[57] CLAIM

The ornamental design for a water distribution valve for a drip irrigation system, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a water distribution valve for a drip irrigation system showing my new design;

FIG. 2 is a front elevational view thereof, the rear being identical in appearance;

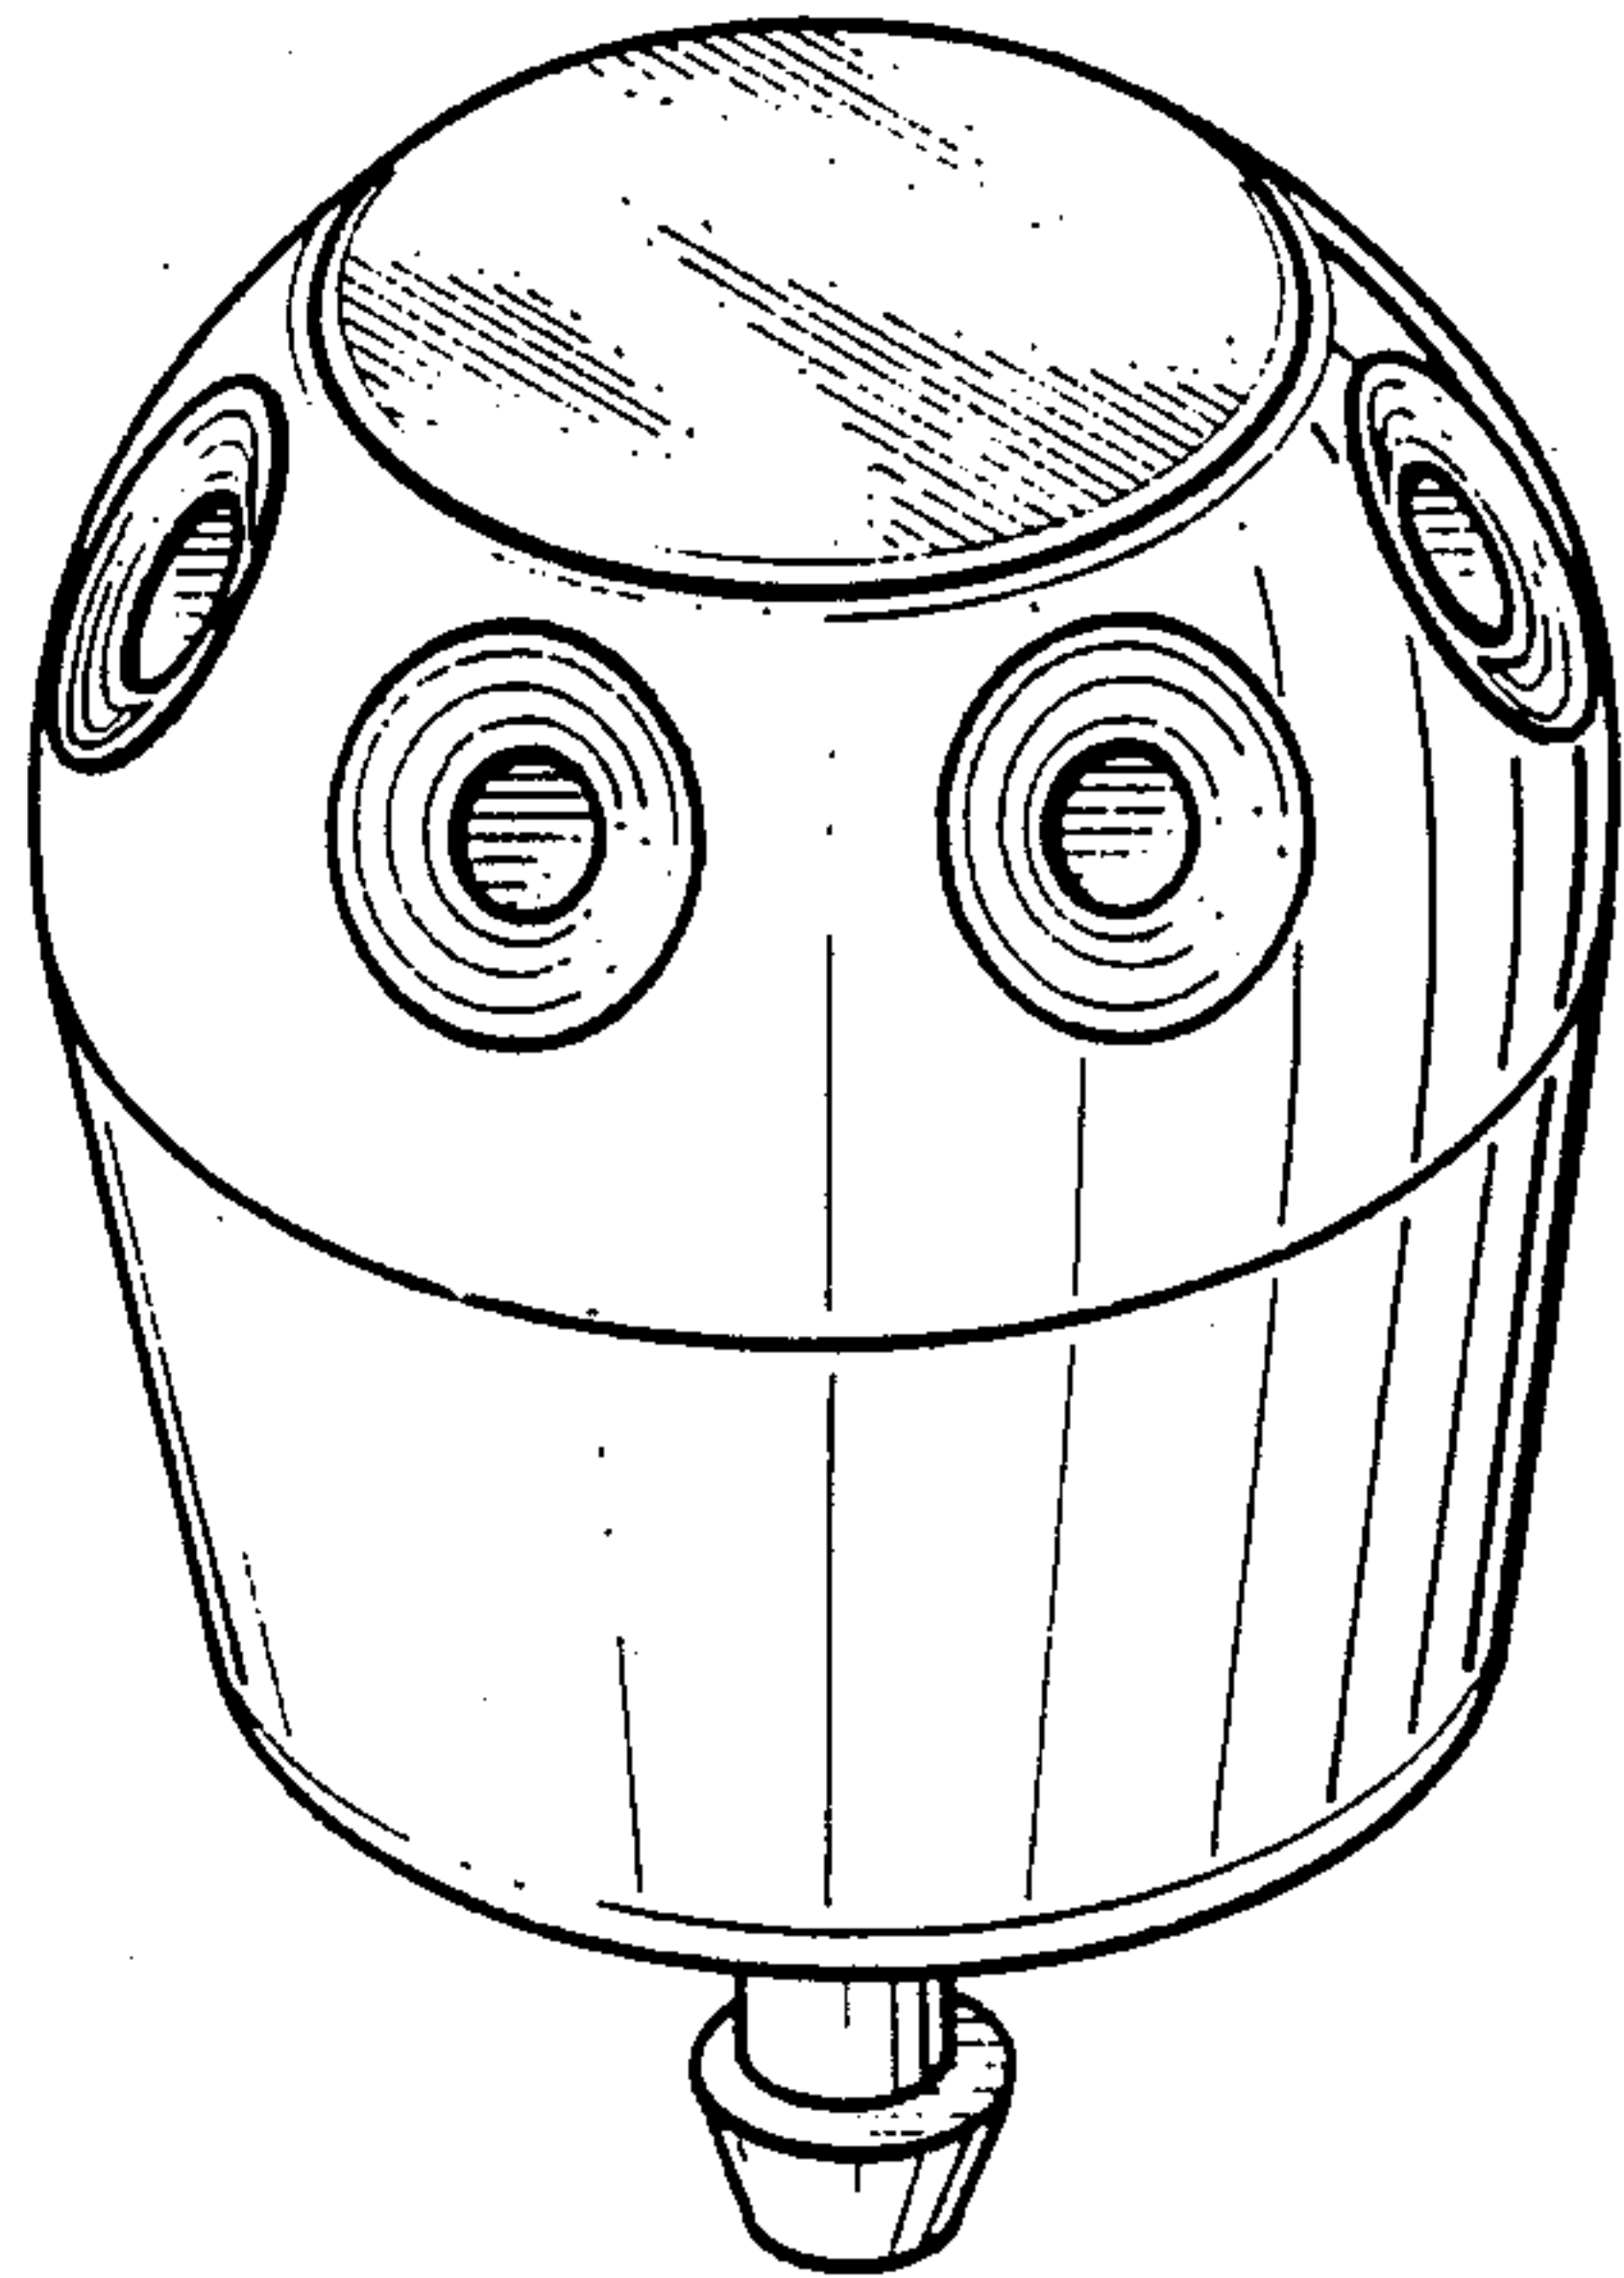

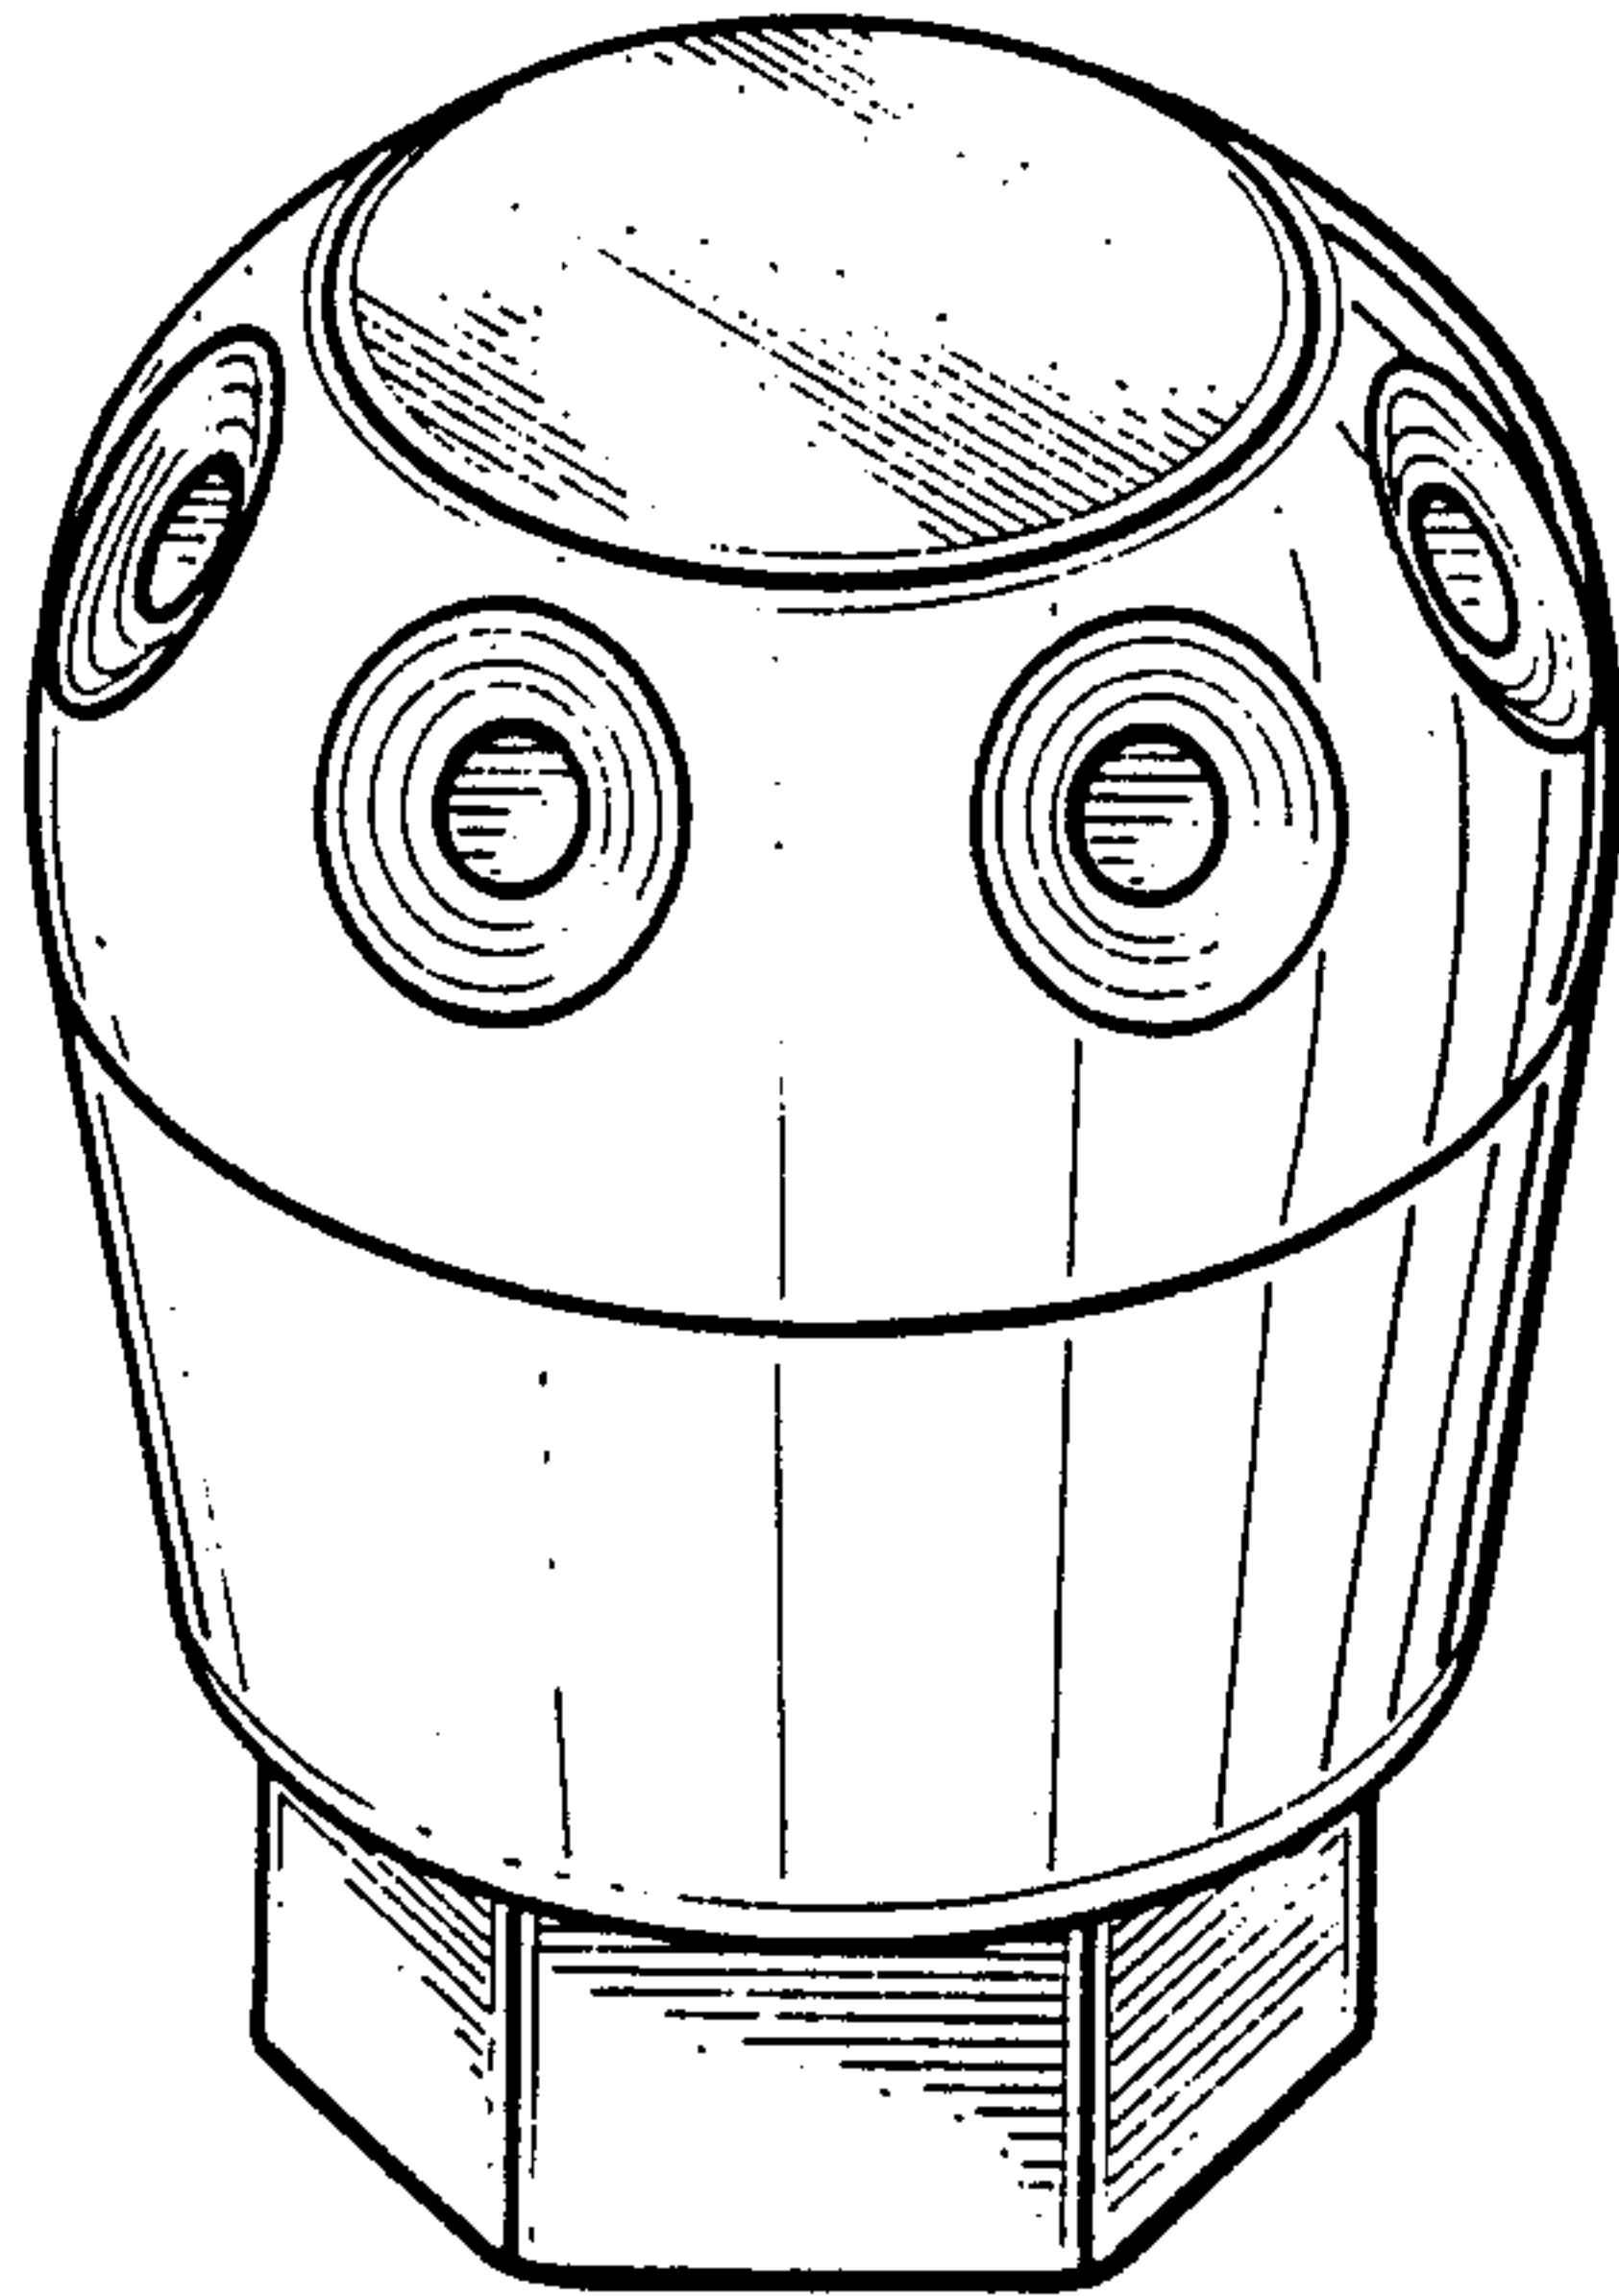

FIG. 3 is a side elevational view thereof, the side opposite being identical in appearance;

FIG. 4 is a top plan view thereof;

FIG. 5 is a bottom plan view thereof;

FIG. 6 is a vertical cross-sectional view thereof, taken along line 6—6 of FIG. 3; and,

FIG. 7 is a top perspective view of a second embodiment thereof, the only difference residing in the appearance of the bottom corrective element.
