[57] CLAIM

The ornamental design for a combined yoke and lifting apparatus, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a combined yoke and lifting apparatus for handicapped persons showing my new design, with the lifting apparatus in the lowered position and the yoke arms in the closed position; FIG. 2 is an opposite side perspective view of the lifting apparatus portion thereof, with the lifting portion in the raised position;

FIG. 3 is a top front perspective view of the yoke portion of FIG. 1, with arms in the closed position; and FIG. 4 is a bottom rear perspective view thereof, with the arms in an open position.

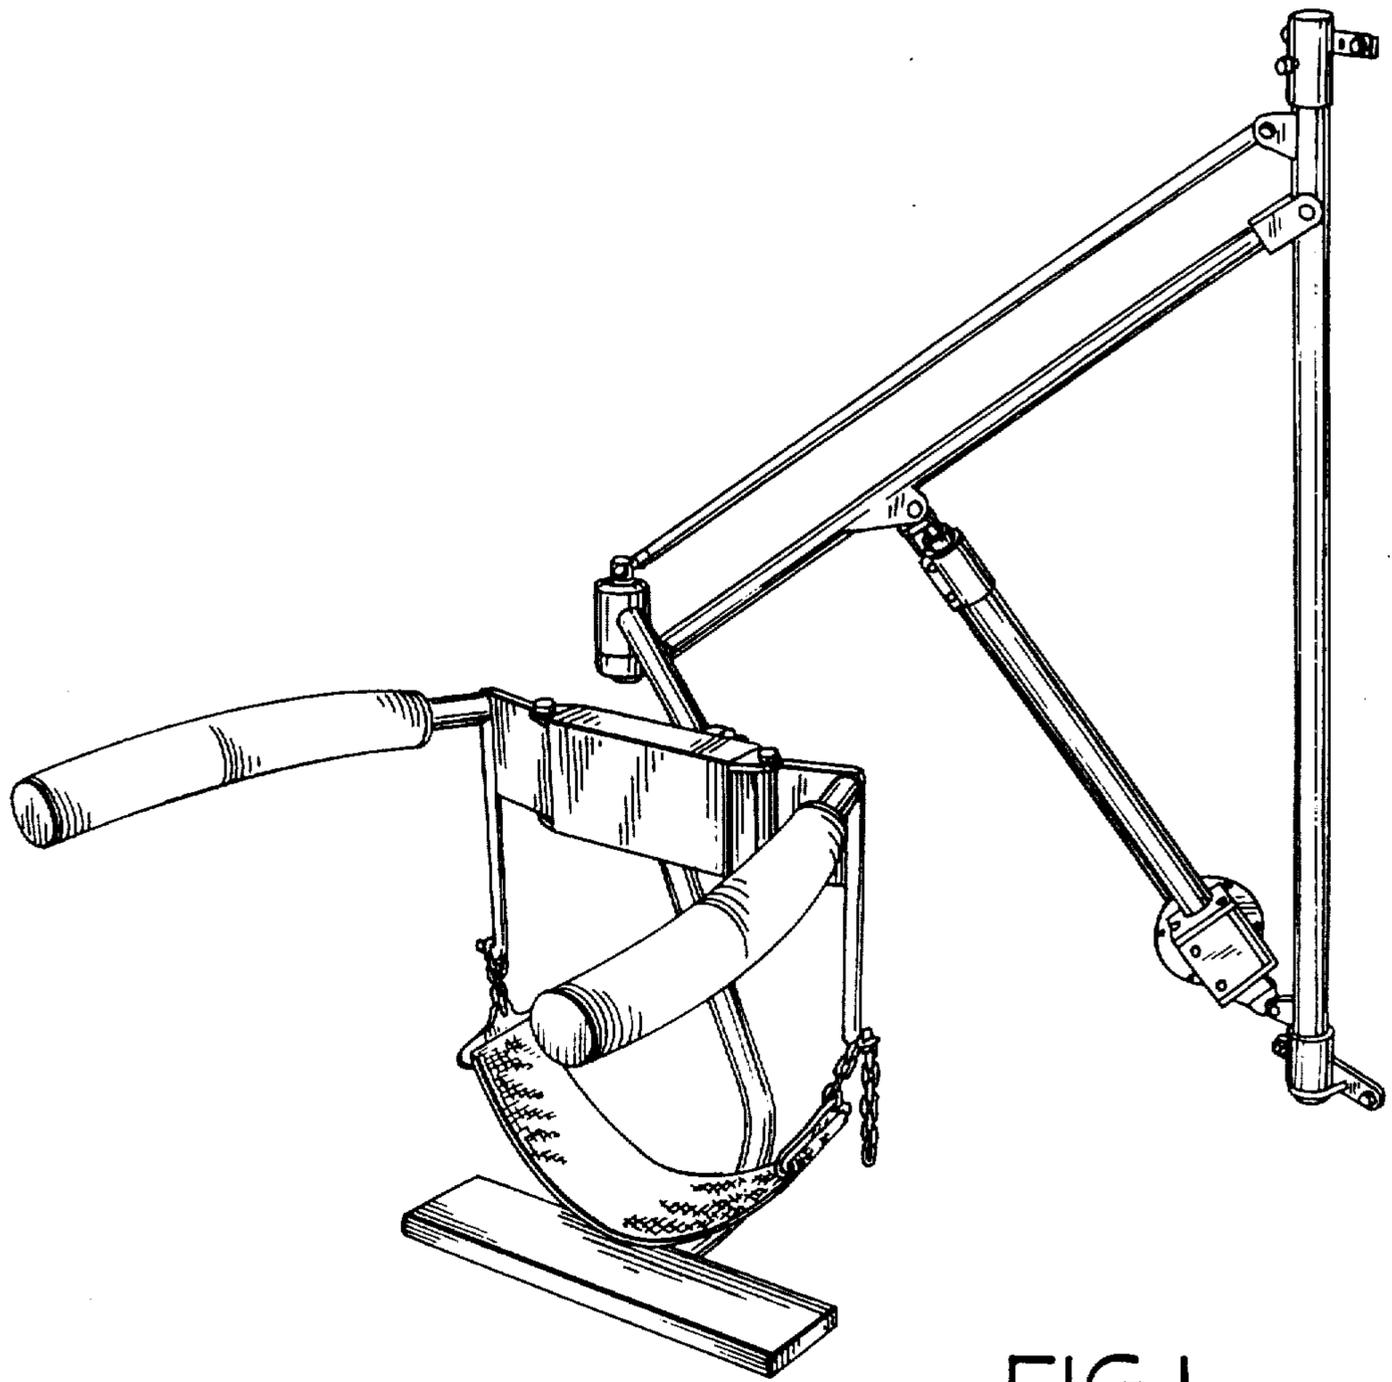

FIG. 1

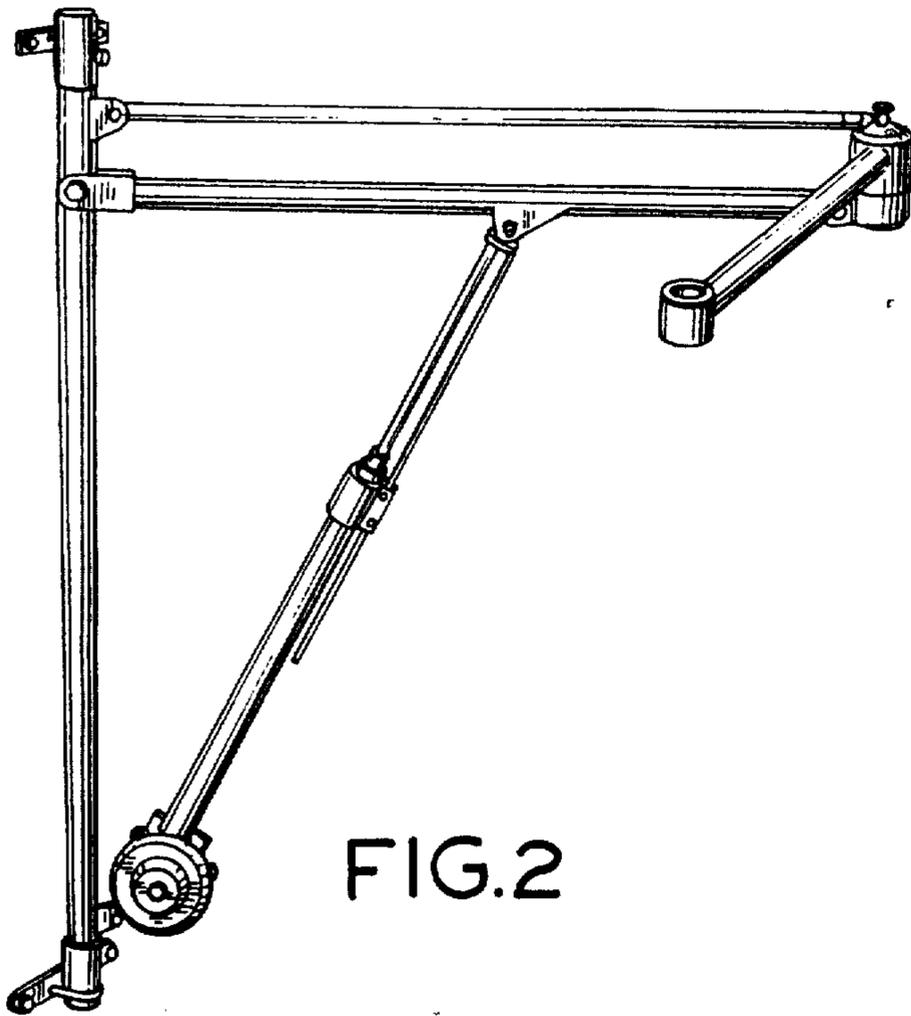

FIG. 2
