[57] CLAIM

The ornamental design for a barbell, as shown and described.

DESCRIPTION

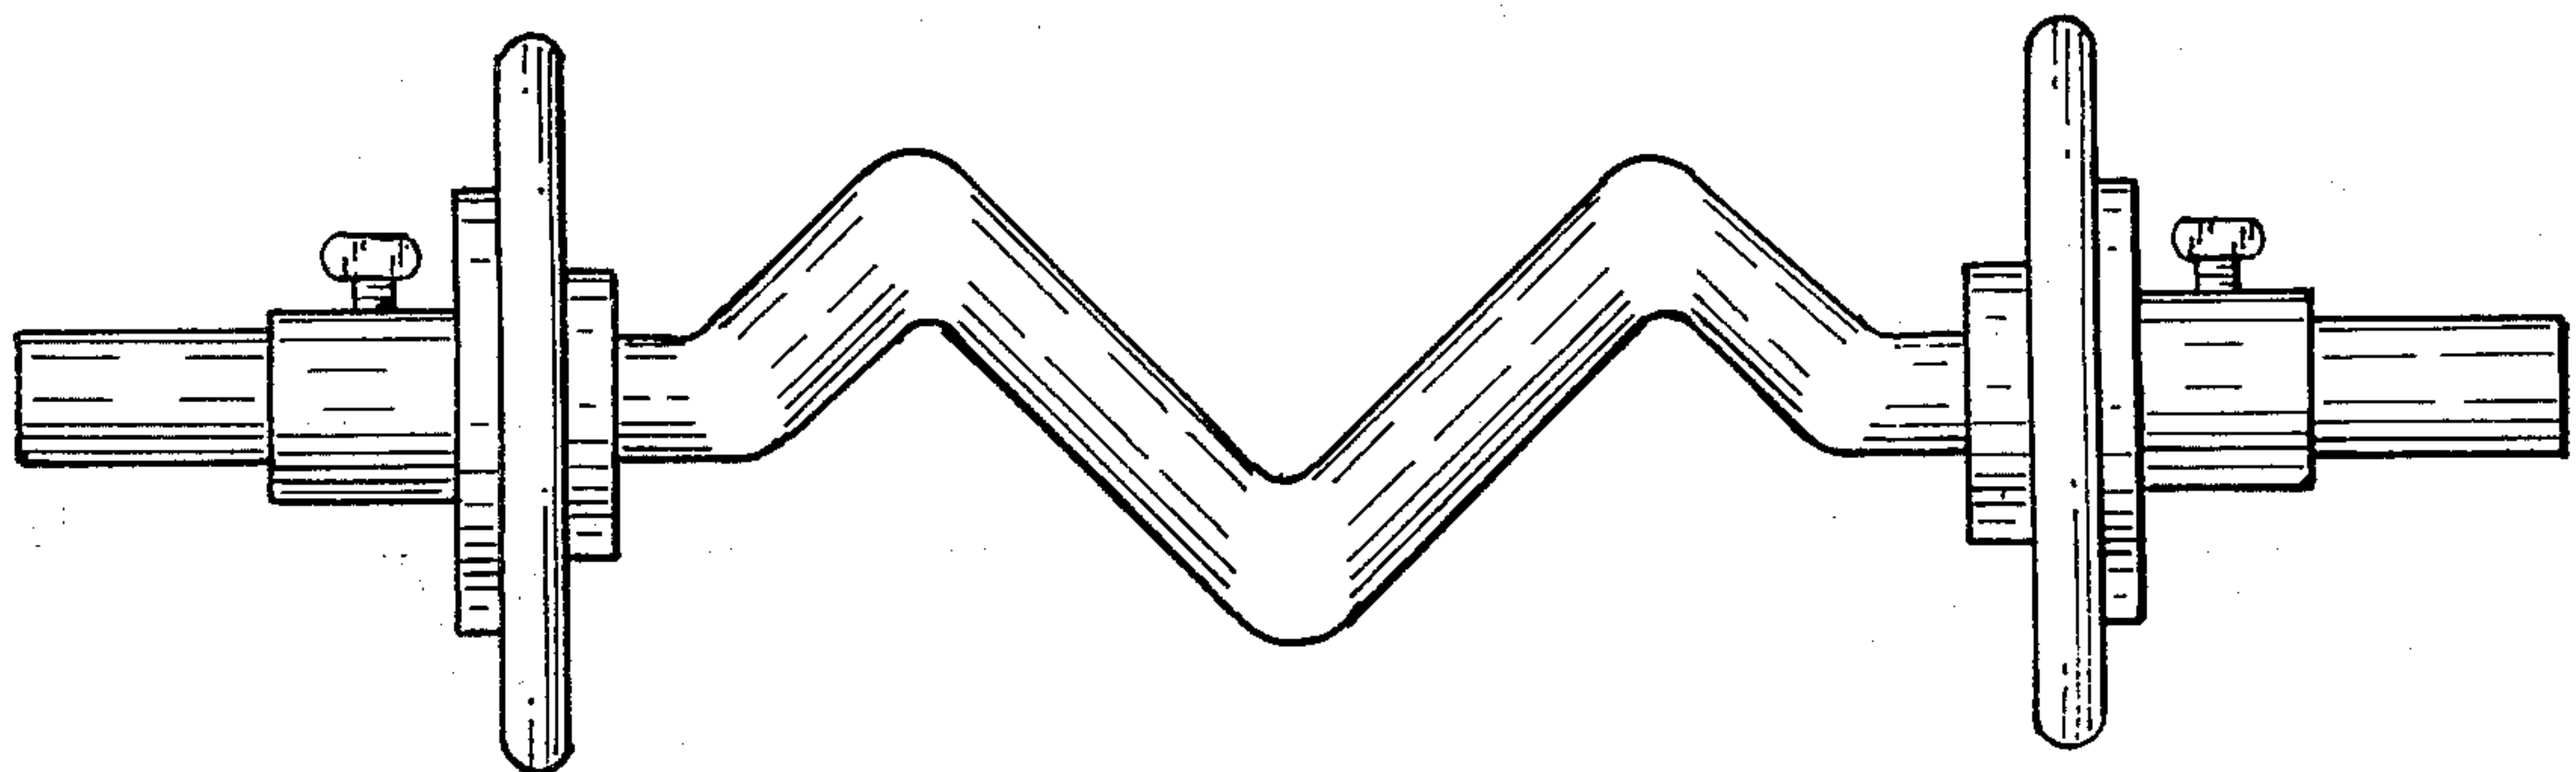

FIG. 1 is a top plan view of a barbell showing our new design;

FIG. 2 is a side elevational view thereof, the side opposite being substantially a mirror image;

FIG. 3 is a bottom plan view thereof; and,

FIG. 4 is an end elevational view thereof, the end opposite being substantially a mirror image.

The characteristic feature of our design resides in the particular combination of bends of the bar member as best shown in FIG. 2.
