[57] CLAIM

The ornamental design for a bushing puller, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a bushing puller, showing my new design;
 FIG. 2 is a side elevational view thereof, the opposite side being a mirror image;
 FIG. 3 is a top plan view thereof, the bottom view being identical except for the keyway which is absent therein;
 FIG. 4 is an enlarged front elevational view thereof with the expansion head shown in fully expanded position;
 FIG. 5 is an enlarged rear elevational view thereof;
 FIG. 6 is an enlarged fragmentary side elevational view thereof, showing the expansion head in fully contracted position; and,
 FIG. 7 is an enlarged fragmentary side elevational view thereof, showing the expansion head in fully expanded position.

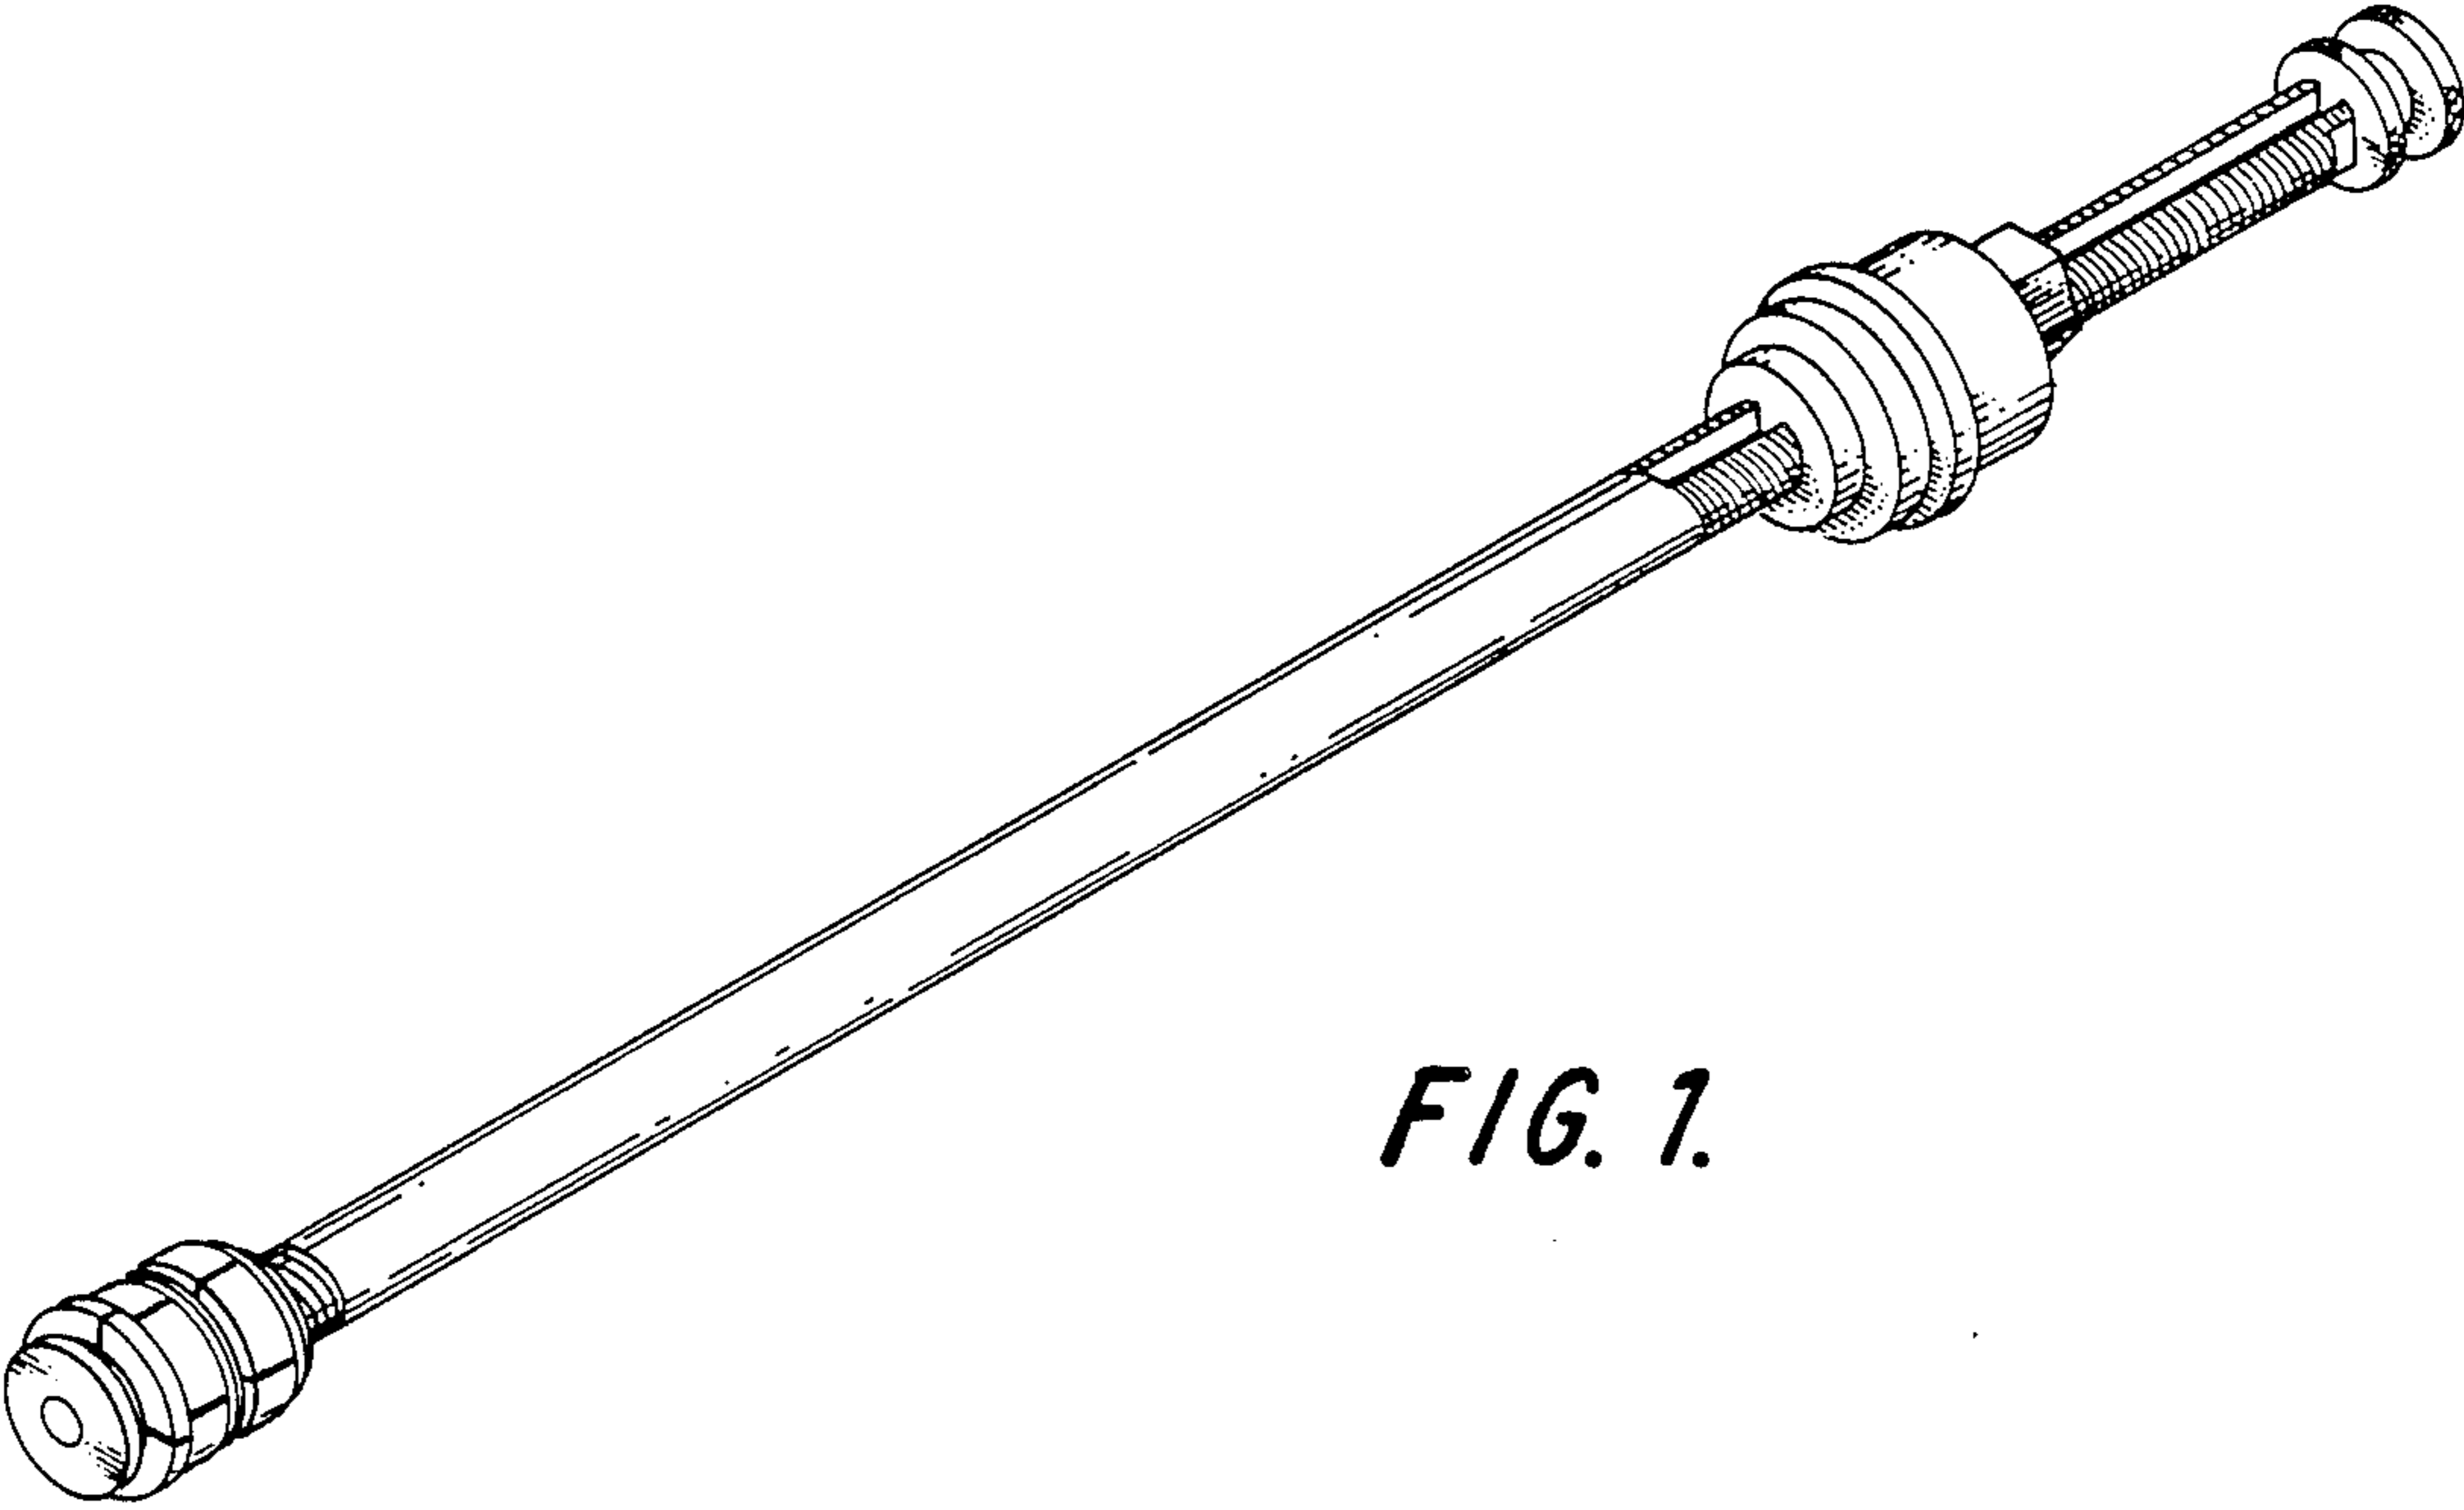

FIG. 1.

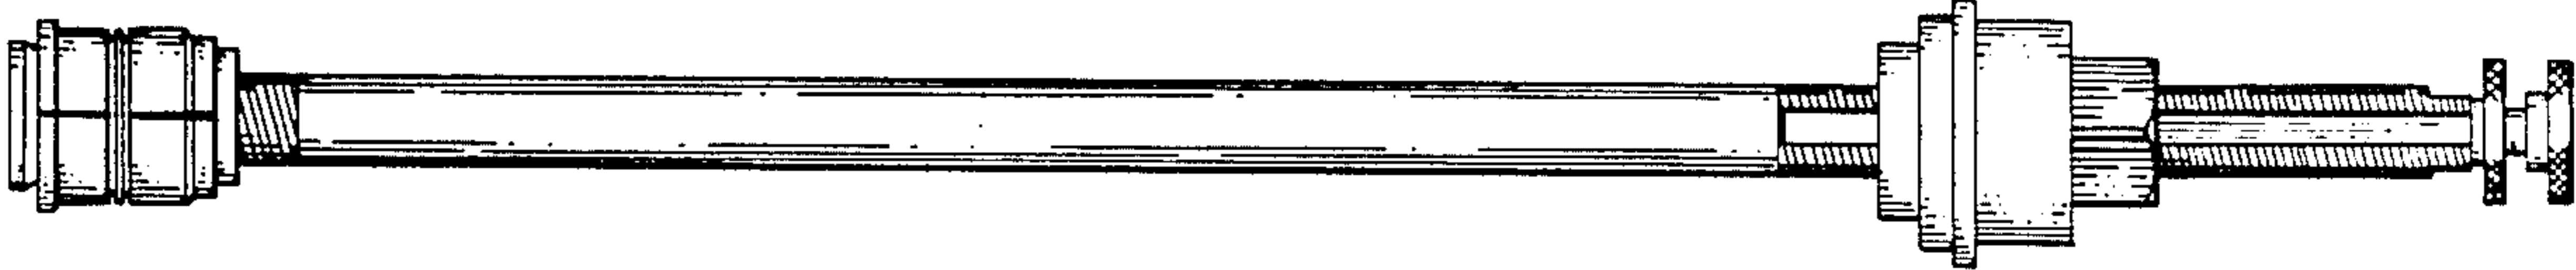

FIG. 3.

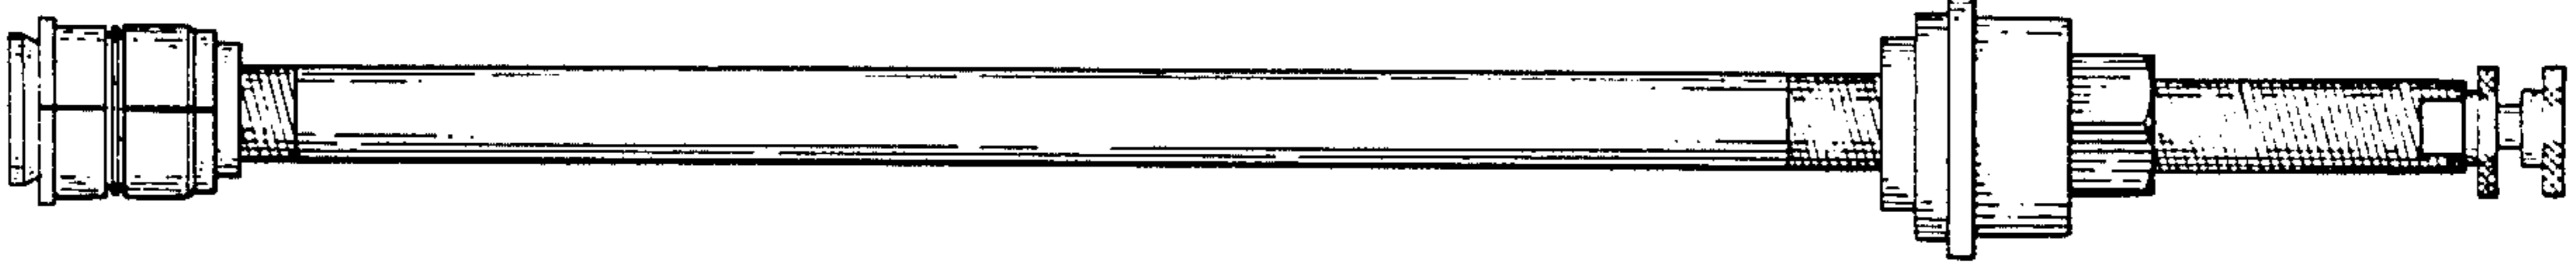

FIG. 2.

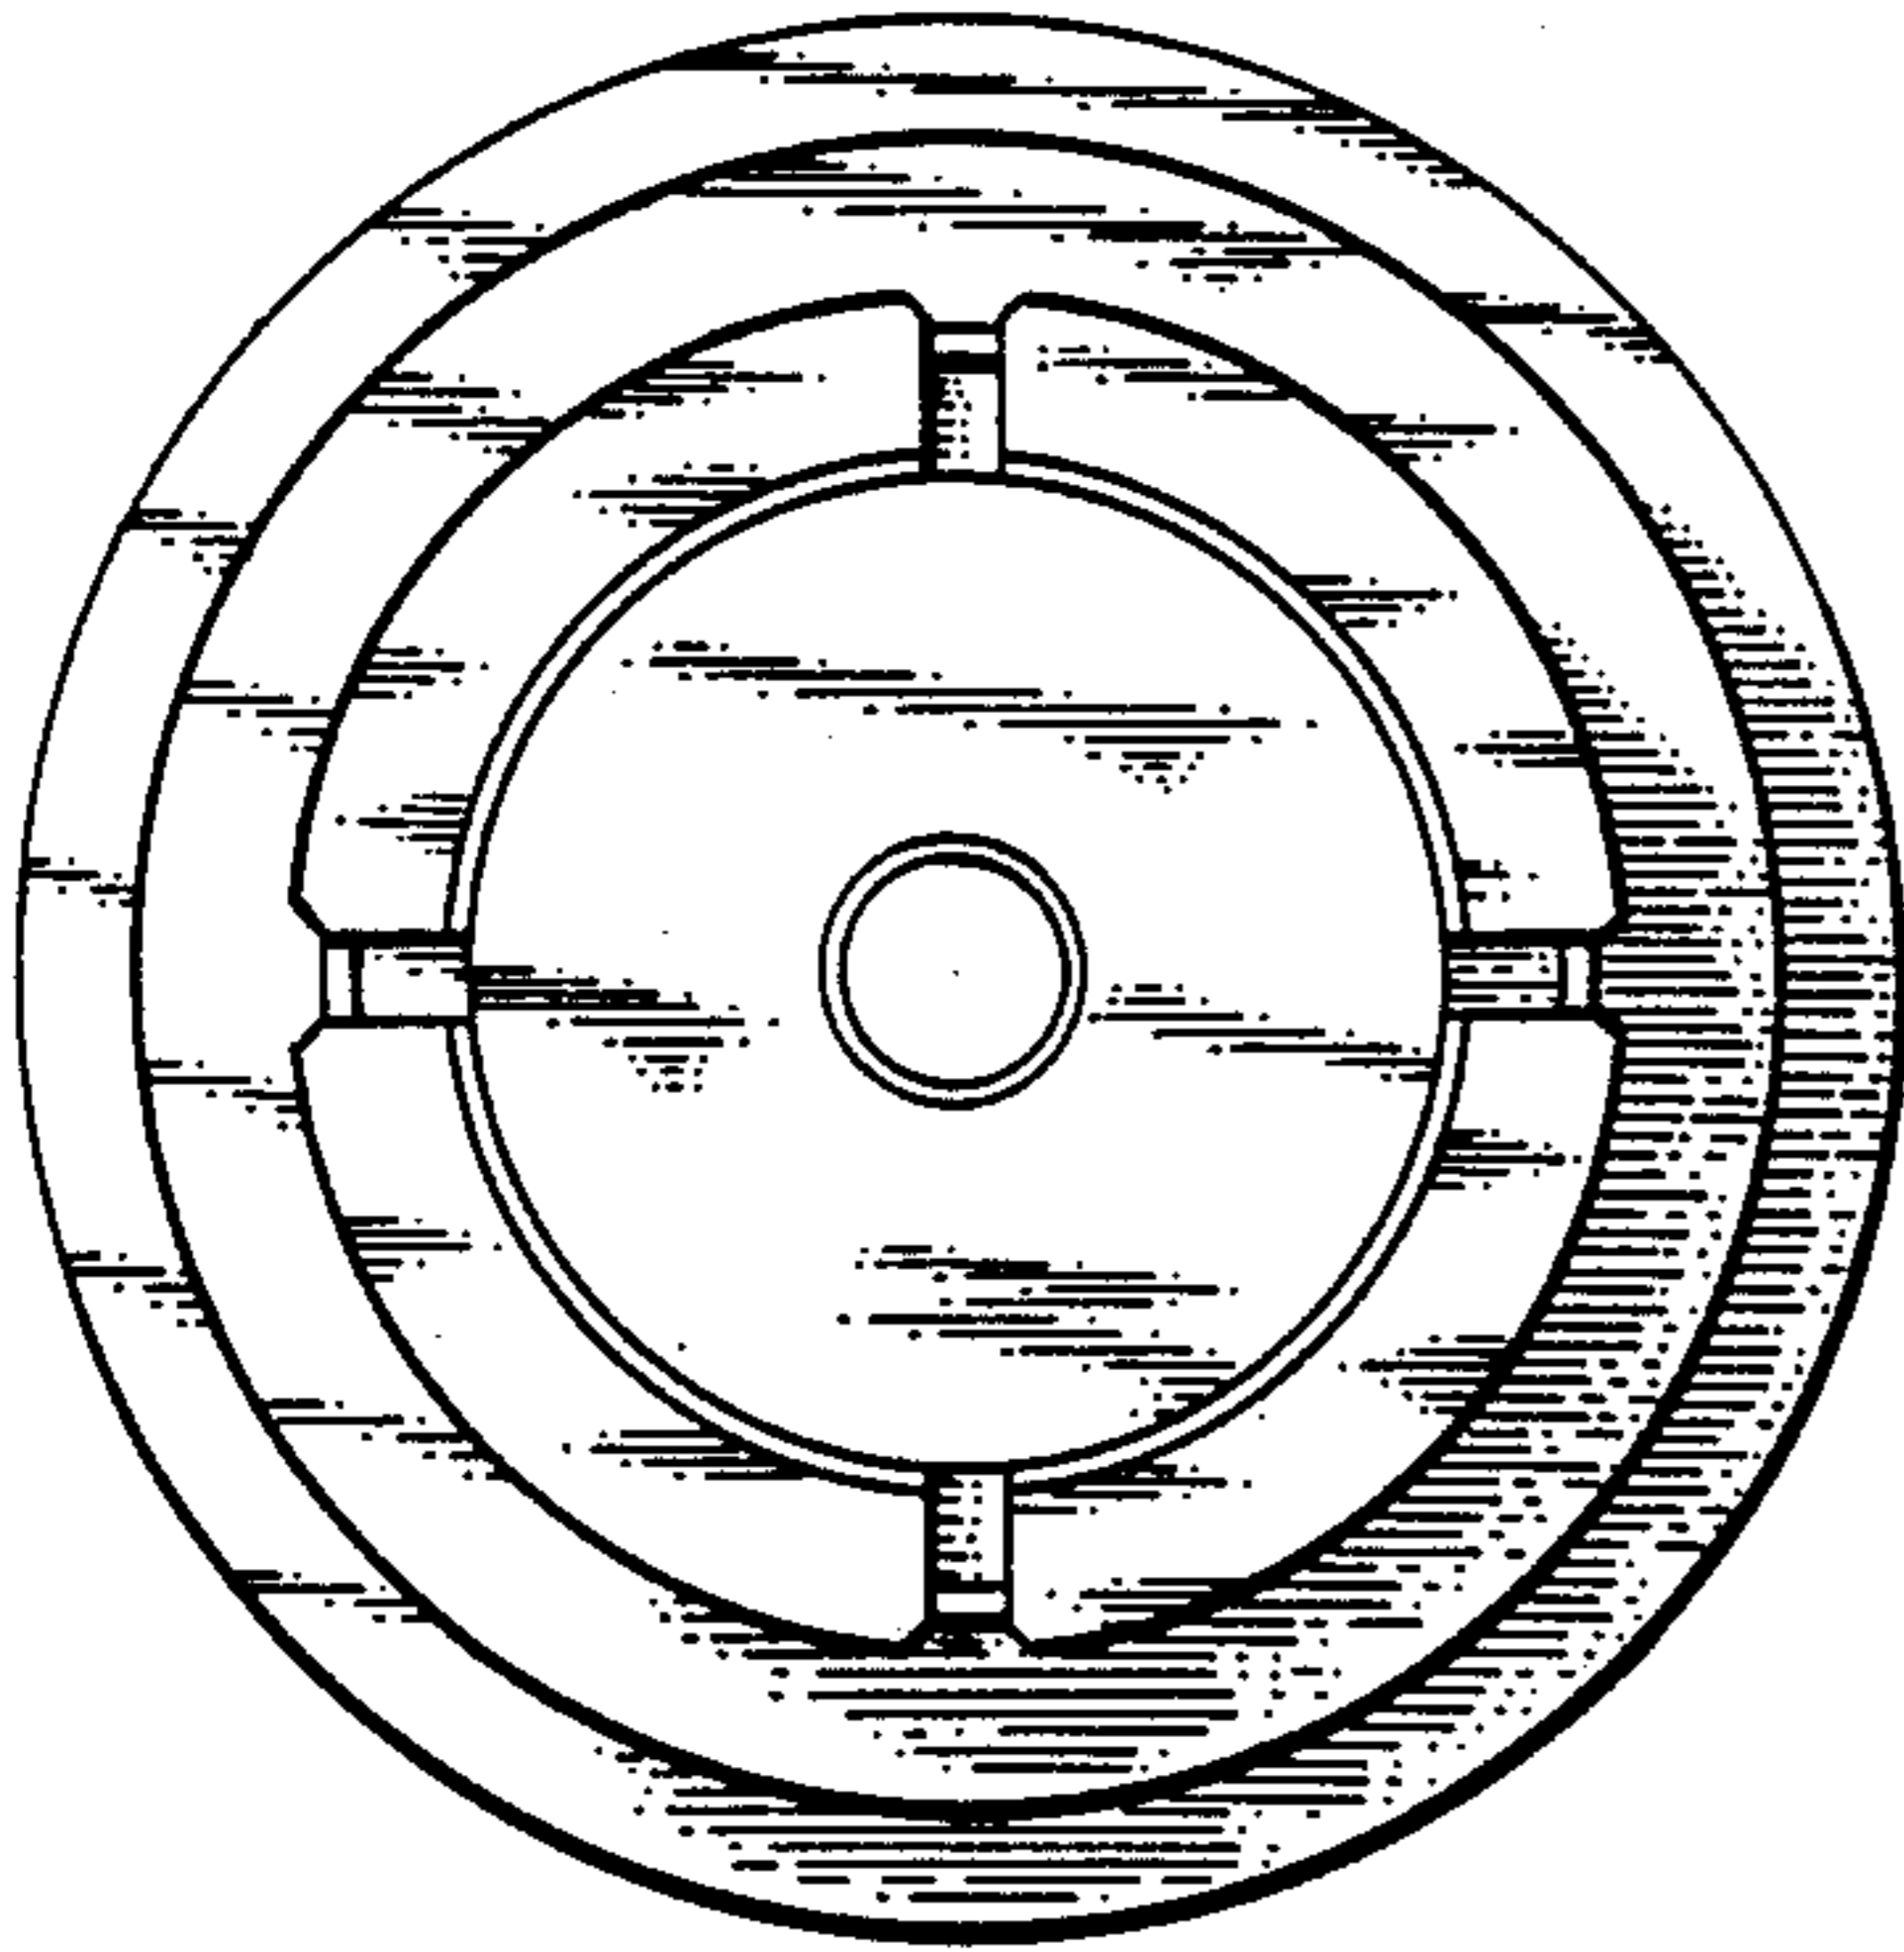

FIG. 4.
