[57] CLAIM

The ornamental design for a combined hand held portable computer and carrying case therefor, as shown and described.

DESCRIPTION

FIG. 1 is a top, exploded perspective view of the combined hand held portable computer and carrying case therefor showing our new design, the case being opened and the computer being removed therefrom;

FIG. 2 is a top perspective view thereof in assembled condition, the case being closed;

FIG. 3 is a top plan view thereof;

FIG. 4 is a side elevational view thereof as seen from the left of FIG. 3;

FIG. 5 is a side elevational view thereof as seen from the right of FIG. 3;

FIG. 6 is an end elevational view thereof, the opposite end being a mirror image;

FIG. 7 is a top plan view of the portable computer on an enlarged scale, the carrying case being omitted for convenience of illustration;

FIG. 8 is a side elevational view thereof, the opposite side being a mirror image, the carrying case being omitted for purposes of disclosure;

FIG. 9 is an end elevational view thereof, the opposite end being a mirror image, the carrying case being omitted for purposes of disclosure.

The bottom of the carrying case and the bottom of the computer are flat and unornamented.
