[57] CLAIM

The ornamental design for a credit card reading telephone set, as shown and described.

DESCRIPTION

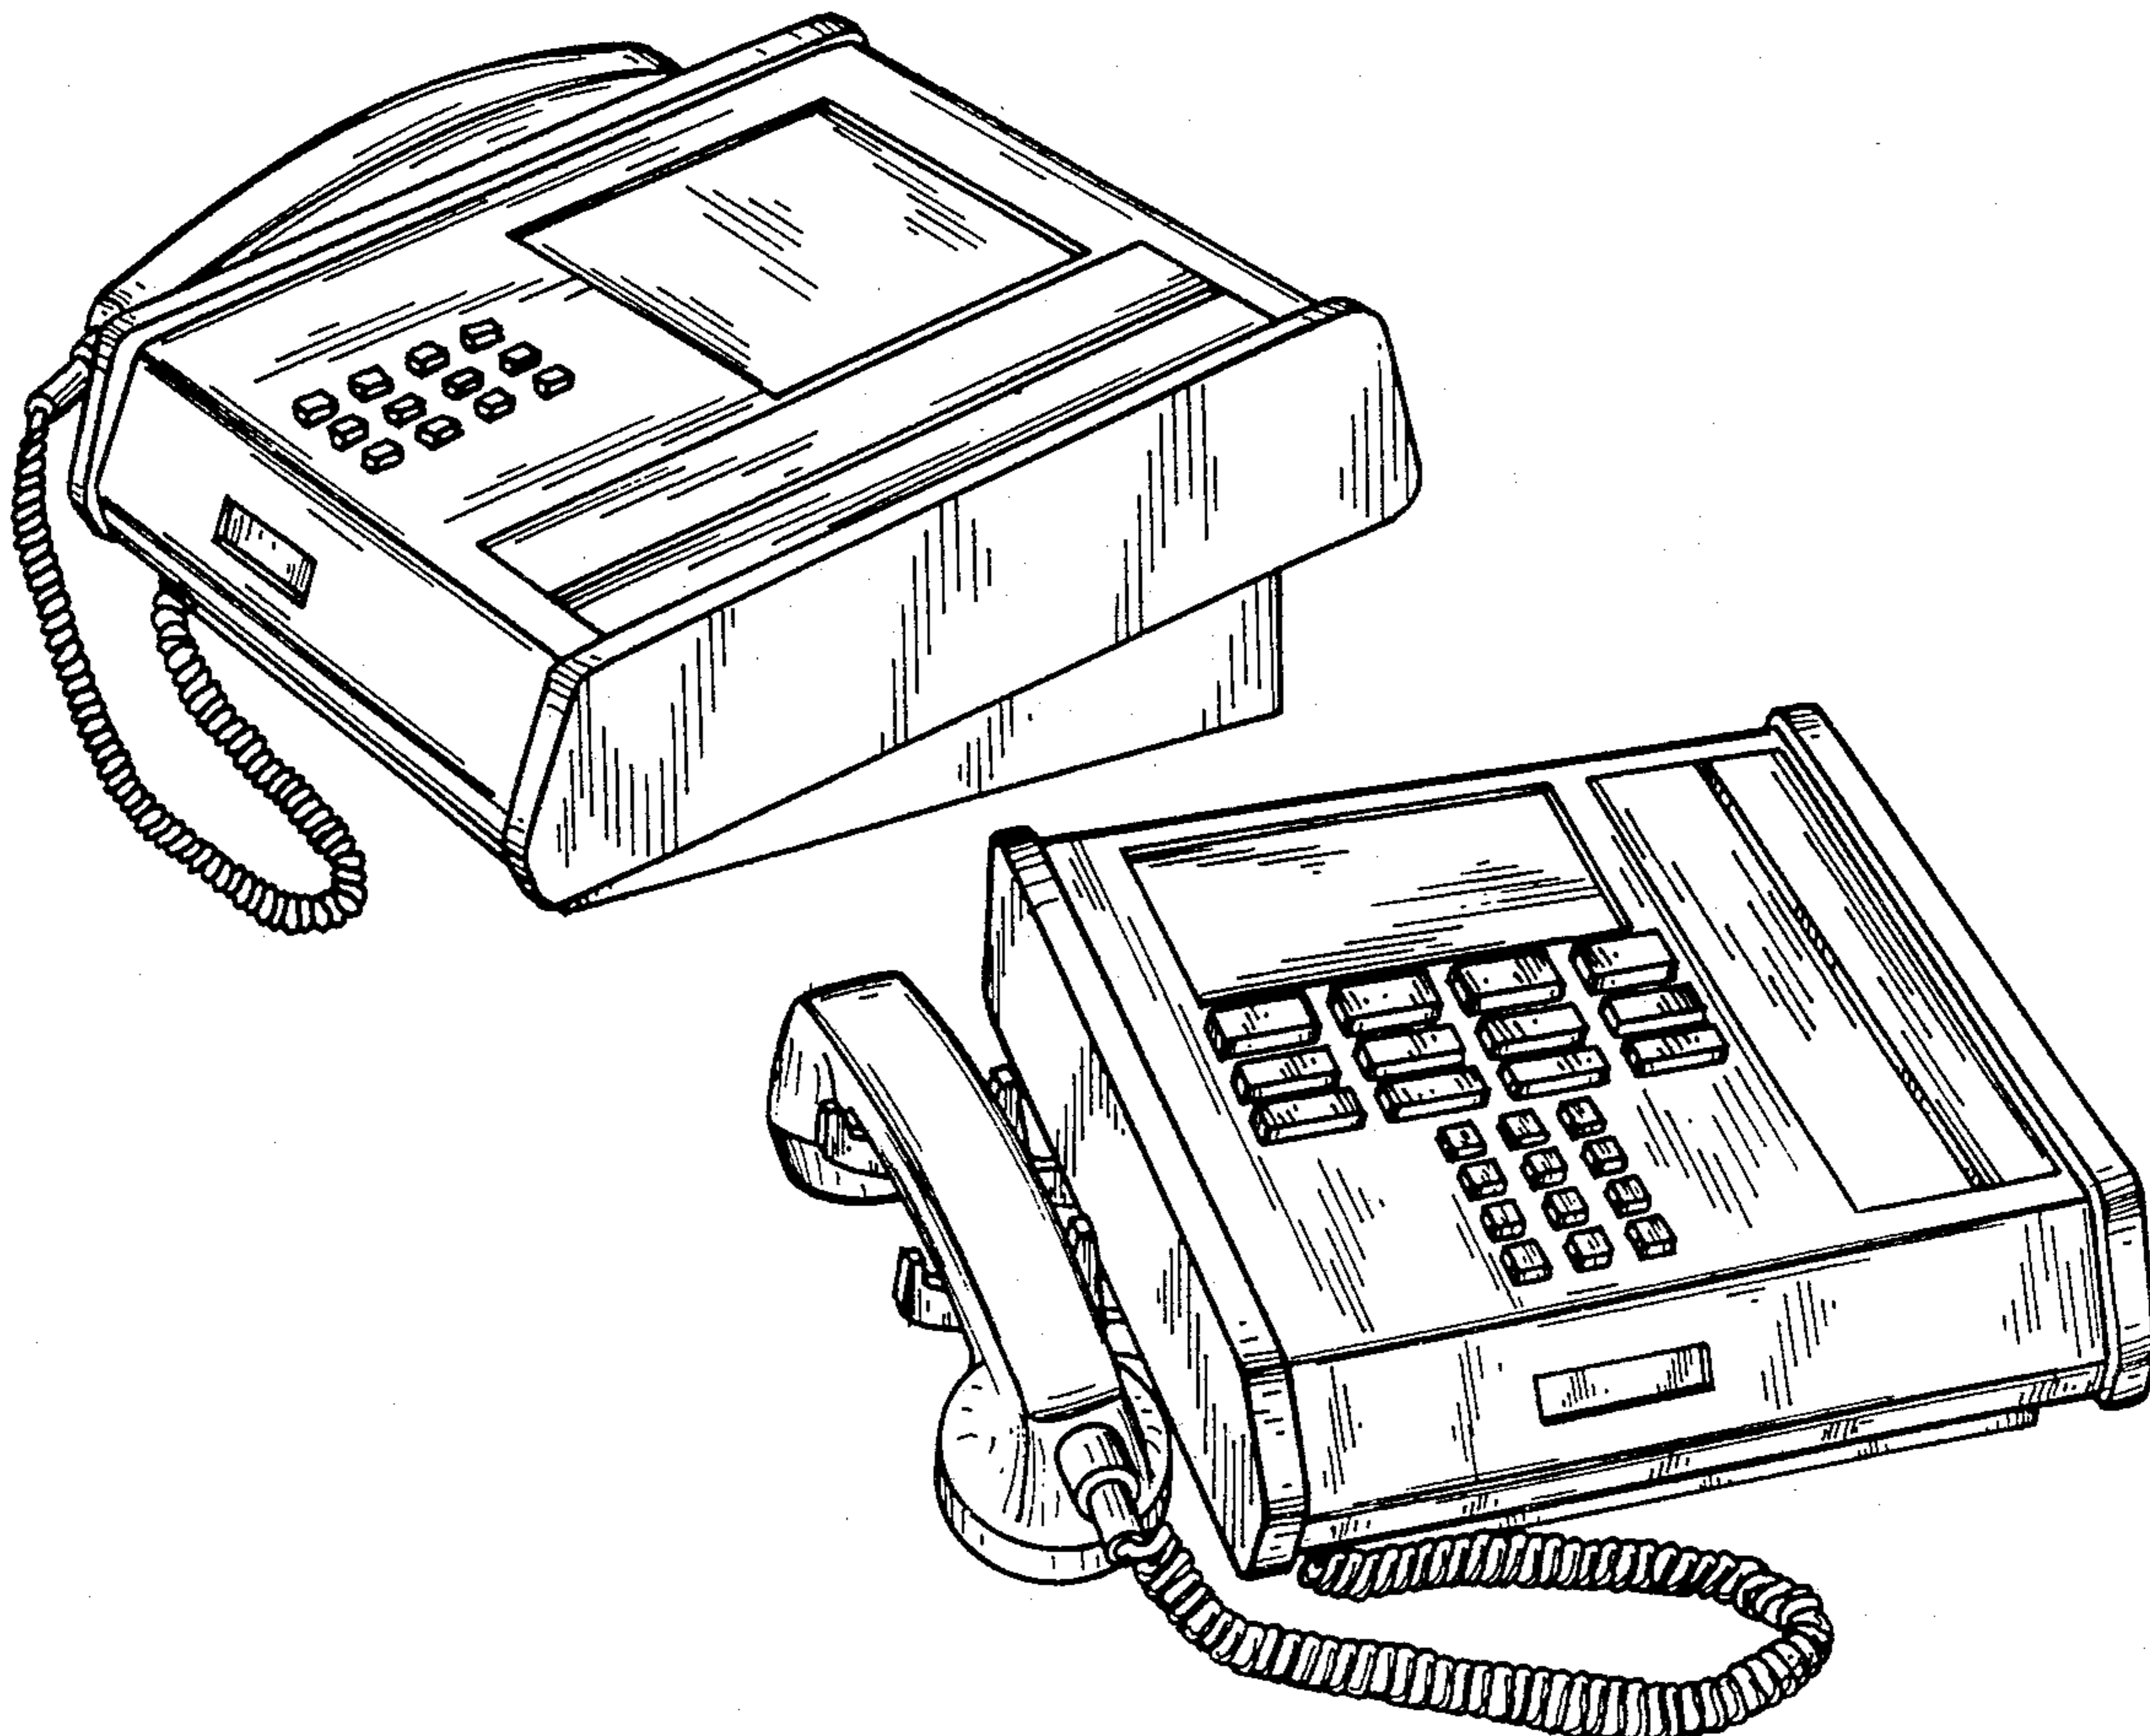

FIG. 1 is a left side, top and front perspective view of a credit card reading telephone set showing my new design;

FIGS. 2 and 3 are respectively top plan and bottom plan views thereof;

FIGS. 4 and 5 are respectively left and right side elevational views thereof;

FIGS. 6 and 7 are respectively front and rear elevational views thereof; and

FIG. 8 is a front, top and right side perspective view of a second embodiment thereof, the other views of this second embodiment being otherwise identical to views of FIGS. 1-7 with the exception that this second embodiment does not include the three rows of buttons shown above the dial pushbuttons in the keyboard of the first embodiment.

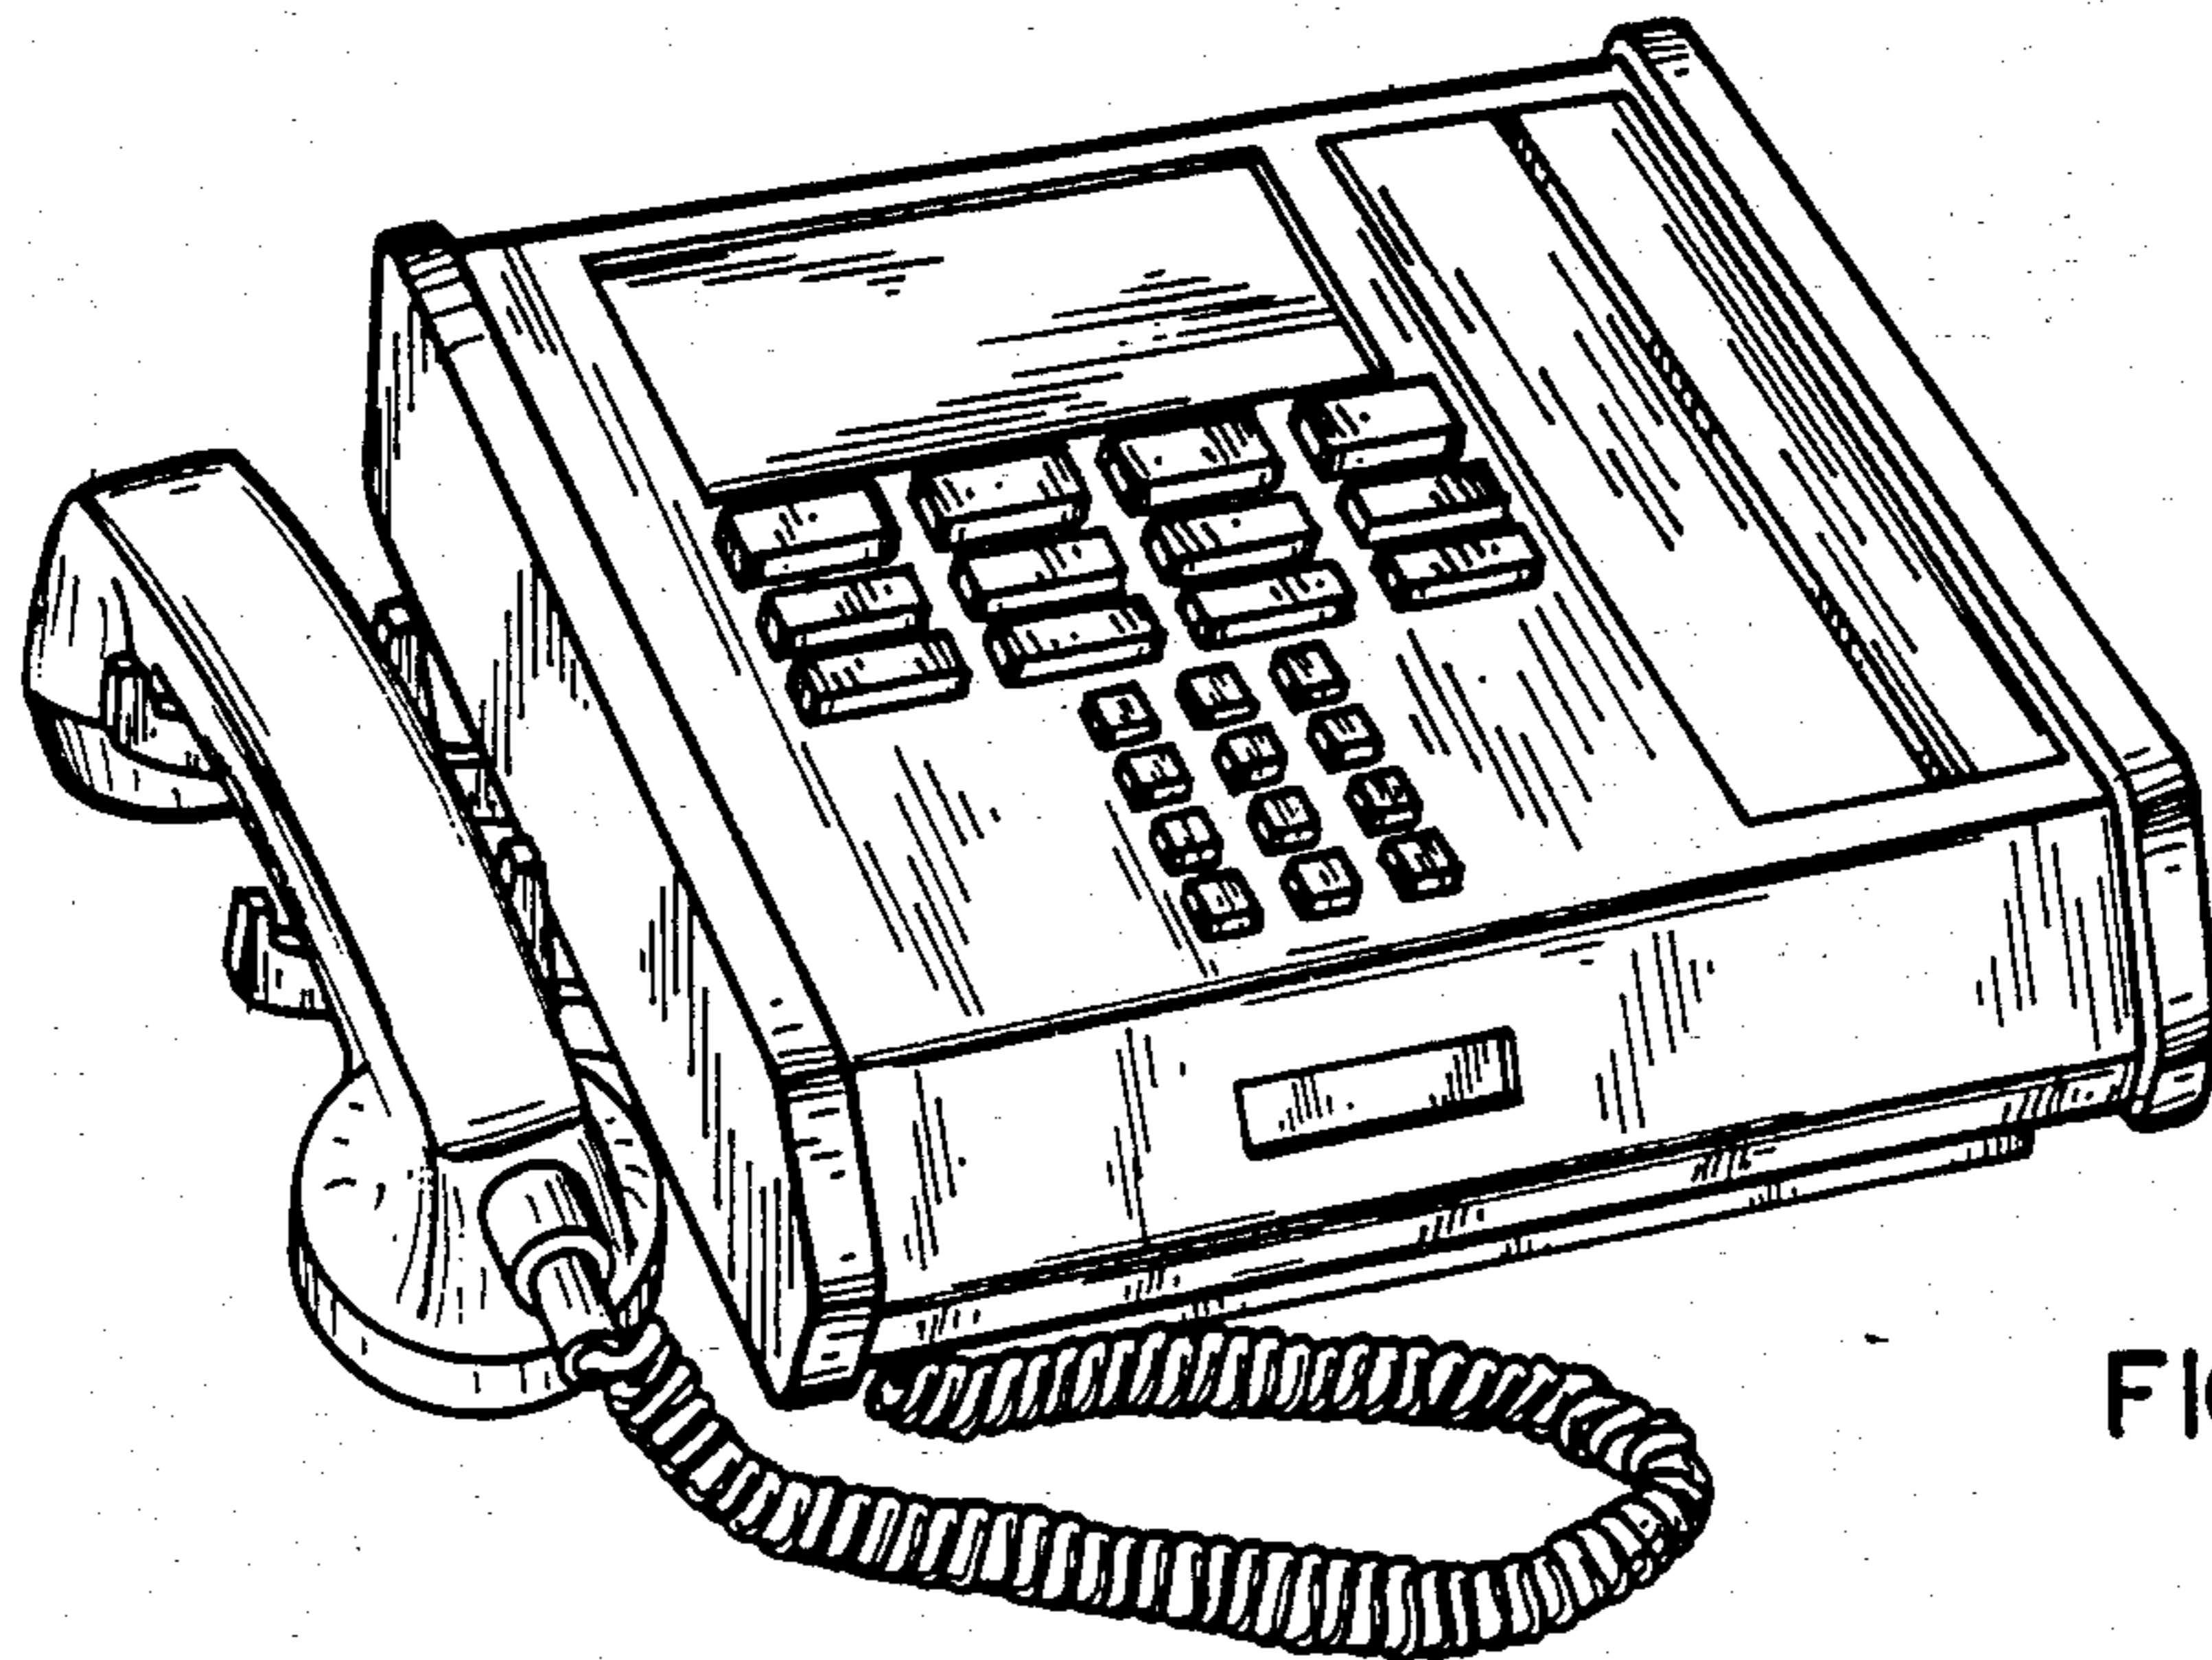

FIG. 1

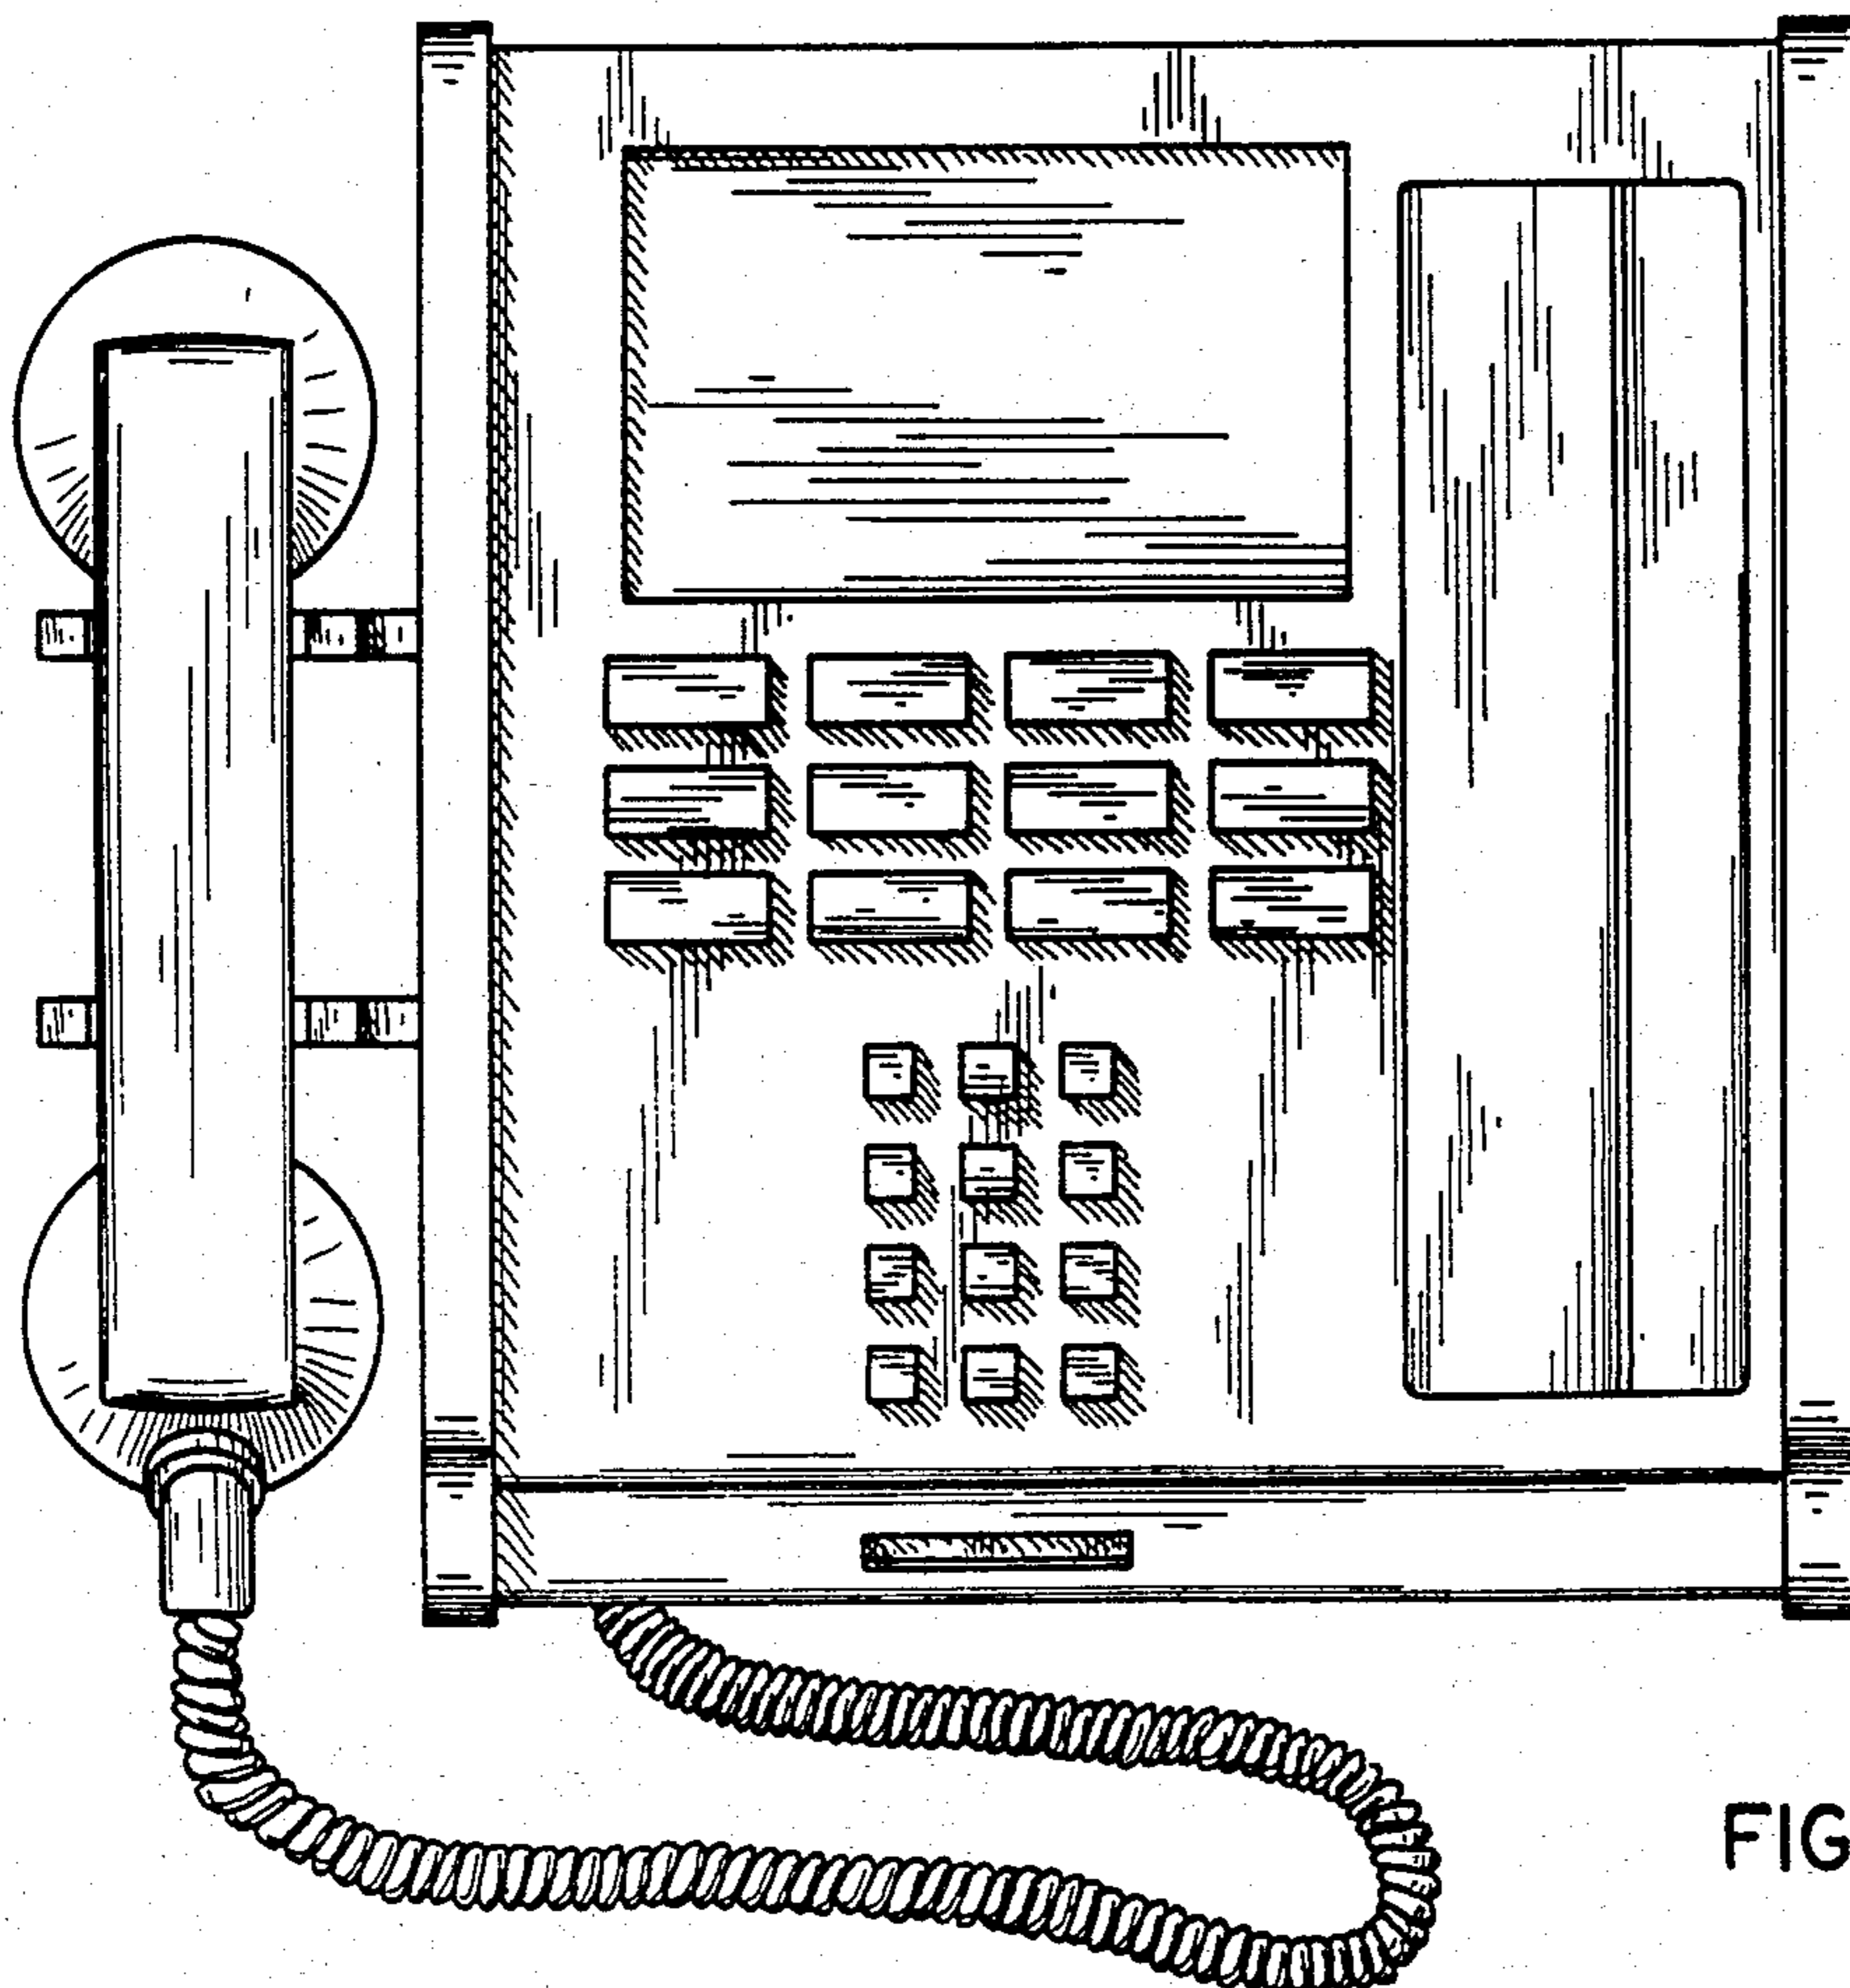

FIG. 2

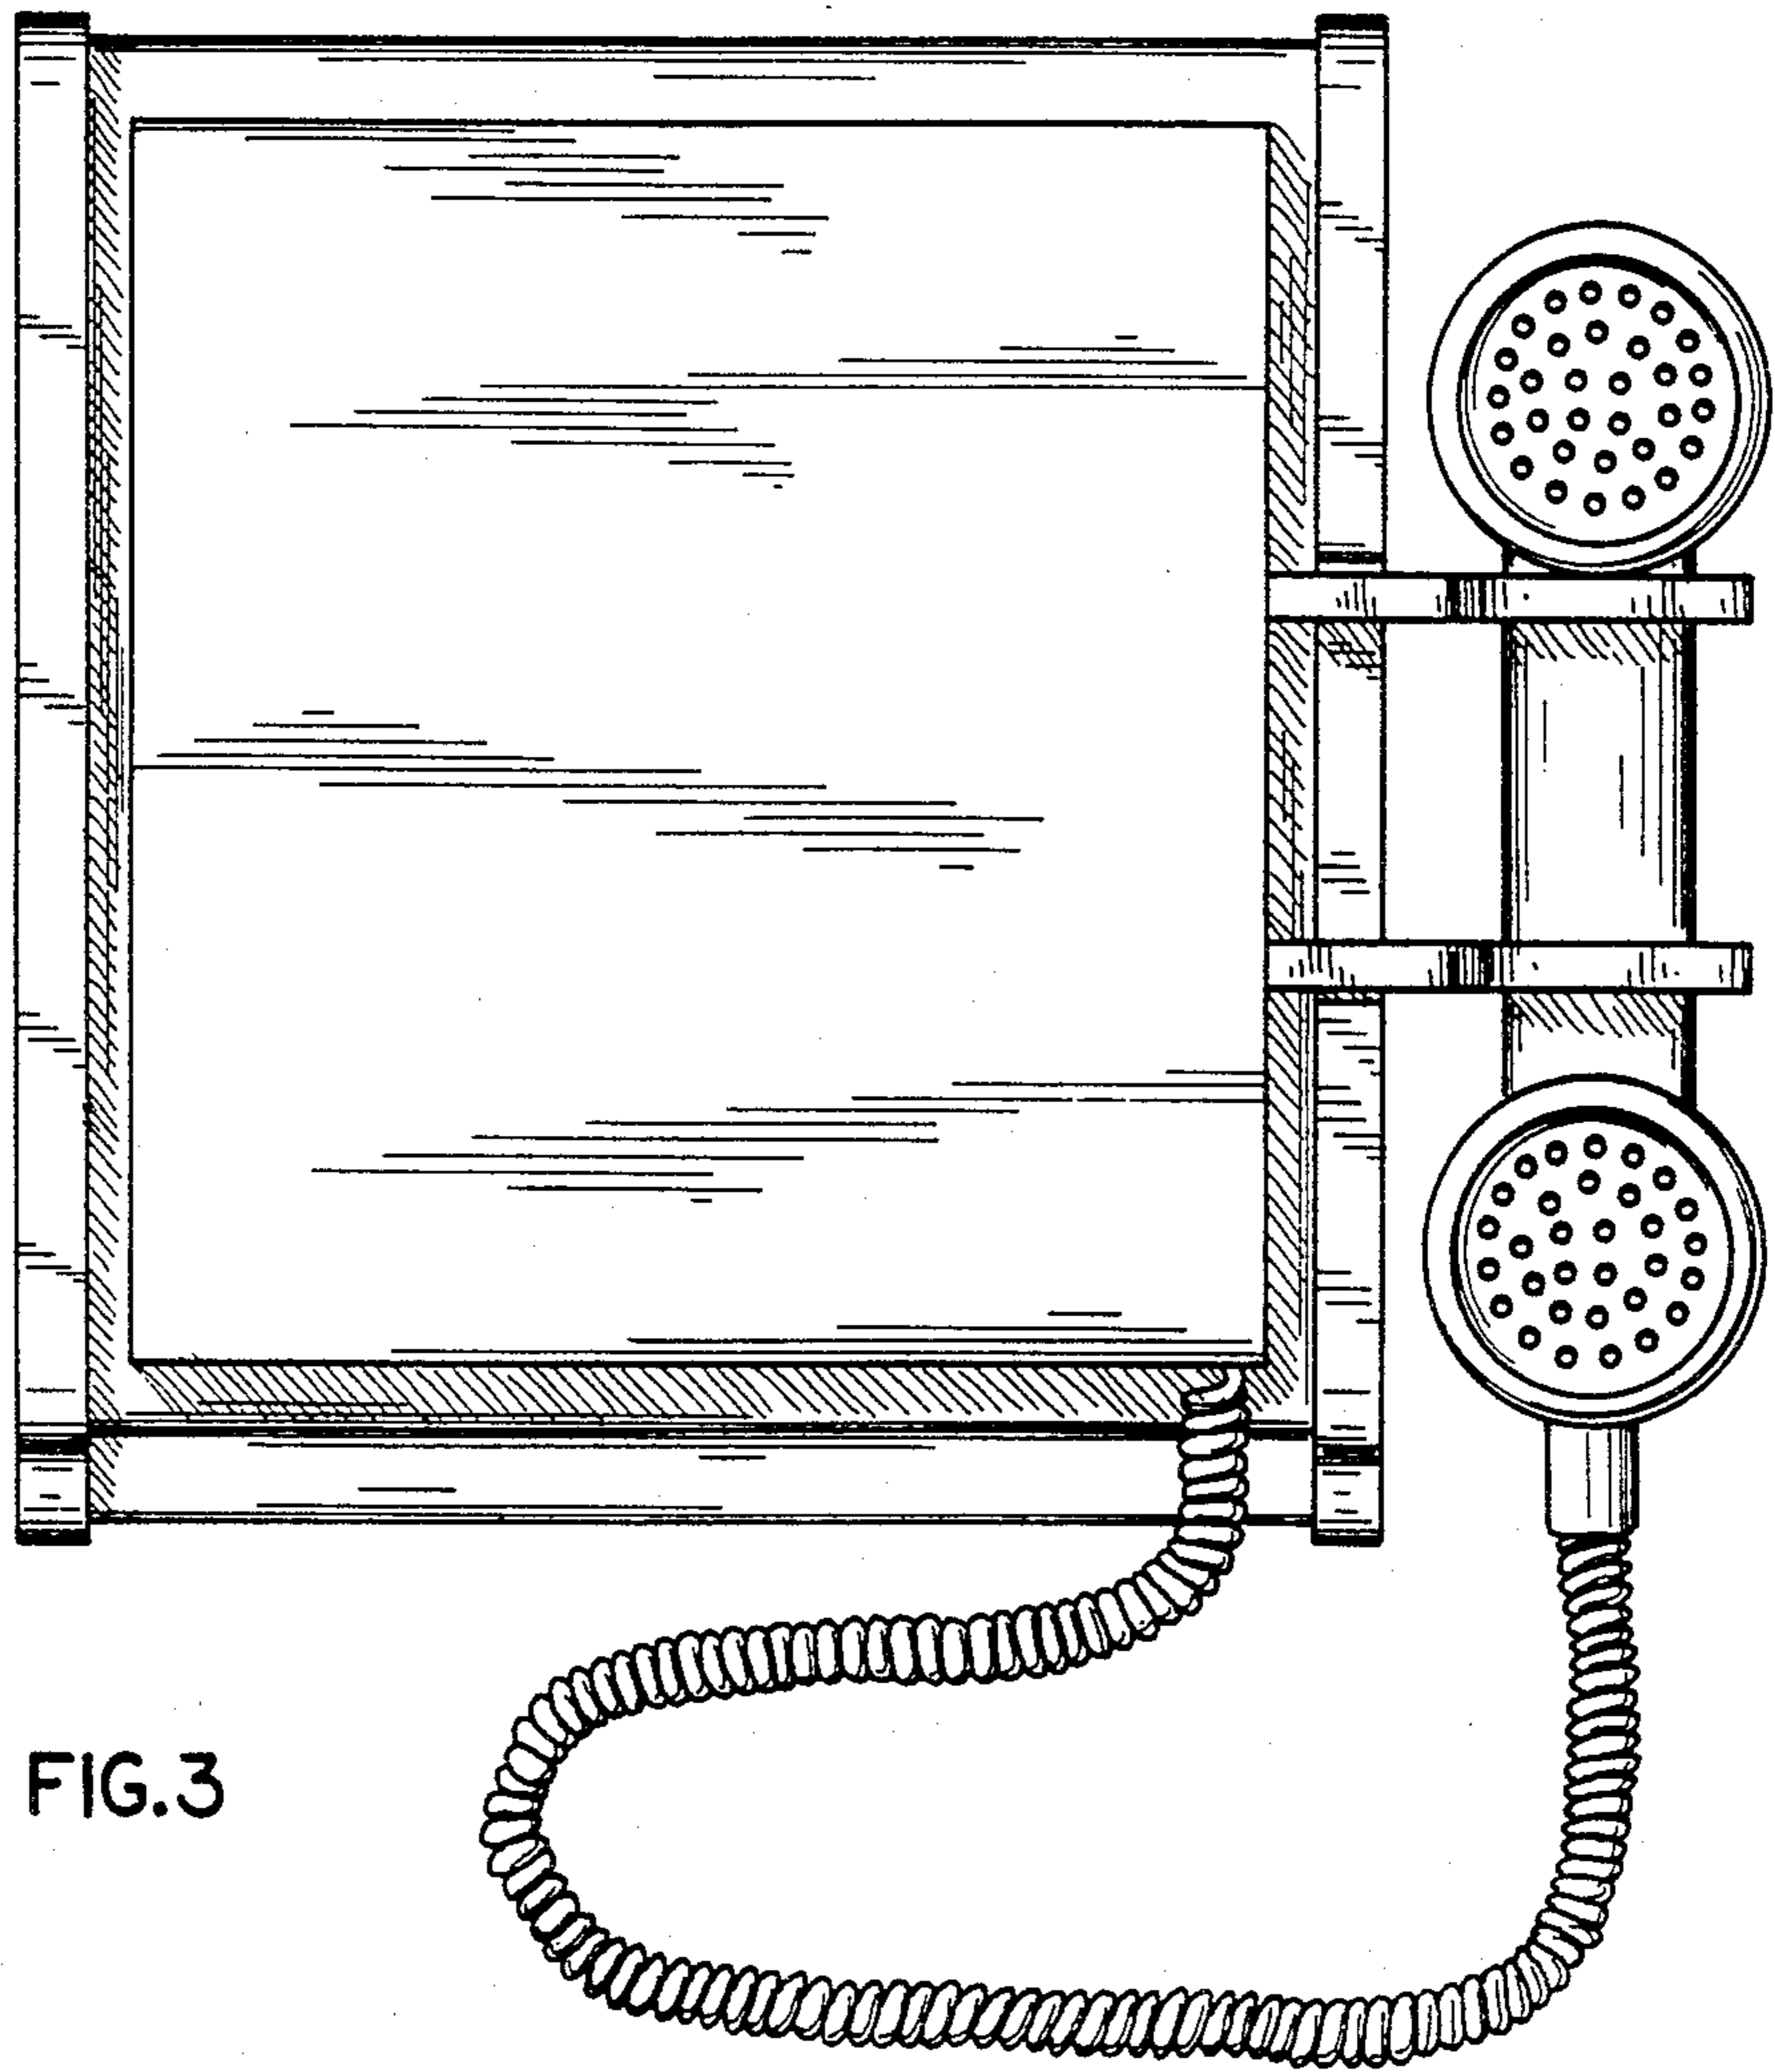

FIG. 3

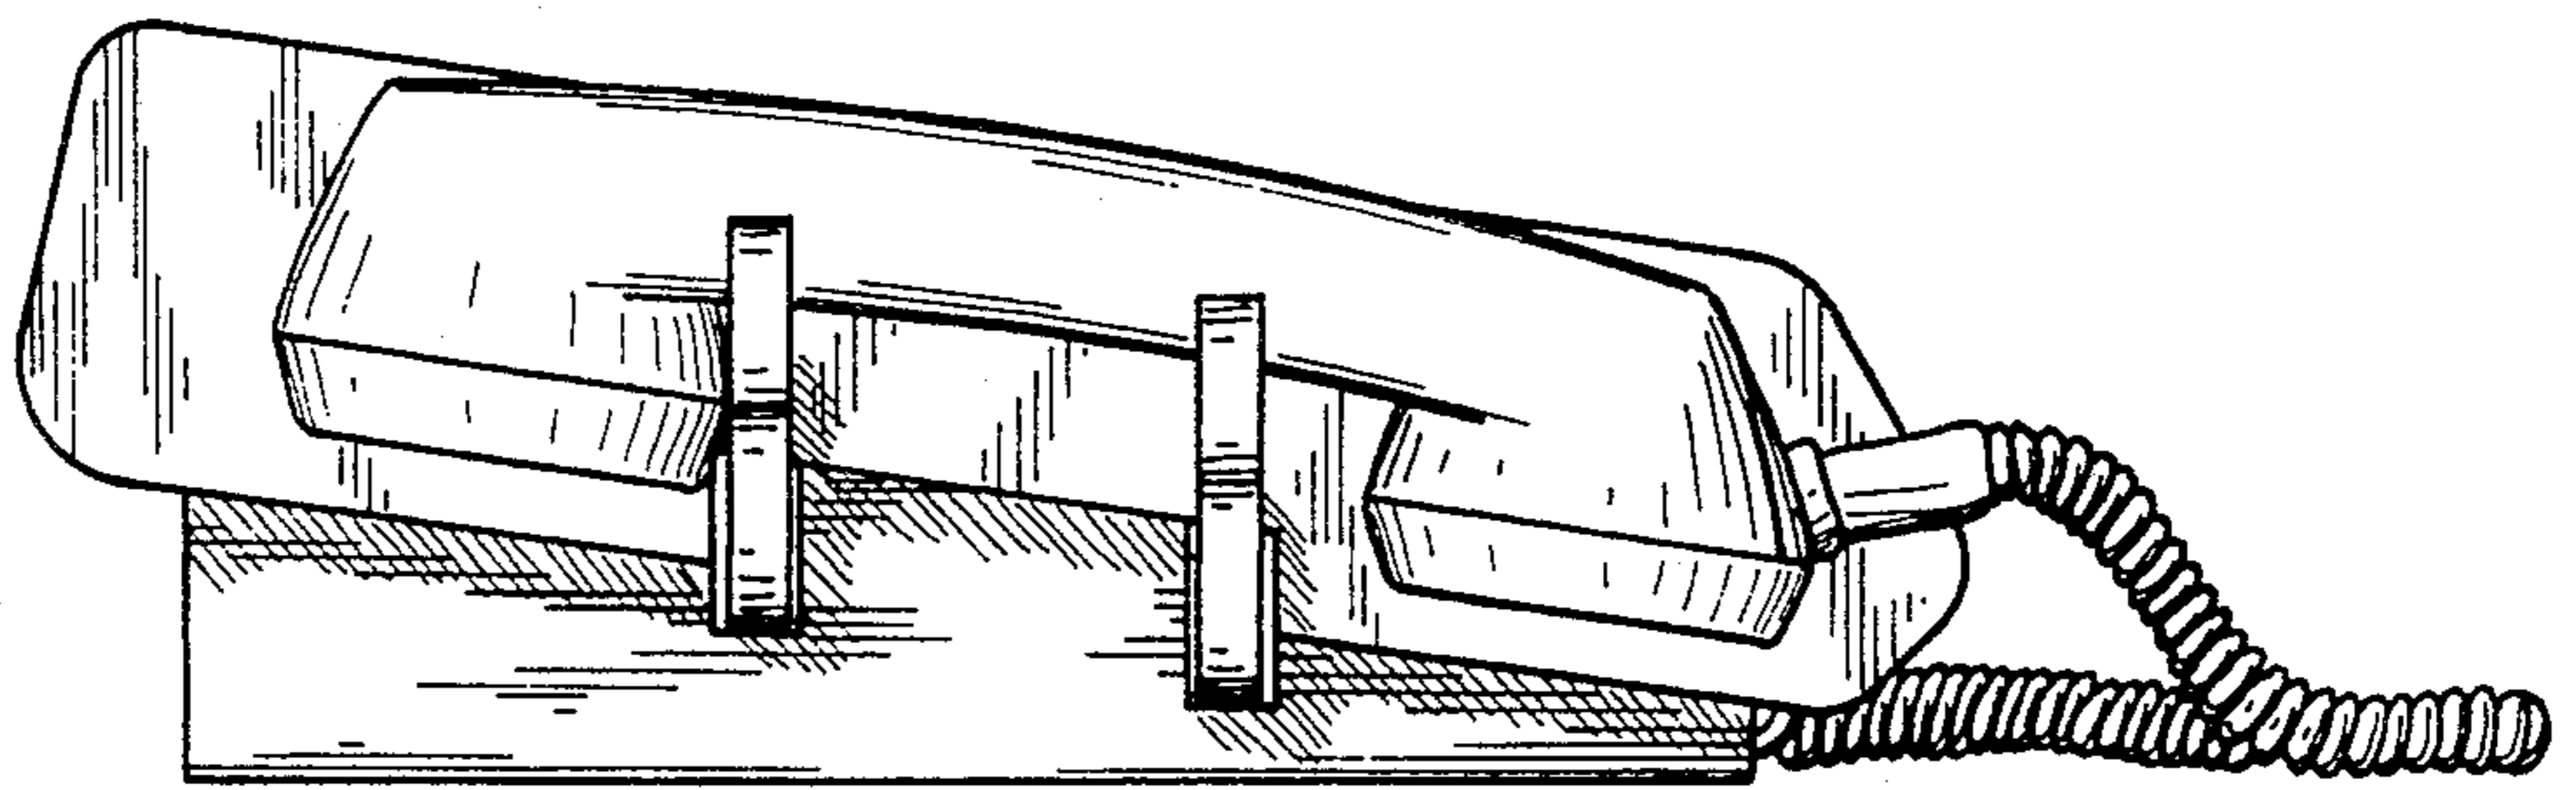

FIG. 4

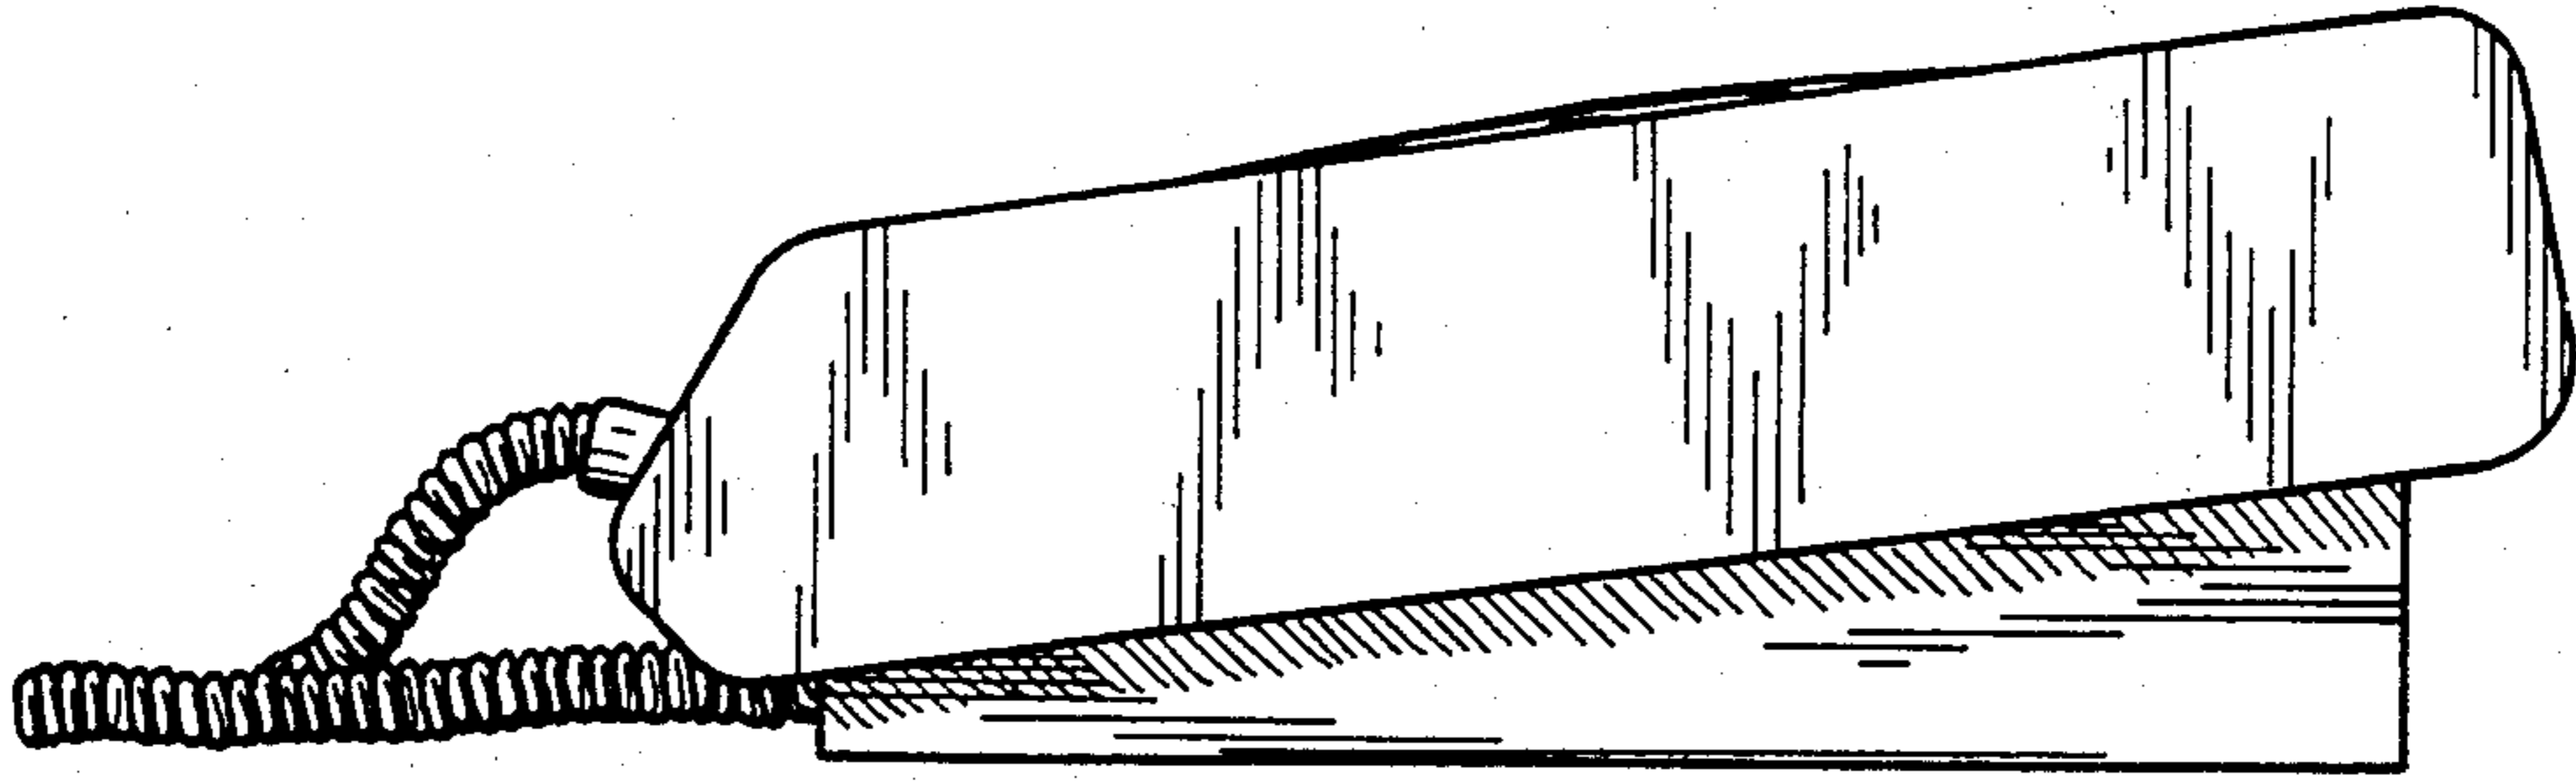

FIG. 5
