[57] CLAIM

The ornamental design for a tubular eyeglass frame, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of the tubular eyeglass frame showing a first embodiment of my new design; FIG. 2 is a bottom plan view thereof; FIG. 3 is a side elevational view thereof, the opposite side being identical; FIG. 4 is a front elevational view thereof, the rear view being substantially similar; FIG. 5 is a perspective view of the tubular eyeglass frame showing a second embodiment of my new design; FIG. 6 is a perspective view of the tubular eyeglass frame showing a third embodiment of my new design; FIG. 7 is a perspective view of the tubular eyeglass frame showing a fourth embodiment of my new design; FIG. 8 is a top plan view of the embodiment shown in FIG. 6; and FIG. 9 is a side elevational view of the embodiment shown in FIG. 6, the opposite side being identical.
