[57] CLAIM

The ornamental design for a test tube cap remover, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a test tube cap remover, showing my new design;

FIG. 2 is a front elevational view thereof, the rear elevational view being a mirror image thereof;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a cross-sectional view thereof, the plane of the section being indicated by the line 5—5 in FIG. 3;

FIG. 6 is a cross-sectional view thereof, similar to FIG. 5 and placed on a capped test tube, the broken line showing of the test tube is for illustrative purposes only and forms no part of the claimed design;

FIG. 7 is a top plan view of a modification thereof in which the top is open;

FIG. 8 is a cross-sectional view thereof, similar to FIG. 5, but showing the open top modification of FIG. 7;

FIG. 9 is a cross sectional view thereof, the plane of the section being indicated by the line 9—9 in FIG. 2.
