[57] CLAIM

The ornamental design for a face panel for fluid level monitor, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a face panel for fluid level monitor embodying my new design; and FIG. 2 is a bottom plan view thereof, the top plan view thereof being substantially a mirror image of the view appearing in FIG. 2, the back of the panel not being visible in the normal use of the panel.

Fig. 1.
