[57] CLAIM

The ornamental design for a handset telephone and stand unit, as shown and described.

DESCRIPTION

FIG. 1 is an associated perspective view of the front, top and right side of the stand, and of the front, bottom and left side of the handset telephone and stand unit showing our new design, with the two being separated and with the stand above;

FIG. 2 is a front, top and right side view of the handset and stand unit in cradled assembly;

FIG. 3 is a top plan view of FIG. 2;

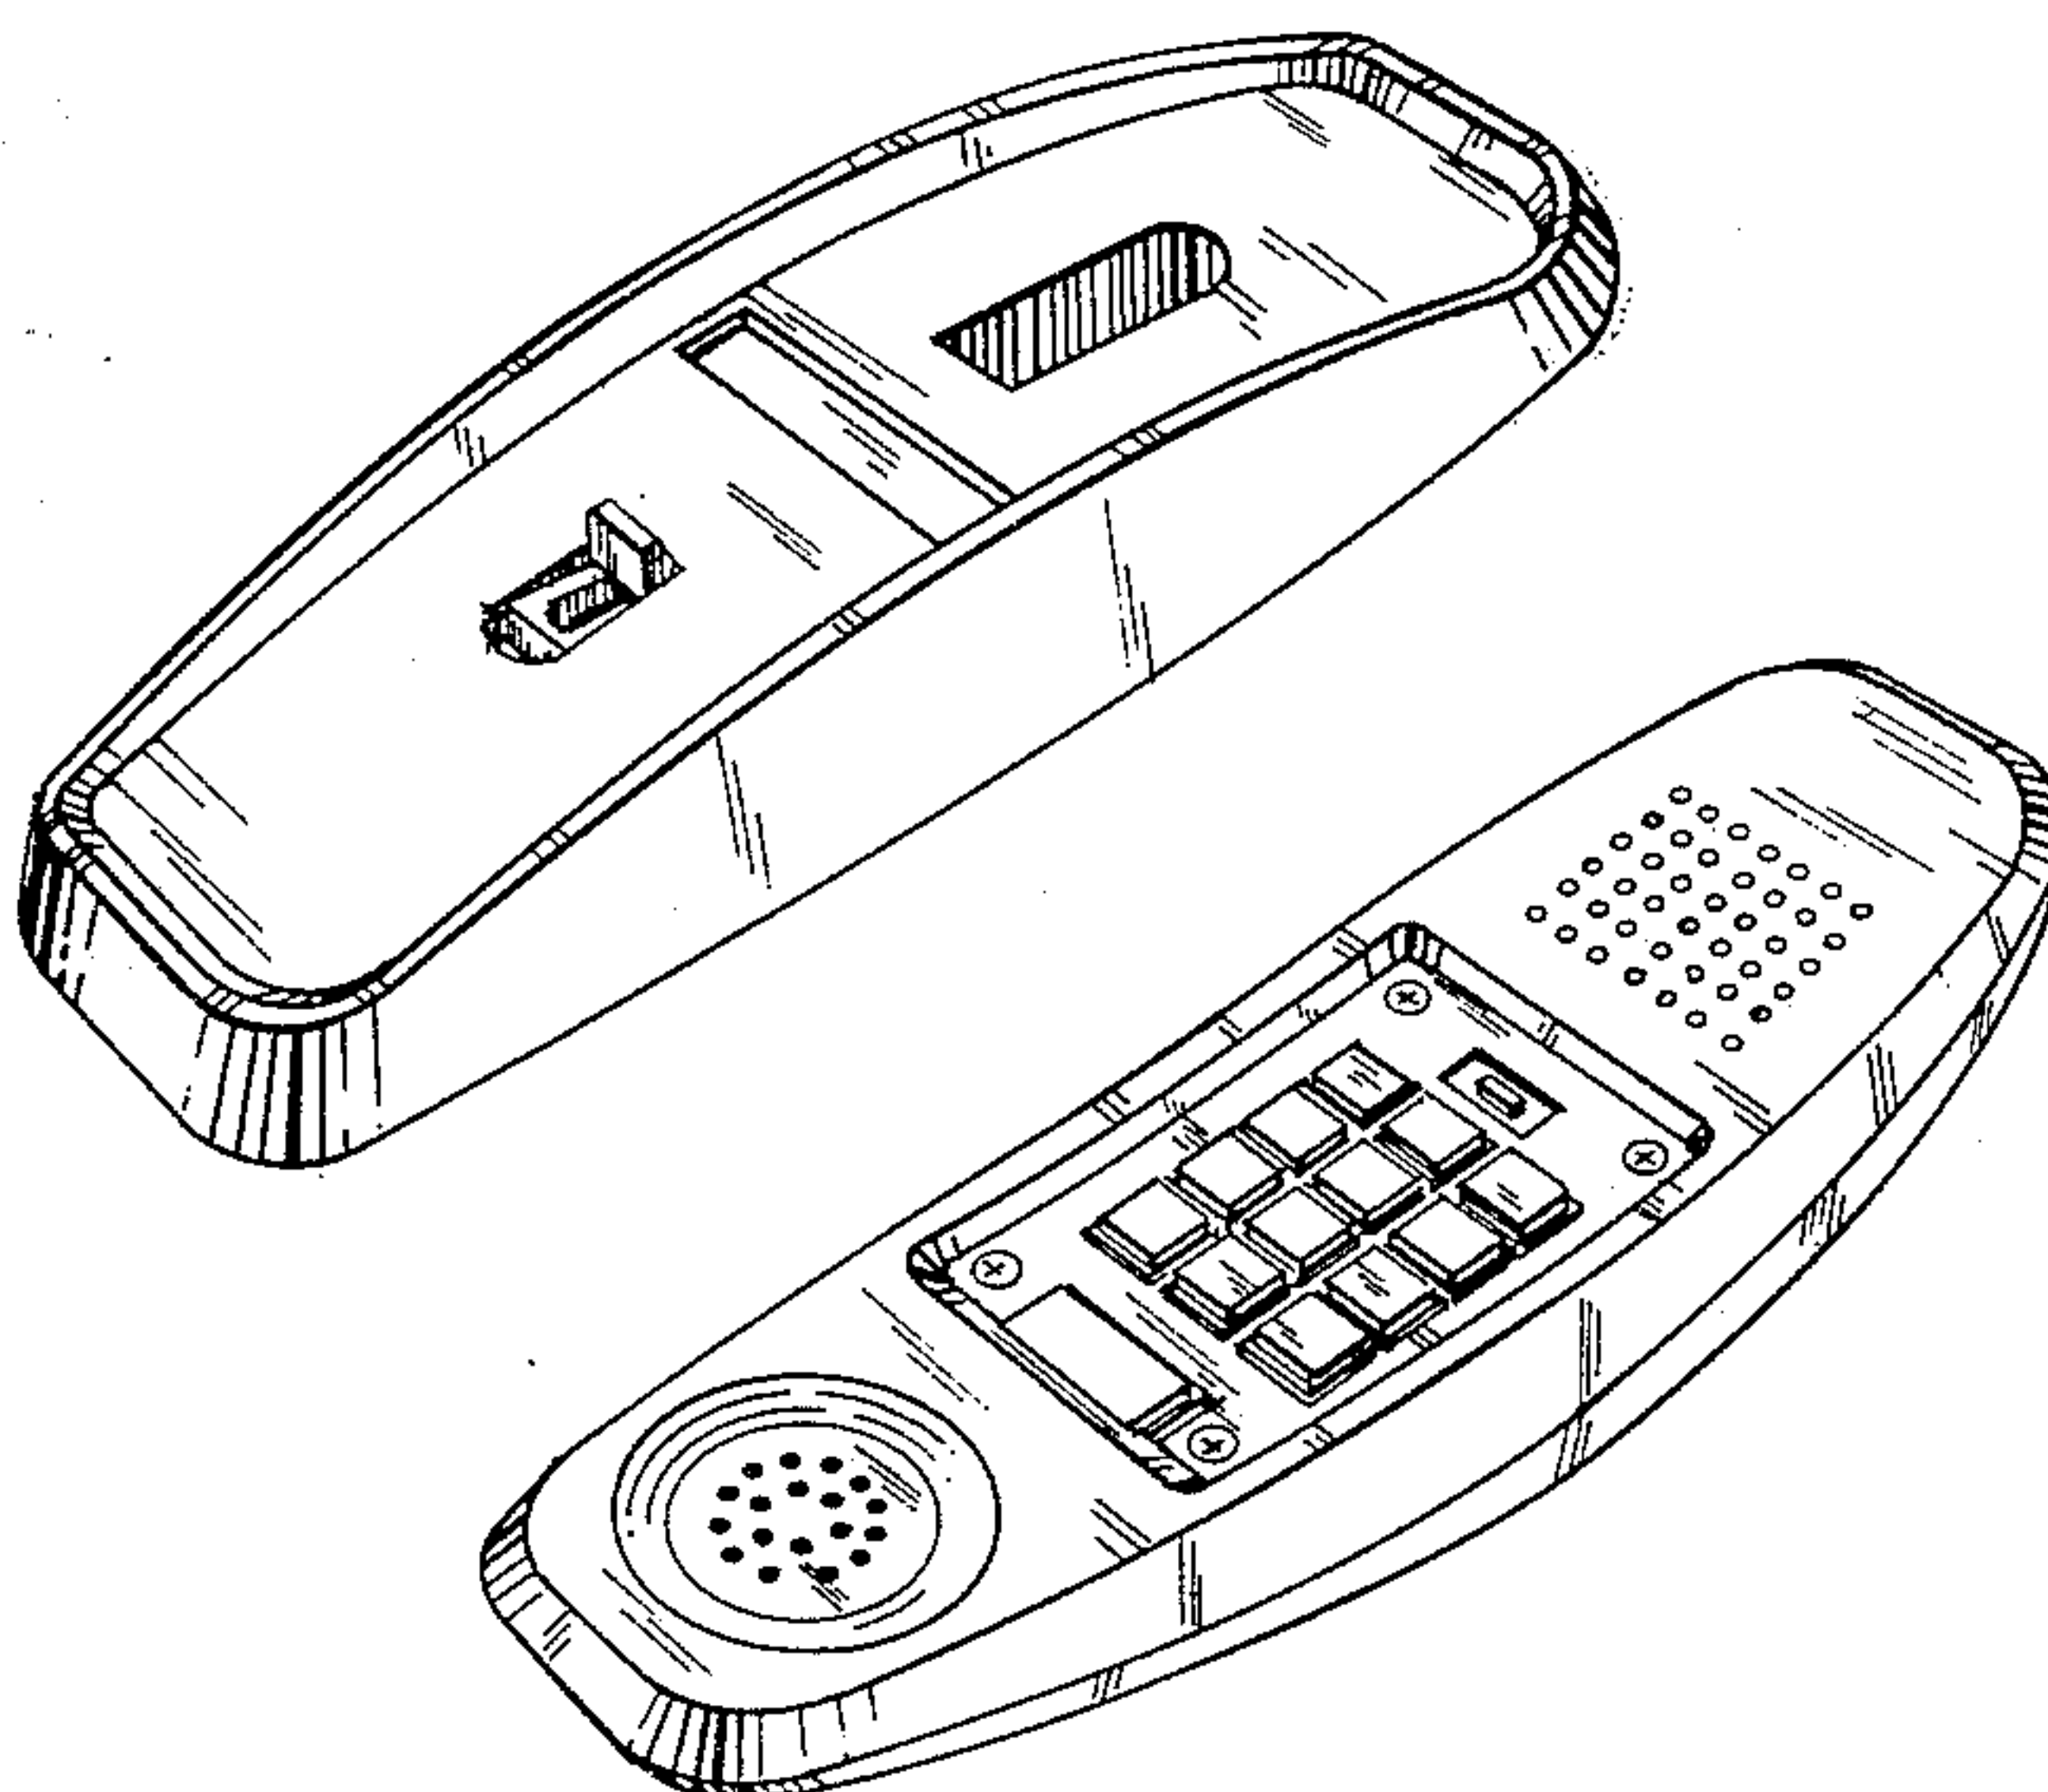

FIGS. 4 and 5 are respectively right and left side elevational views thereof;

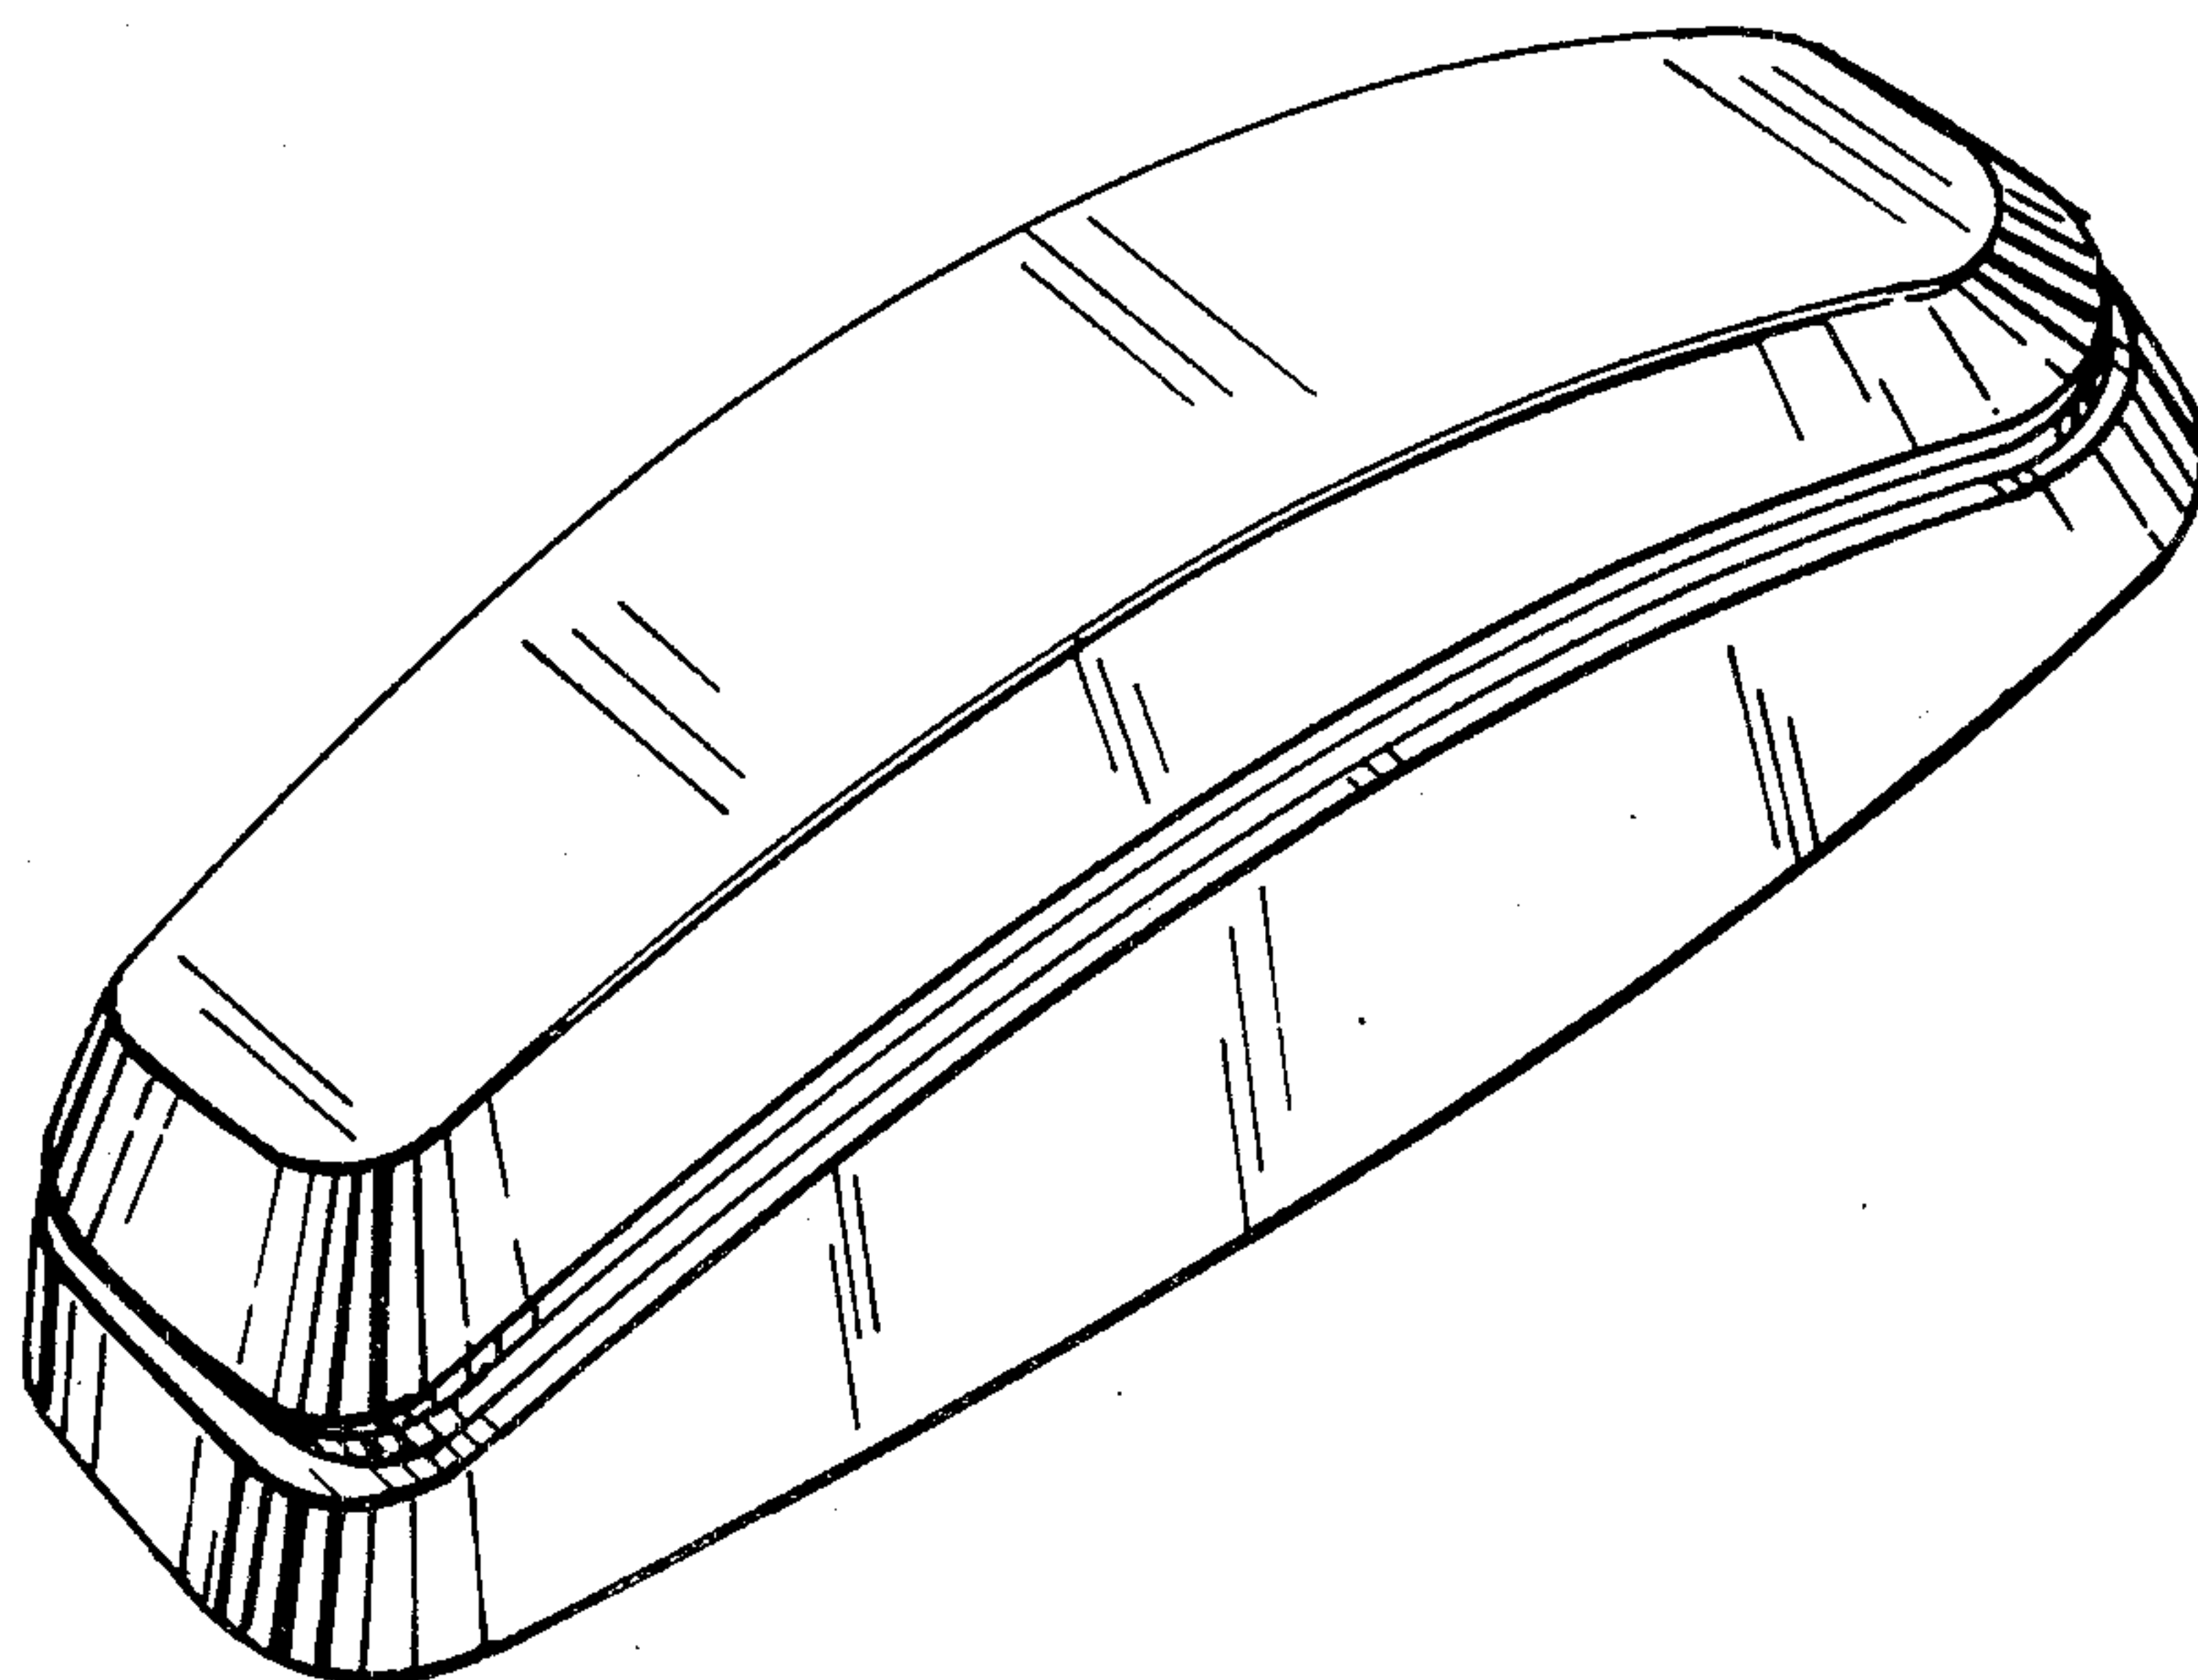

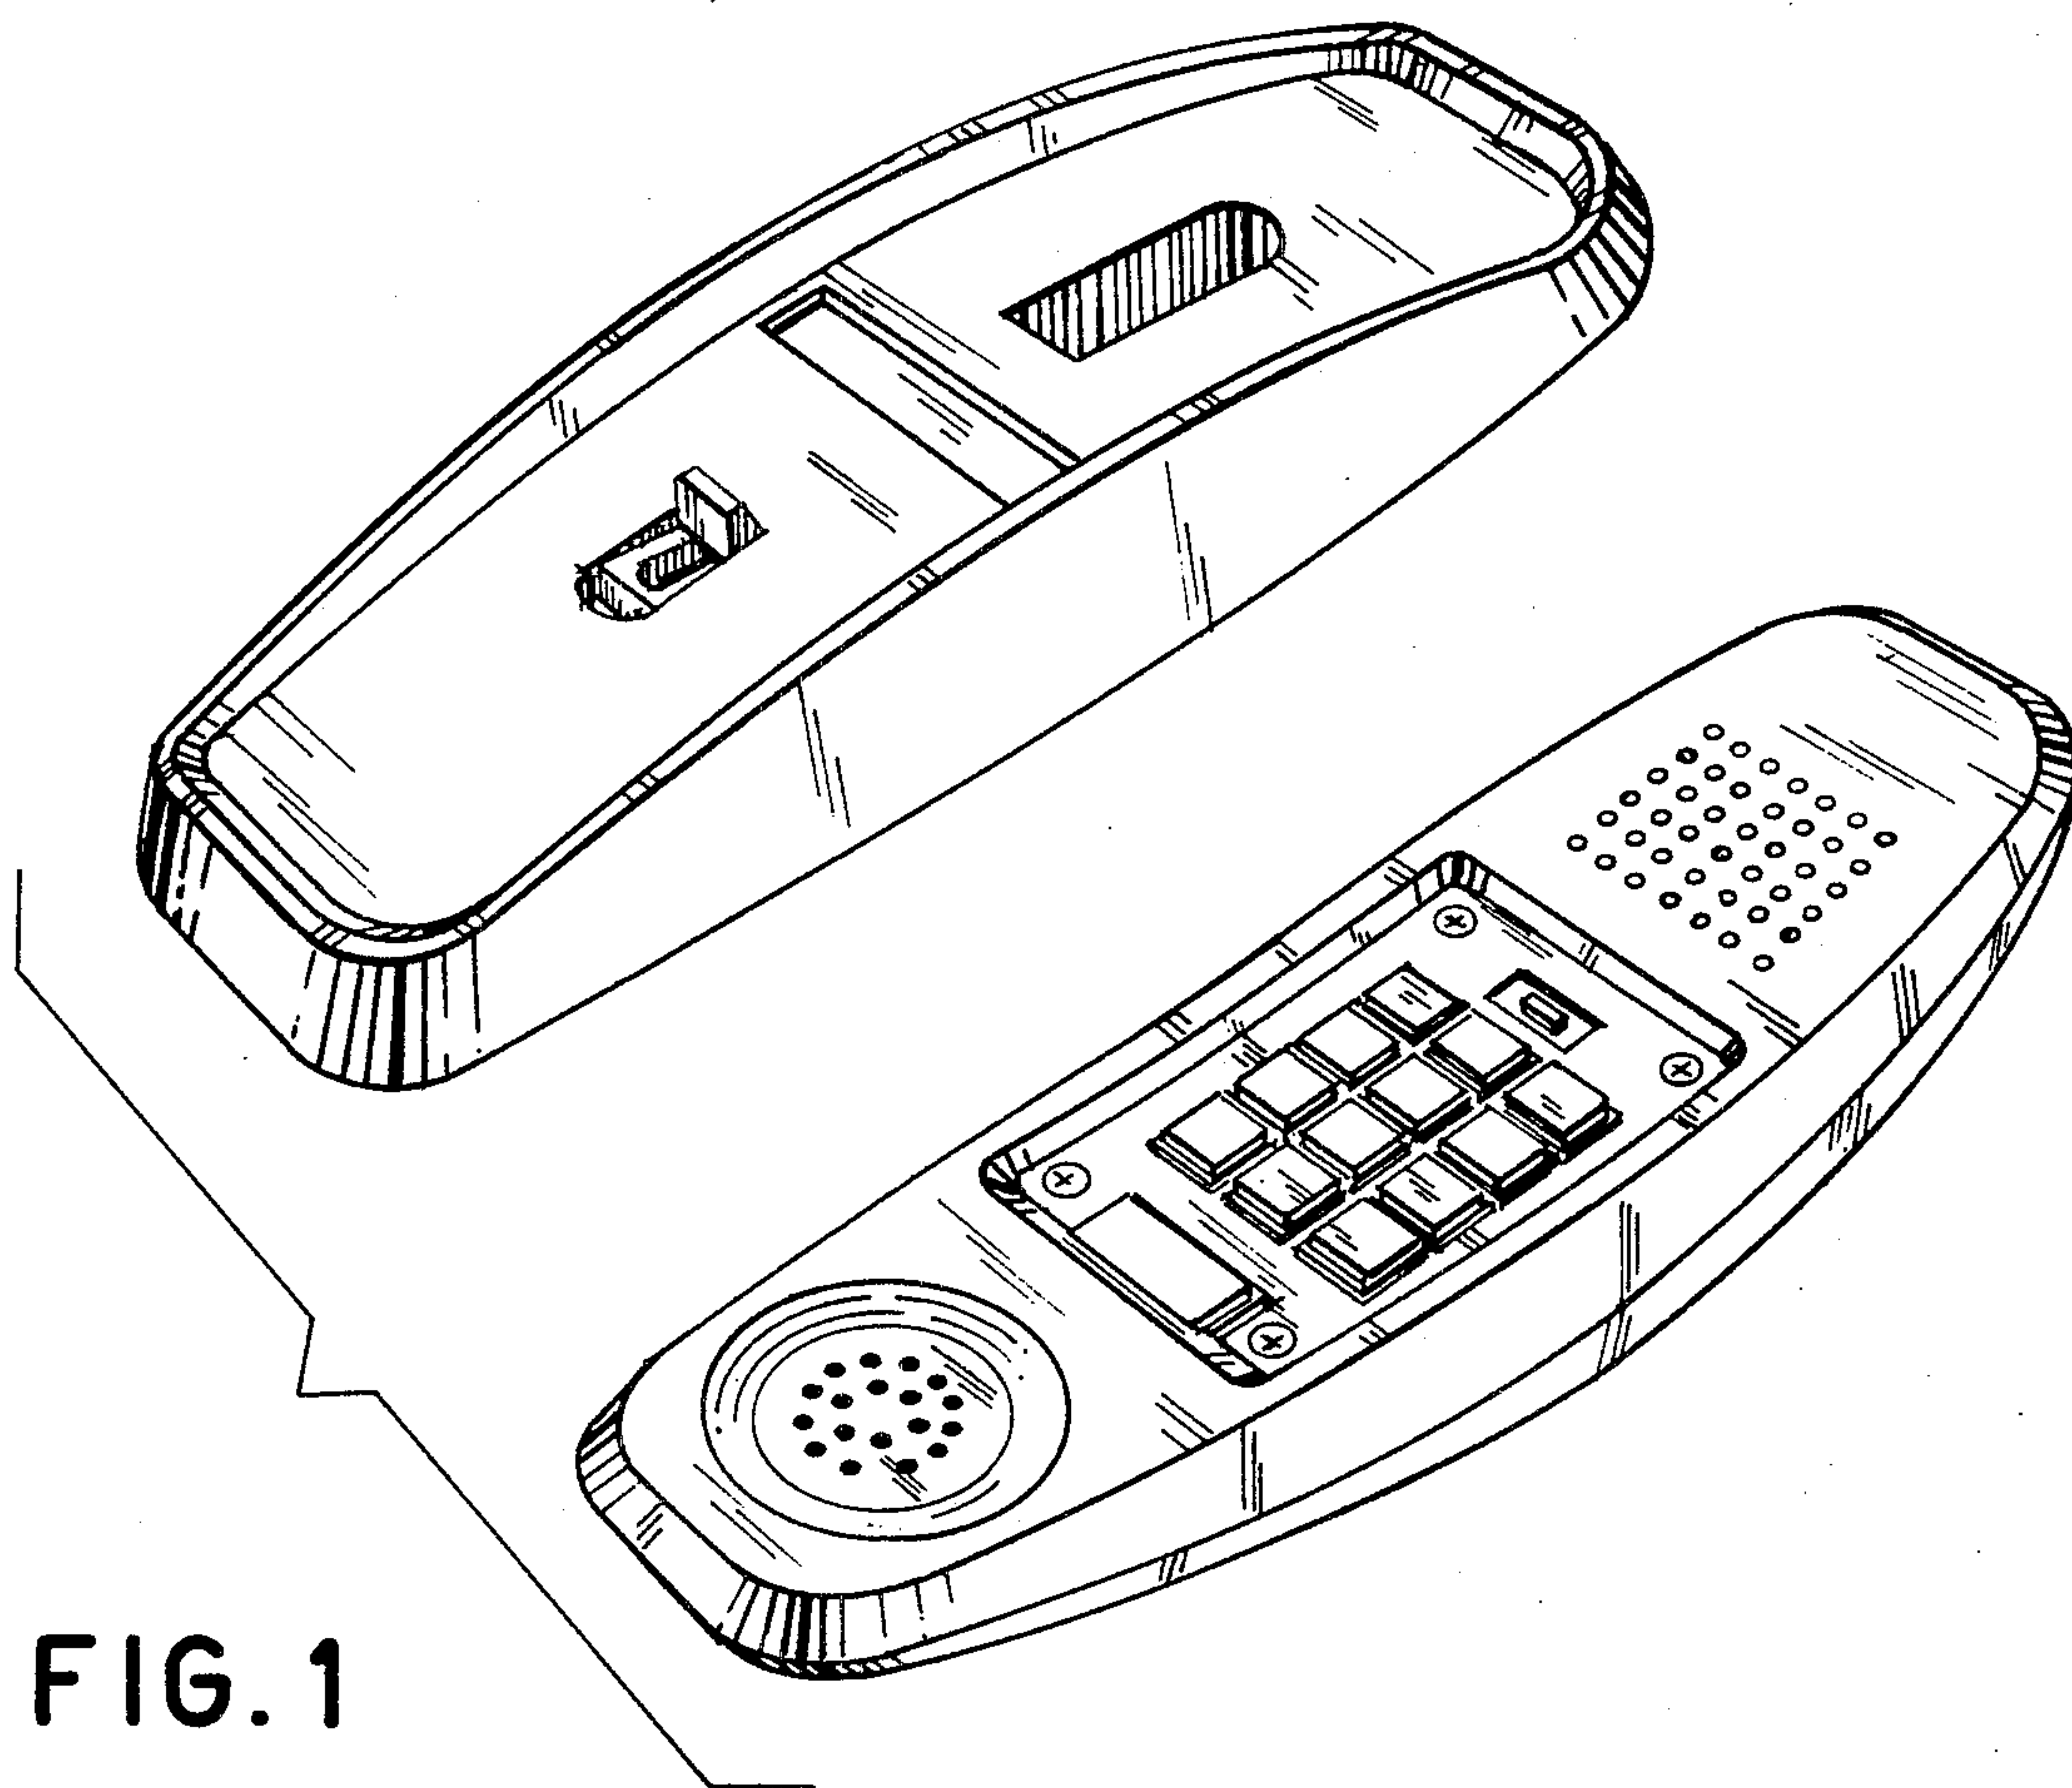

FIGS. 6 and 7 are respectively front and rear elevational views thereof;

FIGS. 8 and 9 are respectively right and left side elevational views of the handset; and

FIGS. 10 and 11 are respectively top and bottom plan views of the handset.

The handset telephone is shown independently of the stand in FIGS. 8-11 for convenience of illustration and clarity of representation.
