DESCRIPTION

FIG. 1 is a top plan view of a flower pot cover showing our new design.

FIG. 2 is a front elevational view thereof.

FIG. 3 is a rear elevational view thereof.

FIG. 4 is a side elevational view thereof.

FIG. 5 is a side elevational view similar to FIG. 4, but showing the side opposite that shown in FIG. 4.

FIG. 6 is a bottom plan view thereof.

The shading on the corners of FIGS. 1 and 6 is intended to be symbolic of contrasting conventional surface effects which extend entirely across each surface; the flower pot cover has no substantial thickness.
