[57] CLAIM

The ornamental design for a wrist orthosis for use in radial nerve palsy, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a wrist orthosis for use in radial nerve palsy, showing my new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a side elevational view thereof; and, FIG. 4 is a top plan view thereof.

The broken line showing of the hand in FIGS. 3 and 4 is for illustrative purposes only in demonstrating how the orthosis follows the contour of the hand and arm, and forms no part of the claimed design.
