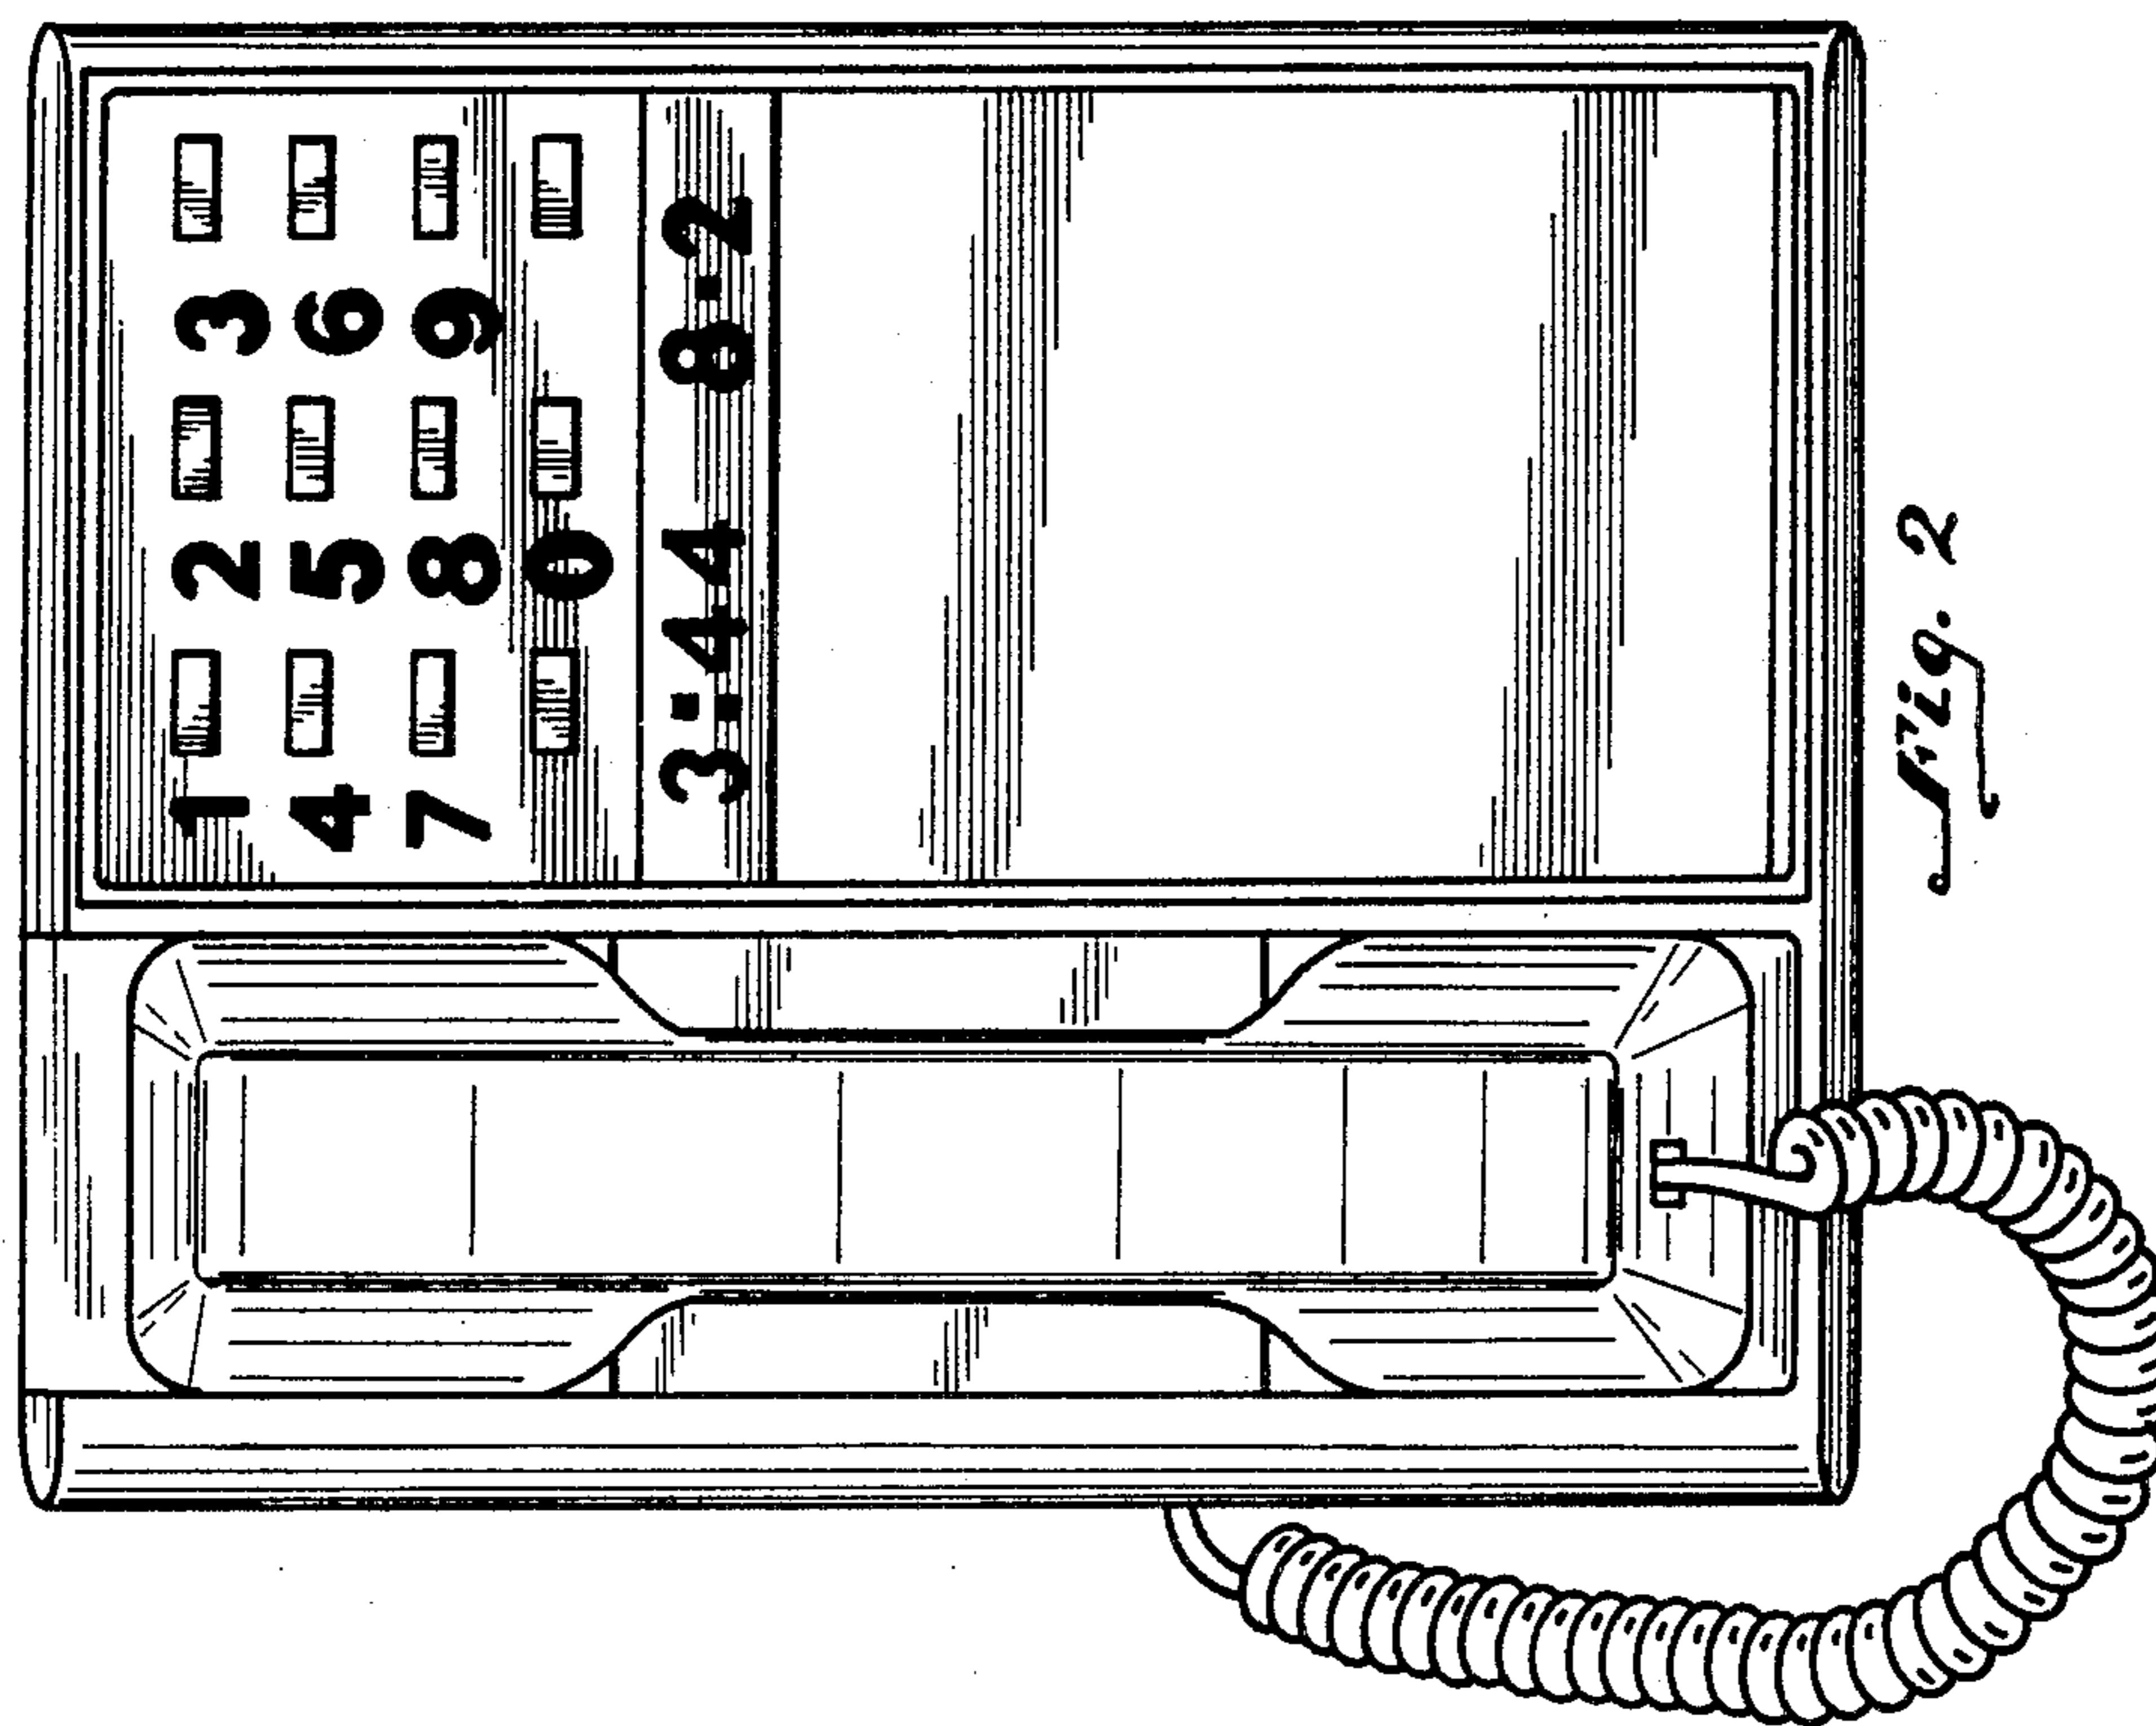

FIGS. 13 and 14 are respectively right and left side elevational views of the handset;

FIGS. 15 and 16 are respectively rear and front elevational views of the handset; and

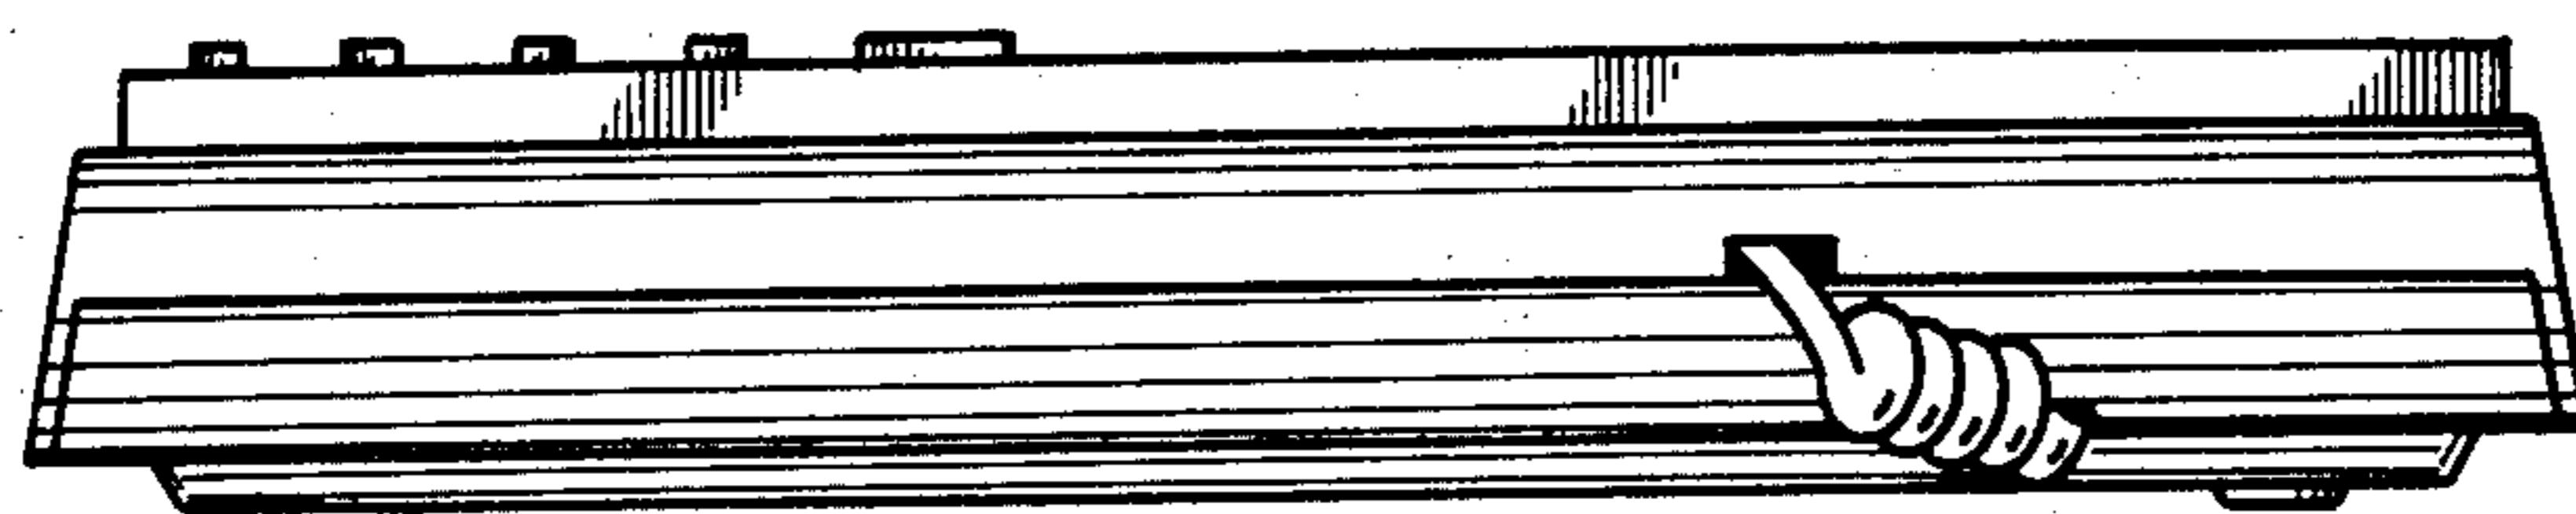

FIG. 17 is a front, top, and right side isometric view of the cradled set.

For ease of illustration and clarity of representation, the handset stand of the telephone set are shown separately in several views, and the cord is also shown in fragmentary form for similar reasons.
