[57] **CLAIM**

The ornamental design for a jaw portion of a vascular surgical clamp, as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevational view of a jaw portion of a vascular surgical clamp with the opposed jaws in open position embodying my new design, wherein the broken line showing of the handles is for illustrative purposes only and forms no part of the claimed design; FIG. 2 is a side elevational view thereof; FIG. 3 is a top plan view thereof; FIG. 4 is a bottom plan view thereof; FIG. 5 is an enlarged fragmentary front elevational view of the jaws of FIG. 1; FIG. 6 is an enlarged fragmentary front elevational view of the jaws in closed position; and FIG. 7 is an enlarged fragmentary perspective view of the jaws shown in FIGS. 1, 5 and 6.
