[57] CLAIM

The ornamental design for an automobile brake master cylinder cover, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of an automobile brake master cylinder cover showing my new design;
 FIG. 2 is a bottom plan view thereof;
 FIG. 3 is an end elevational view thereof, the end opposite being identical in appearance;
 FIG. 4 is a side elevational view thereof, the side opposite being identical in appearance;
 FIG. 5 is a vertical sectional view thereof, taken along line 5—5 of FIG. 1;
 FIG. 6 is a top plan view of second embodiment thereof, the only difference being changes in dimensions;
 FIG. 7 is a top plan view of a third embodiment thereof, the only difference being the inclusion of raised lettering; and
 FIG. 8 is a side elevational view of the embodiment of FIG. 7, the side opposite being substantially similar in appearance.
