[57] CLAIM

The ornamental design for a motorcycle rotor cover, as shown and described.

DESCRIPTION

FIG. 1 is a left side elevational view of a left motorcycle rotor cover embodying my new design in position of use shown in reduced scale, it being understood that the broken lines are for illustration purposes only; FIG. 2 is a left side elevational view thereof; FIG. 3 is a right side elevational view thereof; FIG. 4 is a front elevational view thereof; FIG. 5 is a rear elevational view thereof; FIG. 6 is a top plan view thereof; FIG. 7 is a bottom plan view thereof; and FIG. 8 is a right side elevational view of a right motorcycle rotor cover showing a second embodiment of my new design which is substantially a mirror image of the first embodiment of the rotor cover shown in FIGS. 1 through 7, except for the addition of an elongated slotted aperture near the center hole thereof.
