[57] CLAIM

The ornamental design for a locking separable coupling for sewer snakes or the like, as shown and described.

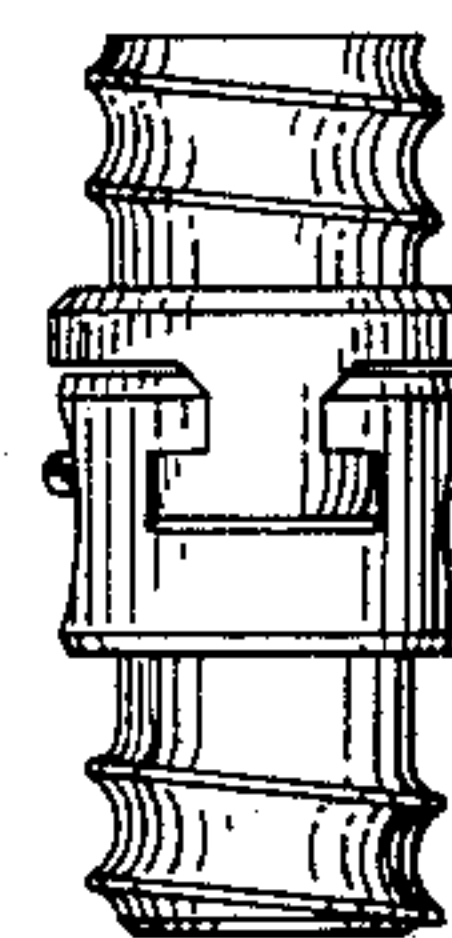

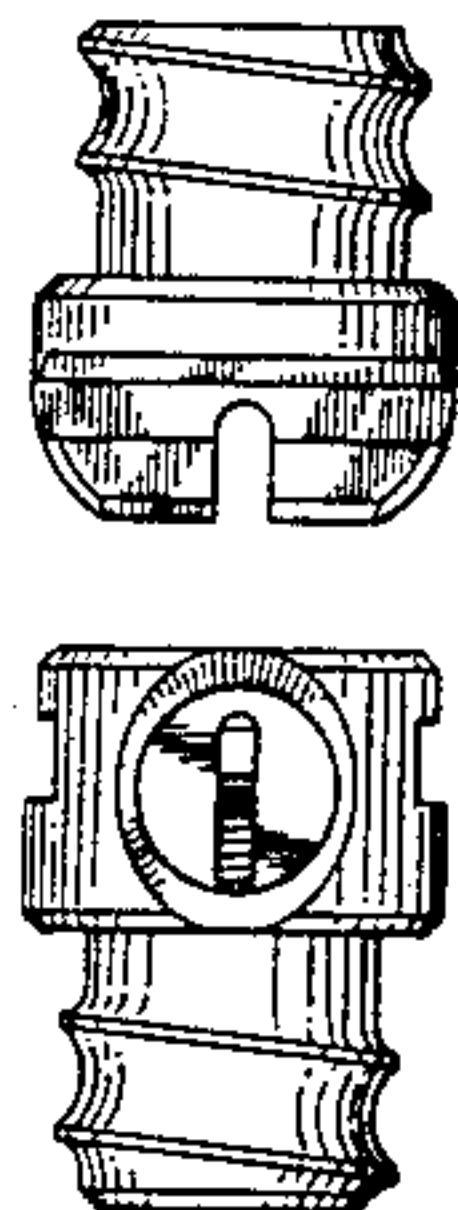

DESCRIPTION

FIG. 1 is an exploded side elevation of the locking separable coupling for sewer snakes or the like showing my new design, the opposite side is a mirror image of the side shown;

FIG. 2 is a bottom plan view of the parts thereof;

FIG. 3 is a front elevation, the back is a mirror image of the front; and

FIG. 4 is a top plan view of the lower part of the coupling, the top of the upper part being unornamented.

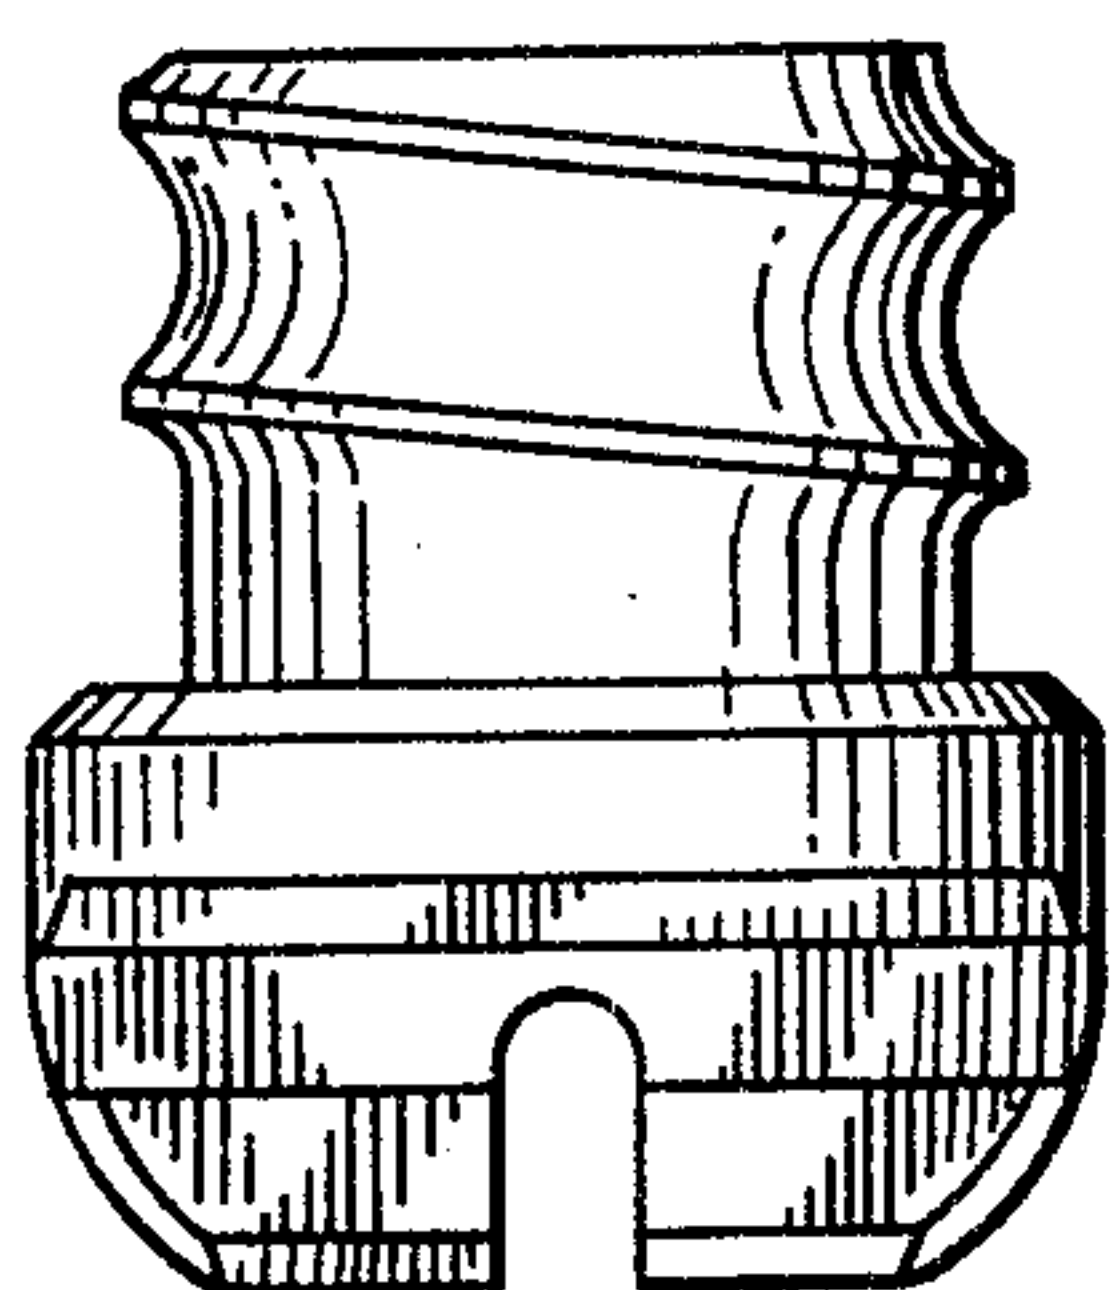

FIG. 1

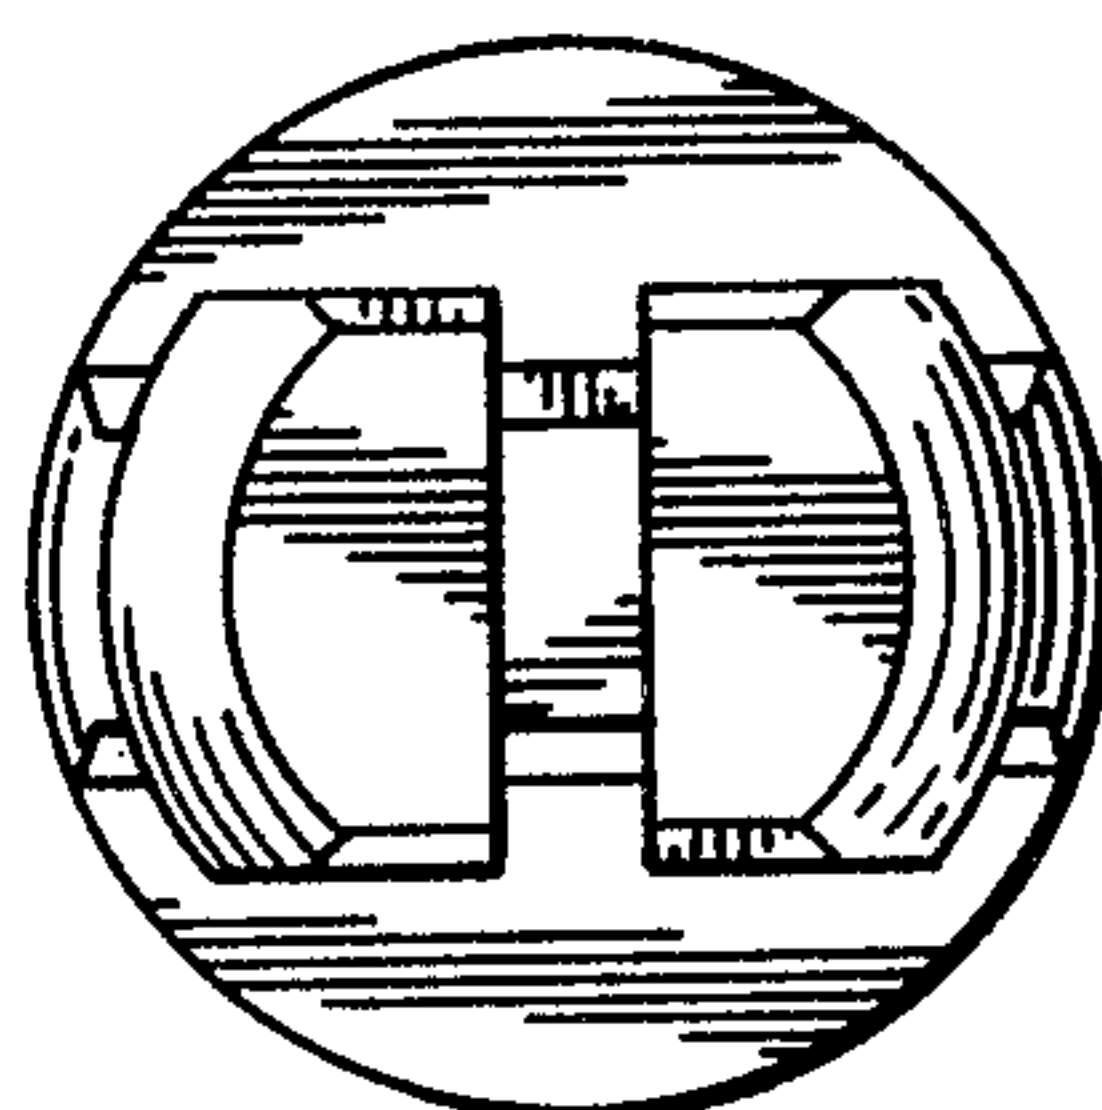

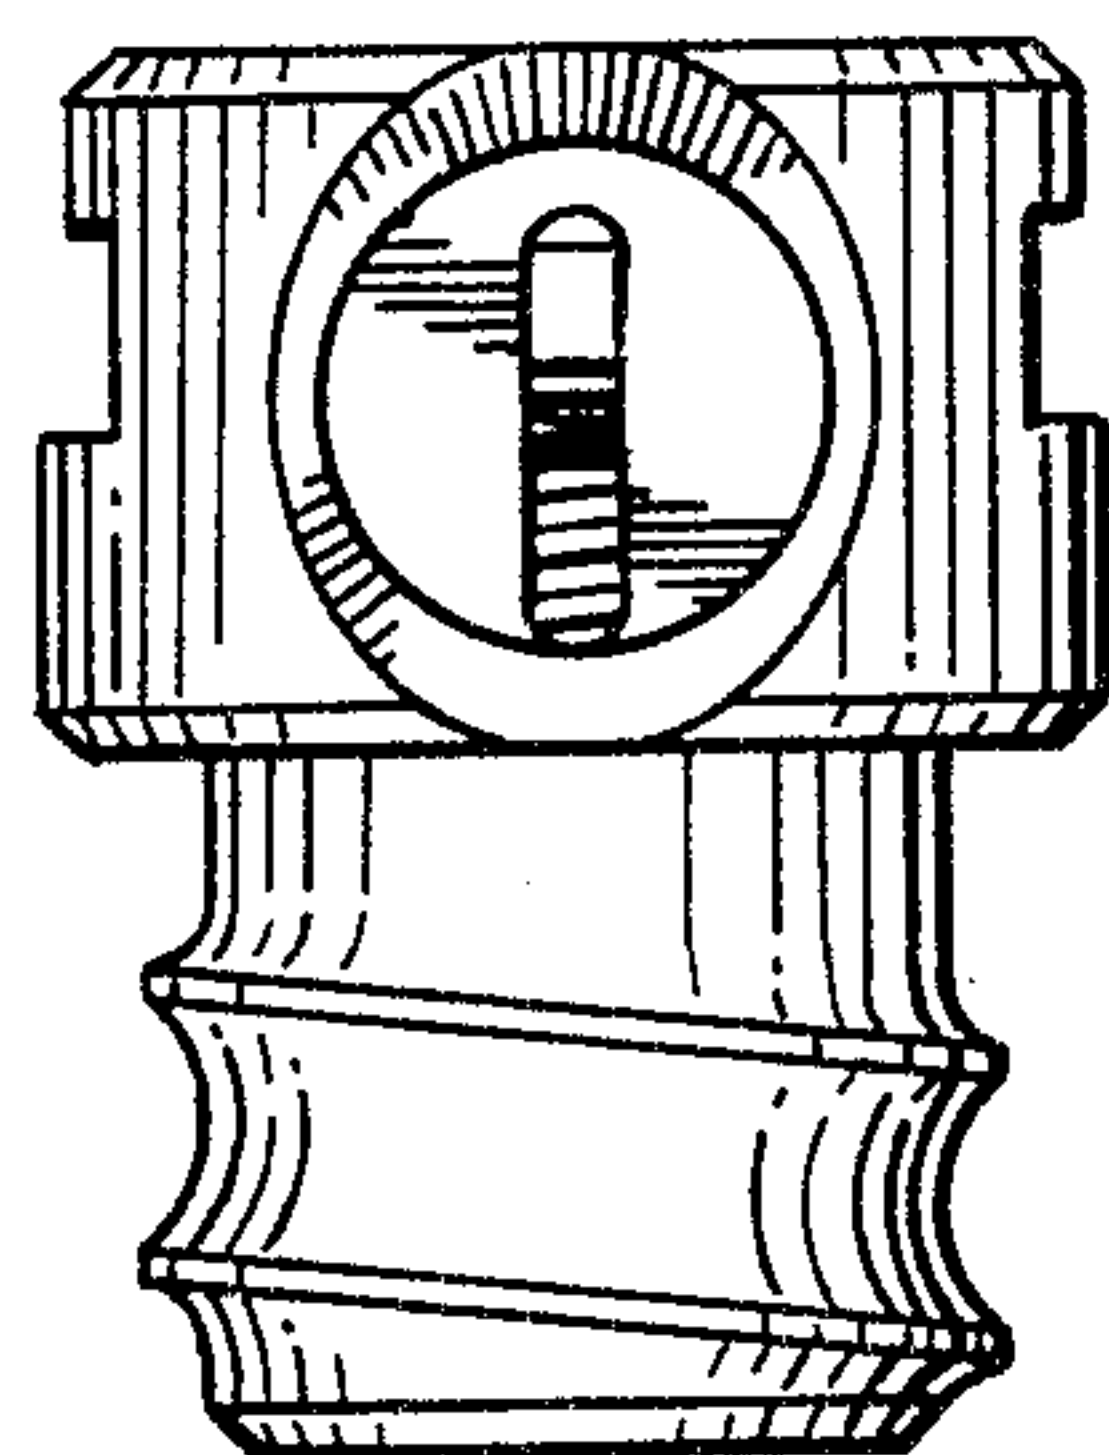

FIG. 2

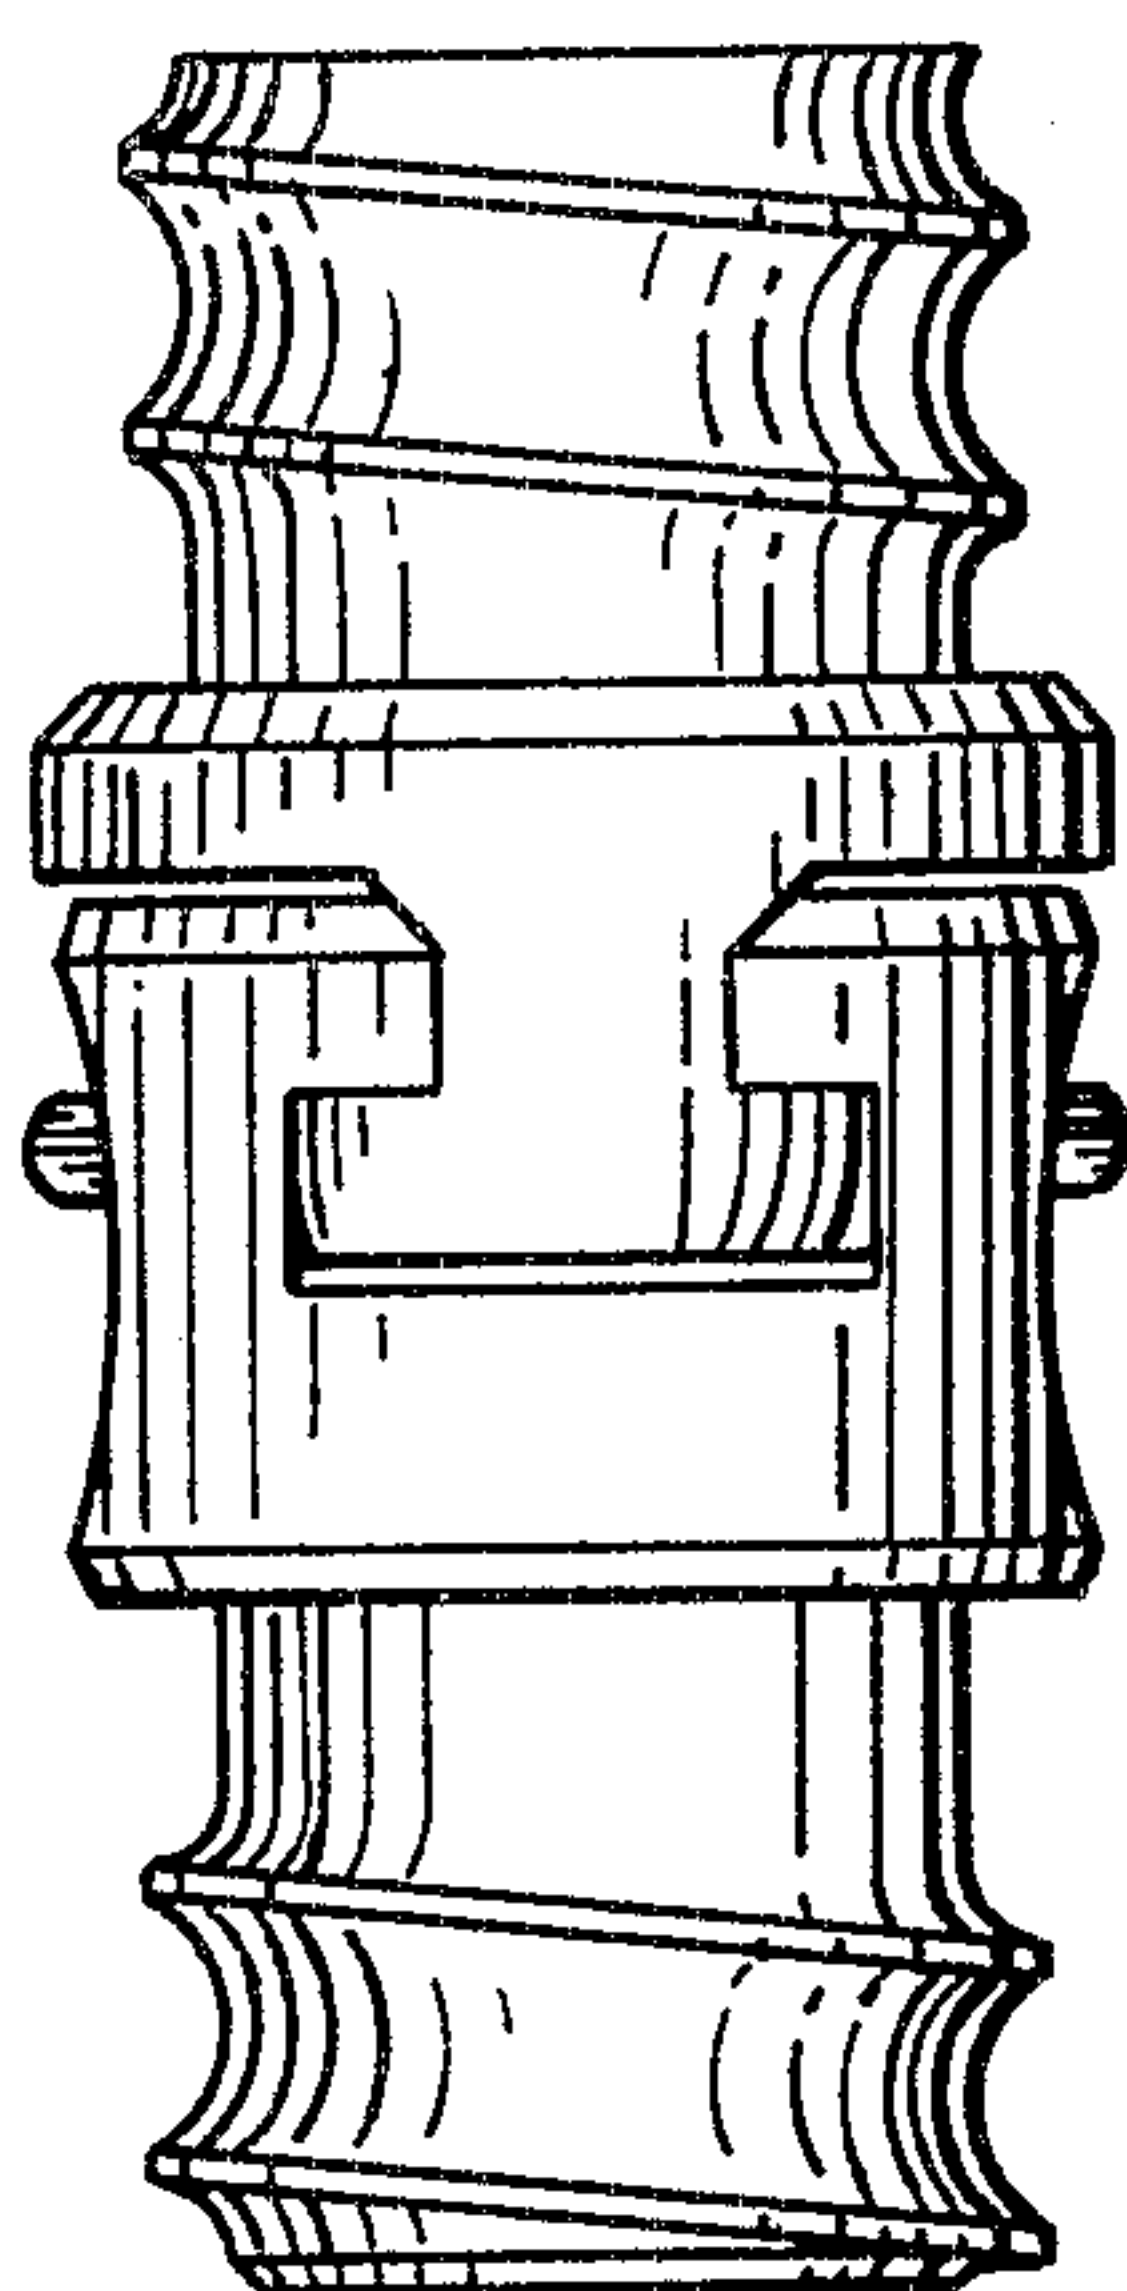

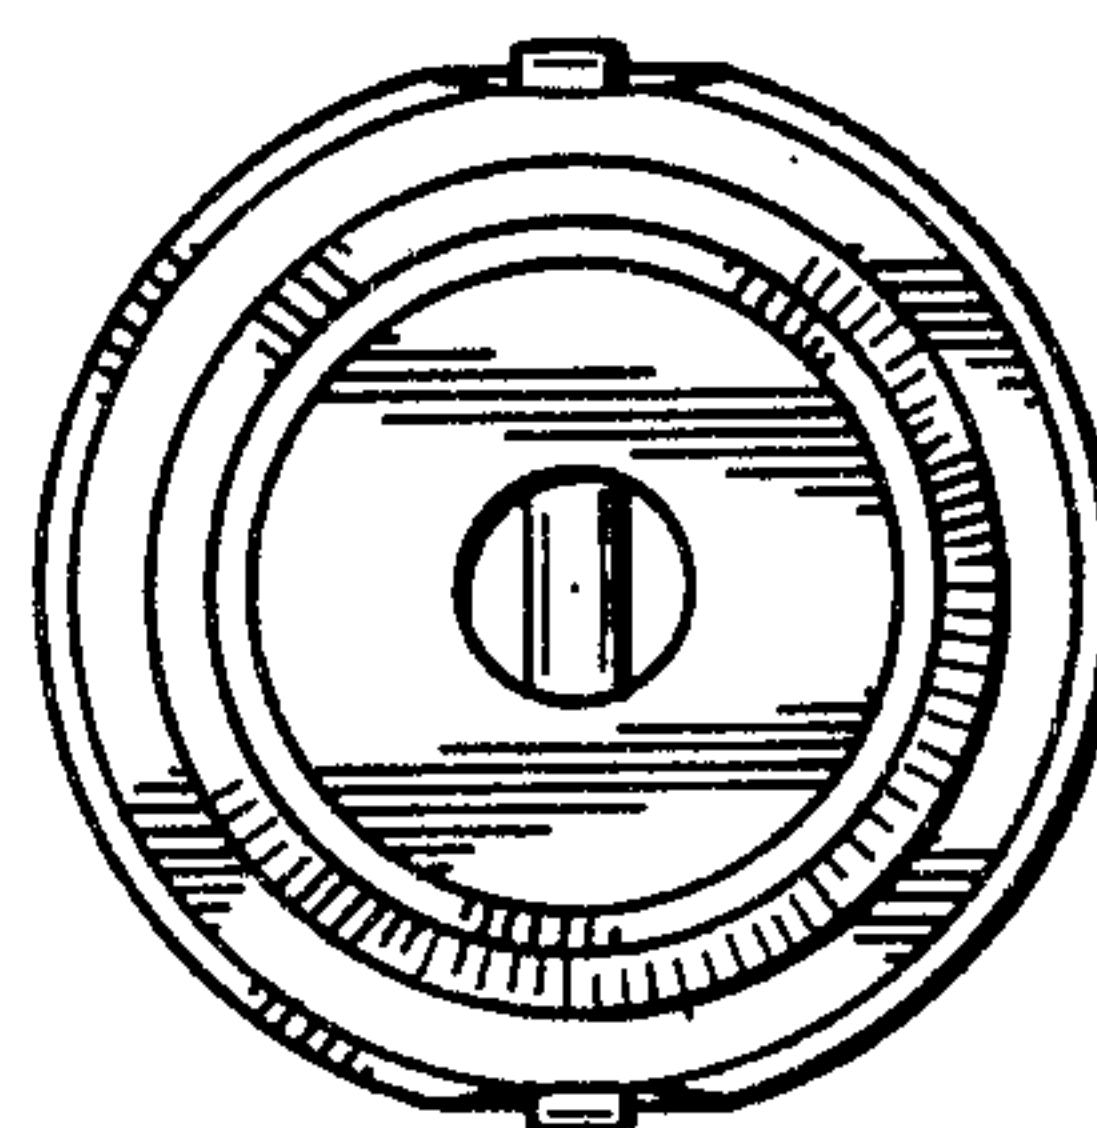

FIG. 3

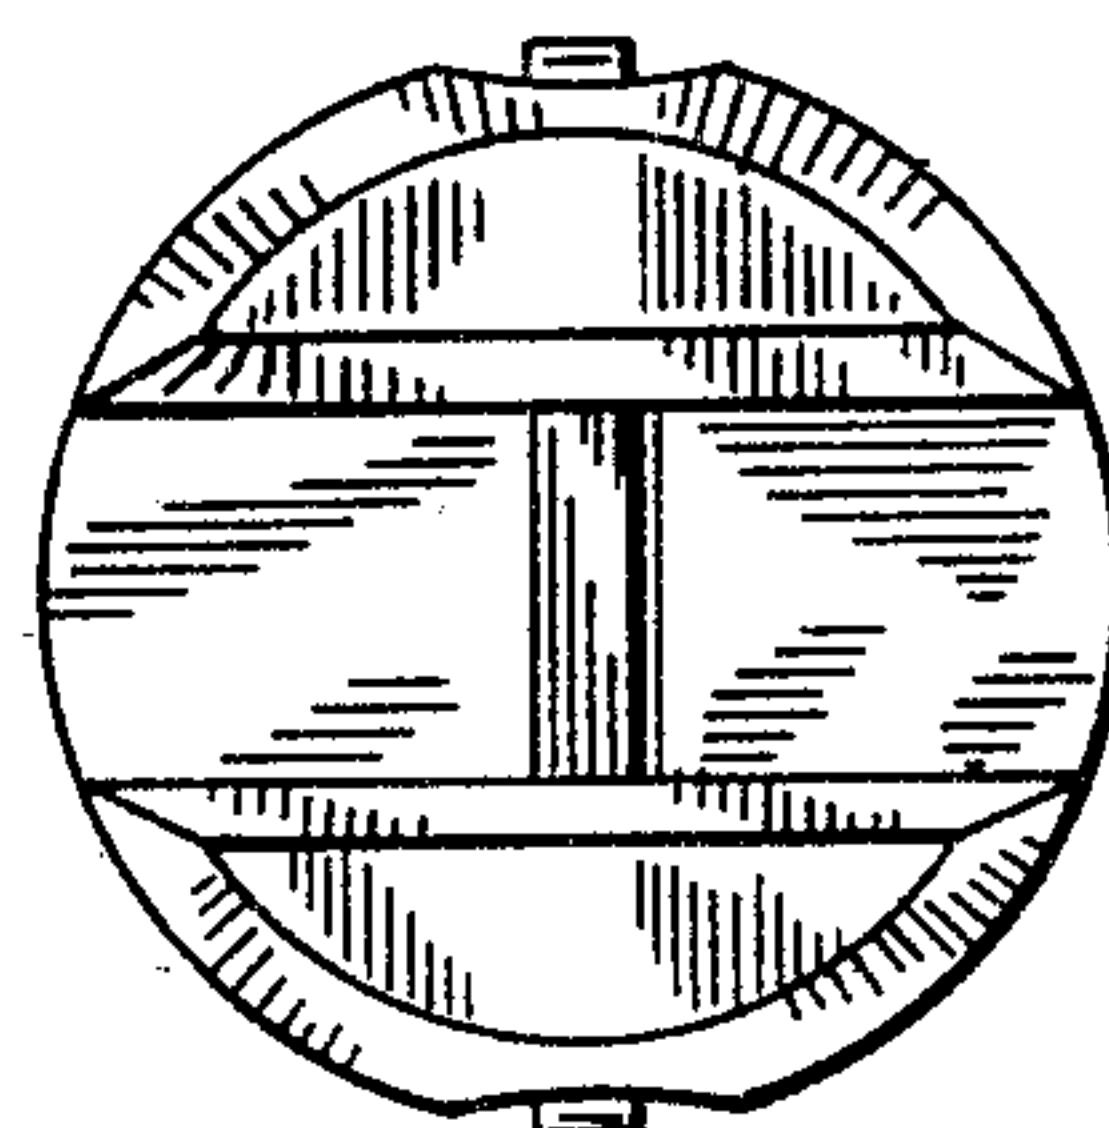

FIG. 4
