[57] CLAIM

The ornamental design for an adjustable chair, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front top perspective view of an adjustable chair embodying my new design;
FIG. 2 is a front top perspective view of the chair with the seat tilted forward and downward;
FIG. 3 is a right side perspective view showing the chair adjusted to an alternate position for use as a combined seat and shin support;
FIG. 4 is a left side perspective view of the adjustable chair as shown in FIG. 3; and
FIG. 5 is a rear elevational view thereof.
