[57] CLAIM

The ornamental design for a wireless hand-held com-
munications terminal, as shown and described.

DESCRIPTION

FIG. 1 is a top, front and left side perspective view of a
wireless hand-held communications terminal showing
my new design;

FIG. 2 is a top plan view thereof, shown with the cover
in the closed position;

FIG. 3 is a left side elevational view thereof, shown
with the cover in the closed position, the right side
being a mirror image;

FIG. 4 is a front elevational view thereof, shown with
the cover in the closed position;

FIG. 5 is a rear elevational view thereof, shown with
the cover in the closed position; and

FIG. 6 is a bottom plan view thereof, shown with the
cover in the closed position.
