[57] CLAIM

The ornamental design for a water disinfectant and purification unit, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a water disinfectant and purification unit showing my new design; FIG. 2 is a top plan view thereof; FIG. 3 is a left side elevational view thereof; FIG. 4 is a right side elevational view thereof; and FIG. 5 is a bottom plan view thereof. The rear is plain and unornamented and the broken-away showing of the tubular elements is to indicate indeterminate length. The rear forms no ornamental part of the design.
