[57] CLAIM

The ornamental design for a tire, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tire showing one embodiment of our new design it being understood that the thread pattern is repeated throughout the circumference of the tire, the opposite side being substantially the same as that shown;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a side elevational view thereof;

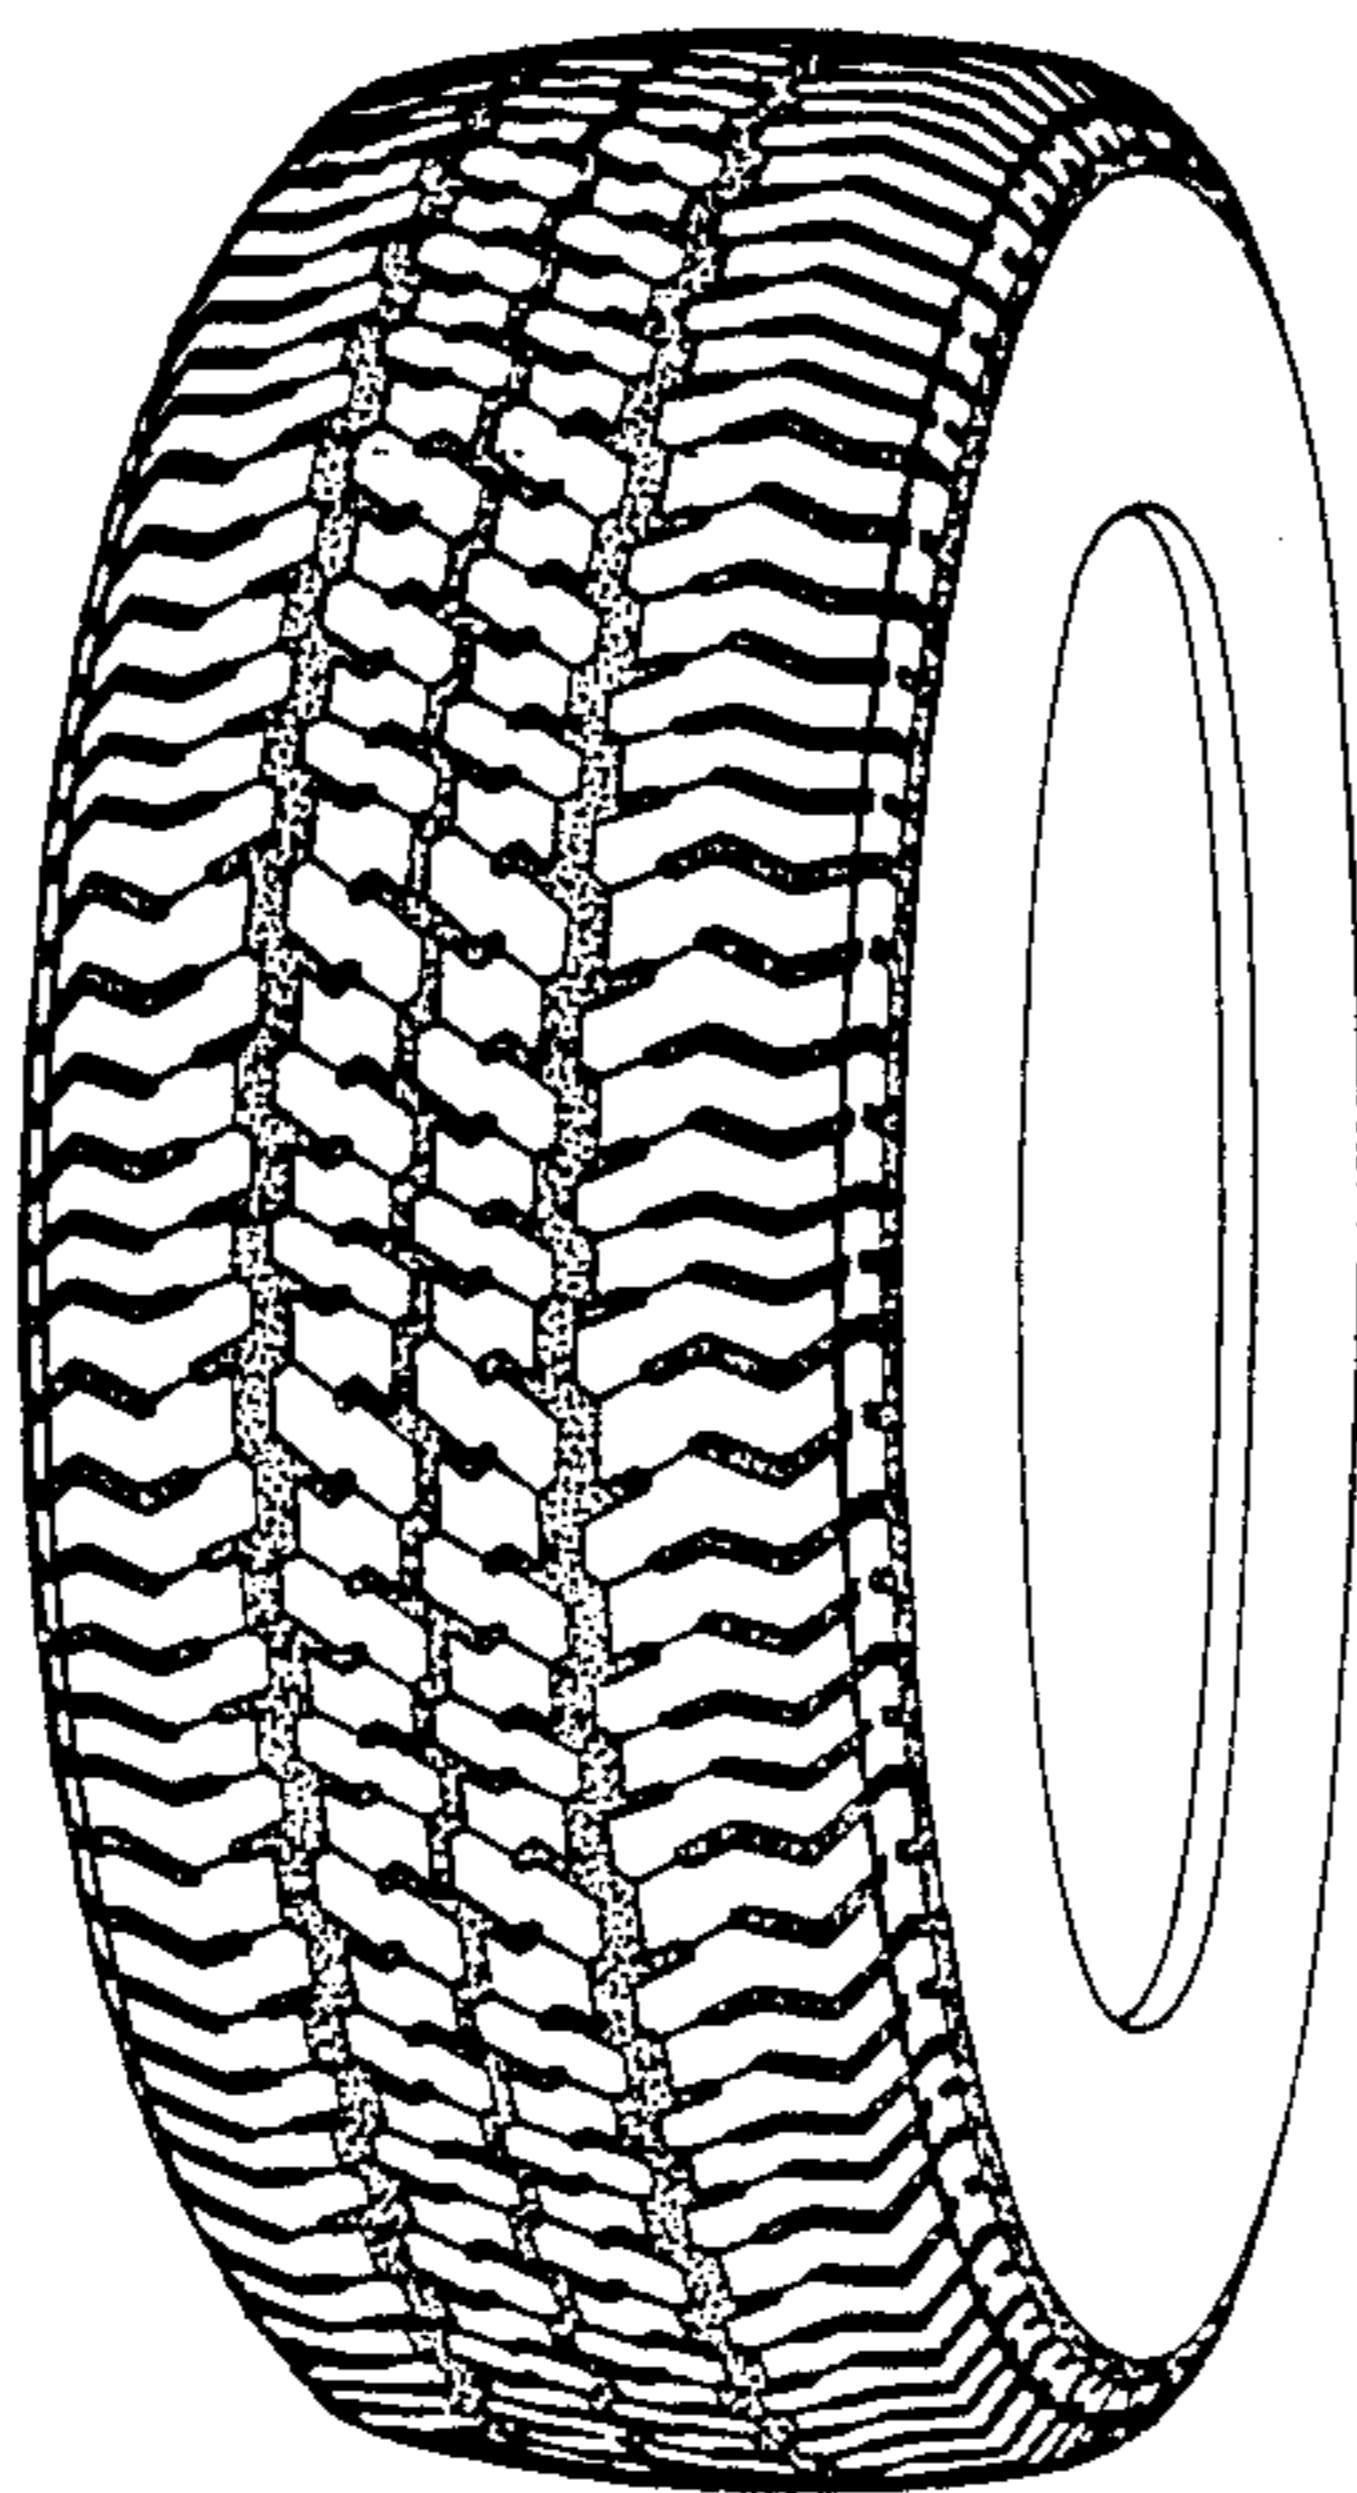

FIG. 4 is an enlarged fragmentary front elevational view thereof;

FIG. 5 is a perspective view of a tire showing a second embodiment of our new design it being understood that the tread pattern is repeated throughout the circumference of the tire, the opposite side being substantially the same as that shown;

FIG. 6 is a front elevational view thereof;

FIG. 7 is a side elevational view thereof; and

FIG. 8 is an enlarged fragmentary front elevational view thereof.
