[57] **CLAIM**

The ornamental design for a note taking card, as shown and described.

**DESCRIPTION**

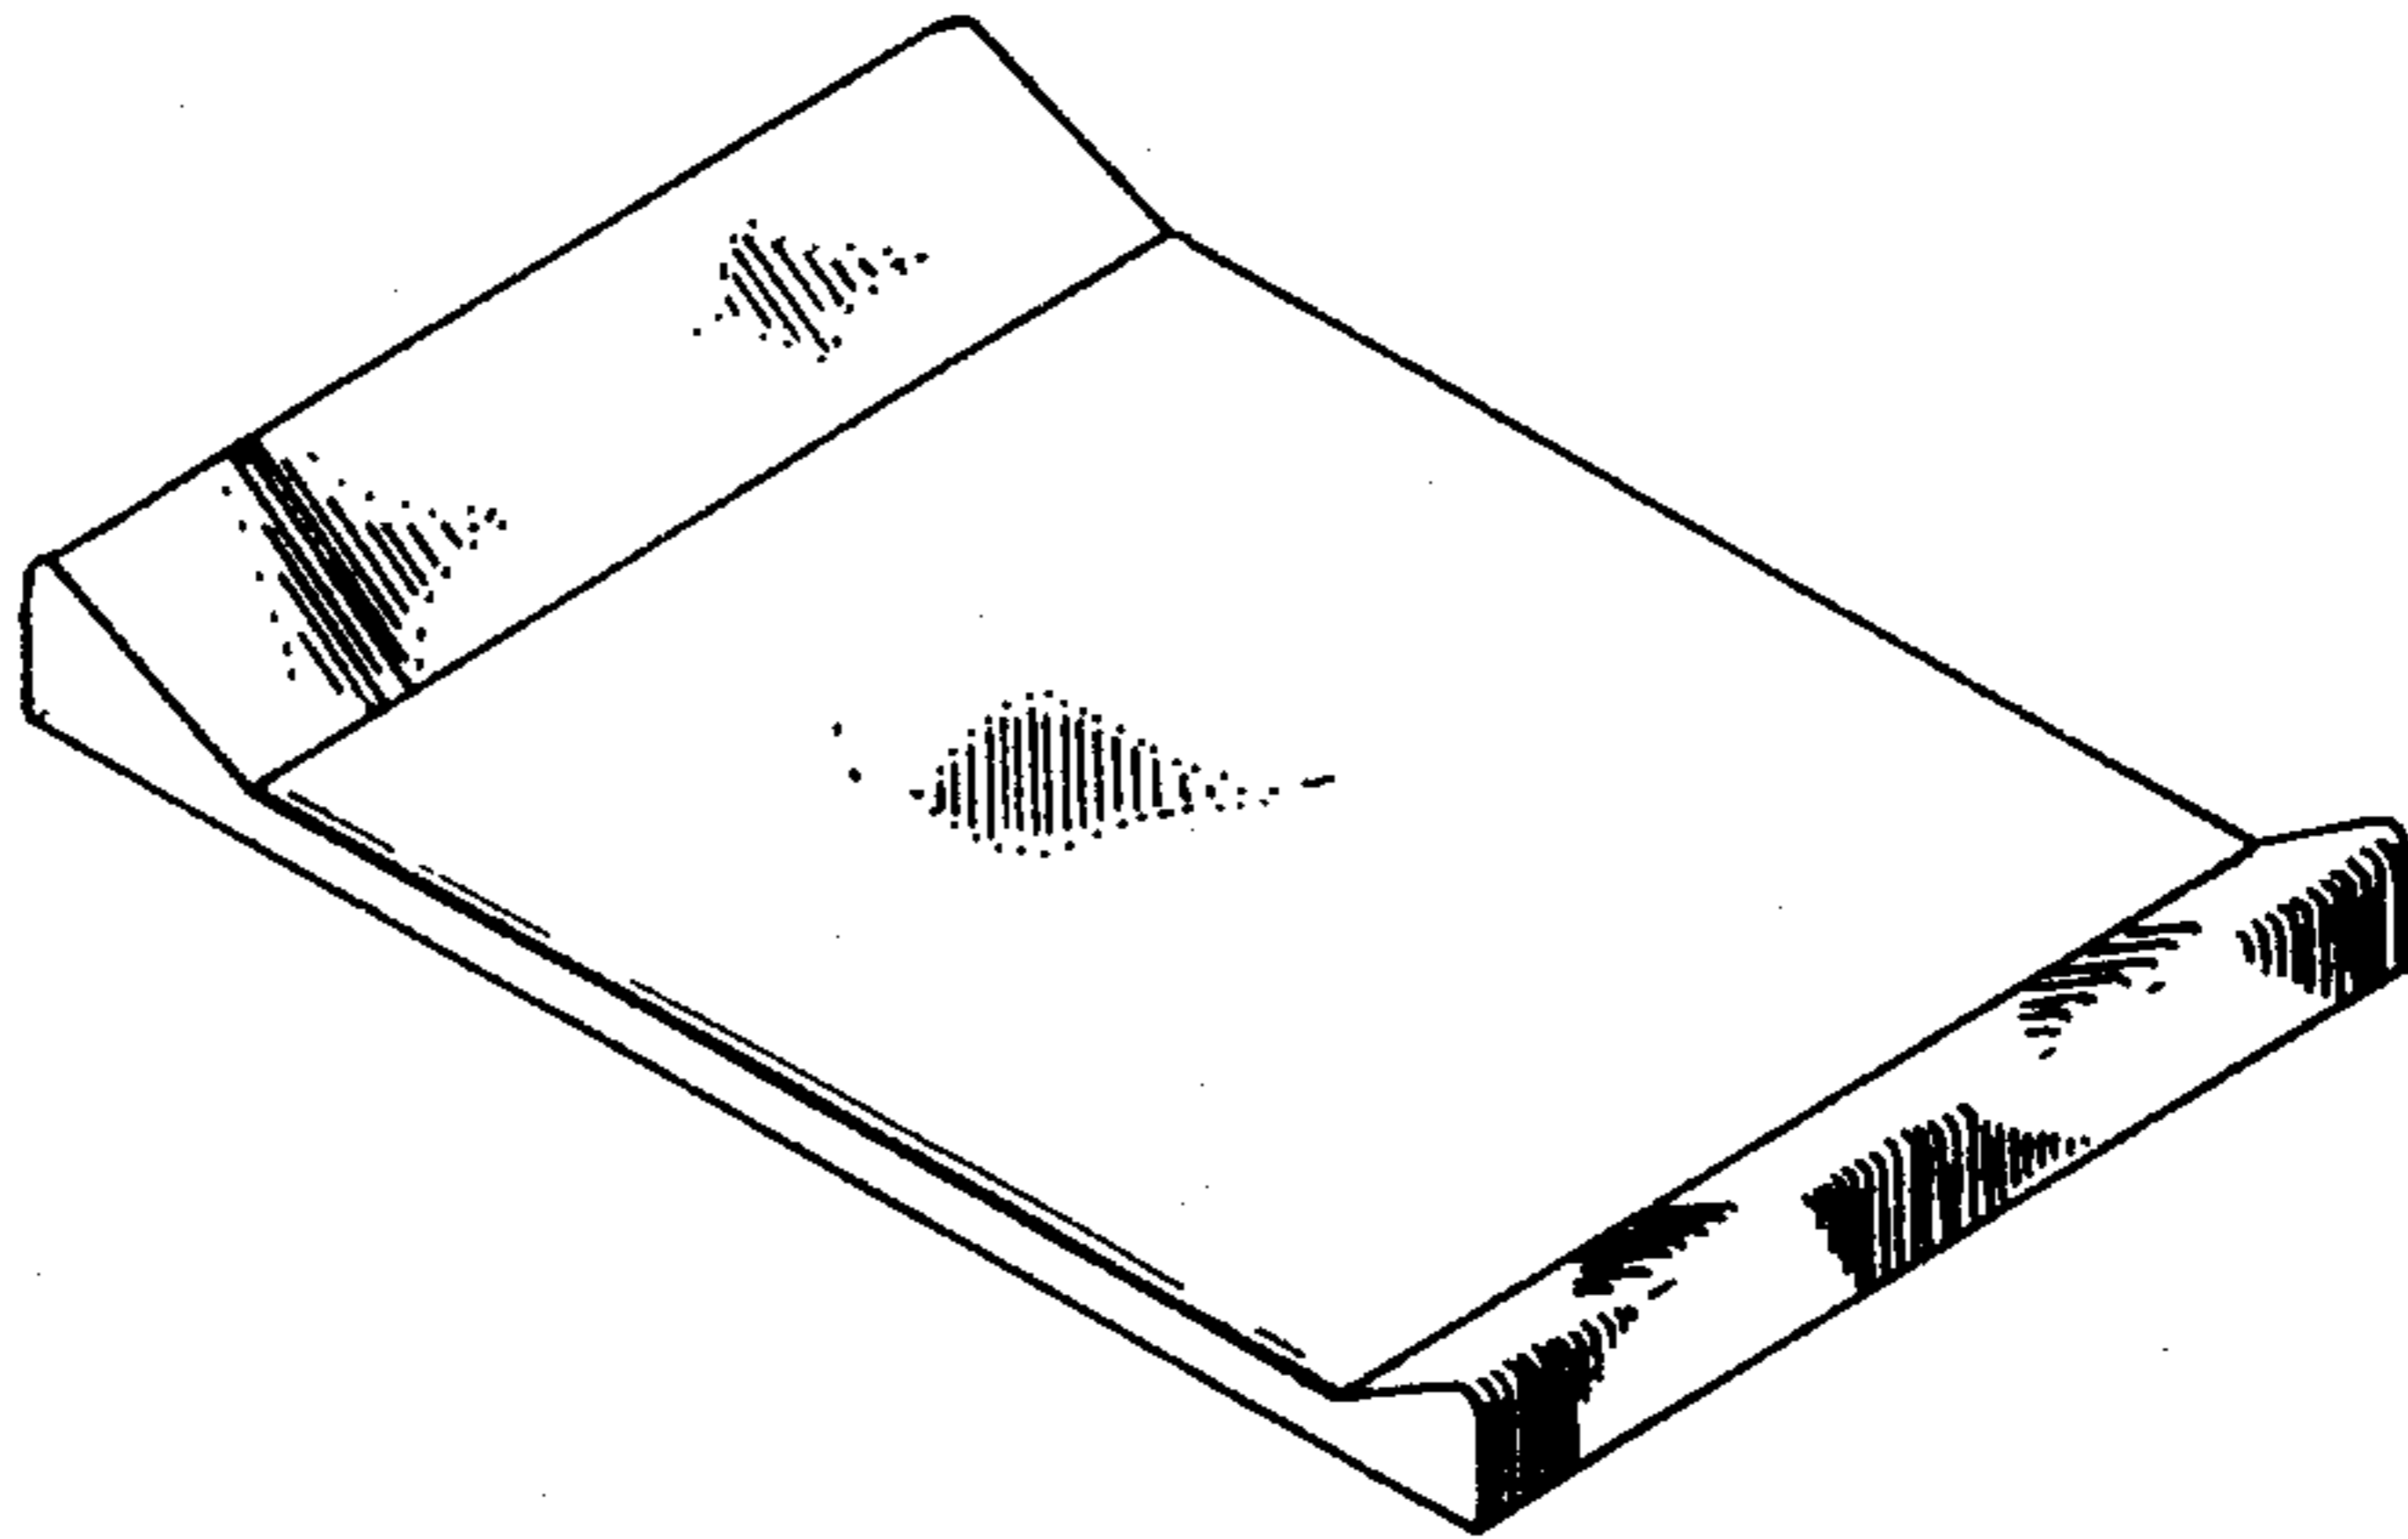

FIG. 1 is a perspective view of a note taking card showing my new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a side elevational view thereof; and

FIG. 4 is a bottom plan view thereof.

The characteristic feature of the claimed design resides in providing a rectangular base having a first angularly inclined portion at a first longitudinal end of the rectangular base and a second angularly inclined portion at a second longitudinal end of the rectangular base, the first inclined portion being longer than the second inclined portion.
