[57] **CLAIM**

The ornamental design for a carrying case for a video cassette recorder, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a carrying case for a video cassette recorder showing our new design in the closed condition with a carrying strap in position at the top of the case, and surrounded by a detachable hand grip. FIG. 2 is a left side elevational view; FIG. 3 is a front elevational view; FIG. 4 is a right side elevational view; FIG. 5 is a rear elevational view; FIG. 6 is a bottom plan view; FIG. 7 is a rear perspective view of the bag showing the carrying strap at the top removed together with the hand grip, and a subsidiary strap placed in the side rings on the rear face of the bag, as well as the side exposure flap in its opened position; and FIG. 8 is a front perspective view showing the upper flaps drawn back and the inner tabs extended vertically.
