[57] CLAIM

The ornamental design for a tire for a vehicle wheel, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tire for a vehicle wheel showing my new design it being understood that the tread pattern is repeated uniformly throughout the circumference of the tire as shown schematically by solid lines, the opposite side being the same as that shown; FIG. 2 is a front elevation view thereof; and FIG. 3 is a side elevation view thereof on a reduced scale, the opposite side being a mirror image of that shown.
