[57] CLAIM

The ornamental design for a handset telephone and stand unit, as shown and described.

DESCRIPTION

FIG. 1 is a left side, top and front end perspective view of a handset telephone and stand unit in cradled position showing my new design;
FIG. 2 is a left side elevational view thereof;
FIG. 3 is a bottom plan view thereof;
FIGS. 4 and 5 are respectively front and rear elevational views thereof;
FIG. 6 is a top plan view thereof;
FIG. 7 is a left side elevational view of the handset telephone positioned above a left side elevational view of the stand thereof;
FIG. 8 is a bottom, left side and front perspective view of the handset positioned above a left side, top and front perspective view of the stand.
The cord is shown in solid and broken lines for facility of illustration and to indicate indeterminate length.
