[57] CLAIM

The ornamental design for a combination prying tool for can covers and tool holder, as shown and described.

DESCRIPTION

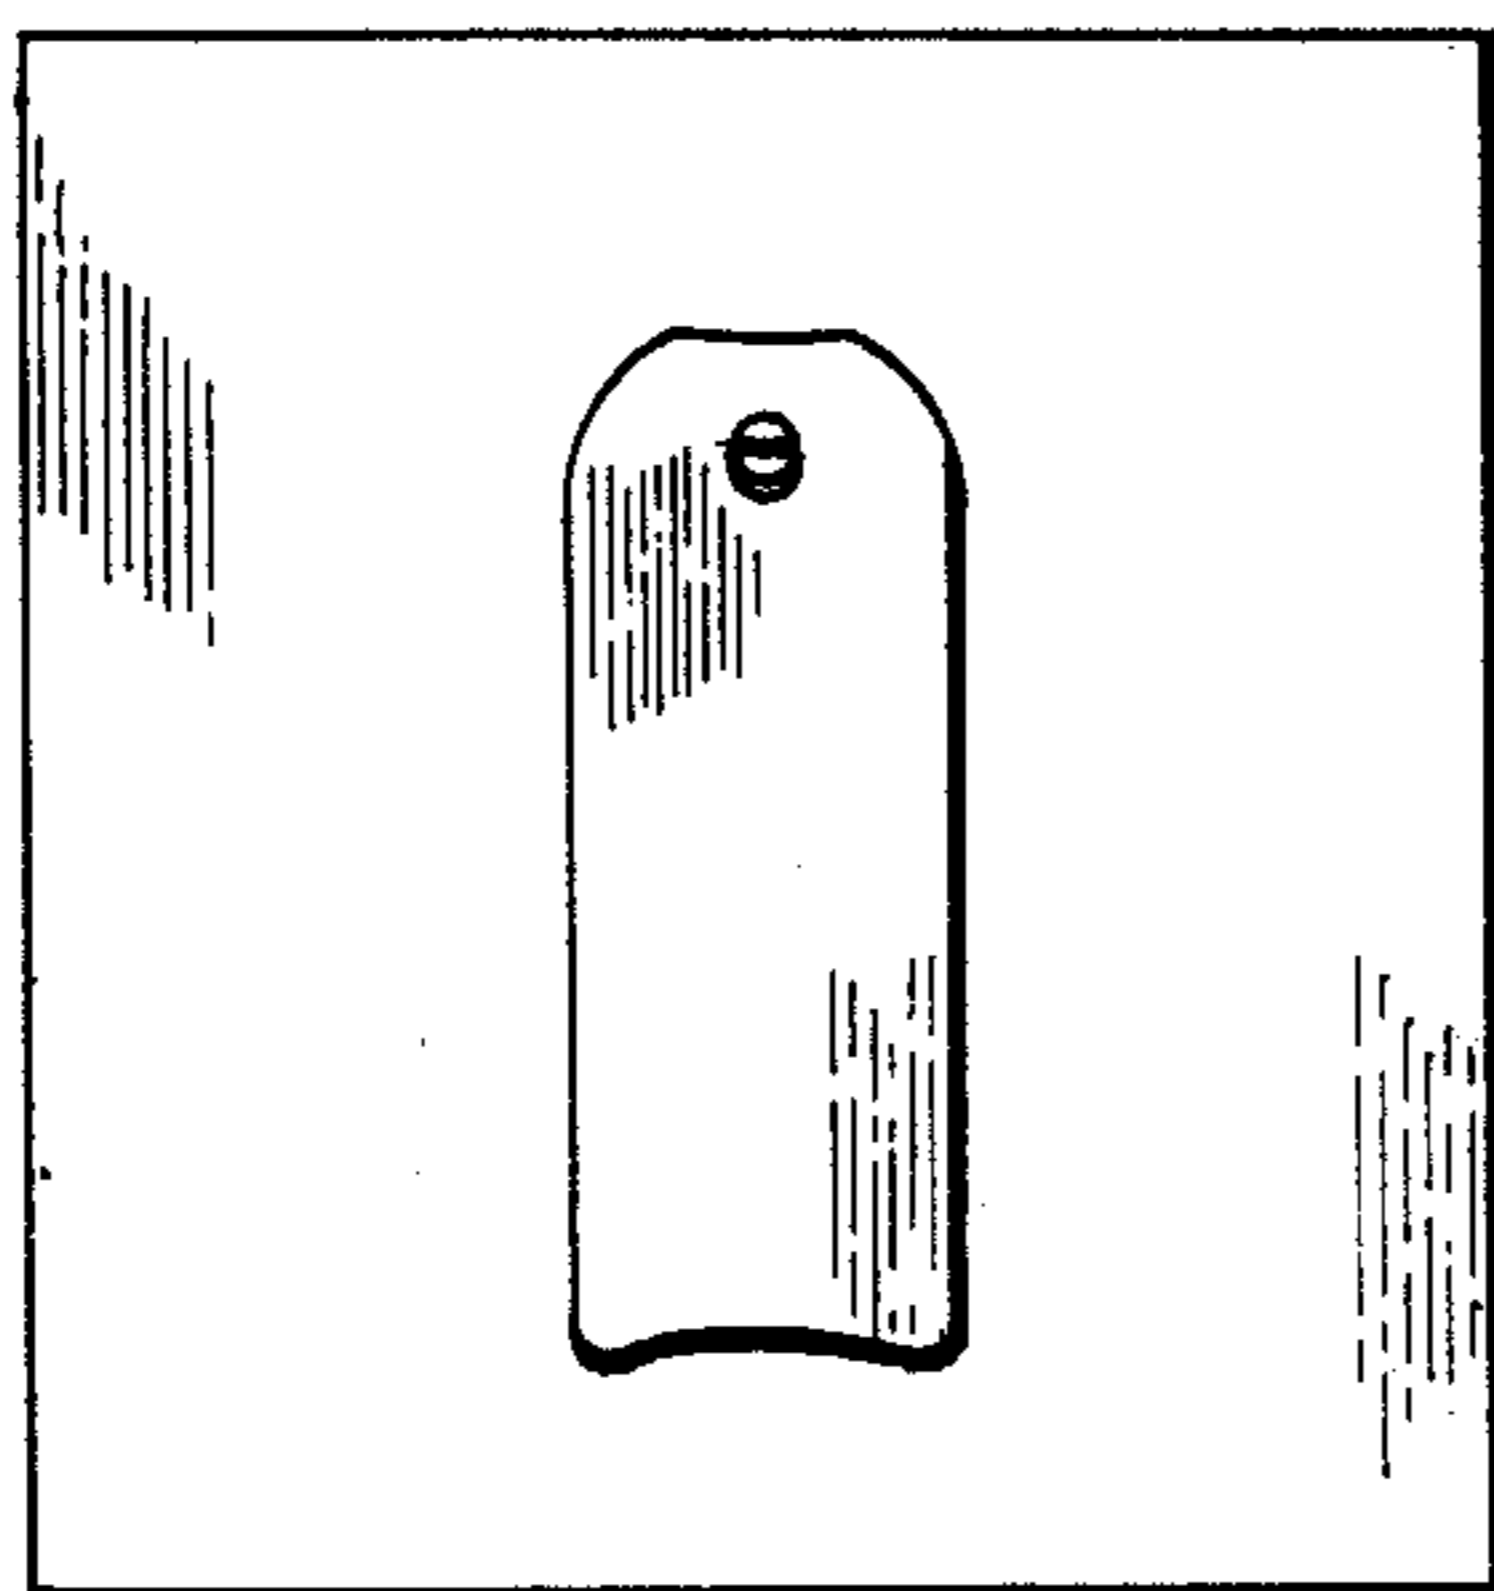

FIG. 1 is a front elevational view of a combination prying tool for can covers and tool holder showing my new design;

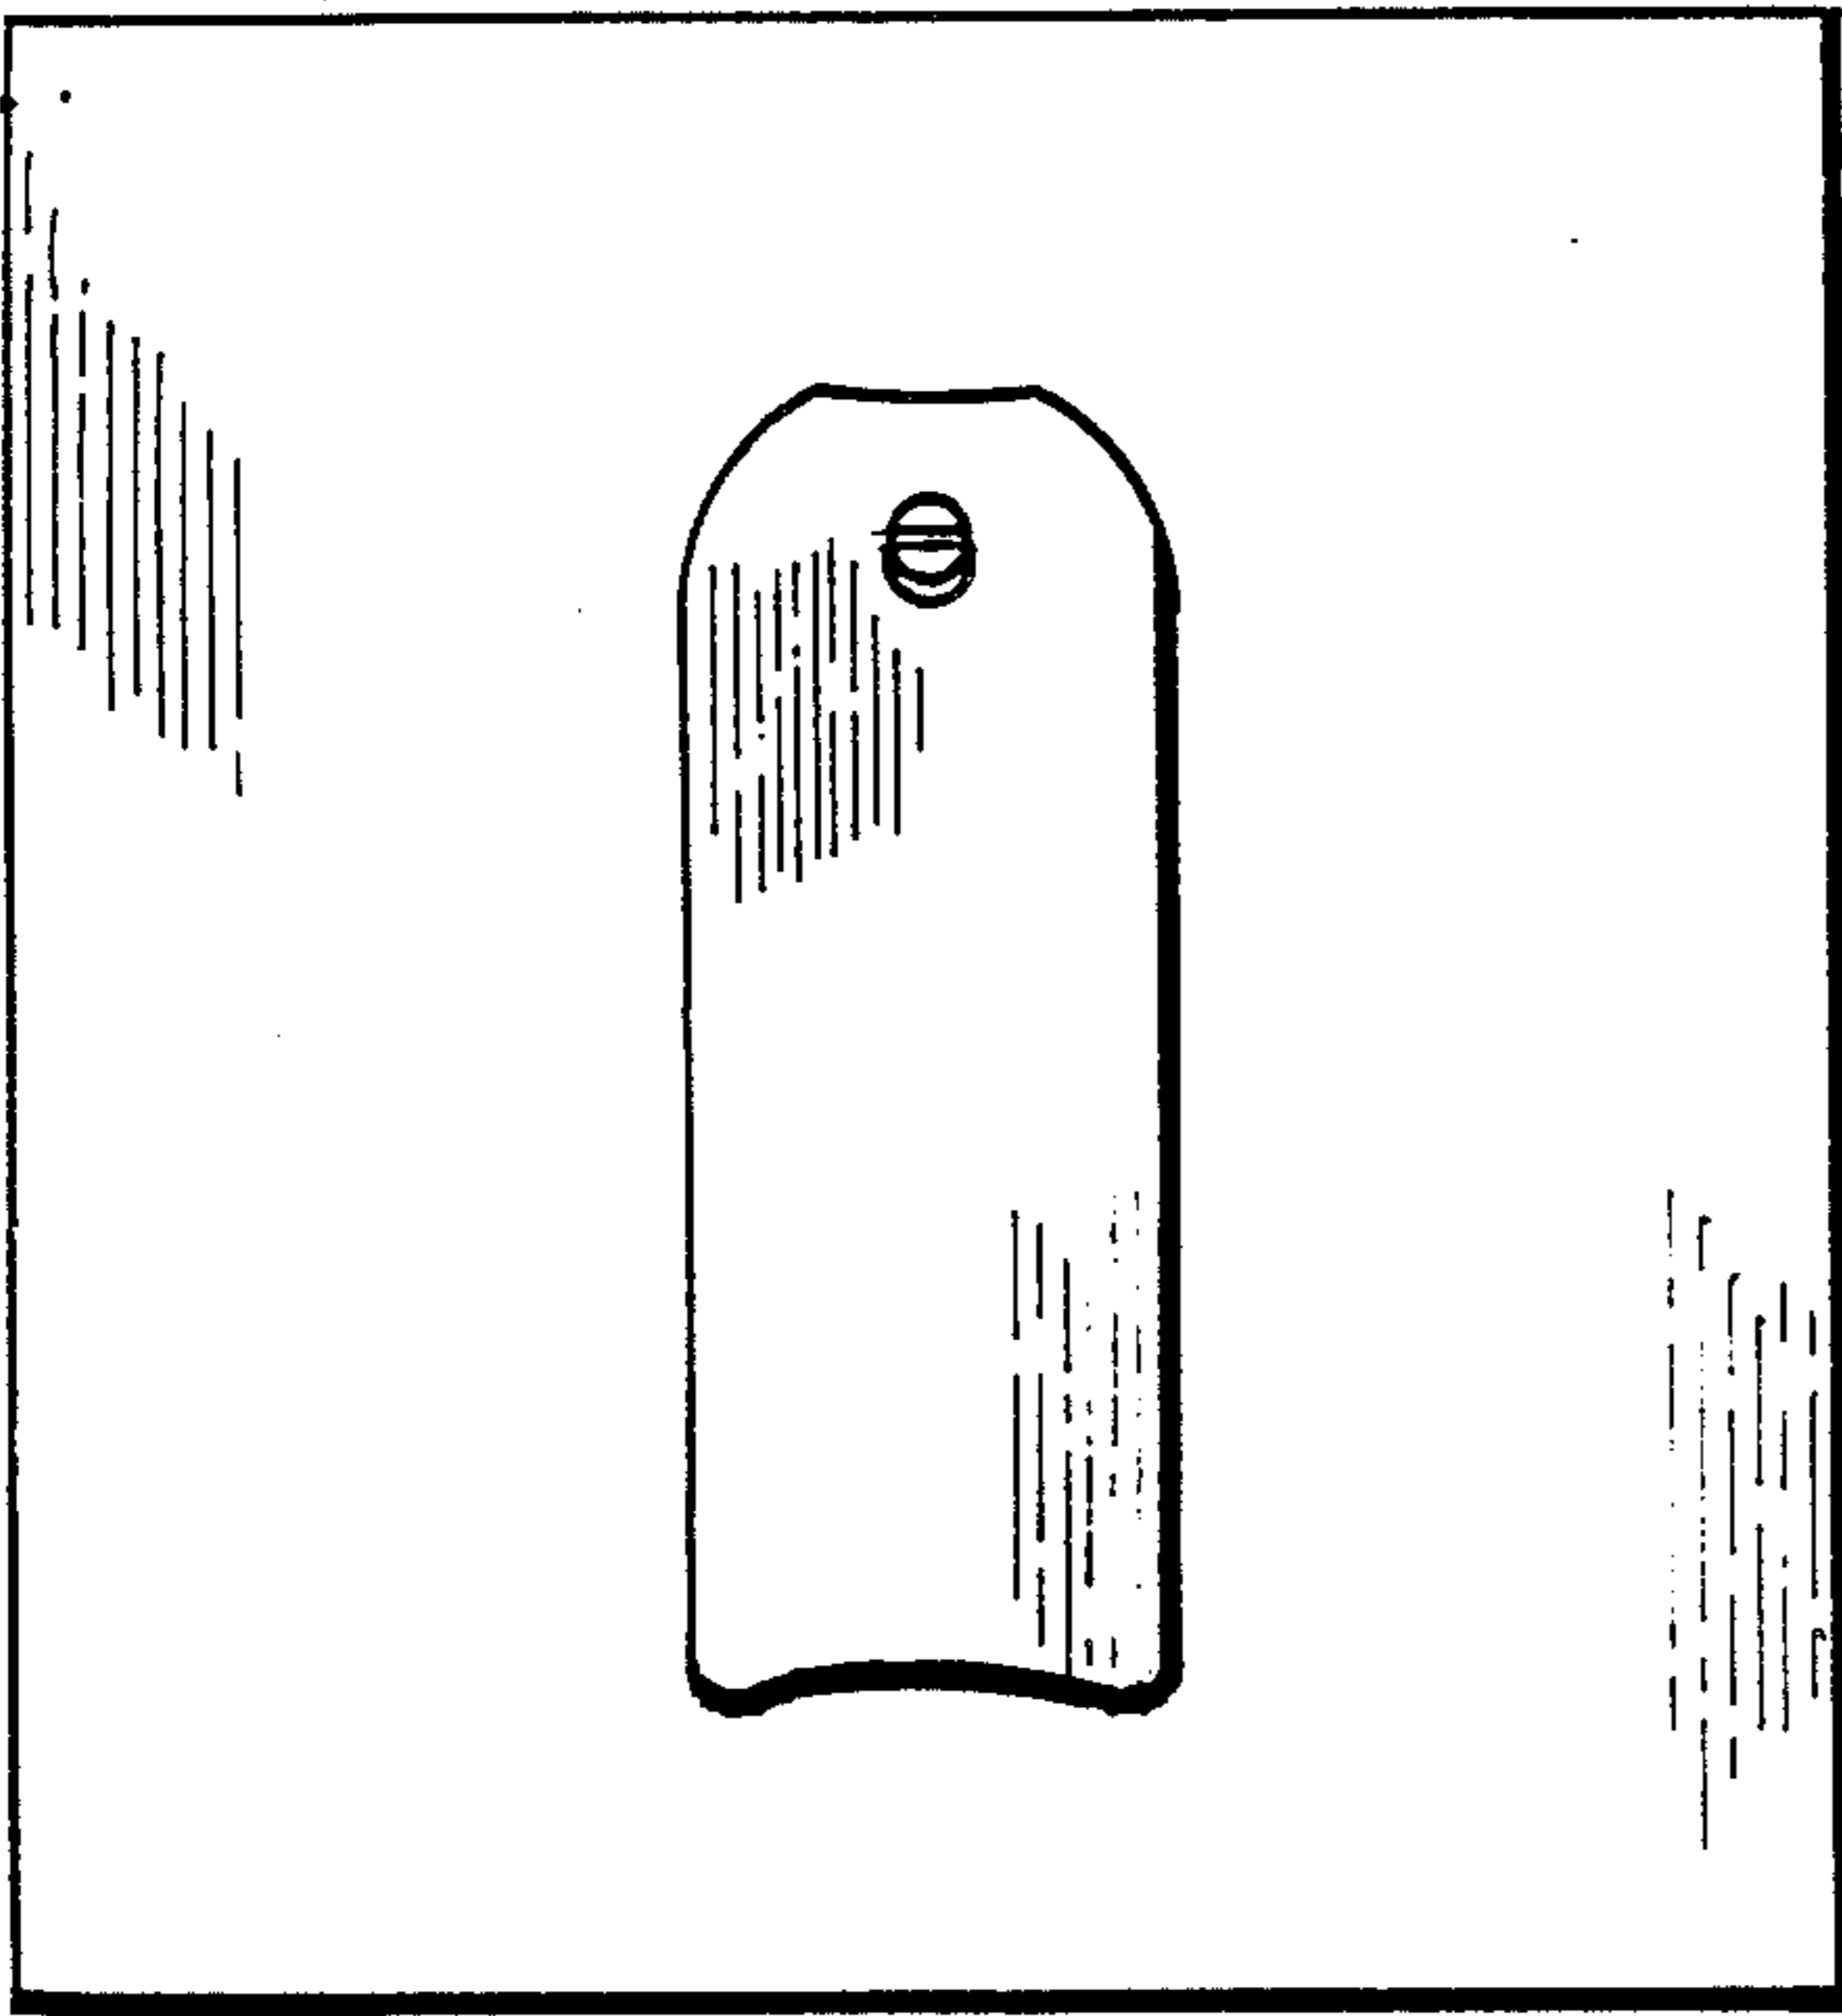

FIG. 2 is a side elevational view thereof;

FIG. 3 is a rear elevational view of the top, shown separately for clarity of illustration; and

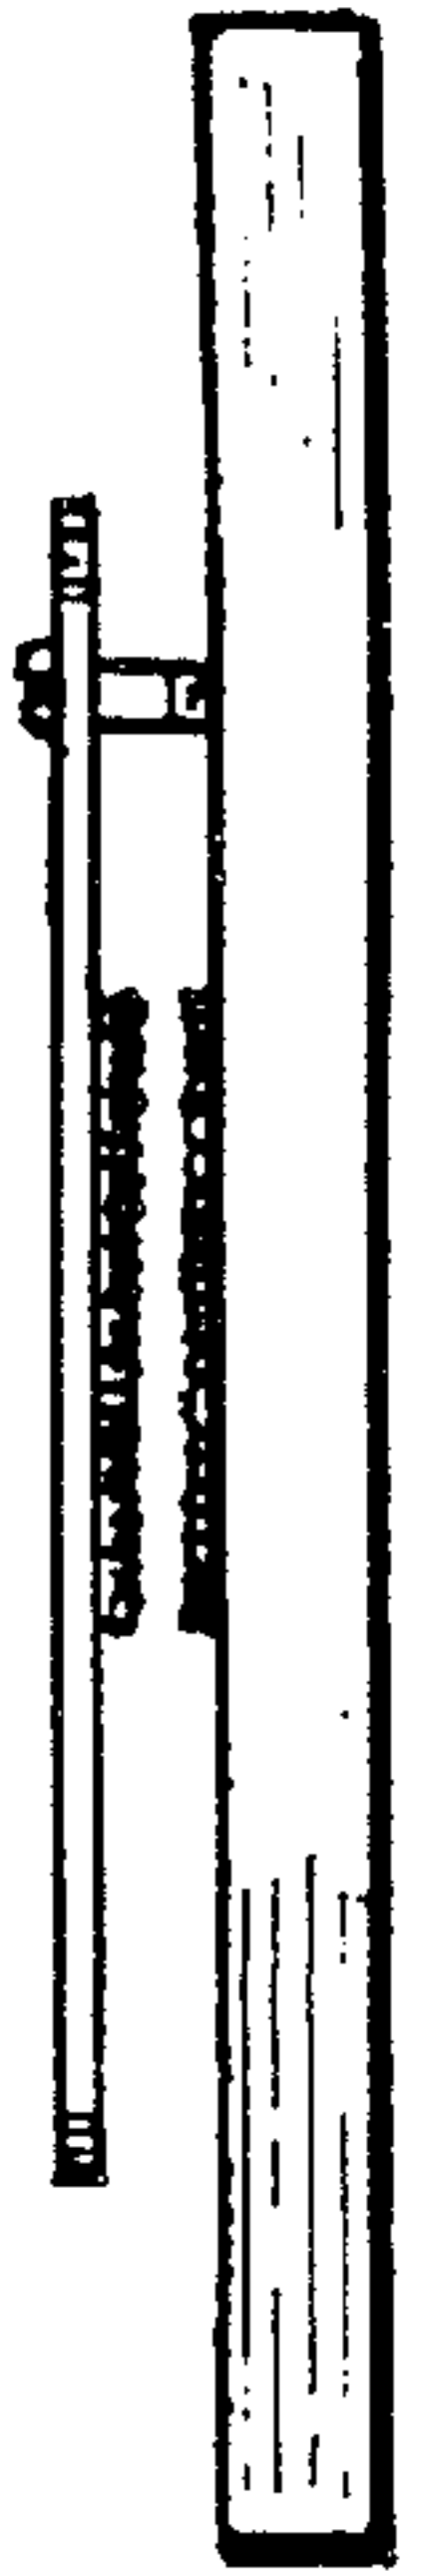

FIG. 4 is a bottom plan view of that shown in FIG. 3.

The undisclosed top, bottom and rear views of the tool holder are plane and unornamented.
