[57] CLAIM

The ornamental design for a cabinet latch or similar article, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a cabinet latch or similar article showing my new design, the broken line showing of a portion of the cabinet being for illustrative purposes only and forming no part of the claimed design;

FIG. 2 is a left side elevational view thereof, the right side being a mirror image;

FIG. 3 is a front perspective view thereof, with the handle element shown rotated and extended;

FIG. 4 is a front perspective view thereof, with the handle element shown rotated and extended in an alternate position;

FIG. 5 is a front perspective view of a second embodiment thereof, the only difference residing in the inclusion of a cover over the key hole;

FIG. 6 is a front elevational view of the embodiment of FIG. 5, with the key hole cover shown moved upward; and

FIG. 7 is a front perspective view of the embodiment of FIG. 5 with the key hole cover shown moved upward and the handle element shown rotated and extended.
