[57] **CLAIM**

The ornamental design for a cylindrical one-to-one force-balance fluid pressure sensor component, as shown.

DESCRIPTION

FIG. 1 is a front and top right perspective view of a cylindrical one-to-one force-balance fluid pressure sensor component showing my new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a rear elevational view thereof; FIG. 4 is a right side elevational view thereof; FIG. 5 is a left side elevational view thereof; FIG. 6 is a top plan view thereof; FIG. 7 is a bottom plan view thereof.
