[57] CLAIM

The ornamental design for a container for tablets or the like, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a container for tablets or the like showing my new design;
 FIG. 2 is a perspective view with the hinged carrying handle in an open position;
 FIG. 3 is an elevational view of the container in a vertical position;
 FIG. 4 is a view showing the side opposite that seen in FIG. 3;
 FIG. 5 is an elevational view of the container in the horizontal position;
 FIG. 6 is an elevational view looking from the left of FIG. 5;
 FIG. 7 is a view looking from the bottom of FIG. 3;
 FIG. 8 is a fragmentary, exploded view showing the end cap separated from the container; and
 FIG. 9 is a fragmentary, exploded view showing a modified form of my new design with the end cap separated from the container and wherein the only change from the first form is in the omission of threading for an end cap.
