[57] CLAIM

The ornamental design for a telephone answering device, as shown and described.

DESCRIPTION

FIG. 1 is a top, front, right side perspective view of a telephone answering device showing our new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a rear elevational view thereof; FIG. 4 is a right side elevational view thereof, the left side elevational view being identical; FIG. 5 is a top plan view thereof; FIG. 6 is a top plan view of a second embodiment of the telephone answering device illustrated in FIGS. 1-6; FIG. 7 is a front elevational view of the embodiment illustrated in FIG. 6; and FIG. 8 is a rear elevational view of the embodiment illustrated in FIG. 6.

The bottom of the telephone answering device of the embodiments illustrated in FIGS. 1 and 6 is plain and unornamented. The right and left sides of the telephone answering device of the embodiment illustrated in FIG. 6 are identical to those of the embodiment illustrated in FIG. 1.
