[57] CLAIM

The design for a front section for a telescoping living compartment, substantially as shown and described.

DESCRIPTION

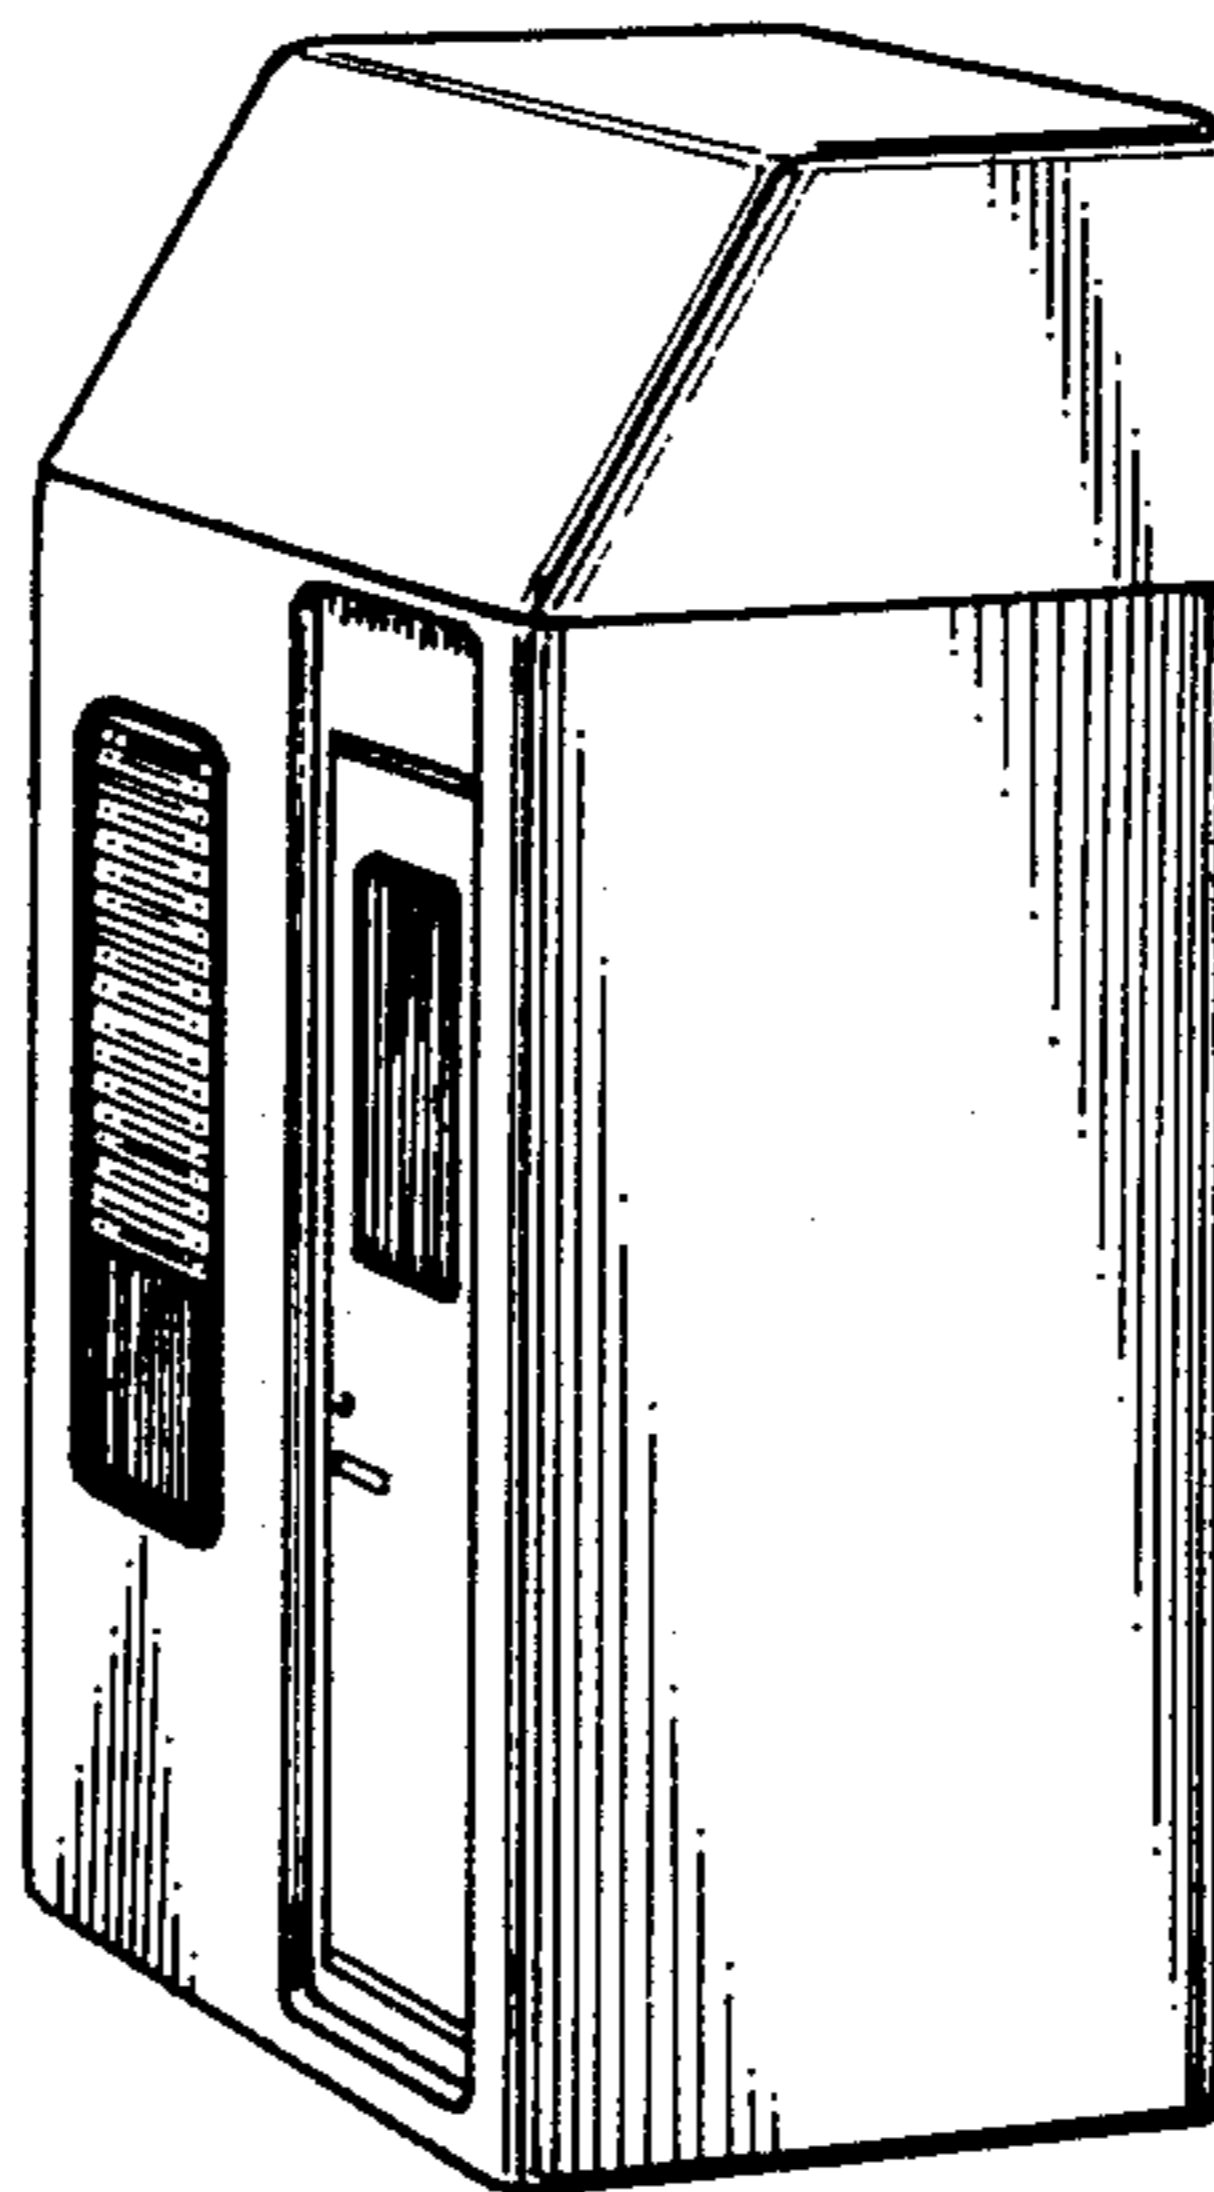

FIG. 1 is a front elevation illustrating the design for a front section of a telescoping living compartment according to the invention;

FIG. 2 is a top plan view of the design;

FIG. 3 is a side elevation of the design, it being understood, that the design appears essentially the same on both sides; and

FIG. 4 is a perspective view illustrating the design for a front section of a telescoping living compartment according to the invention.

The back of the design includes a planar surface and is unornamental.
