[57] CLAIM

The ornamental design for a ladder keeper bracket, as shown and described.

DESCRIPTION

FIG. 1 is a left side, top, and front perspective view of a ladder keeper bracket showing my new design, with a ladder being shown in broken lines for environmental association purposes only;
FIG. 2 is a front elevation view thereof, the rear view being a mirror image;
FIGS. 3 and 4 are respectively top and bottom plan views thereof; and
FIGS. 5 and 6 are respectively left and right side elevational views thereof.
