[57] CLAIM

The ornamental design for a disposable sensor card with receptacle and electrode sensors for chemical analysis of biological fluids, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top, front perspective view of the disposable sensor card with receptacle and electrode sensors for chemical analysis of biological fluids showing our new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a right side elevational view thereof;

FIG. 5 is a left side elevational view thereof;

FIG. 6 is a front elevational view thereof; and

FIG. 7 is a rear elevational view thereof.
